Introduction

Welcome to our fifth catalogue. We would like to thank all of our customer's in 2003 and to wish them lots of success on the show bench this spring.

Last season was very early for us here in Sussex and at the moment it is thankfully looking like our blooms will be out at the right time. What will happen to the weather over the next month or two is anyone's guess though!

This year we have two new introductions from Clive Postles, along with many other excellent cultivars from Clive and other well-known breeders.

It is always good to see the daffodils coming through the ground and when the first blooms come out it really is exciting. For those of us who breed, looking to see what our new seedlings will be like is always fun. I would encourage any of you who aren't already hybridising to start this season, it is simple to do and very satisfying when you manage to produce a good bloom. If you are a beginner and would like some advice, feel free to give me a ring and I will be happy to help you.

I hope to see you all at the shows this year,

Yours in daffodils,
