CATALOGUE OF JACKSON'S DAFFODILS
FOR 1972 DELIVERY

PREFACE

The name "Jackson" has been associated with the growing of seedling daffodils since the early 1920's, when my father, the late W. Jackson, commenced hybridising, and I have carried on this work since his death in 1946.

We flower some thousands of seedlings each year, but only a few hundred are selected for further trial and are given at least three years flowering before being named.

Discard bulbs are offered for sale at \$1.00 per dozen. These contain all colours and include many good flowers.

Selected bulbs that have not been named after three years flowering are offered for sale at \$2.00 per dozen. These contain many show blooms.

Jackson seedlings have won the Australian Seedling Cup and the Tasmanian Seedling Cup in Hobart from 1955 to 1971, Launceston 1963-64-66-67-68-69-70, Claremont 1963-1969 and the Australian Championships, Hobart 1964, Canberra 1968 and Launceston 1969.

The figure after a name indicates the relative time of flowering: Number 0, the earliest and Number 6, the latest.

This is followed by the name or initials of the raiser of the variety. G.L.W.—Guy L. Wilson, N. Ireland; J.L.R.—J. L. Richardson, Eire; S.J.B.—S. J. Bisdee, Tasmania; J.N.H.—J. N. Hancock & Co., Victoria; P.D.W.—P. D. Williams, England; A.O.R.—A. O. Roblin, Tasmania; P.P.—P. Phillips, New Zealand:

Bulbs will be available February and March.
Money with Order.

SEEDLING INTRODUCTIONS, 1972

Numbers in brackets indicate number and year of first flowering.

Owing to there being a very small stock of most of these new introductions, only a limited number of each are offered for sale.

- 2C CENA**—2-3. (61/67.) Green Valley x Filia. A pure white flower with smooth well balanced perianth. The large cup is slightly expanded and serrated at the mouth with a green throat. Has excellent substance, a short neck on a tall stem. Claremont and Tasmanian Cup 1969. \$5.00.
- 1C CILLA**—3-4. (179/66.) Raised from Glen Derwent on to an Ammon x Merri seedling. Pure white perianth with fine overlapping shovel shaped petals of excellent quality and substance. Well balanced trumpet, serrated and rolled at the mouth giving good balance to the whole flower. Short neck and strong stem. \$10.00.
- 2C CHALLA**—3-4. (57/64). Pure white perianth, smooth, flat and of good texture. Major and minor petals both shovel shaped and overlapping. Pure white trumpet very slightly flanged rolled at right angle to the perianth. Throat of the trumpet has a yellow tinge. Strong grower carried on a good, robust stem. Launceston Cup 1968. \$4.00.
- 2A GUNSYND**—2-3. (65/66). Bred from two seedlings of mine 110-66 x 111-57. Striking deep yellow perianth with large smooth shovel shaped minor petals. The large cup is a brilliant red at the rim fading down to orange at the base. The flower has beautiful posture, carriage and a strong stem, the flower looking straight at you and needing no manipulation. Launceston Cup 1967, Canberra 1968. \$5.00.

Bulbs will be available February and March.
Money with Order.

SELECTED BULBS \$2 PER DOZEN

ORDERS OF \$5.00 & UPWARDS POST FREE

- 4P KIMELLEN**—3-4. (77/65). Bred from a cross of two numbered seedlings on to Lawali. This is one of the lines I followed in breeding pink doubles. It is a full double of good shape and has alternate layers of white and pale pink petals. The pink petals are nicely ruffled on the edge. The bloom is inclined to be a little heavy for the stalk, but it is a very attractive and well formed flower. \$20.00.

- 2B.P. LALITA**—3. (47/66). Bred from two of my seedlings Egina x Kimi. Pure white perianth of good shape and substance. Large pink cup that nearly measures a trumpet with a nice roll. Flower has a good presentation and strong stem. \$5.

- 2B. MELINA**—3. (168/67). Bred from Abar x Jeb. This flower has a well shaped white perianth and the nicely flanged yellow Cup has a delicate orange fading to red attractive rim. Carriage is good with a strong stem. Altogether a very pleasing flower. \$3.00.

- 1B NALA**—3. (110/65). A Lod x Rowella seedling. A very distinct yellow and white flower with very good presentation. The trumpet has a lovely frill and is slightly rolled. The perianth is very flat and smooth with shovel shaped minor petals and it is a very well balanced flower. Australian Cup 1968 and 1970. \$3.00.

- 1C ROSSEVAN**—2-3. (67/66). Bred from Caprice x Tranquil. This is a pure white flower with a lovely frilled trumpet and well shaped smooth perianth which it has inherited from its seed parents. The flower is well balanced and has good carriage. \$5.00.

- 4 TAVELLE**—4. (254/67). A very neat white & lemon double. The back petals are white and the centre mainly close lemon firets interspersed with white florets that protrude further than the lemon. Good carriage on a strong stem. \$2.00.

Bulbs will be available February and March.
Money with Order.

2A YVES—1-2. (76/66). Bred from Haka on to 65/67. A very good show flower. The colour of both cup & perianth is a very deep yellow. The flower is beautifully smooth and well proportioned with good carriage and strong stem. One of the best all yellow cups I have produced. Bagdad Cup 1968, Tasmanian Cup 1970. \$10.00.

**NAMED SEEDLINGS RAISED BY W. JACKSON, DOVER,
TASMANIA, 7116. PHONE DOVER 209.**

Class 1A—YELLOW TRUMPETS

AKALA—2-3. (93/65). Bred from seedling 54/61 onto Jobi. This is a very refined flower having the quality of Jobi and a rich warm yellow colour throughout the perianth and trumpet. The well proportioned trumpet is slightly flanged at the mouth. Strong tall stem and very short stiff neck. Australian Cup 1970, 1971. \$1.00.

BENE—1. (2/57): This early flower was bred from Moque x Anukis and usually flowers early in August. Deep rich golden trumpet. Perianth is well formed with flat overlapping petals. It has a bold trumpet slightly flanged and serrated at mouth. Good carriage on a tall stem. A good show bloom. \$1.00.

BERIT—2-3. (39/61.): Early yellow trumpet of deep golden colour. Flat perianth of good quality and texture. Well proportioned trumpet with slightly rolled rim. Bulman and Launceston Cups 1966, Australian Cup 1967, Bulman Cup 1967, Champion 1A Claremont 1967. \$1.00

Champion 1A Claremont 1967, Tas. Cup 1971. \$1.00

COMAL—3. (41/64): A Zimi x Letti seedling. A beautifully proportioned deep yellow trumpet, perianth smooth and flat with large overlapping minor petals. Well proportioned trumpet of the same deep yellow, with a slightly flanged mouth. Strong stem and neck. Grand Champion Launceston 1967, Australian Champion and Grand Champion Canberra 1968, Launceston Cup 1968, Australian Champion, Grand Champion and also Champion 1A Launceston 1969. None available.

Bulbs will be available February and March.

HORIZON.—2: Bred from Kingscourt and Kalman. Rich golden yellow flower with good perianth, minor petals flat & overlapping. Slightly flanged trumpet of same yellow as perianth. Short neck and good carriage. 50 cents.

JOBİ.—2: Our most consistent trumpet. First flowered 1951 when it was Champion of Hobart Show. Excellent colour, quality, shape and carriage. Also breeds well. Highly recommended. 50 cents.

KİMANGE.—1.2. (31.66.) A fine early flowering yellow trumpet bred from 8/62 on to Jobi. The perianth is a good yellow of Jobi quality. The petals are large flat and overlapping. The trumpet is slightly deeper yellow and nicely serrated at the mouth. The flower is carried on a tall stem with a strong neck. Australian Cup 1971. \$1.00.

RİSTİN.—1.2 (1/65.): Bred from 16/59 (Moque x Anukis) on to Bene so it has early flowering parents on both sides. Very early rich golden yellow trumpet of very good shape, form and carriage. Large shovel shaped flat minor petals of smooth and even texture. Nicely proportioned trumpet slightly flanged and frilled at the mouth. A nicely balanced flower carried on a tall strong stem. Australian and Tasmanian Cups 1967, Claremont 1967, Tasmanian Cup and Claremont 1968, Box Hill 1969, Wandin 1970, Australian Cup 1971, Tasmanian Cup 1971. Few available. \$10.00.

RODİNGA.—(ex ANAT) 3. (155/61.): A Jobi seedling of rich golden yellow throughout. Perianth is smooth and flat with overlapping minor petals. Well proportioned trumpet of slightly deeper yellow with frilled rim. Bagdad Cup 1966. 50 cents.

TULENDENA.—3: Tasmanian Cup 1959.62.63. Australian Cup 1958 to 1962. Canberra Cup 1968. Box Hill 1969. A Jobi seedling of excellent form and quality. Excellent show bloom. 50 cents.

Bulbs will be available February and March.

YARLEY.—3: (4/64): Bred from Haka x Letti both of which were raised by me. Large deep yellow perianth of fine quality and substance. Minor petals are broad and overlapping. Bold deep yellow trumpet with a nicely rolled rim. The flower is carried on a tall stem and has good presentation. Claremont Cup 1968, Australian Cup 1968. \$2.00.

YELMO.—3. (213/66). A fine golden yellow trumpet bred from Jaslin x Tulendena. Very smooth flat perianth of excellent quality with all petals flat and overlapping. Well proportioned trumpet slightly flanged and serrated at the mouth. good carriage on a strong stem. Tasmanian Cup and Bulman Cup 1969. \$2.00.

WARBİN.—2. (3/65). A very deep yellow perianth of excellent texture and quality, with large shovel shaped minor petals. Large bold trumpet nicely serrated and rolled at the rim. The whole flower is well carried on a tall strong stem. A very consistent show flower. Tasmanian Cup 1966; Australian Cup 1966, 1968, 1970. Grand Champion Hobart 1966. Reserve Champion Claremont 1966. Bulman 1966, 1967, 1968, Grand Champion Claremont 1968. Wandin Cup 1970, Australian Cup 1971. \$8.00.

Class 1B.—BI-COLOUR TRUMPETS (White Perianth Yellow trumpet.)

BETRİN.—2.3. (12/64.): Bred from Ammon x Rowella. White perianth with slightly pointed overlapping minor petals. The whole perianth is smooth, flat and of good quality and substance. The well proportioned trumpet is lemon coloured and slightly flanged and serrated at the rim. The flower is well carried on a tall strong stem. Grand Champion Bagdad 1967, Reserve Champion Hobart 1968, Australian and Bulman Cups 1968, Box Hill, Launceston & Bulman Cups 1969, Grand Champion Hobart 1970, Champion 1B Launceston 1970, Tasmanian Cup 1970, Wandin 1970. CYROS.—3.4. (217/66.): Another fine seedling from Lod x Rowella. Pure white perianth with large smooth overlapping petals of good quality and substance. The trumpet is deep lemon yellow and is slightly expanded and rolled at the mouth. The trumpet colour does not run into the perianth. Very short stiff neck and good carriage. Bulman and Launceston Cups 1967. Champion 1B Launceston 1969. Few for sale. \$4.00.

HYLAS.—3. (66/64): Bred from seedling 56/58 (Preamble x Mitanni) on to Rowella. White perianth of good substance and quality. Minor petals are broad and overlapping. The yellow trumpet is slightly flanged and rolled. Good carriage on a tall strong stem. This flower wants a few days to develop properly. Canberra Cup 1968. Wandin 1970. \$2.00

JACOBAR.—3.4. (37/65). Bred from cross Lod x Palana. Pure white nicely balanced perianth with overlapping minor petals. Well proportioned yellow trumpet is serrated & slightly rolled at the rim. Flower has good carriage with a short stiff neck. Australian Cup 1971. \$3.00.

LCD.—4: Bred from Preamble and Mitanni. A very distinct bi-colour. Pure white perianth deep yellow trumpet. Very strong substance, good shape and form. Launceston Cup 1967, 1968, Box Hill 1969, Wandin 1970, Champion 1B Launceston 1971. \$3.00.

MAWEENA.—3.4: A Preamble x Tamara seedling of excellent shape and substance. Very distinct bi-colour. Australian Cup 1959 and 1964, Tasmanian Cup 1960 and 1964. 30c.

ROWELLA.—3.4.: This is an outstanding flower. Opens rather muddy in perianth but soon whitens. Improves on the stalk. Every bloom a show bloom. Tasmanian and Australian Cup teams 1959-63-64. Australian Cup 1960-61-62-63. Box Hill and Bulman Cups 1969. Highly recommended. 50c.

Bulbs will be available February and March.

The cup is deep red at the mouth, shading down to deep orange at the base and is serrated throughout. The flower has a short stiff neck with good presentation and is carried on a very tall strong stem. Canberra 1967, Box Hill 1969, Australian Cup 1971, Champion 2B Hobart 1971. \$5.00.

YURLA—3: One of our best large cups, red and white. Wyena x Capella. Pure white flat perianth, striking cup. In Australian and Tasmanian Cup teams 1963. 50 cents.

Class 2C.—LARGE CUPS (All White.)

BOYET—2.3. (37/59): Pure white flower bred from Colmolhan x Whitemark. Flat white perianth with smooth overlapping minor petals. Well balanced white trumpet like cup with a slightly rolled rim. Australian, Tasmanian, Bulman and Launceston Cups, 1966-67, Bagdad Cup 1967, Australian Cup & Box Hill 1969, Wandin, Tasmanian Cup and Bulman Cups 1970, Tasmanian Cup 1971. None available.

Class 2B.—LARGE CUPS (White perianth, Pink Cup.)

ADINA—2.3: Bred from Illinga x Angea. Pure white perianth with good minor petals. Serrated short pink trumpet, deep pink on the rim fading to pale pink at the base, good carriage. 30 cents.

AKURA—3: Same breeding as Natee (Illinga x Dallbro). Smooth pure white perianth of good substance with large overlapping minor petals. Large serrated cup of deep pink. 30c.

BINDA—2.3: Our earliest pink large cup. Pure white perianth with deep pink trumpet-like cup of good proportion. Short neck and good carriage. Strong grower. 40c.

Bulbs will be available February and March.
Money with Order.

CATHLIN—3.4: Bred from Dallbro x Illinga. Pure white perianth with well balanced deep pink cup. Class Champion, Hobart 1960, Australian and Tasmanian Cups, Hobart 1964-65, Launceston Cup 1966, Bulman Cup 1968. One of our best. \$3.00.

DALLBRO—5: Pure white pointed perianth with very deep pink cup. Unfortunately comes very late with us, but otherwise would take many championships. Good breeder. Highly recommended. Grand Champion Bagdad 1964. 50c.

EGINA—3: Bred from Pink Monarch x Illinga. Pure white perianth with deep pink trumpet like cup. Excellent quality and substance. One of our best. Bulman Cup 1966. \$2.00.

ILLINGA—4: One of our attractive pinks. Pure white perianth with fully frilled clear pink cup. So frilled that it is inclined to nick the perianth when opening. 40 cents.

KIMI—3: Striking rolled deep pink cup, white perianth. Bred from Ceram x Palin-Dawnglow. 50 cents.

MANRESA—4: Flowers late. Deep pink trumpet like cup that nearly measures a trumpet. Good substance and quality. Strong grower. 50 cents.

NEVANA—2: Very early pink with pure white perianth and deep pink cup. Should make a good seed parent. 30 cents.

PALO—4: Bred from Ceram x Palin-Dawnglow. Very deep pink rolled cup on pure white perianth. Good quality and substance. Canberra Cup 1968. \$3.00.

PASTEL ROSE—4. (69/62). Bred from Dallbro x Nevana. Pure white perianth of large pointed petals of good quality & substance. Large trumpet like corona is pink throughout. It is nicely serrated and slightly flanged at the mouth. Short stiff neck and strong stem. Launceston Cup and Champion pink Launceston 1968. \$3.00.

Bulbs will be available February and March.

PHILO.—5: Another Dallbro x Illinga seedling of great promise. White perianth, deep pink cup. 50 cents.

REMIS.—3: Very deep pink cup. Strong perianth. Good carriage. Should be a good commercial flower. Australian Cup 1962-63. Champion pink Claremont 1963, Bulman Cup 1966, Claremont Cup and Bagdad 1967. Bulman Cup 1969. Wandin 1970, Champion pink Canberra 1970. \$3.00.

ROSS.—3-4: Same breeding as Palo. Strong white perianth, deep pink rolled cup. Tasmanian Cup 1959-62. Australian Cup 1962. Launceston Cup 1968. \$1.00.

SOLINUS.—1-2: Bred from Pink Monarch x Illinga. An early flowering pink of good form and substance. Pure white perianth. Deep pink rolled cup that nearly measures a trumpet. Australian Cup 1969. \$1.00.

VALANA.—3. (118/62): Bred from Karanja x Dallbro. Good white perianth with large overlapping petals of good substance. Large cup is delicate pink throughout, serrated, slightly flanged and rolled at the mouth. Short stiff neck and strong stem. Australian Cup 1969. \$1.00

VERRAN—3-4. (150/65). It is bred from Kootara x Egina and is the best pink I have produced so far. Pure white perianth of excellent texture and substance. All the petals are shovel shaped and overlapping forming a most attractive and well balanced perianth. The trumpet shaped corona is of delicate pink throughout, well proportioned and slightly flared and serrated at the rim. The whole flower is perfectly balanced and has good carriage on a strong stem. Excellent seed and pollen parent. Launceston Cup 1967, 1968, 1969: Bulman 1968, 1969, 1970. Grand Champion Box Hill 1969. Cham-pino pink Wandin 1970. Very few to go. \$40.00.

Bulbs will be available February and March.

Class 3A.—SMALL CUPS (Yellow perianth, Coloured Cup.)

DIMITY.— (ex DEMURE). 3 (15/60): Yellow perianth of very good colour and substance. Smooth flat overlapping petals. Bright red small cup of good shape and substance. Tall strong stem with a short neck. Australian Cup, Tasmanian Cup, Hobart and Launceston Cups 1967, Champion 3A Hobart and Canberra 1968. Champion 3A Claremont, Hobart and Launceston 1969. Box Hill, Australian Cup and Bulman Cup 1969. Champion 3A Wandin, Hobart and Launceston 1970, Champion 3A Skipton, Kyneton 1971. Champion 3A Palmerston North 1971, Launceston Cup 1971. \$10.00.

KOPI—3. (42/64). Bred from seedling 187/53 on to Dimity which gives it a good 3A background. The perianth is smooth with good overlapping petals of deep yellow. The small cup is bright red shading down a little in the base. It has a very tall stem and has good carriage and presentation. Bulman Cup 1969. \$5.00.

TIMANDAW.—3. (120/65): Bred from Dimity on to a seedling 187/53 which come from the cross Chungkin x Kalit giving it a sound 3A background. Nicely rounded perianth of soft yellow, with good quality and substance. Well proportioned bright red small cup. Short neck with good carriage on a tall stem. Champion 3A Launceston 1968. \$3.00.

Class 3B.—SMALL CUPS (White perianth, Coloured Cup.)

AYN.—4: Neat almost round pure white perianth. Small cup has a frilled rim of bright red and rest of cup is deep golden yellow. Good substance & the flower is carried on a strong, tall stem. 30 cents.

AZIE.—4: Pure white perianth red cup tall stem. Rapid multiplier. 20 cents.

Bulbs will be available February and March.

GOWO.—4: Bred from Gyda x Owo. Small and very neat, petals so overlapping that perianth is almost a circle. Good carriage. 30 cents.

JEB.—3.4: Good show flower. Pure white perianth, yellow cup with very frilled red rim. Tall strong stem. 30 cents.

JO.—3.4: A lovely shaped flower, inclined to be muddy on opening but whitens. Tasmanian Cup 1962.64, Australian Cup team 1959.60, Launceston and Bulman Cups 1967, Bulman Cup 1969. Wandin 1970. 30 cents.

NYORA.—2. (3/62): A very neat small cup bred from Jo x Masarka. Pure white perianth of good quality and substance. The cup is nicely proportioned and is orange in colour with a bright red rim. The flower is well carried on a tall strong stem. Wandin 1970. 50 cents.

PLACID.—2.3: Large flower carried on a very tall stem. Pure white perianth with broad overlapping minor petals. Very serrated cup tinged with lemon yellow. Launceston and Bulman Cups 1968; Launceston 1969.70; Wandin 1970. One of the best in its class. \$1.00.

VODA.—2.3 (62/64): Bred from Arbar x Kim. White perianth with good overlapping segments. Bright orange red cup with a darker rim. The flower has good substance and is carried on a tall stem. Australian Cup 1967; Champion 3B Hobart 1967; Claremont 1969. Launceston Cup 1971. \$2.00.

YANI.—3. (168/61): A very neat small cup with pure white perianth. Large shovel shaped overlapping petals. Frilled eye has a bright red rim shading down to deep gold at the base. Bagdad Cup and Champion 3B Launceston 1968; Box Hill 1969; Bulman 1970. \$1.00.

Class 3C.—SMALL CUPS (All White.)

JOSIANA.—4: Large pure white, overlapping perianth, small white cup, green throat. Tall stem. 50 cents.

SEEDLING DOUBLES

BANU.—4: (50/59): A full double, bred from seedling 2A of mine on to Mary Louise. The perianth consists of a double ring of yellow petals and the centre is full of bright red and yellow petals with red predominant. The flower has good carriage on a strong stem. None available.

CHIMEON.— (pink) 3. (59/59): This is a very large double measuring up to 5½ inches across the perianth. The perianth is large and white and the whole centre is pink. Half way through the centre there are six pointed folded petals. The centre is twisted pink petals which grow into the folds of the white pointed ones. Sometimes Chimeon has a stamen, and occasionally pollen, and, from it, crossed with Lawali, I have produced the full pink doubles that I have shown in recent years. \$20.00.

DOETTE.—3: Fierenze x Kanchenjunga. Very large white and cream full double, carried on a tall stem. Small stocks. None available.

NORELLEN.—(Pink). 3. (72/60): This and Chimeon are the only pink doubles I have as yet been able to release. This is a full double, although it occasionally does have a stamen and I have used it for breeding. The flower has alternative layers of white and pink petals attractively curled and mixed in the centre like a carnation. The bloom takes a few days to develop on the plant and is carried on a very tall stem. \$2.00.

Bulbs will be available February and March.
Money with Order.

SEEDLING SEMI-DOUBLE (Pink.)

LAWALI.—2.3: I have classed this flower on its own but sometimes it could be classed as a 2B (Pink) as it occasionally comes single. The pure white perianth often has additional petals. Pink frilled and nicked cup with extra section of frilled pink cup inside. Several white petals mixed with the pink segments in the wide cup. Strong grower and multiplier. Lawali has been used as a seed and pollen parent to produce the pink doubles I have exhibited over the past years. 30 cents.

NAMED VARIETIES

Class 1A.—YELLOW TRUMPETS.

ARCTIC GOLD.—2.3. (J.L.R.): A flower of superb quality bred from Goldcourt x Kingscourt. The broad overlapping perianth is of smooth waxy texture, and the well proportioned trumpet is widely flanged and serrated at the mouth. The whole flower is of even deeper gold than Goldcourt. Tall plant. 50 cents.

BURNISHED GOLD.—5. (J.L.R.) Bred from Goldcourt. A lovely flower of superb quality. Very deep golden yellow and very late. \$1.00.

CHILLION.—2. (S.J.B.): This is the largest golden trumpet in my garden. Very good overlapping perianth of good substance, quality and colour. Very large trumpet, fully rolled and frilled at the mouth. This large flower is carried on a very strong stem and the plant is a vigorous grower. Has won many class championships. \$2.00.

Bulbs will be available February and March.
Money with Order.

Class 1B.—BI-COLOUR TRUMPETS

BONNINGTON.—3. (Radcliff): One of the best bi-coloured trumpets produced in Tasmania. Large flower of good proportion. Small stocks. 30 cents.

Class 1C.—WHITE TRUMPETS

CLANDEBOYE.—3. (N.Z.): A tall stemmed flower of good substance. Broad overlapping pure white perianth standing at right angles to the nicely balanced trumpet which opens lemon and soon passes to creamy white and nicely expanded at the mouth. 50 cents.

EMPRESS OF IRELAND.—2: (Guy Wilson) A.M.R.H.S. 1956. A truly majestic flower up to 5 inches in diameter and of faultless form, balance and proportion: smooth, flat perianth of ace of spades shaped segment of immense breadth, with beautifully balanced trumpet, ideally flanged and frilled at the mouth. Flowers carried on strong 16 to 18 inch stem. \$3.

RASHEE.—4: (G.L.W.) Pure white trumpet, green base. Broad perianth. Rolled trumpet well proportioned. 50 cents.

SOUTH POLE.—3.4 (J. L. Richardson). A large imposing flower with very broad overlapping perianth of great substance; the segments of which reflex slightly towards the tips. The large trumpet is well proportioned with a wide rolled flange at the mouth; snowy white throughout; a robust plant, superb when grown under glass. \$1.00.

PINK

CHIFFON.—4: (S.J.B.). Pure white perianth of good substance. Large cup of very deep bright pink standing at right angles to perianth. A most striking flower. Few to go \$1.00.

KARANJA.—2.3: (C.E.R.). Medium sized pink trumpet of good form and colouring. Smooth flat erect white perianth. Well proportioned cup of deep pink-buff. 50 cents.

Bulbs will be available February and March.

- KUPRINA.**—4: (S.J.B.). Pink cup. Large overlapping flat perianth. Good carriage. 50 cents.
- MATAMATA.**—2-3: (Ron Hyde) An unusual and striking flower. Beautifully pure white overlapping rounded perianth of good substance. Bowl shaped cup of bright pink, with a lovely flange at brim. \$1.00.
- NACOOMA.**—3: (S.J.B.). Another of Mr Bisdee's excellent pink trumpets. Small stocks. 30 cents
- PINK SEEDLING.**—4: (S.J.B.). A most striking flower. White perianth, large deep pink cup, flanged and frilled at the rim. 50 cents.

Class 2A.—LARGE CUPS (All Yellow.)

- GOLDSRIPT.**—2-3: (Parr). A deep yellow flower of exhibition form, overlapping perianth with a straight well balanced cup. Strong grower. 50 cents.

Class 2A.—LARGE CUPS (Yellow perianth, Red Cup.)

- BILBOA.**—4: (C. S. Gaspar). A large bold flower with immensely broad, flat, rounded rich golden yellow perianth of great substance. Has a large expanded crown with $\frac{1}{2}$ inch margin of bright orange-red, shading to gold at the base. Raised from Dunkeld x Carbineer. It is a tall strong plant and superb exhibition flower. 50 cents.
- FILM QUEEN.**—2-3: (G. S. Gaspar). This beautifully balanced flower is one of the most brilliantly coloured red and yellows yet introduced; having broad, very smooth overlapping intense deep yellow perianth, and a large flattish cup with a wide band of deep vivid scarlet. Tall strong plant with short neck and lasts well. \$1.00.

Bulbs will be available February and March.

- JAGUAR.**—3, (J.L.R.). Bahram x Ceylon. A large bloom and a show flower of the highest class. Deep golden yellow perianth very round and overlapping and large bowl shaped crown of intense orange-red. 50 cents.

- MASKED LIGHT.**—2-3: (J.L.R.). A flower of truly wonderful colouring, bred from Narvik x Ceylon. The broad, beautifully smooth flat perianth, of great substance, is deepest golden yellow, even more intense than its parent, Ceylon, with a flush of orange at the petals. The large cup is deep glowing orange-red, nicely serrated and slightly flanged at the mouth. This flower is sunproof & very lasting. Fine tall robust plant. 50c.

- PARK ROYAL.**—2-3: (Gibson). Deep yellow well balanced perianth. Well proportioned cup of deep orange yellow with a wide band of bright red round the rim. Good carriage on a tall stem. 50 cents.

- RAMADHIN.**—2-3: (S.J.B.). A very striking red and yellow flower. Perianth is a deep rich yellow, petals are smooth, flat and of good substance. The well proportioned cup is bright red. 50 cents.

- RINGMASTER.**—3-4: (J.L.R.). A show flower of superb quality with very round flat clear yellow perianth of fine substance. The large expanded saucer shaped crown is slightly deeper tone with a broad sharply defined margin of bright orange-red. Tall strong plant. 50 cents.

- SUNPRIDE.**—2-3: (S. C. Gaspar). A very neat medium sized flower of excellent show form; the bowl-shaped cup, which is a deep fiery orange-red, is backed by rounded, flat, very smooth bright golden yellow perianth of good substance. A very good show flower with tall stem and short neck. 50 cents.

Bulbs will be available February and March.

VULCAN.—2: (J.L.R.). A very striking flower bred from Carbineer x Ceylon; the deep golden-yellow perianth is beautifully smooth, round, flat and much overlapping and of wonderful substance. The large cup is deepest solid orange-red, slightly expanded and nicely serrated at the mouth. 50 cents.

Class 2B.—LARGE CUPS (White perianth, Coloured Cup.)

AFLAME.—2: (J.L.R.). Tall, striking red and white. Brilliant red cup. Good carriage. Early. 30 cents.

LANDMARK—3-4. (Brogden). This is one of the many fine red and whites bred in N.Z. where this class is very strong. Firm white perianth of good quality and substance. The large flattish cup has a bright red band at its edge fading down to deep orange at its base. Good presentation on a tall stem. \$2.00.

NORTHERN LIGHT—4: (J.L.R.). A striking flower with broad overlapping pure white perianth of lovely quality and substance, and a large saucer shaped crown of solid bright glowing orange-red. An outstanding flower bred from Fermoy x Arbar, could be described as a much brighter Fermoy but flowers earlier. Few to go. 50 cents.

PIRATE KING.—4: (J.L.R.) A.M., R.H.S., 1957 as a show flower. A.M., Wisley 1966. A very outstanding flower bred from Kilworth x Arbar; the white perianth is very round and flat of unusually thick waxy substance, the well proportioned slightly expanded cup is nicely frilled at the mouth of solid orange red. \$1.00.

ROIMOND.—5-6: (J.L.R.). Carnsore x Arklow. Broad round overlapping perianth of excellent substance and a large saucer-shaped crown of brightest orange red, nicely frilled at the edge. Must be left on the plant to develop colour. 50 cents.

SIGNAL LIGHT.—4: (J.L.R.). Broad rounded white perianth Large bright red crown. Sunproof. Tall stem. Good carriage. 50 cents.

Bulbs will be available February and March.

Class 2C.—LARGE CUPS (All White.)

CARDECU.—3: (S.J.B.). Pure white perianth of excellent substance. Well proportioned cup, green throat, good carriage. \$1.00.

FIRST FROST.—2-3: (J.N.H.). Pure white flower with overlapping perianth and long narrow straight trumpet. This refined flower is carried on a tall stem and lasts well. 50c.

GREEN VALLEY.—4: (S.J.B.). Striking pure white flower of excellent substance and carriage, green at base of trumpet. Has won many awards. 50 cents.

KILLYMOON.—3: Large white flower carried on a tall stem. Smooth perianth and well balanced trumpet. 30 cents.

LUDLOW.—4: (G.L.W.). Pure ice white flower. Broad flat perianth. Bold trumpet shaped crown with green base. 50c.

CLASS 2D—LARGE CUP (Yellow Perianth, White Cup)

DAYDREAM—3. (Mitch). A perfectly formed flower with flat overlapping sulphur yellow perianth of good substance and texture; the trumpet shaped crown opens lemon coloured but quickly passes to white. An attractive white halo around the base greatly enhances the beauty of the flower. An excellent plant; long lasting either on the plant or when cut. A certain winner in its class. \$5.00.

Bulbs will be available February and March.

Class 3A.—SMALL CUP (Yellow perianth, Red Cup.)

LEMONADE—4, (J. L. Richardson). A.M., R.H.S., 1961 as a Show flower. A quite unique flower, reputed to have come from Green Island x Chinese White; the perianth is broad & flat of excellent quality and substance, a pale greeny lemon colour (hence its name); the medium sized flat eye is of a slightly deeper greeny tone. The flower opens with a white perianth and only acquires the lemony colour after some days. A very tall robust plant. \$5.00.

PERIMETER—3: (J.L.R.). Aranjeuz x Narvik. Soft yellow perianth. Deeper yellow. almost flat crown with shapely defined band of bright orange-red. A perfect exhibition bloom. 75c.

SABRINA—2: (W. E. Brogden) A fine flower for this class having very round flat perianth of rich yellow, and a neat orange cup. 75 cents.

Class 3B.—SMALL CUPS (White perianth, Coloured Cup.)

DRESDEN—4: (Sid Free). A perfect show flower, having round pure white perianth of splendid quality. The yellow crown has a narrow crinkled margin of bright red. A consistent winner. \$1.00.

HAMPSTEAD—3-4: (N.Z.). A really lovely large flower having pure white rounded perianth of thick substance and smooth texture. The almost flat, yellow cup has a broad margin of bright red. Lasts a considerable length of time when cut. A.M., N.D.S., Blenheim 1957. \$1.00.

MATAPAN—4: (J.L.R.). Smooth pure white perianth. Flat crown of deepest crimson. 30 cents.

TAMPICO—4: (J.L.R.). A flower of great size and, at the same time, beautiful balance and proportion. Large, smooth milk-white double triangle perianth, and a smallish brick-orange cup. Tall strong stem. Ideal for garden and show. 50 cents.

Bulbs will be available February and March.
Money with Order.

Class 3C.—SMALL CUP (All White.)

ALTYRE—4: (J.L.R.). A remarkable flower raised from a Nelly seedling x Chinese White. The perianth is immensely broad, almost 5 inches across, and of great substance. The whole flower is pure white throughout; tall strong stem. \$1.00.

CHINESE WHITE—5: (G.L.W.). A large flower of good form and quality. Purest white throughout with faintest touch of green in the eye. A very striking flower. 50 cents.

POLAR IMP—3. (Philpott). Probably the best all white of this class ever bred in Australia and flowers earlier than most in class 3. It is pure white in both perianth and cup with a pleasing green throat. Has good carriage & a strong stem. \$1

VERONA—4. (J.L.R.). F.F.C., R.H.S. 1961 as a Show flower. Undoubtedly the finest 3C that has yet been seen, bred from Green Island x Chinese White. This superb flower is about four inches across with broad rounded flat, pure white perianth of first-class substance and grand quality. The large, almost flat crown is crinkled and nicely serrated at the margin, and opens palest cream but soon passes to white. A splendid strong plant with good stem and neck and holds its head up well. \$5.00.

DOUBLE DAFFODILS

ACROPOLIS—4.5 (J. L. Richardson) F.C.C., R.H.S., 1958. Bred from Falaise x Limerick this is one of the finest red and white Doubles yet introduced. A very full flower, the outer petals are very broad and round, of purest white and great substance; likewise the inner ones which are not so broad; interspersed amongst these in the centre are small petals of intense bright red. A really remarkable flower with lovely contrast in colour; very strong grower with tall stiff stem. \$5.00.

AUDA—2-3: A very beautiful double, rich yellow interspersed with orange. 30 cents.

Bulbs will be available February and March.
