Here again our catalogue – for those of you who have not ordered before we should like to point out several interesting facts.

WE LIST BULBS from over 20 different growers here and abroad, thus saving our customers the necessity of numerous orders from varied sources. We raise all the varieties we list.

WE HAVE BEEN in business over 50 years and are well-known by America's greatest gardeners, and blooms from our bulbs continue to win prizes in many major shows.

WE RECOMMEND ordering in the spring for Fall Delivery to avoid disappointment; to encourage this we offer 5% Discount on orders received before JULY 1st, in addition to our bulb discount. (This does NOT apply to Bushels, Collections and mixtures.)

THE MINIMUM ORDER we are able to accept is \$5.00 – positively NO orders for less – You will note the price of bulbs goes DOWN but, as you know, the price of everything else goes UP!

OUR BULBS ARE True to name, top-sized double-nosed, except in the case of the Bushel lots and mixtures, also miniatures which seldom make double-nosed bulbs, but are all blooming-sized!

BE SURE to add 10% East of Miss., 15% West, to assist with handling and for Postage or United Parcel Service, which we use when possible. Should you be absent during the day, advise us where bulbs should be delivered. Bushels weigh approximately 50 lbs., and are shipped F.O.B., Gloucester, Va., or consult your Post Office for cost of same and include with your order.

WRITE FOR GARDEN CLUB DISCOUNTS and quantity orders other than Bushels.

THIS IS THE FINEST MIXTURE AVAILABLE ANYWHERE. \$30.00

MIXTURES

SPECIAL NOVELTY MIXTURE – adding new varieties to our list each year, we are able to enrich this extraordinary mixture with many beauties which we must drop from our list – consequently this is unbelievable, varied and lovely – over 500 varieties are in this mixture and one could get at least 100 different kinds, certainly 30 or 40 at the least. We know, for we grow these in our fields! This also gives a long range of bloom and includes many delightfully different divisions. \$12.00 per 100
