*The Public is Invited. Admission is Free.*  
Friday, March 11, 2011 — 2 p.m. to 5 p.m.  
Saturday, March 12, 2011 — 9 a.m. to 5 p.m.

## HORTICULTURE DIVISION GENERAL RULES

1. Entries may be made from 3 pm Thursday, March 10, through 9 a.m., Friday, March 11. All exhibitors must be off the floor by 9 a.m. **This rule will be strictly enforced.**
2. Entry cards for exhibits will be available at the show. Only the top half of the entry card needs to be filled in.
3. Entries, awards, and ribbons may not be removed until 10 p.m., Saturday, March 12.

## RULES FOR HORTICULTURAL EXHIBITS

### ENTRIES

4. All classes are open to anyone who grows daffodils except where specified otherwise.
5. An exhibitor may make as many entries as desired in any class provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
6. All blooms in the Horticultural Division except the ADS Challenge classes must have been grown in the open by the exhibitor. Miniatures and daffodils grown and shown in their containers may be grown in protected areas.
7. Wedging material and containers for cut flower exhibits will be furnished by the show committee. Except for daffodils grown and shown in their containers, no daffodil foliage is permitted.
8. All collections of five or more stems must be exhibited with each cultivar or species in a separate container.

### LABELING

9. Each cultivar or species must be correctly labeled with its name (or number) and division. The originator's name must appear on the label in American bred classes except seedlings shown by the originator. The originator is the person who first flowered the bulb regardless of who made the cross and/or planted the seed.
10. Exhibits that are not named or are incorrectly named will not be judged. Correct classification and labeling shall be the responsibility of the exhibitor.
11. No label may be changed, specimen added, removed, altered, or substituted after judging has begun or after an award has been placed.

## INTERMEDIATES, MINIATURES, AND SEEDLINGS

12. An intermediate daffodil is a standard daffodil in divisions 1, 2, 3, 4, or 11 having a single floret whose diameter is typically greater than 50 mm through 80 mm. Intermediate daffodils may be entered in classes for standard daffodils as well as classes reserved for intermediate daffodils.

13. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar on the current ADS Approved List of Miniatures. Also, any named, numbered, or species daffodil which appears graceful, with all its parts proportionately small, may be exhibited in Miniatures classes and is eligible for all ADS awards, except that only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. The judges may decline to judge any exhibit containing an unapproved miniature that they consider too large for these classes.

14. Blooms of seedlings may be exhibited in all classes for named cultivars. ALL SEEDLINGS MUST BE IDENTIFIED BY A NUMBER DESIGNATION ASSIGNED BY THE ORIGINATOR. If the exhibitor is not the originator, the name of the originator must be included as part of the identification.

## AWARDS

15. Each stem in an exhibit of cut flowers receiving an ADS Award must score 90 or more on the appropriate ADS Scale of Points.

16. Only one first, one second, and one third award may be given in each class. Honorable mention awards may also be given if merited but only if first, second, and third have been awarded. First, second, third, and honorable mention awards may be withheld by the judges if in their opinion the exhibit is not worthy. If a blue ribbon (first place) has been awarded in a class eligible for an ADS ribbon, the ADS Award may not be withheld.

17. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special, or Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be rejudged.

## MISCELLANEOUS

18. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if a sufficient number of worthy exhibits is left in the class. Species may be subdivided by their botanical sections.

19. The Royal Horticultural Society System of Classification will be used. The labeling authority is the current version of DaffSeek (*Daffseek.org*) or *Daffodils to Show and Grow* as amended each year in *The Daffodil Journal*

December issue.

20. In the class descriptions, the words “pink cup,” etc. define classes where that color is solid, 2W-P, or present in two adjacent zones, 2W-GPP. The words “pink in cup,” etc. are used for classes that include both solid and rimmed cups of the same color. “Colored” is any color but white. A reverse bicolor has a predominantly yellow perianth and a predominantly white cup where “predominantly” means at least two adjacent zones must be coded the designated color.

21. Blooms in the ADS Challenge section will not be considered for awards other than for their respective class and for the ADS W. A. Bender Ribbon. Below are the ADS Point Scales for judging cultivars, species, historic and container-grown daffodils.

<b>ADS Point Scale for Judging Cut Specimens</b>

## SECTION H – HISTORIC DAFFODILS

This section is open to all cultivars, i.e., not species, introduced or in gardens before 1940. All cultivars shall be labeled with name, division number, and year of registration (or introduction). The earliest date shown in the International Daffodil Register and Classified List 2008 and its supplements will be the authority. The Classification Committee may subdivide each class by division, regardless of the number or quality of exhibits in each subdivision prior to judging. Only currently approved miniatures may be entered in classes for miniatures in this section. No bloom in this section shall be eligible for any ADS award other than the ADS ribbons or medal for Pre-1940 Cultivars.

**SECTION Q – CONTAINER-GROWN DAFFODILS**

Blooms are to be grown in and exhibited in a container or pot. All bulbs in any one container shall be of the same cultivar or species. Container-grown daffodils may be grown in protected areas. No bloom or exhibit in this section shall be eligible for any ADS award other than the ADS awards for container-grown daffodils. Rule #18 is extended to permit subdividing classes by daffodil division.

- Miniature daffodils – named cultivars or seedlings (no species). .... Q2
- Species and species hybrid daffodils. All sizes of species and species

hybrids are eligible for this class ..... Q3

**SECTION R – AMERICAN DAFFODIL SOCIETY CHALLENGE AWARDS**

Blooms may be grown in any manner deemed appropriate by the exhibitor. The exhibitor must be the hybridizer of each cultivar but need not be the grower. The hybridizer is the person who makes or supervises the making of the cross and collects or supervises the collection of the daffodil seed from which a new cultivar is produced.

If a hybridizer is unable to attend the National Show but wishes to enter a Challenge Class, another person may, with the hybridizer’s permission, stage the entry on the hybridizer’s behalf and under the hybridizer’s name. Identification of the blooms and the hybridizer must be concealed until after judging. The cultivars included may be either standards or miniatures.

The best bloom in this section will receive the W. A. Bender Ribbon. Each stem must score 90 points or more and is not eligible for any other ADS awards. Open to any exhibitor.

**SECTION S – ADS NATIONAL SEEDLING AWARDS**

**John and Betty Larus Trophy** – Set of three stems of one miniature daffodil seedling exhibited by the originator, stating designated number, classification, and parentage (if known). The originator of a daffodil seedling is the person who first flowers the bulb regardless of who made the cross and/or planted the seed. There is a limit of three entries per exhibitor in this class. This class is open only to ADS members..... S1

**Grant and Amy Mitsch Trophy** – Set of three stems of one standard daffodil seedling exhibited by the originator, stating designated number, classification, and parentage (if known). The originator of a daffodil seedling is the person who first flowers the bulb regardless of who made the cross and/ . or planted the seed. There is a limit of three entries per exhibitor in this class. This class is open only to ADS members..... S2

## SECTION Y – YOUTH DIVISION

For exhibitors 20 years of age or younger. Youth exhibitors are not restricted to this section; they may elect to enter other sections for which they qualify. Rule 18 is extended to permit subdividing Classes Y15, Y17, and Y18 by division.

## PHOTOGRAPHY DIVISION

The American Daffodil Society Photography division celebrates the daffodil.

1. Exhibitors must register in advance by contacting the Photography Chair or indicating on the Convention Registration form the intention to exhibit and the number of photographs, if known. There is no entry fee, and exhibitors need not be members of the ADS. An e-mail indication of intent to display, or a printed indication sent by mail, will suffice. This should be sent to Ralph Sowell at the address below. Include a return address or e-mail.

2. All entries must be the work of the exhibitor and must contain images of one or more daffodils as required by the class. Entries must not have won a First Place award in any class in a previous ADS National show.

3. Classes are open to color or monochrome photographs and will be subdivided if needed. An exhibitor may make up to two entries in a class, up to 8 photographs in total.

4. Photographs should be mounted on light-weight white or neutral stiff card stock or preferably white foam board, which is easily obtained at art stores. Matting (over the print and backing) cannot be used. Minimum print size is 5x7 inches, and maximum mounted size is 11x9 inches – No exceptions. (For example, if you have an 8 x 10 photograph, you may leave ½ inch white border around all 4 sides.) No glass or frame should be used. The photographer's name and address should be shown on the back of the mounting board.

5. An entry card must be attached to each exhibit on the bottom side. On the face of the card, record the class and the title of the photo. For an entry in class P3, indicate on the entry card the location where the photograph was taken. The face of the entry card (below the fold) should have the name of the photographer. Entry forms can be obtained from Chairman Sowell by emailing, calling, or writing to the address below (8). If you are coming to the convention, you can wait until you arrive and entry forms will be available at the Photography Competition Display in the Hilton Jackson.

6. If warranted by the quality or quantity of entries, classes may be further subdivided. First, Second, Third, and Honorable Mention awards will be given as merited in each subdivision. The ADS Wells Knierim Ribbon for Best Photograph in Show will be awarded.

7. The American Daffodil Society will exercise caution in safeguarding exhibits but cannot assume responsibility for lost or damaged photographs.

8. Exhibitors may send entries by mail to Ralph Sowell, Franklin Printers Inc., 330 Commerce Park Drive, Jackson, MS 39213. Daytime Telephone is 601-982-9383 - OR - exhibitors may bring their entries to the registration

table Thursday, March 11, between 3 and 9 pm in the Hilton Jackson corridor outside of Salon A, B, and C. Entries will NOT be accepted after 9 pm Thursday, except in case of an emergency. For further information about the Photography Division, contact Ralph Sowell by e-mail at *fprinter@bellsouth.net*.

9. Exhibitors who mail their entries AND who will not be at the show should make prior arrangements (and advance payment) with the photography chairman for the return of their entries. All other entries should be retrieved by their exhibitor (or designated alternate) at the close of the show. Those not picked up, or without pickup arrangements, will become the property of the American Daffodil Society and may be disposed of or may be used in future displays and publications.
