David W. Hudson, P.O. Box 127, Amberg, Wis. 54102

INDIANA\*---4 dropouts

OHIO-----16 dropouts

They have been invited to become members again.

Indiana does not have a show this year but will have Daffodil Day at the Mrs. Goethe Link Garden April 20.

March 3, 1973

Today *asturiensis* is blooming so decided it was time to get the letter ready. I had asked you to send some news for the letter since it is called a news letter. I have none. I also said, "I hate to send the letter blank!"

Hate it or not - blank for news, it is

I am happy to welcome the new members and very happy to see one member go.

Carl R. Amason- He has returned to Arkansas and I feel sure that it was a happy day to go home to his flowers from an apt. in Hammond, In. It will be a surprise to see those tips so early. Welcome back to Indiana anytime.

There has been some interest shown for a Midwest Region Meeting at the time of the Midwest Show or at some other date. Will you express your feelings about this to the Vice-president.

If anyone of the Daffodil Societies want's to have the Midwest Show in 1974 it would be well to remember that the A.D.S. Convention will be in CINCINNATI in 1974.

There could be an exchange of bulbs within the region if anyone is looking for a bulb that is not available in the market. The names could be sent to the Vice-president for listing in the letter. This is done in the Daffodil Journal but it might be helpful in the regional letter.

The spring is trying to come before winter is thru playing havoc so it is a comforting thought to know, "Daffodils can take it". Later shows may have iris or peonies, daffodils may be gone.

Do try to select some blooms and go to the shows for many hours of work have been spent to get ready so entries are needed to fill the classes.

The A.D.S. Convention in Williamsburg, Va. is just around the corner and several of you are going to go and enjoy "the whole thing". Me too!!

This is the last letter? (I did not say newsletter) that I will send for I sent in my resignation. A new Vice President will be selected for the Midwest Region at Williamsburg. Good Luck and Best Wishes to you.

At this early date, I can report that all 170 daffodils that were moved to the garden here from my garden have come up and many will be blooming in a few days. I have not found any of the established ones missing. We did have so much rain since October- I was anxious to see how the daffodils would do. UP and ACCOUNTED FOR on March 3 does break a record for my daffodils.

Mrs. Harry Wilkie, Box 222, Bellbrook, Ohio 45305 will send any information about the Midwest Regional Show.

I always expect good weather and fear for extra bad windy weather when the daffodils start to bloom. It is no different this spring but I am wishing and hoping for a best ever season for all and for a best ever planting season come fall.

Helen Trueblood Vice President Midwest Region
