## FOREWORD

My new season's catalogue offers a wide choice of reliable varieties and includes a selection of new introductions from New Zealand and overseas raisers. All imported bulbs offered have been thoroughly acclimatized to New Zealand conditions.

Consistent with my policy of reducing prices as stock increases, prices of many varieties have been reduced again this year. In the few instances where replacement stocks were obtained at increased cost, prices have had to be advanced accordingly.

## TERMS OF BUSINESS

Every care is taken to send out only first quality bulbs from healthy stocks and true to name, but, due to factors outside my control, I will not be held responsible for the crops in any way; but should a mistake occur it will be rectified the following season.

I GUARANTEE THAT EVERY BULB LEAVING MY NURSERY IS FREE FROM DISEASE AND INSECT PESTS, but no complaint as to quality, health, size or number will be entertained unless made immediately upon receipt of bulbs.

Bulbs are offered subject to crop conditions at lifting and being unsold on receipt of order. Many of the varieties are new and stocks are limited, therefore early ordering is advised. Orders are executed in strict rotation as received, and should reach me not later than 31st January. Bulb orders are despatched during February. Replanting of unsold lifted stocks commences on 1st March, from which date no orders can be supplied.
