### Spring Show Updates 2019

There are three shows in our region. Why not try to attend and enjoy the fun.

This April will mark our 61st Annual Show of the Greenwich Daffodil Society at Christ Church, in **Greenwich, Ct.** on April 24-26, 2019

Second Show is **Nantucket, MA** on the weekend of April 26-27, 2019 at Bartlett's Ocean View Farm, sponsored by the Nantucket Garden Club. Nantucket also has a weekend full of activities including an antique car parade, tailgate picnic and many other fun activities organized by the Nantucket Island Chamber of Commerce.

Third Show will be **The Seven States** at Tower Hill Botanic Garden, West Boylston, on May 9-10, 2019. This is a change to a Thursday and Friday show.

When I receive all the show schedules, I will try to email them electronically.

**Each October the Nantucket Garden Club purchases bulbs for school children on the island.**

**With the assistance of the Middle School 7th Grade Science teacher, all the bulbs are part of a lesson on classification. The stakes are written out and each bulb is bagged and distributed to island students. The students are encouraged to plant now and exhibit their flowers in next year's daffodil show.**

**It's a wonderful way to encourage younger daffodil show exhibitors. Partner with an organization, or your local boy and girls clubs or local Scouting organizations.**

If you have never attended a National Convention, you should plan a trip. This photo is from the National Flower Show in Nashville this past April.

As you can see it's overwhelming in a good way to see so many different daffodils in one location.
