Introduction

Greetings, this years catalogue is sent to you with our compliments, you will see that extra pages of colour pictures have been included together with 81 additional varieties we have to offer.

We believe our list to be the most comprehensive available anywhere in the world today, but if you have a particular request, do ask, we may just have an odd bulb or two. Last year the demand for some varieties far outstripped our ability to supply, regrettably some later orders were un avoidably disappointed, as some of our stocks are quite small, although we are continuing to build them .

We do recommend that you place your order early, preferably before the end of June, we will accept an order later subject to availability, but not later than the 1st August, as after this date all bulbs are hot water treated to ensure continued plant health, prior to replanting.

The displays featured at the Falmouth and Probus Shows gained Gold and Best Display Awards for our Daffodils, and we were pleased to have been able to stage a small display in May at the Country Festival Show which featured some of our later flowering varieties including those from Division 9 the Poeticus kinds, these are a joy to see coming at the end of the season, the flowers need to be picked young but are well worth the effort of growing them, this year we offer 19 different varieties to chose from.

Finally should you not wish to keep the catalogue for your future reference, may we ask you to pass it on to a friend.

Good gardening and enjoy your Daffodils.

Ron SCAMP

System of Daffodil Classification

- Division 1.** Trumpet Daffodils = The trumpet or corona is as long or longer than the perianth segments.
- Division 2.** Large Cup = The cup or corona is less than the length of the perianth but more than a third.
- Division 3.** Small Cup = The cup or corona is less than a third of the perianth.
- Division 4.** Double Daffodils = This is for double flowers and also includes flowers that are doubled and have more than one bloom to the stem.
- Division 5.** Hybrid Daffodils that have the n.triandrus characteristics.
- Division 6.** Hybrid Daffodils that have the n.cyclamineus characteristics.
- Division 7.** Hybrid Daffodils that have the n.jonquilla characteristics.
- Division 8.** Hybrid Daffodils of the Tazetta group.
- Division 9.** Hybrid Daffodils that have the n.poeticus characteristics.
- Division 10.** This for all Species and Wild forms.
- Division 11.** Is for Daffodils with the cup or corona that is naturally split or separated for more than a third of its length. (Not to be confused with varieties that have deeply goffered cups or pronounced frills).
- Division 12.** Is for Daffodils that cannot be classified within the foregoing classes

For many years Daffodils have been letter coded to assist in the identification of colours, this system is used within the catalogue. You will see 9W-GYR(L) "Cantabile", this defines the variety as from Division 9 and has a white perianth with green centre, a yellow middle zone, and a red rim to the cup or corona.

A single letter letter will denote it to be one colour. W =white, Y = yellow, G = green, R = red, P = pink, O = Orange, (E) = Early season, (EM) = Early Mid, (M) = Mid, (LM) = Late Mid, (L) = Late.

Cultural Notes

Many people like to grow some Daffodils in pots, indeed there can be no nicer way to enjoy fine flowers than when grown correctly and opened to perfection in the conservatory or greenhouse.

However, the following notes are a guide to and for the benefit of those who would perhaps try this. Today there are many prepared composts available for this purpose, and will suit our needs quite admirably, with perhaps the addition of a little coarse grit to aid drainage, and gentle feeding at flowering time.

After potting, it is essential that the bulbs are kept cool and moist, this is to develop the root system. Plunging the pots outside and covering with a couple of inches of peat or similar substance is the ideal, as should the bulbs be subjected to premature indoor warmth, growth will be weak and often the flower will strangle in the neck of the bulb, also the bulb could be severely checked and die. So a simple rule is to plant early, keep cold, and bring inside to a cool room or conservatory when the flower buds are clearly well out of the bulb. After flowering keep well watered and give an occasional feed for about six to eight weeks, then plant outside in the usual way.

For open ground culture, most garden soils will grow fine daffodils, but the ground should be deeply cultivated and free draining. Should manure or compost be necessary, this should be well rotted and worked into the soil a good spades depth below the surface. Bulbs should never be in actual contact with manures as this does encourage disease and could be the cause of rotting.

When planting outside, make a hole deep enough to cover the bulbs by at least twice the depth of the bulb. Some of the larger bulbs will need at least 6" of soil covering them. They can then be left undisturbed for several years until lifting and dividing is necessary.

For garden display, a clump always looks better than a straight row; in this way Daffodils can be incorporated into a flower bed or shrubbery. Remember a little feeding at flowering time will benefit the bulbs and assist in producing next years display. You should not remove the leaves until they are beginning to turn yellow, or for at least eight weeks after flowering.

For more information, I recommend to you

The Daffodil Society,
Secretary: Mr D. Barnes
32 Montgomery Avenue,
Sheffield S7 1NZ

Who produce a guide on showing and growing, this is an invaluable booklet for both showing and growing for pleasure.

NEW VARIETIES BY R.A.S CAMP

- "**Boslowick**" 11Y-R (Gironde x Paricutin) S225. Mid-season.
A tall strong plant with a flower of good colour. The perianth is broad and flat, slightly pointed at the tips, with an evenly split cup laying flat against each segment, (was featured on "Gardens for all" programme on TSW) each £15.00
- "**Bosmeor**" 2Y-W (Daydream x OP) S16. Mid-season.
A good stem and vigorous plant, the flower is of good medium size with a broad rounded perianth of soft yellow. The full length cup shows a clear reverse and has a neat frill to the rim. each £5.00
- "**Feock**" 3W-YYR (Corofin x Kimmerridge) S93. Late mid-season.
Shown in my winning collection at the County Festival Show, and has been much admired by several knowledgeable experts for several years. The flower is large and round with broad smooth perianth segments, and a bright yellow neatly frilled cup with a deep red rim, a strong plant and an excellent show flower ..each £10.00
- "**Gwennap**" 1Y-Y (Empress of Ireland x Fine Gold) S156. Early mid-season.
This is a plant that has the vigour of (F.G.) and is a large bold pale flower of the (E of I) style, very broad and smooth, but inclined to hang its head - when corrected it is a super flower. each £8.00
- "**Idless**" 1W-W (Sateen x OP) S12. Early season.
The earliest all white trumpet Daffodil to flower with me. It is very prolific and has produced some very nice show flowers, and was included in my winning group at the R.H.S. in 1986, however it is admirably suited as an early decorative plant. each £3.00
- "**Kea**" 6W-P (Jenny x 2W-P seedling) S217. Late mid- season.
Successfully shown at the R.H.S. under number 1-20-80. This has a good cyclamineus form, the colour could be better, and does need a little time to develop. each £8.00
- "**Kings Pipe**" 2Y-P (Daydream x 2W-P seedling) S13. Mid-season.
A round medium sized flower that can be very smooth. The perianth is a clear soft yellow with a half length cup that has a neat frill and develops to a clear pink tone, well liked by several noted visitors to our area. each £5.00
- "**Marlborough**" 2W-P (Dailmanach x Accent) S150. Mid- season.
This is a very strong and vigorous plant that produces many good show flowers. I have successfully shown this several times both at local and national shows. The perianth is broad and smooth and shows off the clear bright pink 3/4 length cup to its best. It is also one of the earliest pink cups to flower with me.... each £15.00
- "**Menehay**" 11Y-O (Paricutin x Top Hit) S155. Mid-season.
Good perianth with a flat evenly split cup of clear colours, it is of excellent show form, and was awarded Best Bloom in the South West Competition at Falmouth in 1988, a good plant with stiff stem. each £10.00

- "**Mongleath**" 2W-P (Dailmanach x Accent) S149. Early mid-season.
A sister seedling to "Marlborough" - not quite so vigorous, but considered by others to be a superior colour. When this is good its very good. A large flower with a full length cup of bright pink, slightly expanded and frilled at the mouth, flowers early and is a super garden plant. each £12.00
- "**Penkivel**" 2W-P (Rose Royale x Dailmanach) S172. Late mid-season.
A Vigorous plant that produces many fine show quality flowers. The perianth segments are slightly pointed but are broad and well over lapping and exceptionally smooth. The short straight cup is of intense pink, a lovely flower both for show or the garden each £20.00
- "**Pennance Mill**" 2Y-Y (St. Keverne OP) S19. Early season
A very strong and vigorous plant that produces large flowers on tall stiff stems, rich colours and broad smooth perianth segments and long gently expanded cup. each £5.00
- "**Percuil**" 6Y-Y (St Keverne x n.cyclamineus) S3. Early season.
A true Division 6 flower with narrow naturally reflexing perianth segments and a typical trumpet, short stemmed and very nice in pots. each £5.00
- "**Trehane**" 6Y-Y (St Keverne x n. cyclamineus) S212. Early season.
Another good Division 6. A strong plant that produces many fine blooms that last a long time on the plant. each £5.00
- "**Treverva**" 6Y-Y (Foresight x n.cyclamineus) S2. Very early season.
Very early to flower - not the best of show form but a true Division 6 character, very nice in arrangement when picked young. The flower is small but grows when left on the plant. each £5.00
- "**Trewarvas**" 2W-Y (Newcastle x Irish Minstrel) S28. Late mid- season.
The perianth is broad and well overlapping although slightly pointed, it is of super smooth waxy texture and shows off the 2/3rd length cup of bright yellow to its best. The colour is solid and does not stain into the perianth. Has been successfully shown in all the major Westcountry shows and was best bloom on two occasions in the South West Championship. each £20.00

DIVISION 1 - TRUMPET DAFFODILS.

- "Cotehele"** 1W-W. Mid-season.
Dan introduced this one in 1981 and when first shown at the R.H.S. show received good reception although only placed in the lesser prizes, and is not as refined as it might be, it can and does produce some nice quality flowers.each £2.00
- "Lee Moor"** 1Y-Y. Late season
This is a very useful later flowering variety that is of good show form and has proved itself on the benches here at the late County Show. Raised by the late John Lea and named by Dan duPlessis in 1990 the flower is very smooth and with broad perianth segments of clear yellow, the long corona opens lemon yellow tinged with pink and fades to lemon yellow with maturityeach £2.00
- "Midas Touch"** 1Y-Y. Late mid-season
This flower is of deep rich gold and has a broad smooth perianth and nicely proportioned trumpet with a neat flange at the mouth. A superb show flower and an excellent plant for garden useeach £5.00
- "Pentille"** 1Y-Y. Late season.
This is a strong plant with plenty of vigour, the stem is long and holds the flower well above the foliage. The perianth is broad and well overlapped and the trumpet long and gently flared at the mouth. A very useful flower for the later season that has show qualityeach £1.00
- "Rame Head"** 1Y-Y. Late mid-season.
Another of Dan's introductions, a fine large flower with broad perianth of good substance. Has been successfully shown at both top National and the major Westcountry shows.each £1.00
- "Ristin"** 1Y-Y. Very early season.
A very vigorous plant that produces superb show quality flowers, it is sometimes a little too early for some shows, but is useful, and also for breeding as its progeny seems to inherit its superbly smooth perianth.each £2.50
- "Tinnel"** 1W-Y. Mid season.
A tall stem and strong plant that make as good flower for cutting, most useful in the garden, but also produces some fine show blooms and has been successfully used at the main National shows.each £2.00
- "Zelah"** 1W-W. Late mid-season.
Also one of Dan's introductions, this is a very strong and vigorous plant that produces many fine blooms, primarily used for garden decoration, but has been successfully shown and won many prizes at top shows.each £1.00

Division 1.

- All Yellow.**
1Y-Y(E) "Arctic Gold" 3 for £2.00
1Y-Y(L) "Argosy" £1.00
1Y-Y(M) "Arkle" £2.00
1Y-Y(M) "Carrickbeg" 3 for £2.00
1Y-Y(VE) "Dawn Chorus" 5 for £2.00
1Y-Y(E) "Fine Gold" £1.00
1Y-Y(M) "Golden Rapture" 3 for £2.00
1Y-Y(E) "Golden Vale" £2.50
1Y-Y(M) "Kings Court" 3 for £2.00
1Y-Y(EM) "Oadby" £1.00
1Y-Y(VE) "Rijnvelds Early Sensation" 5 for £2.50
1Y-Y(M) "Viking" £1.00

Division 1.

- Yellow Perianths with whitish Trumpets.**
1Y-W(L) "Chiloquin" 3 for £2.00
1Y-W(E) "Entrancement" 3 for £2.00
(Takes a long time to reverse)
1Y-W(M) "Gin and Lime" £6.00
1Y-W(E) "Honeybird" £1.00

Division 1.

- All White .**
1W-W(M) "April Love" £7.00
1W-GWW(M) "Ben Alagin" £2.50

Collection 1.

10% off the prices shown for 3 bulbs of each, any 5 varieties of your own choice from division 1.

DIVISION 2 - LARGE CUPS

- "Amber Castle"** 2Y-W/P. Late mid-season.
A super garden or show flower, its only fault is its colour classification, it opens a pale yellow and changes to distinct buff pink tones. 3 for £4.00
- "Butterscotch"** 2Y-Y. Mid-season.
This is a bold flower of excellent substance well suited to either show or garden display, it is a strong vigorous plant that throws plenty of blooms. each £1.00
- "Chenoweth"** 2W-WWP. Early season.
A fine show flower that has a clear pink rim when grown cool, a regular winner at early Cornish shows, the pink does however fade as the flower ages, a very strong plant that passes its vigour on to its progeny when used in breeding. each £1.00
- "Collogett"** 2W-Y. Late mid-season.
A very large flower with broad well overlapped perianth and a clear yellow cup, useful for both show and gardeneach £1.00
- "Cauldron"** 2Y-R Mid-season D830
A new introduction from Brian Duncan of top show quality and a good plant resistant to sun greatly admired under trial here in Cornwall. each £25.00

- 1W-W(M) "Burntollet" £2.00
1W-W(EM) "Empress of Ireland" £2.00
1W-W(M) "Panache" £2.00
1W-W(M) "Silent Valley" £3.00
1W-W(L) "Virgil" £1.50
1W-W(L) "White Star" £5.00

Division 1.

White Perianths with yellow or pink Trumpets.

- 1W-Y(E) "Bally Garvey" £1.00
1W-Y(E) "Bravoure" 3 for £2.00
1W-Y(M) "Crystobal" £2.00
1W-Y(M) "Cyros" £2.50
1W-P(M) "Del Rey" £5.00
1W-Y(E) "Down Patrick" £1.00
1W-Y(E) "Dunmurry" £1.00
1W-Y(M) "Karamudli" £1.00
1W-Y(M) "Newcastle" £2.00
1W-Y(E) "Pennine Way" £1.00
1W-Y(M) "Preamble" £1.00
1W-P(M) "Rima" £1.00
1W-Y(E) "Trousseau" 3 for £2.00

"Croila" 2W-GWW. Late mid-season.

Here we have a real dual purpose flower it's show record speaks for itself, being a smooth well proportioned flower of pure white. The plant is strong and seems less prone to fusarium rot than many of it's kind, which makes it an ideal plant for the garden, one I highly recommend each £1.50

"Hessenford" 2Y-R. Late mid-season.

This one is very brightly coloured, a little pointed in the perianth but is nicely overlapped and very smooth, a tall stem and good plant, the flowers seem to be quite resistant to the sun 3 for £2.50

"Rytha" 2Y-O. Mid-season.

A plant and flower that has the required commercial vigour of Dan's standard, but also has a superb show quality flower, a little pale for some tastes, but nevertheless a useful addition to this class 3 for £4.50

"Sophia" 2YW-Y. Late season.

One of Dan's earlier introductions, the plant is strong and produces many fine decorative flowers of almost luminous gold colour, an interesting flower for breeding. 3 for £4.50

"St Dilpe" 2W-W. Late mid-season.

This one is a very vigorous plant with tall stems supporting a large rounded flower that is perfect for cutting, garden display or show, has been very successful here in the Westcountry also at the National shows. 3 for £6.00

"Trevelmond" 2W-P. Late season.

A pretty flower that has a broad rounded perianth with a lovely bright pink cup, a splendid plant and flower for the garden or for show. each £3.00

"Warleigh" 2Y-P. Late season.

Only recently introduced by Dan, this is very vigorous and is a great garden plant, the blooms are perhaps not the best show form, but if grown slightly shaded has a very clear and pretty pink corona each £2.00

Division 2. Yellow Perianths

2Y-Y(L) "Emily"	£1.00	2Y-O(E) "Caramba"	£1.50
2Y-Y(M) "Golden Aura"	£1.00	2Y-R(M) "Cattistock"	£1.50

2W-GPP(L) "Violetta"	£1.00
2W-P(LM) "Walesby"	£3.00
Division 2 Orange Flushed Perianths.	
2O-O(M) "Caracas"	£2.50
2O-R(EM) "Creag Dubh"	£15.00
2O-R(L) "Limbo"	£9.00

Collection 2. 10% off the prices shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 3 - SMALL CUPS

"Bella Vista" 3W-YYR. Late mid-season.

This is a tall, very robust plant with a flower of brilliant colouring. The perianth is very white and well overlapping, showing off the flat corona with clearly defined rings of bright yellow and a dark red rimeach £1.50

"Cardinham" 3W-O. Late season.

A pure white perianth that is broad and round, well overlapping and shows off the flat cup of bright orange, not a tall stem. A really useful decorative plant.3 for £4.50

"Crenver" 3W-GYR. Late season.

This is a very old variety that is very sweetly scented. The perianth opens a greenish white but soon whitens out to show off the poeticus style of corona and could well be useful for further breeding of the poeticus style of flower3 for £2.50

"Greenodd" 3W-YYW. Late season. (Reg Nicholl) No 17/86.

Bred and raised by Reg Nicholl, this was a seedling that he sent to me and has been much admired at National level. The plant is vigorous and the stem is tall and stiff. Apart from the impeccably smooth perianth and very pretty bowl shaped cup, it is the very pronounced green in the throat of this flower that makes it a super show flower and a must for the exotic flower arrangementseach £10.00

"Hexworthy" 3W-WYY. Late season.

A small flower with a flattish cup on a very tall stem. An ideal decorative or cut flower that does have show potential.3 for £3.50

"Pelynt" 3W-R. Late mid-season.

This is a strong robust commercial quality Daffodil introduced by Dan, with very tall stems, not quite top show form, but useful and has been successful in our Cornish shows, very nice in floral displays. The perianth is well overlapped and pointed at the tips, with a small frilled cup of dark red.each £2.50

"White Lady" 3W-Y. Late mid-season

This very old and charming variety was raised by the Rev. GH Engleheart and registered pre 1898 and received an Award of Merit in 1898. It was a major plant in the florist industry. White Lady was grown by Dan duPlessis and his father before him, some 70 years ago. Although long discarded from the commercial markets it has survived in farms boundary hedges for well over 40 years. I am delighted to be able to re-introduce it to you.3 for £2.00

Sold out - please inquire for 1994

Division 3. All yellow.

DIVISION 4 - DOUBLE DAFFODILS

"Amstel" 4W-YPP. Late season.

A fine double with rich pink tones to the petals very full and symmetrical, and much admired at the Festival Show at Lanhydrock, a strong plant and a good stiff stem.each £25.00

"Double Roman" syn of "Romanus" 4W-O. Very early season.

A very old and rare plant in cultivation, very sweetly scented, typical of the Tazetta group from which this is a double form.each £6.00

"Erlicheer" 4W-YWW . Early season.

Another plant that is a double sport from Tazetta group. The scent of this plant is almost too much, up to 5 florets on a stem, a delight for the flower arrangers.

.....5 for £3.50

"Ludgvan" 4Y-Y. Late mid-season.

Introduced by Dan duPlessis in 1990. This was a seedling of uncertain parentage but proved to be a robust plant with good quality flowers on a stiff stem, an excellent garden or cut flower that does have good show potential.each £1.00

"Marjorie" Treveal 4Y-Y. Mid-season.

Raised by Rodney Ward, and named by him after Marjorie Treveal, a real Cornish gentle lady who for many years has assisted him with his displays here at the Falmouth Show. This is a superb double variety of the very best show form it is a rich golden colour with the centre petloids a slightly darker tone. A very full and symmetrical flower held perfectly on a short neck and stiff stem. I am sure this flower will be winning many major prizes for some years to come.each £6.00

"Merrymeet" 4Y-YOO. Late season.

Another of Dan's introductions from 1990. This is a medium sized flower that has been much admired over the last few years, it's colour and form make it a very useful show flower and had good success at both local and National level. The plant is strong and vigorous. I am sure this variety will be in our gardens for a very long time.each £1.50

"Newton Ferrers" 4Y-O. Late mid-season.

One of Dan's commercial introductions, a neat full double on a long stem. The flower opens a soft yellow with a deep red centre, the colour does fade with maturity - superb when picked young.each £1.00

"Tamar Fire" 4Y-R. Early season.

This is the earliest of all doubles to flower. The flower is a little on the small size for show but has won best bloom in Division 4 at National level. It is neat and brightly coloured, always well liked when seen at the early shows, and has an added bonus of being nicely scented. One of my favourites, it is very nice in arrangements.

.....5 for £4.00

"Westward" 4W-Y. Late mid-season.

A full formal double with clear colours, a very strong plant with a stiff stem and good neck to hold the flower perfectly for show.each £2.00

Division 4. All yellow.

4Y-Y(M)	"Eastertide"	£1.00

Collection 4.

10% off the prices shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 5 - TRIANDRUS HYBRIDS

These delightful varieties of Daffodil are the result of selective breeding where the species n.triandrus has been introduced into it's parentage, the resulting plants often have 2 or 3 flowers on the stem, and are amongst the ladies favourites in floral arrangements.

These from Division 5. and those of Division 6. are generally much dwarfer in stature and are ideally suited to the garden or rockery. The plants are hardy and quite resistant to the windier spot where the conventional Daffodil often gets broken off.

Yellow Perianths.

5Y-Y(M)	"Harmony Bells"	3 for £3.50	5W-W(M)	"Mission Bells"	£4.00
5Y-Y(M)	"Hawera"	5 for £1.50	5W-W(M)	"Niveth"	£1.00

			5W-Y(M)	"Tuesdays Child"	£2.00
			5W-W(M)	"Waxwings"	£1.50

Collection 5.

10% off the prices shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 6 - CYCLAMINEUS HYBRIDS

"Roscarrick" 6W-P. Late season

Raised by Brian Duncan, this is a seedling stock that I purchased some time ago, and is a particularly fine plant that increases well and is a pretty flower, much admired by all who see it. A little large for some Division 6 critics, but has had many successes on the show benches both here in Cornwall and at National level - very smooth - lovely colourseach £2.00

"Penril" 6W-O. Mid-season.

Another seedling acquired from Brian, this is a much shorter plant and has a typical cyclamineus growth habit. The perianth is not quite pure white but does reflex naturally and the slightly expanded goblet cup is a most interesting coppery orange tone, a very good plant admirably suited to the garden or for show..3 for £5.00

Division 6. Yellow perianths with yellow cups.

6Y-Y(E) "Alliance"	£2.00
6Y-Y(E) "Charity May"	3 for £2.00
6Y-Y(E) "Cornet"	£1.00

6Y-O(M) "Whang-Hi"	£1.00

Collection 6.

10% off the prices shown for 3 bulbs of each of any five varieties of your own choice.

Division 7. Jonquilla Hybrids.

This Jonquilla section is for hybrids that have been bred with the species *n.jonquilla*. The resulting plants vary in stature from quite dwarf to very tall, however they are generally on good stiff stems that can stand a fair amount of wind. Most of the stems do have several flowers on each and without exception all are sweetly scented, which makes them ideal for indoor decoration.

"Shepherd's Hey" 7Y-Y. Early mid-season. (Seraglio x *n.fernandesii*) RES.

This charming Jonquilla variety was raised at Rosewarne E.S. here in Cornwall with a view to producing something new for the florist industry, and named after the late Fred Shepherd the founder Director of the station. Here we have the perfect plant for the garden that also has the capability of top show status and is lovely in floral arrangements.

The flowers are of a rich golden colour with broad well overlapped perianth segments and a small slightly fluted bowl shaped cup, very sweetly scented and many stems have two or three florets each. A good strong plant that multiplies well, and in trials proved to be resistant to basal rotting. The stock had been purchased by one of the country's leading bulb growers and has been propagated using the latest techniques. We are very pleased to be able to introduce this new and highly recommended variety

Sold out - Please enquire for 1994

Division 6. All white.

7Y-O(L) "Starfire"	£1.00
7Y-O(LM) "Stratosphere"	£1.00

Division 8. The Tazetta Hybrids.

These plants are the results of many years of breeding and can really be divided into two types. They are with the exception of "Minnow" all quite big plants, some do have very tall stems and foliage.

The first kind are more of the true *n.tazetta* species in form. As the species is generally found in warmer regions of southern Europe and the Mediterranean. They are somewhat tender and do require a hot dry summer period to perform at their best, however they are well worth trying, when each stem could have up to 15 or 20 highly scented florets.

The second group or kind is the "Poetaz", these are slightly different in style and have fewer florets, and the scent is an admixture of the *n.tazetta* and that of the *n.poeticus* from which these hybrids have been derived. It is the poeticus part that make these much hardier and do withstand our winters as well as any other type of daffodil.

Division 8. Yellow perianths, with the true *n.tazetta* characteristics.

10% off the prices shown for three bulbs of each of any five varieties of your choice.

Division 9. The Poeticus Hybrids

These flowers have been commonly called the "Pheasant Eye" and indeed they have been bred from the old species, however these varieties are far superior in form and colour and flower when most other Daffodils have been long finished.

They are best picked young as the sun does affect the lovely colours if left out. They are without exception all highly scented. The plants like to be planted in good soil that never completely dries out, this helps to keep them cool. Set the bulbs slightly deeper than normal and leave undisturbed. New bulbs may take a season to settle, but are well worth their place in the garden.

9W-YYR(L)	"Caedmon"	3 for £2.50

9W-GYR(L)	"Vers Libre"	£4.00

DIVISION 10 - The Species and Wild forms

I have been acquiring these for many years and have obtained much pleasure from them, particularly those grown in the alpine house.

The species always seems to resent being moved about, but once settled are a joy to see in naturalised surroundings. Very large quantities are not available.

I believe them all to be true to name, but like many there seems to be some considerable variance of form, they are however named as sent to me or have been grown from seed.

DIVISION 11 - Split Corona or Collar Daffodils

This strain of Daffodil has been developed in Holland by Mr. Jaap Gerritson and has been his lifetime work for which he is justly renowned. They have been loved and hated by some, but here we have a selection of the very best available which have been successfully shown over the years, and are best for floral decoration when of course they are outstanding.

Division 11. Yellow Perianths

11Y-W(LM)	"Bergerac"	£6.00
11Y-R(M)	"Boslowick" (<i>Scamp</i>)	£15.00

Collection 11.

10% discount off the prices shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 12 - Miscellaneous Daffodils.

"Eaton Song" 12Y-OOY (Matador x n.cyclamineus). Very early.

Raised at Rosewarne from seed sent from the U.S.A. This is an excellent garden plant and an interesting variety for showing, very long lasting and sends many secondary blooms to lengthen its flowering season. 3 for £5.00
