

2007 SUPPLEMENTARY LIST
MITSCH DAFFODILS – PO BOX 218, HUBBARD, OR 97032
PHONE & FAX: 503-651-2742

Thank you again for your fine interest, it is very much appreciated. The following list includes a number of items not listed in the 2007 catalog, as well as some groups for selection.

ORDER INSTRUCTIONS

1. Customer number is on upper right hand corner of address label. Please write on order form.
2. Bulbs are subject to crop and substitution is not anticipated—please advise if permissible, if it becomes absolutely necessary. We would appreciate if a few alternates could be given.
3. If a 2007 catalog order has been placed, it will be combined with this list, if order is received before August 19. If it is a first order for this year or a gift order, under \$35.00 to one location, add \$7.00 for shipping and handling.
4. Please send payment or credit card information, as indicated on order form, with order.
5. We encourage orders by August 19, 2007 to allow good service.

NEW RELEASES

We would like to offer the following, new for 2007

SINGING HILLS (Havens) 7YYW-W L 15" ((Acceleration op.) open pollinated) LHO26/1 A welcome addition to the late blooming jonquils. Opening bright lemon yellow throughout, the cup develops a buffish color between pink and yellow with a white rim, entire corona turning nearly white as the flower matures. Perianth is well formed with good overlap and very slightly reflexed. Cup-shaped corona is symmetrical with a crenate border. 2-3 florets per stem. An excellent grower and increaser, with vigorous health. **07-748** \$15.00 each.

VOICES OF SPRING (Havens) 5W-W L 14" (Irresistible x N. t. triandrus) HH16/1 This cross produced a very nice Division 5, with considerably more florets per stem (6-7) than the average for the Division. Beautiful flower with a rather narrow build, well reflexed perianth is prominent with the short bell shaped corona. The mass of flowers makes for a lovely show in the garden, combined with its exhibition ability, makes this one a well rounded, multipurpose flower. Winner of the W. A. Bender Ribbon at the 2007 National Show in Tacoma. **05-228** \$25.00 each.

NAMED CULTIVARS

ICE CHIMES (Mitsch) 5Y-Y A very popular Division 5, small pendant blossoms of ivory yellow, the perianth a shade lighter than the corona. Two-three florets per stem. Very floriferous. Typically, produces rough appearing bulbs. Very limited supply. **05-512** \$22.00 each.

MEGAROMA (Yerger) 9W-GYR One of many poets bred by Meg Yerger, this one made a real mark in our local display this year. A rather large flower, resembling a more formal Actaea. A good doer, the small yellow cup has a yellow-green eye and red-orange rim. Brilliantly white perianth, the sepals are usually a bit broader than the petals. Limited supply. **09-457** \$10.00 each.

CHOICE GROUPS

A number of bulbs were dug from various plots, making it possible to offer some groupings from which to choose, at special prices. Some bulbs may be odd shapes and some may have variation in size, but all will be healthy blooming size bulbs. We realize that many of you already have some of the following and therefore are offering choices within each group.

Upper Division Cultivars

A common need for exhibitors is to have a diverse group of classifications to enter in single stem classes and for larger collections (i.e. Quinn, Bozievich and Havens Collection).

The following upper division cultivars are being offered with the preceding in mind.
