Hello

We hope you find our 1974 catalogue interesting. Apart from the 1974 introductions you will find a number of fine kinds not previously listed. These include the red and yellow Falstaff, the golden large cups Camelot and Golden Aura, the pink Romance and the 'red petalled' Altruist.

You will see that we have made up a very worthwhile 'Garden Display and Naturalising Collection' on the back cover. As these type of collections have proved so popular we have real confidence that this improved 1974 collection will be even more popular. It should be with its fine kinds and attractive prices.

A Gold Medal Record

1973 was a busy season. We beat all previous records for awards. No one since the Royal Horticultural Society was

TV Daffodils

When a camera appears our flowers now turn round to face it. They appeared in five BBC TV programmes in 1973, and seemed to cause quite a bit of interest. Probably a few flowers makes a refreshing change from some of the TV news. Certainly in a six-minute interview with Tom Coyne we were between an item about drug addicts and another about a murder hunt!

Jean and I issued our first full-scale catalogue in 1959.

We have been surprised and much heartened by the fact that so many customers remain faithful to us year by year, we have some that have not missed one season.

Robert

Jean and Galway

founded had previously won four consecutive Gold Medals for daffodils. We won one at the Daffodil Competition, the Daffodil Show, the May show, and the Chelsea show. In addition we were awarded a Gold Medal and the North of England Challenge Cup at the big Harrogate show.

The retirement of both Mrs. Richardson and Mr. Dunlop from commercial growing this year is a huge loss. We are happy to have here a fine collection of some of Mrs. Richardson's most exciting new seedlings. Whilst we are happy with the state of our own stocks, there will inevitably be extra pressure on these this year so that early ordering is more than ever advisable.

Lindy

This and the kind, appreciative letters that we receive make us feel happy that the business is not just a business.

May we thank you for your continued support, and hope that 1974 will be a most enjoyable gardening year.

We send you our best wishes for the year.

CHEVALIER 2-3 JLR Galway selfed (formerly 2A)

Chevalier, like Galway, is magnificent as a plant with strong blue green foliage, a guardsman's upright carriage, and such uniformly well turned out flowers are paraded each spring that any inspection will fail to find one to fault. Narrow trumpet in appearance, stronger coloured than Galway. Very fine in texture, substance, pose and durability. £1 each

MOONMIST 1 M King of the North x Content

I value this soft lemon flower for it is in bloom with Forerunner when most other early flowers are buds deeply nestling in their leaves. Wide flat perianth and well flanged trumpet all in shining tones of lemon and sulphur. Good plant, very free of bloom. 75p each; £6.50 for 10

MARAVAL 2-3 GLW King of the North x Content

I love this one. Exciting mixture of pale and deep lemon tones. Luminous, unusual and of most lovely form. Unbelievably ethereal in pots.

50p each; £4.50 for 10

MOONSHOT 2-3 M King of the North x Content

Unusual character. Chaste form; smooth pointed petals and a long trumpet neatly opened at the mouth. The creamy lemon of the perianth shows up the slightly darker colour of the trumpet which at some stages has tints of pinkish apricot like the reflection of the setting sun. **£1.75 each**

A very large flower and later flowering than most. Luminous lemon in wide perianth and large trumpet flared and ruffled at the margin. Strong and tall. Most splendid garden plant. **£1.50 each**

WINDJAMMER 2-3 WJD

One of the most effective of all daffodils here. The stock has been a shining mass of sulphur lemon, each large bloom displaying petals as wide as a windjammer's sails and trumpet nobly flanged and proportioned. So generous that there always seems to be 2 flowers where other kinds would be content with 1. A favourite of mine. **£1 each; £8.00 for 10**

RED TRUMPETS 1A

TIDD PRATT 2-3 WOB

A slender trumpet coloured a rich tangerine orange solid from the brim to the base. Narrow golden petals and trumpet are smooth textured. This perky flower is highly fertile and will prove useful in breeding further red trumpets. Scarce. **£8 each**

UNCLE REMUS 2-3 WOB

This red trumpet is giving seedlings of very rich colour. It is itself a good sized flower with primrose perianth of petals held at right angles to the full size trumpet-shaped trumpet of uniform glowing deep orange. The plant grows strongly and increases well. It may well be that the main future advances in red trumpets will stem from this variety. **£10 each**

AM 1965

Proud, large, Award of Merit flower. Broad white polished petals at right angles to full rich golden yellow trumpet beautifully balanced and flanged. Strong free flowering and increasing plant.

RIMA 3-4 M Kenmare x Dawnglo

Smooth pure white petals of fine-spun quality held perfectly flat Gently flared trumpet of deep lilac toned pink. A very strongly contrasted flower. In our collection its colour has shone out more strongly than other pinks. It grows and increases quickly. Is proving a useful breeding kind as well as a first-rate garden and show flower. £2.50 each; £20.00 for 10

WHITE TRUMPETS 1C

BIRTHRIGHT 2-3 GLW Courage x Empress of Ireland

Glorious giant of wonderful refinement, having an immaculate perianth of very broad flat petals that are almost square and give the flower a masculine square rigged appearance. The crystalline texture of the petals grace the whole flower, the perianth that lies so exactly flat and the trumpet which is not too wide at the base but is on the grand scale with a bold pleasing flange. Shining snow white. £7.50 each

CHIVALRY 2-3 JLR Broughshane x Brussels

Large, circular and very white, the flowers are more refined than either of its parents. The plant, of good healthy habit, covers itself with blossom carried on strong stems and is comparable with the very best exhibition varieties. Chivalry is a smooth, very heavy substantanced flower.

£1.00 each; £8.50 for 10

CUSHIE BUTTERFIELD 2-3 GLW

In the words of the song, "A big lass and a bonny lass," and if "she likes her beer," I should not be surprised. A strong growing, very pleasing large white trumpet daffodil with smooth wide petals held well away from the noble, well flanged trumpet. 45p each; £4.00 for 10

GLENSHESK 2 GLW AM 1950 Courage x Lanchenjunga

Waxen in perianth and huge trumpet. 35p each; £3.00 for 10

ITS TRUE 2-3 MJB Seedling x Empress of Ireland P.C. 1968

QUEENSCOURT 2-3 GLW Courage x Empress of Ireland

Large and built on rather similar lines to Empress of Ireland, but whiter and even smoother. Immense white petals somewhat rounded and held strictly at right angles to the narrow trumpet that is opened with a generously and perfectly designed flange to give the final touch of class and exact balance to this noble flower. £6.50 each

PANACHE 2-3
 GLW (Courage x
 Broughshane) x
 Empress of Ireland
 FCC 1967

Panache is a white, white trumpet. It is a large flower of faultless show form, carriage, and quality. It is clearly the best 1C yet seen and is bound to hold its place for years to come. The greatest advance yet in quality, reliability, and character. Excellent bulb and plant.

£12 each

RIBER 2-3 Milne

Designed to exhibition specifications but of exceptional value in the garden as it is very floriferous, long lasting, and sturdy. Broad petals and nicely flanged trumpets make Ribber a large showy but refined flower. A dream in pots. Increasingly popular.

50p each; £4.50 for 10

STORMONT 2-3 WJD Ardclinis x Kanchenjunga

Free flowering, quick growing, large flower of thick moulded substance. Broad petals are arranged at right angles to the bold trumpet with its neat roll. It is borne proudly on a tall stem. This flower has perfect form of balance.

£2.00 each

VIGIL 3 GLW AM 1956

Sharp pointed petals at right angles to graceful and flanged trumpet. Of such fine texture and perfect finish that being human one looks for flaws, but there are none. Last well, blooms carried a little lower than heaven but above the blue green erect foliage.

35p each; £3.25 for 10

WHITE CHIEF 2-3 GLW

A strong white trumpet with large flowers freely produced. Whiter than Mount Hood, larger than Cantatrice, an excellent garden daffodil.

35p each; £3.00 for 10

WHITE PRINCE GLW (Quartz x Tenedos) x Guardian

Living epitome of the qualities a white trumpet should own. It is large as a lily with great broad spreading flat pointed petals and a longish trumpet perfectly flanged.

75p each; £6.50 for 10

REVERSE BICOLOUR TRUMPETS 1D

CHILOQUIN 3-4 M

Opening later than its fellows of this class, it proves itself the smoothest and most perfectly designed. Slightly reflexed perianth very broad and of satin fine finish. Equally smooth trumpet comes close to pure white a few days after opening. A fine acquisition.

£12.50 each

HONEYBIRD 2-3 M King of the North x Content AM 1967

Excellent form, texture and pose. Very smooth, flat perianth in rich luminous lemon behind a very neat trumpet that becomes white. Reverse develops quicker than most. 1st quality plant. Show winner.

£2.00 each; £18.00 for 10

LUNAR SEA 2-3 M King of the North x Content

Opens a sulphur lemon flower, but trumpet soon fades to near snow white. Most white of reverses. Good form, plant of excellent habit. Tall strong. Uniquely beautiful garden flower.

£1.25 each; £10.00 for 10

NAMPA 2-3 M King of the North x Content

Distinctive deep coloured reversed bicolor, a powerful flower in the garden, being a very striking contrast with the rich luminous lemon perianth having a white halo at the base of the white trumpet when fully developed. Large and good in pots. Capable of winning at shows.

£1.00 each; £8.50 for 10

RICH REWARD 3 M Lunar Sea x Bethany

Outstanding on at least two counts, the vivid intensity of its luminous lemon gold and the exceptional substance that enables the flower to out-last many of its neighbours. Petals are pointed and overlap well to form a stiff perianth behind a neatly flanged narrow trumpet that comes close to pure white. Scarce.

£15

SPELLBINDER 1-2 GLW King of the North x Content

Alice-in-Wonderland flower. Broad petals and noble flanged trumpet. The whole opens an entrancing cool greeny sulphur lemon, but after a few days the magic begins to work and the inside of the trumpet passes to almost pure white, whilst, like the grin of the Cheshire Cat, a sparkle of lemon is left around the serrated brim.

25p each; £2.30 for 10; £17.50 a 100; £150.00 a 1,000

ENTRANCEMENT 1-2 M King of the North x Content

Entrancement has large flowers of soft greenish lemon, though the slightly frilled trumpet becomes white as it develops. Deeper than Lunar Sea, different in shape and ten days earlier. A grand garden plant as can be seen by the illustration.

75p each; £6.50 for 10

ALL YELLOW LARGE CUPS 2A

BREAKTHROUGH 3-4 MJB

Homage seedling

Large circular large flowers held on tall strong stems well clear of any foliage. Boldly posed flowers have very wide rounded thick petals of bright clear lemon around a flattened saucer crown of deep rich lemon centred green. The almost unique colouring of the perianth must make it a flower on its own. Consistent here but maybe the perianth colour may bleach in much warmer parts of the world.

£10.00 each

BUTTERSCOTCH 2-3 M Golden Torch x Galway

Quite new to Britain but has already usurped Galway's place as leading show yellow 2A. Very smooth flat perianth of great substance at right angles to crown neatly flared and frilled and in good proportion. More obviously a large-cup than pseudo-trumpet Galway. Stems like walking sticks. Butterscotch is essential for the seriously show-minded.

£1.75 each; 3 for £4.50

CAMELOT 3-4 JLR Kingscourt x Ceylon

Clearly outstanding. The crown is not a lot shorter than the petals but the character of the blooms is obviously large-cupped rather than pseudo-trumpet. Very wide, very flat perianth unusually rounded for a 2A. Texture is fine spun, substance is thick, colour is uniform deep clear yellow. Strong in stem and all parts. Unusual and valuable for show, wonderful in garden.

£2.50 each

EUPHONY 3-4 M. Leonaine open pollinated

Seed parent a pink, pollen parent probably Daydream or Fawnglo. Entire flower very soft creamy lemon, difficult to describe but a delight to see. In form it has few equals. Geometrically perfect perianth in one strict plane at right angles to exactly proportioned goblet but finished with restrained frill. A triumph.

£15

FAWNGLO 3 M Binkie x (King of the North x Content)

A personal favourite of mine in cool haunting tones. A borderline flower in two respects as it might just as well be classed a 2D as the crown does become lighter than the perianth, and by measurement it is nearly a trumpet. It produces many fine-spun flowers of unusual creamy buff, that sometimes carries a luminescent pinkish tone in the crown. A chastely formed flower.

75p each; £6.00 for 10

GALWAY 2 JLR F.C.C.

The outstanding yellow for show and garden. Huge bulbs, erect blue green foliage, strong stems, large rich golden blooms wide in perianth, bold in trumpet crown.

20p each; £1.75 for 10; £15.00 a 100; £140 a 1,000

GOLDEN AURA 4 JLR Halo open

I quote Mrs. Richardson: "The wonderfully smooth shovel shaped perianth segments are very wide and much overlapping, of perfect form and lovely texture, the medium sized crown is bell shaped, slightly expanded and neatly serrated at the edge forming perfect pose and balance. A show flower of highest quality, deep golden yellow throughout, outstanding in its class." Very strong.

£10 each

JEST 2-3 M

A joker with flat rounded perianth almost completely hidden behind darker flat widespread crown. Spectacular conversation piece.

45p each; £4.00 for 10

LEMNOS 2-3 Ahrens PC 1955

ALL RED DAFFODILS 2A

Well perhaps not all red, but fast approaching that state

AMBERGATE 3-4 Milne (Hades x Killingrew) x Cornish Fire

The almost legendary flower that caused such interest and comment when first shown. It has a small cup of deep orange red and a most perfect wide poeticus type perianth of pale primrose that is quite lost under the heavy even suffusion of pinky orange. A unique show flower. Fertile. Probably the most all-red of daffodils yet.

£2.50 each; £20.00 for 10

GYPSY 3-4 JLR

Brilliantly distinct. The tanned ruddy complexion of a gypsy is seen in the orange suffusion that makes the old gold petals almost tangerine, whilst the crown is a rich orange red. More tailored in dress than the usual gypsy, for the broad petals are satin smooth and the crown neatly bowl shaped. A pyromaniac that will set border and garden alight. A very fine thing. Tall wiry plant with good bulbs.

A near miss for trumpet measurements. A hit in the garden as it is a most pleasing daffodil of attractive high quality. Well posed flowers produced in profusion, clean white perianths of smooth wide petals held nicely away from the trumpet crown which is painted in attractive tones of rose pink. From R.H.S. Daffodil Yearbook 1964, "Daffodil Trials at Wisley", by Herbert R. Barr.

"There was one quite exceptional variety that we saw in the main garden and which was only in its second year — it was *Passionale*, certainly the best pink I have seen as a garden flower; the colour was good, the pose excellent and the flowers well above the foliage, a worthy Guy Wilson plant — it received a unanimous Award of Garden Merit".

75p each; £6 for 10

ROMANCE 4-5 JLR Rose Caprice x Infatuation AM 1966

SATEEN 1-2 H. Barr Spellbinder x Maidens Blush

The unusual cross, made with the idea of producing a lemon and pink flower, has in Sateen given a beautiful bold early white and pink. It is a very good show shape, a large flower on tall strong stems. The fine white perianth is held at right-angles to a crown that is virtually a trumpet. This trumpet crown is painted pink, a most pleasing shade. The value of the flower is greatly enhanced by being so very early, easily the first of the pinks, and by being a fine laster. To breeders its value is obvious. **£4.00 each**

SELTAN 3-4 GLW Pink O'Dawn x Irish Rose

Seltan is a sturdy plant giving a multitude of flowers with wide white perianths and crowns of pleasing pink. The trumpet crown is finished with a neat flange. Pink O'Dawn is one of the cornerstones of pink breeding in the Antipodes. Irish Rose has proved an important breeder here. Seltan should surely be another really important breeder as well as garden plant for many years. **30p each; £2.75 for 10; £25.00 a 100**

Powerful, aristocratic newcomer to the white and yellow large cups. Welcome for immaculate quality, a very even crop of long lasting flowers but most welcome for its distinct character. Looks like a small cup but calipers prove otherwise. Consistent in con-

WHITE LARGE CUPS 2C

ARCTIC DORIC 2GLW

AM Wisley 1967

Some are born white, some become white, some have the adjective 'white' thrust upon them. Arctic Doric is born white. It opens very early. Frosty white petals sparkle but the crown is perhaps even whiter, almost with a hint of blue in its purity. Perianth groomed by nature flat firm and wide, the crown being slender and scarcely opened at the mouth. Chaste icy flowers most generously produced from freely blooming and increasing plants.

35p each; £3.00 for 10;
£25.00 a 100

ARDBANE 2-3 GLW St. Brendan x Greenland

A thoroughbred white. Snowy with a green base. Clean cut tailored perianth of wide triangular petals and a three quarter length crown smoothly expanded and scalloped at the brim. One of our favourites.

35p each; £3.00 for 10

BLUE BIRD 3 MJB

We have grown this seedling for some years and use it as the standard for whiteness. It is the whitest crowned flower we have, the vivid white crown being dazzling blue-white like snow with the sun shining on it from a clear blue sky. The perianth is of wide oval petals. A group in the garden is going to look wonderful, and one bulb soon grows to a group as it increases fast.

£2.00 each; £18.00 for 10

CASTLE OF MEY 3 GLW

Pure as driven snow, perfect perianth, trumpet-shaped crown neatly flanged.

25p each; £2.25 for 10

60p each; £5.50 for 10

EARLY MIST 2 JLR Glendalough x Ardclinis

Looks like a refined white trumpet but beaten by the calipers. Long flanged crown rolled at mouth, perianth silken smooth of firm substance. Pure white. Early.

HOMAGE 4-5 GLW (Nelly x Chinese White) x (Tryst x Foggy Dew)

Wonderful worldbeater! Exemplifies the qualities Mr. Wilson strove to combine in his whites. Strong plant with large flowers or circular build, smooth and thick textured like Easter Moon. Show white flowers made even frostier by dark sage green in the base that retains all its colour and sparkle till the flower finally passes away. Wonderful breeder. Homage named as tribute to Mr. Wilson.

MONA LISA 3-4 Board Chinese White x Pigeon

A 3C's dream of the greater glory, but beaten by the calipers to measure 2C. The 3C's loss, the 2C's gain. Gently smiling perfection in snowy flowers prolifically produced from an impeccable mould. Broad shining petals lie ceaseless and much overlapping behind neatly flat wide gently fluted crown. Distinctive, gentle, smiling flower, a laster of highest class for exhibition or garden. A favourite of mine.

£1.25 each; **£10.00** for 10

PINAFORE 3-4 M Green Island x Chinese White

Distinct from its many fine relatives and others of this section. Rounded thick white perianth is all correct and orthodox but the crown is splayed out flat against the perianth in the extrovert manner of Artists Model. **£5**

PURITY 3 GLW AM 1960

Award of Merit flower, a perfect show one. Buds open to reveal glistening snow flowers. As they open so they remain, without a suggestion of cream. Wide somewhat pointed petals, a perfectly disciplined team, making a perianth pressed and starched at right angles to the fine-spun crown. Jean picked the name, a lucky one for such a pure flower. Crown shorter than Sister Arctic Doric's. Chaste. Strong. Tall.

30p each
£2.50 for 10; £22.00 a 100

SNOW DREAM 1-2 WJD Niphetos x Truth

This lovely flower deserves to be much better known, it has a beautifully clear cut pointed perianth and a nicely formed trumpet crown with a polished flange, the crown opening cream soon turns white. Gives heavy crops of show quality blooms.

40p each; £3.50 for 10

45p each; £4.00 for 10; £35.00 a 100

WORCESTER

2 MJB

Crystalline sparkle in perianth and crown of this large fine quality flower. A hint of lemon in the gently frilled crown enhances its beauty early on, this fades in the sun to leave the whole frosty white. A most vigorous well-posed large cup flower that opens early, lasts well and is quite superb as a plant and generous increaser.

REVERSE BICOLOUR LARGE CUPS 2D

AMBERGLOW 3 M Lunar Sea x Daydream

Exciting novelty. Distinct, prolific, highest quality. Excellent overlapping perianth of bright lemon gold as luminous as trumpet crown that quickly loses some of its gold but takes on a most delightful amber buff. In the past few seasons one of our finest quality flowers. **£7.50 each**

BETHANY 3 M Binkie x (King of the North x Content)

Americans rate this best 2D. Beautiful flower of precise form. Ironed overlapping perianth is a soft luminous clear deep sulphur lemon. The crown, just short of trumpet length, opens same shade but rapidly becomes white, particularly inside, though it saves enough lemon to touch round the frill. Large 1st class show flower, opening before Daydream.

£2.00 each; £18.00 for 10

BINKIE 3 GLW

Fine large cup flower that opens lemon, the crown fading later to nearly pure white. Good plant. **25p each; £2.25 for 10; £17.50 a 100**

CHARTER 2-3 M Binkie x (King of the North x Content) AM 1964

Stands like a regimental sergeant major; grows with the abandoned vigour of a pop singer in full cry; lasts with the fortunate persistence of the British aristocracy. Delicate and bewitching in colouring. Parchment firm petals stand broad and flat away from the longish crown. Flowers open in shining lemon, the crown being darker, but this is quickly changed for whilst the petals retain their colour, the crown fades after a day or two to white. Tall and strong. Much the earliest of all 2Ds but also the longest lasting. Distinct from any other in this class and first class for show or in the garden.

90p each; £8.00 for 10; £70.00 a 100; £650.00 a 1,000

DAYDREAM 3 M

Binkie x (King of the North x Content)

FCC 1966

Acclaimed as the best of its class. We were happy to get a First Class Certificate for this wonderful flower and plant. Most perfectly formed, with very flat overlapping rich glowing lemon perianth and a crown of near trumpet length, opening lemon but soon fading to near pure white. A white halo enhances its beauty. Opens after Bethany, its sister. Is a little deeper in colour and is somewhat more rounded in form.

£1.00 each; £9.00 for 10

ELF 3 H. Barr

GLEEFUL 4 M Binkie x Content

Broad flat perianth of clear sulphur lemon deeper than Binkie. Flaring much ruffled crown opens lemon but quickly bleaches to white. Very distinct with its heavily ruffled white crown.

£1.50 each; £12.00 for 10

HALOLIGHT 3-4 M

Large later sister to Daydream. Very refined and different with its slender crown that becomes nearly snow white as it ages as do the bases of the petals giving the flower its halo and its name. Very smooth firm textured quality lemon and white flower.

£2.00 each; £18.00 for 10

LEMON DORIC 3 GLW Binkie x Spellbinder

Delightful cool flowers, lovely in the garden and for cutting. It has a longer crown than Binkie, slightly opened at the mouth. Its colours are similar, perhaps a little paler. Opening lemon the crown fades to near pure white. Quickly increasing plant. Arranged in a silver vase most exquisite.

45p each; £4.00 for 10

LIMEADE 2-3 M Binkie x (King of the North x Content)

Proven over several years to be quite outstanding as a flower of the utmost refinement and a very floriferous long lasting garden one. Glowing rich lemon in the broad pointed flat perianth and slender trumpet crown. The crown develops good reverse colouring as the flower develops. Highly recommended.

£2.00 each; £18 for 10

PASTORALE 2-3 M Binkie x (King of the North x Content)

Distinct graceful show flower. Widely overlapping broad slightly reflexed pale lemon perianth. The crown is pale lemon suffused buff apricot slowly fading to white with a narrow rim of lemon. IRISH COFFEE 3-4 M Green Island x Chinese White

Unusual character. Thick wide perianths opening ivory soon become yellow as dark or darker than Binkie. The cup also undergoes change, it opens yellow with an orange rim but fades, in some seasons or areas becoming nearly white with a gold rim so making it a 3D. Certainly might lead breeders to a series of small cupped reverses. **£7.50** each

15p each; £1.25 for 10; £10.00 a 100

WHISPER 3 MJB Orange Glory x Dawn

Whisper has a trumpet type and *N. cyclamineus* for maternal grandparents and *N. triandrus* and *N. poeticus* as the paternal set. From its mixed parentage came a graceful maidenly quiet-toned beauty, a flower with delicate smooth texture in the pointed narrow petals at right angles to a slender trumpet of tale creamy primrose. The fine spun quality of the flower demands its recognition as a triandrus, though some might argue that the longish trumpet declares as strong an allegiance to the cyclamineus family. Good plant about 12" high. Fertile.

£1.25 each; £10.00 for 10

TRIANDRUS 5B

ARISH MELL 3-4 Blanchard FCC 1963

This is, of course, the best of the triandrus section, a queen that makes the rest take second place. No other triandrus has an RHS FCC as a show flower. It is one of the whitest of daffodils, its texture so fine spun as to set a target for silk manufacturers. Two or three flowers held in graceful and excited silence like a piece of fine sculpture, petals pointed and as smooth and as clean cut as the polished cups. Robust tall plant. Unbeatable in competition.

£3.00 each; £27.00 for 10

BELLRINGER 4 Blanchard

Creamy sulphur triandrus with two or more flowers on a stem. Petals are gently reflexed and the crown is wide and large. The colour is unlike any other triandrus, flowers seem to improve day by day and they last well. Neat and good grower.

£1.25 each; £10.00 for 10

BUTTERFLY 3-4 Blanchard Hamzali x triandrus *loiseleurii*

White flyaway wings behind a shallow cup shaded in tones of sulphur and lemon. Reminiscent of Dawn, but a stronger plant. Scarce.

£2.00 each; £18.00 for 10

40p each; £3.50 for 10

The Heavenly Twins:

Pollux A.M. 1969

CASTOR and POLLUX

3-4 Blanchard

So alike we describe them together and make a special offer of one of each. The Heavenly Twins are something new in triandrus hybrids. They grow neatly and have stems with 3 or 4 sparkling white flowers. Most triandrus have cup shaped crowns, but the twins have almost flat cups. The vividness of the white cups is so intense as to appear brighter even than the snow white petals. John Blanchard, with a parent's eye, finds the twins to all intents and purposes the same, but it may well be that in one garden one twin will excel and in a different garden the other takes the honours.

£2 for 1 of each

SAMBA 2-3 Barr

Wiry little dwarf of about 9" with bells of brick red and petals of mid-yellow but flushed with orange. Quite unique. **30p each; £2.50 for 10**

TUESDAY'S CHILD 4 Blanchard A.M. 1969

"Tuesday's child is full of grace."

CYCLAMINEUS 6A Larger cupped

CHARITY MAY 2 CFC Mitylene x cyc. FCC 1955

A bicolor hybrid of most excellent quality. Smooth white oval petals broad and gently reflexing set off the primrose yellow of its neat medium length crown. A big advance. Show and garden flower. **30p each; £2.75 for 10**

EARLY ENTRY 2-3 Blanchard White Sentinel x cyclamineus

I am very fond of the cyclamineus hybrids. This is distinct kind. It has something of the Jenny lightness of build, with long pointed petals held slightly reflexed to the long slender trumpet, neatly flanged. The petals are white, the trumpet is a pale primrose often flushed with buff or pink. Flowers cut and brought inside can colour up to a definite pink. A good little plant. **£1.50 each; £12.50 for 10**

JENNY 2-3 CFC Mitylene x cyclamineus AM 1973

Exquisite. Slender trumpets. Long smooth petals gracefully recurving. Pure white. **35p each; £2.50 for 10**

TETE A TETE 1-2-3 Gray FCC 1962 Cyclataz selfed

One of the finest if not the finest of all dwarf hybrids. Very, very early but tremendously long lasting. Dark green foliage, stems 4-6" with one or two very smooth shining flowers. Oval petals at right angles or slightly reflexed from neat longish crowns of rich orange. Most rapid increaser and tremendously prolific bloomer. Thoroughly recommended. *ill.*

20p each; £1.75 for 10; £15.00 a 100

WILLET 2 Mitylene x cyclamineus

Opens before Charity May, similar soft yellow, perhaps a little smaller and with a longer crown and the perianth not quite so reflexed. Finely balanced and perhaps the smoothest of all this section. **£3.50**

DAFFODILS FOR NATURALISING

Some daffodils naturalise much better than others. The ones we list here are proven kinds and I feel you will get much better results with these than by trying one of the mixtures often advertised.

As a naturalising collection we can supply the following 5 kinds listed in order of flowering :
