

1977

JACKSON'S DAFFODILS
P.O. BOX 77,
GEEVESTON. TASMANIA. 7116.

Dear Grower,

I would like to thank all customers for their support and inform you that the business will be carried on by my son, David, and his wife, Robin.

Our Garden at Dover was raided while we were attending the World Convention in New Zealand and many varieties were stolen and consequently there will be only restricted sales of daffodils this year.

We have found many of the older varieties showing signs of virus, which does not affect the bloom, but has the yellow 'stripe' in the foliage. Although these bulbs will grow Championship Blooms they are offered, at growers risk, at half price - with a minimum of 50 cents per bulb.

We are fortunate in having gardens in two localities, so doubtful stock will be isolated to one - with the intention of growing only virus-free bulbs in two to three years.

We take great pride in producing clean stock, and are meticulous in our treatment to prevent disease. Fortunately, the bulbs affected are older varieties, some we have bought in, but none of the newer releases or un-named Seedlings.

No new Catalogue has been printed, but a description of the newer introductions, as well as list of the virus-free varieties, and the half-price bulbs, is enclosed. If you do not have our 1976 Catalogue, and require descriptions, we will post you one at your request.

Please address all future correspondence to Jackson's Daffodils, P.O. Box 77, Geeveston. Tasmania. 7116.

Yours faithfully,

N.J. JACKSON

- 1A. ZISKA. - (5/71). Warbin x 22/64. A flower of imposing stature. Colour of both perianth and trumpet are a good clear, the trumpet perhaps a slightly deeper colour than the perianth. The minor petals are broad, smooth and shovel shaped, the trumpet nicely serrated and slightly rolled. A very well balanced flower, vigorous grower and quick multiplier. Grand Champion and best Aust. raised Launceston 1973, Aust. Cup Hobart 1976. \$10.
- 1B. WILBUR. - (116/69). Lod x Maweenah. A welcome addition to this class. It has broad shovel shaped minor petals of good substance and smoothness. The large deep yellow cup gets its good colour from Lodand, is nicely rolled and serrated at the rim. It has a short neck and is a well balanced flower. \$10.
- 2A. PROSKA. - (88/70). Goldscript x Vixi. This flower has a very smooth, flat perianth, a pleasing shade of yellow but paler than the nicely serrated cup. Beautiful substance in the perianth, It has a short, stiff neck and bold appearance. Good doer, and every bloom good. \$5.
- 2B. KOALA. - (41/70). 195/65 (Signal Light x Jo) x 83/64. A very striking red and white perianth of good quality and texture. The cup is orange at base, gradually changing to a deep orangy red at edge. The cup is wide at the rim and beautifully serrated. Tas. Cup Hobart 1976.
- 3A. BRETT. - (183/68) Dimity x Rave. An improved Dimity. The perianth is perhaps not as large as Dimity's but is rounder with wider minor petals. The colour is even better with very bright red cup which it inherits from Rave. The major petals are very overlapped at the back and a good clear yellow. Very good carriage. We think highly of this. It is very consistent and should have a good future. (Premier Bloom New Zealand North Island Show 1976). Few to go. \$40.
- 3B. CHASTA. - (136/69). 79/60 x Arbar. Pure white, smooth flat perianth. The small white cup has a pinkish red very serrated narrow rim and a green throat. It has a very good carriage and a tall stem. \$3.
- 3B. REKUNA. - (128/69). 208/65 x Arbar. Another Arbar seedling. The white flat perianth has large minor broad overlapping petals. A very frilled small cup, red not predominant. Neat red frill on the yellow cup and green throat. Very strong tall stem with flower at right angles to the stem. Excellent presentation. \$6.
- DOUBLE UN-NAMED. - (78/64 x Mrs. W. Copeland). Double row of white petals in perianth. Heavy double cream centre interspersed with cream petaloïds of pleasing appearance. \$1.00.
- 1A YELLOW TRUMPETS : Akala, \$1.00; Akkad, \$4.00; Attica, \$1.00; Ristin, \$5.00; Sol, \$2.00; Warbin, \$3.00.
