**Bulb List – Miniature and Species Daffodils – 2011**

This is another stock (or label!!) reduction list. Stocks of many things are minimal and of variable size. Accordingly I am offering total stocks (often only 1 or 2 bulbs) rather than individual bulbs except in the first 'Named Miniatures' category. I will try to send flowering size bulbs (I know better than to guarantee!) and where possible I will also include bonus "bits" that should soon grow on to full size given good care and culture.

**ORDERS: By post, telephone or e-mail (Don't forget Postal Address – about 50% do forget!!!)**

**Payment:** By cheque (£ & \$ only), Bank Draft or cash. Do not send payment with order. With such small stocks many may sell out quickly and refunds are a nuisance.

**Postage/Packing: At cost (impossible to estimate in advance.)**

**Foreign payments :** In USA \$ please add 80% to £ total to allow for exchange rate and charges.

In Euros please add 25% to £ total ditto. ditto.

Other currencies – Bank draft or sterling cash please
