SOUTHEAST REGION NEWSLETTER OF THE AMERICAN DAFFODIL SOCIETY

Florida, Georgia, South Carolina and Tennessee

Regional Vice President – Bonnie Campbell

Winter - Newsletter – January 2011

WINTER IS UPON US!!

This is the second week of January and most of North Georgia has been iced in for four days. According to the weather bureau back in September or so, they predicted a dry warmer winter. It was warm until late November at which time someone got their wires cross and winter came in like a lion. Since I am a late planter, I was not too concerned because cold weather doesn't usually stay around this area that long, a little here and a little there.

NOT! It got cold and stayed cold. My best days to plant, I had a house full of company and not one person offered to help. All the helpers are now gone, Christmas is put away and still, where is my one good day in January to plant? Some people would tell me, "I told you so".

If I have learned anything over the past 30 years, the weather is not always predictable and there will be one day between now and March that I will be able to plant my new or transferring bulbs. I will not keep them in my old refrigerator for the next three years (I learned that lesson the hard way too).

This will be my last Regional Newsletter. You will have a new Regional Vice President after the ADS Convention in Jackson, MS. Jackie Turbidy will be taking over. Jackie is a long time member of the ADS who came down to St. Simons, GA to retire to a warmer climate.

We welcome Jackie as the new Regional VP.

NEWS AROUND THE SOUTHEAST:

Florida Daffodil Society: According to the Florida Daffodil Society's Newsletter, they had a very good year for their annual bulb sale. They also continue to donate bulbs to public gardens with the understanding that the bulbs will be cared for. I am listing the locations of the plantings in case anyone in the region has a chance to see the results in the spring.

- Jake Gaither Golf Course , Tallahassee, FL
- Kanaphaha Botanical Garden, Gainesville, FL
- Cobb Middle School, Tallahassee, FL
- Clarke Park, Orange Park, FL
- Brokaw McDougal House (1850), Tallahassee, FL
- F.S.U., Tallahassee, FL

East Tennessee Daffodil Society: Will have their spring meeting on February 6 at 2:30 at the Shannondale Activities Center in Maryville, TN. Corky Witt will be showing pictures from the Chelsey Show in London. They will also be in charge of the Regional Daffodil Show this year at the University of TN. See info above.

Middle Tennessee Daffodil Society: Will have their spring meeting on March 27 at 2:00 at Cheekwood Botanical Gardens, Nashville, TN. The program will be a hands-on training on how to stage flowers, singles for novices and collections for those looking for a more advanced challenge. See info above for the MTDS Show. The MTDS also has worked with both Cheekwood in Nashville and Carnton in Franklin on their daffodil collections. Both have ADS Display Gardens. They also had an educational booth at the Nolensville Buttercup Festival.

Georgia Daffodil Society: The GDS also had a good year on their bulb sale. They continued to donate bulbs to public plants around the Metro Atlanta area. Their annual daffodil show will be in a new location this year – The Chattahoochee Nature Center. The location is just outside the perimeter of Atlanta (I285) a few miles off 400. See details of show and address above.

YEARLY NOMINATIONS FOR REGIONAL VP & DIRECTOR

Each year the Regions of the ADS must elect a RVP and a RD for their Region. The RVP is elected for a one-year term not to exceed three consecutive years. The RD's are elected for a three-year term.

You may nominate a person to be the Regional VP and a person to be a Regional Director. This person/s being nominated has to be a member of the ADS and live in the Southeast Region. Thank you for your help.

**Send or e-mail your nominations to Lois Van Wie. 1506
