RULES FOR EXHIBITORS

1. The rules of the ADS Handbook for Growing, Exhibiting and Judging Daffodils, 2nd ed., 1981, shall apply as a guideline.

2. All classes are open to anyone who grows Daffodils unless specified otherwise.

3. Entry tags and instructions on how to fill them out may be obtained from show chairman, Nancy Cameron. Except for class 186 entries, the use of RHS color code on show entry tags is optional. For a correctly labeled entry it is required to record the cultivar's name or seedling number and the RHS division number. For seedlings, the originator number, RHS division and parentage, if known. If the exhibitor is not the originator, the name of the originator must be included as part of the identification.

4. Test tube flower containers and tube stands will be furnished by the show committee.

5. Entries will be received on Saturday, March 9th, from 7:00 a.m. until 10:45 a.m. Show dismantling will commence at 4:00 p.m. on Sunday March 10th, and all entries must be removed by 4:30 p.m.

6. In single stem, 3 stems, and container grown classes, an exhibitor may make as many entries as he/she wishes, provided each entry is a different cultivar. An exhibitor may make one entry in each of the classes for collections (Sections C,F,G,H,I,J,K, Class 202, and Section L, Class 228).

7. All blooms must have been grown in the open area by the exhibitor. Miniature daffodils may have been grown in a protected area.

8. Exhibits which are not named or are incorrectly named will not be judged. Blooms of standard seedlings may be shown by the originiator or other persons, in classes for "named cultivars". Blooms of seedlings (candidates for the Miniature List) may be shown only in classes with those minatures named in the most recent ADS Approved List of Miniatures.

9. To receive an ADS award, each stem in an exhibit must score 90 percent or more by the ADS scale of points.

10. All collections of 5 or more stems must be exhibited with each cultivar or species individually labeled in a separate container. (See Rule 3 and Rule 8 for correctly labeled).

11. Only one first, one second and one third award may be given in each class. Honorable mention awards may also be given.

12. Any and all awards may be withheld by the judges if in their opinion the exhibit is not worthy. The decision of the judges shall be final, except as stated in Rule 13.

13. Correct classification and labeling shall be the responsibility of the exhibitor. No label may be changed, cultivars added, removed or substitued after the judging has begun or after awards have been placed. If an error is discovered in an exhibit after completion of judging, any award placed there-on shall be forfeited by the exhibitor.

14. Judges of all classes shall be ADS accredited or student judges. No judge shall judge a class in which he/she or a relative has an entry.

15. Only judges and clerks will be permitted in the showroom during judging, which starts at 11:00 a.m.

16. All exhibits not removed by 4:30 p.m. Sunday will be disposed of by the show committee.

17. ALL SCDS MEMBERS ARE EXPECTED TO SERVE ON A COMMITTEE AND EXHIBIT IN AT LEAST ONE CLASS.
