

SWODS 43rd Annual Daffodil Show

sponsored by
Southwestern Ohio Daffodil Society
an approved American Daffodil Society Show

March 31-April 1, 2012

Cincinnati Zoological and Botanical Gardens

3400 Vine Street

Cincinnati, OH

Saturday, March 31, 2010

Entries 7:30-11:00am

Judging (closed): 11:00am - 2:00pm

Open to public: 2:00-5:00pm

Sunday, April 15, 2010

Open to the public: 12:00-4:00pm

GENERAL RULES

1. Entries may be made on Friday from 2 P.M. to 5 P.M. and Saturday from 7:30 A.M. to 11 A.M. All exhibitors must be off the floor by 11:00 A.M. **THIS RULE WILL BE STRICTLY ENFORCED.**
2. Entry cards for exhibits will be available at the show and may also be obtained in advance from the show chairman, Bill Lee, 513-752-8104. Do not fill in the bottom portion of card. Name stickers or rubber stamps are helpful.
3. Entries, awards, and ribbons may not be removed until 4:00 P.M. Sunday.

RULES FOR HORTICULTURAL EXHIBITS

ENTRIES

4. All classes are open to anyone who grows daffodils except where specified otherwise.
5. Any information on an entry tag which could compromise the anonymity of the exhibitor must be concealed during judging.
6. An exhibitor may make as many entries as desired in any class provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
7. All blooms in the Horticultural Division must have been grown in the open by the exhibitor. Miniatures and daffodils grown and shown in their containers may be grown in protected areas.
8. Wedging material and containers for cut flower exhibits will be furnished by the show committee. Except for daffodils grown and shown in their containers, no daffodil foliage is permitted.
9. All collections of five or more stems must be exhibited with each cultivar or species in a separate container.

LABELING

10. Each cultivar or species must be correctly labeled with name and division number. Originator's name must appear on the label in American bred classes except seedlings shown by the originator. Note additional labeling requirements in schedule.
11. Exhibits that are not named (except in Section P) or are incorrectly named will not be judged. Correct classification and labeling shall be the responsibility of the exhibitor.
12. No label may be changed, specimen added, removed, altered, or substituted after judging has begun or after an award has been placed.

INTERMEDIATES, MINIATURES, AND SEEDLINGS

13. An intermediate daffodil is a single-floreted cultivar from Divisions 1, 2, 3, 4, or 11 whose flower diameter is typically greater than 50mm through 80mm. Intermediate daffodils may be entered in classes for standard daffodils as well as classes reserved for intermediate daffodils.
14. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar or species on the current ADS Approved List of Miniatures, with any official additions thereto. Also, any named or numbered daffodil which appears graceful, with all its parts proportionately small, may be exhibited in Miniature classes and is eligible for all ADS awards, except that only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. The judges may decline to judge any exhibit containing an unapproved miniature that they consider too large for these classes.
15. Blooms of seedlings may be exhibited in all classes for named cultivars. **ALL SEEDLINGS MUST BE IDENTIFIED BY A NUMBER DESIGNATION ASSIGNED BY THE ORIGINATOR.** If the exhibitor is not the originator, the name of the originator must be included as part of the identification.

AWARDS

16. Each stem in an exhibit of cut flowers receiving an ADS Award must score 90 or more on the appropriate ADS Scale of Points.
17. Only one first, one second, and one third award may be given in each class. Honorable mention awards may also be given if merited but only if first, second, and third have been awarded. First, second, third, and honorable mention awards may be withheld by the judges if in their opinion the exhibit is not worthy. If a blue ribbon (first place) has been awarded in a class eligible for an ADS ribbon, the ADS Award may not be withheld.
18. Any report of an error shall be directed to the Show Chair, who will refer it to the panel of judges responsible for the award. If the judges are unavailable, the Show Chair shall make the final decision as to the validity of the reported error.
19. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special, or Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be rejudged.

MISCELLANEOUS

20. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if a sufficient number of worthy exhibits is left in the class. Species may be subdivided by their botanical sections. No-Name Classes (Section P) may be divided by other criteria.
21. The Royal Horticultural Society System of Classification will be used. The labeling authority is Daffodils to Show and Grow as amended each year in the December ADS Daffodil Journal supplemented by the latest printout of the ADS Daffodil Data Bank.

American Daffodil Society Scale of Points

Container-Grown Daffodils		Cultivar	Miniature	Species	Historics

TOTAL	100					

** For miniature daffodils the judges will substitute "form and grace" for "form" in the accompanying scale. Judges may deduct up to 5 points for lack of uniformity of vases of 3 stems of daffodils of 1 cultivar or species.*

HORTICULTURE DIVISION

<p>Royal Horticultural Society System of Classification Color Coding Authority: Daffodils to Show and Grow, 2002 Edition Supplemented by the ADS Data Bank "Predominately" means at least 2 adjacent zones must be coded the same designated color. "Reverse bicolor" has a predominately yellow perianth and a predominately white cup. The words, "cup pink", etc., define classes where that color is solid, 2W-P, or present in 2 adjacent zones, 2W-GPP. The words, "pink in cup", etc., are used for classes that include both solid and rimmed cups of the same color.</p>	<p>Section A— Single Stem Section B— Three Stems, One Cultivar or Species Section C— Small Growers Section-Open to anyone growing 50 or fewer standard cultivars and/ or species. All entries are standard single stem. Section D— Single Stem, Miniature Daffodils Section E— Three Stems, One Cultivar or Species of Miniature Daffodils</p>

White perianth, pink in cup	57	142			
White perianth, cup white	58	143			
DIVISION 7 JONQUILLA and APODANTHUS DAFFODIL CULTIVARS			178	191	204
Orange perianth, cup orange/red	59	144			
Yellow perianth, cup yellow	60	145			
Yellow perianth, cup orange/red	61	146			
Colored perianth, pink in cup	62	147			
Reverse bicolor	63	148			
White perianth, cup yellow/orange/red	64	149			
White perianth, pink in cup	65	150			
White perianth, cup white	66	151			
DIVISION 8 TAZETTA DAFFODIL CULTIVARS			179	192	205
Yellow perianth, cup any color	67	152			
White perianth, yellow cup	68	153			
White perianth, cup orange/red/pink	69	154			
White perianth, cup white	70	155			
DIVISION 9 POETICUS DAFFODIL CULTIVARS			180	193	206
White perianth, eye green	71	156			
White perianth, eye any other color	72	157			
DIVISION 10 BULBOCODIUM DAFFODIL CULTIVARS	73	158	181	194	207

		A	B	C	D	E
DIVISION 11 SPLIT-CORONA DAFFODILS				182	195	208
11a - Collar Segments Opposite Perianth						
Yellow perianth, corona yellow, one bloom per stem		74	159			
Yellow perianth, corona orange/red/pink, one bloom per stem		75	160			
Reverse bicolor, one bloom per stem		76	161			
White perianth, corona yellow, one bloom per stem		77	162			
White perianth, corona orange/red, one bloom per stem		78	163			
White perianth, pink in corona, one bloom per stem		79	164			
White perianth, corona white, one bloom per stem		80	165			
Any cultivar, more than one bloom per stem		81	166			
11b - Papillon—Segments Alternate to Perianth		82	167			
DIVISION 12 OTHER DAFFODILS				183	196	209
Any cultivar, one bloom per stem		83	168			
Any cultivar, more than one bloom per stem		84	169			
DIVISION 13 DAFFODILS DISTINGUISHED SOLELY BY BOTANICAL NAME		85	170	184	197	210
SECTION F MINIATURE DAFFODIL COLLECTIONS						
211	Eligible for the ADS Lavender Ribbon - Collection of 5 miniature cultivars and/or species, one stem each from any division(s).					
212	Eligible for the ADS Lavender Ribbon - Collection of 5 miniature cultivars, no species, one stem each from any division(s).					
213	ADS Miniature Red-White-Blue Ribbon - Collection of 5 miniature cultivars or seedlings of American breeding. Originator's name must appear on label except seedlings shown by the originator.					
214	Roberta C. Watrous Award- Collection of 12 cultivars and/or species of miniature daffodils, one stem each, from at least 3 RHS divisions. First time winners receive the Silver Watrous Medal, former winners receive the Watrous Ribbon. This class is open only to ADS members.					
215	Aqua Ribbon - Best collection of nine <u>miniature</u> cultivars and/or species, one stem each from at least three different RHS divisions.					
216	Premier Miniature Collection Ribbon - Twenty-four different <u>miniature</u> cultivars and/or species, individually labeled, from at least 5 RHS divisions. This class is open only to ADS members.					
	Hybridizers' Classes: Exhibitors must be ADS members. All flowers must be considered appropriate for the ADS Approved List of Miniature Daffodils for an award to be given.					
217	Three Miniatures by Hybridizer Ribbon - Three cultivars, any division, one stem each, hybridized and originated by the exhibitor.					
218	Six Miniatures by Hybridizer Ribbon - Six cultivars, any division, one stem each, hybridized and originated by the exhibitor.					
219	Twelve Miniatures by Hybridizer Ribbon - Twelve cultivars, any division, one stem each, hybridized and originated by the exhibitor.					
SECTION G INTERMEDIATES Single-floreted cultivars in divisions 1, 2, 3, 4, and 11 whose flower diameter is typically greater than 50mm through 80mm.			Single	3 Stems		
Division 1			220	225		
Division 2			221	226		
Division 3			222	227		
Division 4			223	228		
Division 11			224	229		
230	Collection of 5 different Intermediate cultivars - Hanenkrat Trophy					

SECTION H HISTORIC DAFFODILS Open to all cultivars (i.e. not species) introduced or in gardens before 1940. All entries in this section must show the year of introduction on the entry card. The earliest date shown in the International Daffodil Register and Classified List 1998 will be the authority. The Classification Committee will subdivide each class by division, regardless of the number or quality of exhibits in each subdivision prior to judging. Entries in this Section are not eligible for any other ADS awards.	
231	Before 1850 standard daffodil, single stem
232	1850 - 1879 standard daffodil, single stem
233	1880 - 1899 standard daffodil, single stem
234	1900 - 1919 standard daffodil, single stem
235	1920 - 1929 standard daffodil, single stem
236	1930 - 1939 standard daffodil, single stem
237	Miniature daffodil, single stem
238	Three stems of one standard cultivar
239	Collection of 5 standard cultivars
SECTION I YOUTH CLASSES Open to anyone 18 or under. Youth exhibitors are not restricted to this section; they may elect to enter other sections for which they qualify. Best flower is eligible for the ADS Youth Best Bloom Ribbon; classes 241 and 244 eligible for Youth Best Set of 3 Ribbon; Classes 242 and 245 eligible for Youth Best Collection of 5 Ribbon.	
240	One standard stem, Division 1.
241	One standard stem, Division 2.
242	One standard stem, Division 3.
243	One standard stem, Divisions 4, 5, or 6.
244	One standard stem, Divisions 7, 8, or 9.
245	One standard stem, Divisions 10, 11, 12, or 13.
246	Three stems of one standard cultivar or species, any division--eligible for ADS White Ribbon.
247	Collection of 5 different standard daffodils
248	One stem, any miniature cultivar and/or species.
249	Three stems, one miniature daffodil, any division--eligible for ADS Miniature White Ribbon.
250	Collection of 5 different miniature daffodils--eligible for ADS Lavender Ribbon.
SECTION J FIVE-STEM COLLECTIONS OF STANDARD CULTIVARS One stem each of different standard cultivars individually labeled. Eligible for ADS Purple Ribbon except for classes 262 through 263.	
251	Division 1
252	Division 2
253	Division 3
254	Division 4
255	Division 5
256	Division 6
257	Division 7
258	Division 8
259	Division 9
260	Division 10
261	Division 11
262	Division 12
263	Division 13
264	Pink and/or pink in the cup - Balch Trophy (Cincy) Newill Award (Dayton).
265	White daffodils
266	Red and/or orange in the cup.
267	ADS Maroon Ribbon - Reverse bicolor daffodils. Not eligible for ADS Purple Ribbon.
268	ADS Red-White-Blue Ribbon - Daffodils of American breeding. Originator's name must appear on label for each stem except seedlings shown by originator. Not eligible for ADS Purple Ribbon.

269	Daffodils introduced prior to 1985. Date of introduction must appear on label.
270	Cultivars of Downunder breeding. Originator's name must appear on label for each stem.

SECTION K OTHER SPECIAL COLLECTIONS OF STANDARD DAFFODILS

271	Marie Bozievich Ribbon - Twelve cultivars and/or species, individually labeled, from not less than 4 divisions.
272	Elise Havens Ribbon - Twelve cultivars, individually labeled, from at least 3 divisions from RHS divisions 5 through 10.
273	Tom D. Throckmorton Ribbon - Fifteen cultivars and/or species from 15 different RHS classifications. Each cultivar must be labeled with name and complete RHS classification, INCLUDING COLOR CODE.
274	Carey E. Quinn Award - Twenty-four cultivars and/or species, one stem each, individually labeled, from at least 5 RHS divisions. This class is open only to ADS members.

SECTION L SEEDLINGS Seedlings grown and exhibited by the originator only, with his or her designated number, classification, and parentage (if known). The originator of a daffodil seedling is the person who first flowers the bulb regardless of who made the cross and/or planted the seed.

275	One stem, standard cultivar.
276	One stem, miniature cultivar

SECTION M CONTAINER-GROWN DAFFODILS Containers must contain daffodils only and be grown by the exhibitor. Blooms are to be grown in and exhibited in a container or pot. All bulbs in any one container shall be of the same cultivar or species. Container- grown daffodils may be grown in protected areas. No bloom or exhibit in this section shall be eligible for any ADS award other than the ADS Container-Grown Daffodils Ribbon. Classes may be subdivided by division.

277	Standard daffodils - named cultivars or seedlings (no species)
278	Miniature daffodils - named cultivars or seedlings (no species)
279	Division 13 daffodils

Section O NEW COLLECTOR CLASSES Open to anyone who has never won a blue ribbon in an ADS show. (SWODS Green Rosette)

293	One stem, Division 1.
294	One stem, Division 2.
295	One stem, Division 3.
296	One stem, Division 5, 6, 7, or 9.
297	One stem, Division 4, 8, 11, 12 or 13.
298	Three stems, one cultivar or species, any division.

Section O continued on page 9

299	Collection of 5 stems, different cultivars, any division.
300	One stem, any miniature.
301	Three stems, one miniature daffodil, any division.
302	Collection of 5 different miniature daffodils.
Section P NO-NAME DAFFODILS The cultivar name may be forgotten, lost, or never known, but the daffodil is pretty and worth displaying. (Not eligible for ADS awards.)	
303	Single stem, any division
Section Q HYBRIDIZING INNOVATION Entries in this class will be judged on the following scale: Fifty points for innovation with the other fifty points being the ADS scale divided by two. Miniatures, intermediates and standard cultivars are eligible. The entrant must describe the innovation on a 3x5 card that accompanies the entry. The flower that wins this class will not be eligible for ADS awards. Note: These proposed conditions for the award break several ADS rules, but it's a first, let's see how it goes.	
304	Single stem
305	Reserved
306	Reserved
307	Reserved

PHOTOGRAPHY DIVISION

RULES:

1. All exhibitors must bring their entries to the show room at The Cincinnati Zoo on Saturday Morning, April 14, between 7:30AM and 11AM. The entries must be picked up on Sunday, April 15, 4 PM. Local entries may be delivered to the Show Chairman anytime prior to 6PM on Friday, April 13, by prior arrangement with the Show Chairman. Arrangements can also be made at that time for picking up the photos during the week after the show. All entries not picked up by the end of the show on Sunday (or without prior arrangements) will become the property of the Southwestern Ohio Daffodil Society and may be used in future displays and publications.
2. All entries must be the work of the exhibitor and must contain images of one or more daffodils in the photograph as designated by the class entered.
3. Photographers may be amateur, professional, or youth and will be subdivided accordingly.
4. Exhibitors may enter not more than two (2) photographs per class, entries may not have won awards in a SWODS daffodil show.
5. All photos will be a minimum of approximately 8 x 10 and mounted on an 11 x 14 mounting board or foam core board. Photos may be matted but may not exceed 11 x 14 inches. (No glass or frames allowed.) Exception is Class 6, where 4 x 6 is the maximum size of any photo, with the mounting board not to exceed 16 x 20, including any matting.
6. All entries must contain the following information on the back of the entry: name, address, phone number, class entered, level of expertise, i.e., amateur, professional or youth, and the name of the daffodil cultivar if known.
7. Each class will be open to color and monochrome entries, and classes will be subdivided accordingly.
8. Southwestern Ohio Daffodil Society is not responsible for lost or damaged photographs.
9. All entrants must pre-register with the Show Chairman, Bill Lee, by April 7th, (4606 Honey Hill Lane, Batavia, OH 45103; 513-752-8104)

CLASSES:

1. Portraits
2. Landscape or garden
3. Daffodils in their natural habitat
4. People and daffodils
5. Abstract or Special Effects
6. Collection of 5 different photos that include one or more daffodils mounted on one board (see Rule 5).

AMERICAN DAFFODIL SOCIETY AWARDS

Gold Ribbon	Best standard daffodil in show, excluding Sections H & M.
Miniature Gold Ribbon	Best miniature daffodil in show, excluding Sections H & M.
White Ribbon	Best vase of 3 stems of standard daffodils, one cultivar, in Section B and G and Classes 246, and 298.
Miniature White Ribbon	Best vase of 3 stems of miniature daffodils, in Section E and Classes 249, and 301.
Purple Ribbon	Best collection of 5 different standard daffodils in the Horticulture Division, excluding the Historic Section
Red-White-Blue Ribbon	Best collection in Class 268.
Miniature Red-White-Blue Ribbon	Best collection in Class 213.
Maroon Ribbon	Best collection in Class 267.
Marie Bozievich Ribbon	Best collection in Class 271.
Elise Havens Ribbon	Best collection in Class 272.
Throckmorton Ribbon	Best collection in Class 273.
Roberta C. Watrous Silver Medal	Best in Class 214. Former winner will receive the Roberta C. Watrous Ribbon. Open to ADS members only.
Carey E. Quinn Silver Medal	Best in Class 274. Former winner will receive the Carey E. Quinn Ribbon. Open to ADS members only.
Premier Miniature Collection Ribbon	Best collection in Class 216.
Lavender Ribbon	Best collection of 5 cultivars and/or species of miniatures in Classes 211, 212, 250, and 302.
Delia Bankhead Ribbon	Best collection in Class 215.
Three Miniatures by Hybridizer	Best exhibit of Class 217.
Six Miniatures by Hybridizer	Best collection in Class 218.
Twelve Miniatures by Hybridizer	Best collection in Class 219.
Youth Best Bloom Ribbon	Best daffodil in Section I.
Youth Best of Three Ribbon	Best set of 3 daffodils in Classes 246 or 249.
Youth Collection Ribbon	Best collection of five daffodils in Classes 247 or 250.
Rose Ribbon	Best standard daffodil seedling exhibited by its originator in the show.
Miniature Rose Ribbon	Best miniature seedling exhibited by its originator in the show.
Small Grower's Ribbon	Best standard daffodil in Section C.
Standard Container-Grown Ribbon	Best container in Class 277.
Miniature Container-Grown Ribbon	Best container in Class 278.
Species/Species Hybrid Container-Grown Ribbon	Best container in Class 279.
Intermediate Ribbon	Best Intermediate daffodil from Section G, Youth, Small Growers, or Standard Collections, excluding Sections H, M & P.
Historic Daffodil Ribbon (Pre-1940 Daffodils)	Best bloom in Section H, Historic Daffodils.
Historic Best of Three Ribbon	Best vase of 3 stems in Class 238.
Historic Collection of 5 Ribbon	Best collection in Class 239.
Silver Ribbon	Greatest number of blue ribbons in Horticultural Sections, excluding Section P.
Wells Knierim Ribbon	Best Photograph in the Photography Division

SOUTHWESTERN OHIO DAFFODIL SOCIETY AWARDS

BURCHILL MEMORIAL TROPHY (by Tom Stettner, Jr.)	Best double daffodil.
NEW COLLECTOR'S AWARD (by Mary Lou Gripshover)	Most points in Section O. (One year membership in the American Daffodil Society.)
SWODS GREEN ROSETTE	Best standard daffodil in Section O.
SWODS ORANGE ROSETTE	Best daffodil in Section N. (Open to SWODS members only.)

SOUTHWESTERN OHIO DAFFODIL SOCIETY AWARDS cont.

CHRISTINE HANENKRAT TROPHY (by Leone Low)	Best collection in class 230.
PEGGY and NEIL MACNEALE	Best collection of daffodils in Class 269. (Date of introduction must appear on label.)

ACKNOWLEDGEMENTS

The South Western Ohio Daffodil Society wishes to extend thanks to the following:
 Debbie Zureick and the staff of the Cincinnati Zoo.
 All out-of-town judges, clerks, and exhibitors who have given generously of their time
 to travel to Cincinnati to help us achieve our show's goals.

Join the American Daffodil Society (ADS)

Membership: \$20.00 per year

Membership Benefits

- Subscription to The Daffodil Journal, a 64-page quarterly journal with color photographs of daffodils and articles on topics such as planting, selecting, and growing daffodils; landscaping with daffodils, new introductions, hybridizing, daffodil hybridizers, trends, pests and diseases, and national and local news and events.
- Participation in national daffodil events.
- Catalogs from daffodil specialty growers.
- Eligibility to compete for ADS awards in local, state, and national shows.

ROYAL HORTICULTURAL SOCIETY SYSTEM OF CLASSIFICATION

For garden purposes, daffodils are classified in 13 divisions where the division number specifies the form and the letters (color code) specify the colors. For example:

- 1 W-Y = a trumpet daffodil with white perianth segments ("petals") and yellow corona ("trumpet").
- 2 Y-YYO = a large-cupped daffodil, all yellow except for a band of orange at corona ("cup") rim.
- 11b W-O/Y/W = a papillon daffodil with white perianth segments and longitudinal hands of orange, yellow and white in the corona, with orange predominant.

Whether of wild or cultivated origin, once a selection has been distinguished by a cultivar name, it should be assigned to Divisions 1-12. Daffodils distinguished solely by botanical name should be assigned to Division 13.

The characteristics for Divisions 5 to 10 are given for guidance only; they are not all necessarily expected to be present in every cultivar assigned to those divisions.

DIVISION 1- TRUMPET DAFFODIL CULTIVARS. One flower to a stem; corona ("trumpet") as long as or longer than the perianth segments ("petals").

DIVISION 2 -LARGE-CUPPED DAFFODIL CULTIVARS. One flower to a stem; corona ("cup") more than one-third, but less than equal to the length of the perianth segments ("petals").

DIVISION 3-SMALL-CUPPED DAFFODIL CULTIVARS. One flower to a stem; corona ("cup") not more than one-third the length of the perianth segments ("petals").

DIVISION 4-DOUBLE DAFFODIL CULTIVARS. One or more flowers to a stem, with doubling of the perianth segments or the corona or both.

DIVISION 5-TRIANDRUS DAFFODIL CULTIVARS. Characteristics of *N. triandrus* clearly evident; usually two or more pendent flowers to a stem; perianth segments reflexed.

DIVISION 6-CYCLAMINEUS DAFFODIL CULTIVARS. Characteristics of *N. cyclamineus* clearly evident: one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with a very short pedicel ("neck").

DIVISION 7 -JONQUILLA AND APODANTHUS CULTIVARS. Characteristics of Sections *Jonquilla* or *Apodanthi* clearly evident: one to five (rarely eight) flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long; flowers usually fragrant.

DIVISION 8 - TAZETTA DAFFODIL CULTIVARS. Characteristics of Section *Tazettae* clearly evident: usually three to twenty flowers to a stout stem; perianth segments spreading, not reflexed; flowers usually fragrant.

DIVISION 9-POETICUS DAFFODIL CULTIVARS. Characteristics of the *N. poeticus* group: usually one flower to a stem; perianth segments pure white; corona very short or disc-shaped, usually with a green and/or yellow center and a red rim, but sometimes of a single color; flowers usually fragrant.

DIVISION 10-BULBOCODIUM DAFFODIL CULTIVARS. Characteristics of Section *Bulbocodium* clearly evident: usually one flower to a stem; perianth segments insignificant compared with the dominant corona; anthers dorsifixed (i.e., attached more or less centrally to the filament); filament and style usually curved.

DIVISION 11-SPLIT-CORONA DAFFODIL CULTIVARS. Corona split - usually for more than half its length. a) Collar Daffodils. Split-corona daffodils with the corona segments opposite the perianth segments; the corona segments usually in two whorls of three. b) Papillon Daffodils. Split-corona daffodils with the corona segments alternate to the perianth segments; the corona segments usually in a single whorl of six.

DIVISION 12-OTHER DAFFODIL CULTIVARS. Daffodil cultivars which do not fit the definition of any other division.

DIVISION 13 - DAFFODILS DISTINGUISHED SOLELY BY BOTANICAL NAME.

SECTION TAPEINANTHUS Autumn flowering; one to four flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; flower ascending, yellow; corona absent or rudimentary; anthers widely exerted from the tube, much shorter than the filaments, dorsifixed.

SECTION SEROTINI Autumn flowering; usually one to two flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; perianth segments pure white, usually twisted; corona very short, yellow, orange, or green; anthers included in or slightly exerted from the tube, longer than the filaments, dorsifixed; flowers fragrant.

SECTION AURELIA Autumn flowering; three to twelve flowers to a compressed stem; leaves flat, not channeled, glaucous; flowers white; corona rudimentary or absent; filaments unequal in length; anthers exerted from the tube, dorsifixed; flowers fragrant.

SECTION TAZETTAE Autumn to spring flowering; three (rarely two) to twenty flowers to a usually compressed stem; leaves flat or channeled, usually glaucous; flowers white, yellow, or bicolored; anthers included in or slightly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The rounded stem and green leaves of *N. aureus* atypical, also the orange corona of *N. elegans*.

SECTION NARCISSUS Spring flowering; usually one flower (exceptionally two to four) to a compressed stem; leaves flat, not channeled, glaucous; perianth segments pure white; corona disc-shaped or very shallow, sometimes of a single color, but usually with base green, mid-zone yellow, and rim red or orange and often scarious; anthers partly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. This section covers *N. poeticus*.

SECTION JONQUILLA Spring flowering; one to five (rarely eight) flowers to a rounded stem; leaves narrow or semi-cylindrical, green; flowers yellow, never white; perianth segments spreading or reflexed; corona usually cup-shaped, usually wider than long; anthers included in or partly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The autumn flowering, green-flowered *N. viridiflorus* is atypical.

SECTION APODANTHI Spring flowering; one flower or two to five to a somewhat compressed stem; leaves narrow, channeled, glaucous; flowers white or yellow, never bicolored; perianth segments spreading or slightly reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long; anthers included in the tube, or three included and three exerted, much longer than the filaments, dorsifixed.

SECTION GANYMEDES Spring flowering; one flower or two to six to an elliptical or cylindrical stem; flowers pendent, white, yellow, or somewhat bicolored; leaves flat or semi-cylindrical; perianth segments reflexed; corona cup-shaped (rarely campanulate); anthers three included in the tube, three exerted (often beyond the corona), equal to or much shorter than the filaments, dorsifixed. This section covers *N. triandrus*.

SECTION BULBOCODIUM Autumn to spring flowering; one flower to a rounded stem; leaves narrow, semi-cylindrical; flowers white or yellow; perianth segments insignificant compared with the dominant corona; anthers widely exerted from the tube (often beyond the corona), much shorter than the filaments (which are usually curved), dorsifixed.

SECTION PSEUDONARCISSUS Spring flowering; usually one flower to a more or less compressed or sometimes rounded stem; leaves flat or channeled, usually glaucous; flowers white, yellow, or bicolored; perianth segments usually spreading or inflexed; corona more or less cylindrical, often flared at mouth, yellow or white (never orange or red); anthers exerted from the tube, equal to or shorter than the filaments, sub-basifixed. The green leaves, rounded stem, and strongly reflexed perianth segments of *N. cyclamineus* and the two to four flowers to a stem of *N. longispathus* and *N. nevadensis* are atypical.

WILD HYBRIDS Natural hybrids distinguished by botanical names are also assigned to this division.

CINCINNATI INFORMATION

- Food is provided by the committee for judges, clerks, exhibitors, and other participants. Participants may bring additional covered dishes or desserts if they wish.
- Setup will be Friday, April 13, from noon to 4:00 PM. Teardown will begin at 4:00 PM Sunday, April 15. All available SWODS members are needed.
- The show will be located in the Thorntree building.
- Admission to the Zoo is free for exhibitors with Daffodils. You must use the back entrance on the Forest Avenue side of the Zoo prior to 9 A.M.
SEE BELOW FOR ZOO ACCESS INSTRUCTIONS

Directions to the Cincinnati Zoo and Botanical Gardens

From I-71, take Route 562 (Exit 7) to I-75 South.

From I-74, take I-75 North.

From I-75, use Exit 6 (Mitchell Avenue). Travel east on Mitchell. Turn right onto Vine and proceed to Forest (.9 miles). Turn left on Forest to Dury. Turn right on Dury and you are at the Zoo's Main Gate.

Thorntree Building

Former Main Gate

LOCATION THIS YEAR

The Show will be in a new location, the Thorntree Building. Exactly where to park has yet to be confirmed. The following link will take you to the zoo map, <http://www.cincinnati-zoo.org/pdfs/spring2011map.pdf>

SPECIAL NOTE for 2011: The Zoo is still undergoing a lot of construction and has changed its parking policies. All cars are now to park in a lot across Vine Street and walk over a pedestrian bridge to enter the Zoo. There will be special arrangements for exhibitors. We anticipate access to the zoo will be the same as last year. First of all you will need a 4-digit passcode which we hope to be able to email Friday. You will have to enter at the back gate on Forest Avenue (Forest is at the end of Dury, which is the street you used to enter the Zoo from). Go to the end of Dury and turn left onto Forest. You will be going downhill. Watch for a gate on your left. You will enter there after keying in the pass code. You will have to key in the code again to raise the barrier arm. After that proceed up the hill and around to the parking lot in front of the old main entrance. Arrive before 9AM to find parking near the exhibit hall. If you are going to be later, you may have to drop off your flowers and drive your car to the parking lot and walk back. Look for an email from Bill Lee with confirmed arrival (gate codes) and location instructions.

SO, Don't be late this year!

JOIN NOW

Southwestern Ohio Daffodil Society (SWODS)

Membership: \$5.00 per year

Membership Benefits

- 2-3 meetings for members during the year, usually in early spring, early summer, and fall.
- An annual show of daffodils each spring, which is both an exhibit for the public and a friendly competition for members, visitors, and the general public.
- Opportunity to purchase a special Challenge Bulb for members at less than catalog price.
- Exhibits in public areas and speeches, slide show presentations, and workshops at garden society meetings and public gardening events.
- Annual bulb exchange for members at the fall meeting; an opportunity to acquire new daffodils at the best possible price—free!
- Camaraderie with other daffodil growers.

American Daffodil Society (ADS)

Membership: \$20.00 per year

Membership Benefits

- Subscription to The Daffodil Journal, a 64-page quarterly journal with color photographs of daffodils and articles on topics such as planting, selecting, and growing daffodils; landscaping with daffodils, new introductions, hybridizing, daffodil hybridizers, trends, pests and diseases, and national and local news and events.
- Participation in national daffodil events.
- Catalogs from daffodil specialty growers.
- Eligibility to compete for ADS awards in local, state, and national shows.

For more information, contact Bill Lee, 4606 Honey Hill Lane, Batavia, OH 45103. Phone 513-752-8104 or email BLEE811@aol.com.

- D SWODS Membership only \$5.00, (payable to SWODS).
- D ADS Membership only \$20.00, (checks payable to American Daffodil Society).
- D SWODS and ADS Membership \$25.00, (checks payable to Bill Lee who will distribute the funds to the two organizations).
