GROWN AND OFFERED BY

The Leedham Bulb Co.

SANTA CRUZ - CALIFORNIA

California grown bulbs being produced under the best possible conditions are strong, vigorous, healthy and of the finest quality. They are exceedingly floriferous and certain to give every satisfaction, both for forcing and for outdoor growing.

They are invaluable to the bulb forcer, as those grown by us we are able to ship from a month to six weeks earlier than the forcer can obtain from Holland or elsewhere.

We solicit early orders.
