INTRODUCTION

Welcome to my seventh catalogue. I would like to thank my customers for their support in 2009 and hope your bulbs will provide delight at flowering time.

Our bulbs were represented in all the winning major trophy classes at the RHS and The Daffodil Society Shows with many champion blooms as well. The tulips did equally as well with wins at the RHS, Harrogate and The Wakefield Old English Florist Tulip Show. Our export business to the USA grew in 2009 and we hope it will continue to do so.

Clive Postles seedling stocks are beginning to bulk up and we have 3 new releases this year Lucy Scarlet 3W-GR, Pink Floyd 2W-P and Seagrave 4Y-O all with good track records on the show bench. We are also adding some more of the current best exhibition varieties from the UK, USA and Australia. Also due to good stock increases we are offering some varieties at discounted multi-buy options.

For miniature enthusiasts I have added a few more varieties to my already extensive range with one or two of the rarer varieties.

Most of the cultivars on offer are readily available but the most sought-after varieties are in short supply. To assist you I have indicated against these varieties the approximate number available and these will be distributed on a first-come first-served basis.

It is our intention to attend the 2010 ADS convention at Murphys, and also all the major shows in the UK where we hope to meet our old and new friends and customers to discuss our mutual love of daffodils.

Bramcote Bulbs is a predominant supplier of narcissus bulbs and over the years have provided other specialised bulbs to exhibitors and gardeners alike. If you are a Daffodil Society, Gardening Club or Horticultural Society we also sell bulbs of one variety in bulk subject to availability. We acquire many other types of bulbs not listed in the catalogue for sale in bulk to the Trade, Gardening Clubs or Horticultural Societies either for landscaping or for resale. These can be spring or autumn plantings so give us a call to see what is available and to receive a quote.

Best of luck for the coming year

Terry
