SPECIAL THANKS TO

Melrose Gardens, Stockton, California for providing blooms for artistic arrangements.

Grant Mitsch, Canby, Oregon and Mr. & Mrs. Richard Havens, Hubbard, Oregon for a commercial exhibit.

Ms. Karen Gagnard, Golden, Colorado for the schedule cover.

Jack Romine and Bob Engelke for their generous hospitality.

Mrs. Hubert Bourne, Columbus, Ohio, ADS Awards Chairperson.

RULES AND INSTRUCTIONS

1. The horticultural sections of this show are open to anyone who grows daffodils (except as noted in the Junior and Novice Sections and that classes 179 & 204 are open only to members of the American Daffodil Society).
2. All blooms in the horticultural sections must have been grown in the open by the exhibitor. However, temporary protection may be given at blooming time and miniatures may be grown in protected areas.
3. Horticultural entries will be accepted between the hours of 7:00 PM - 11:00 PM Friday, March 20 and 7:00 AM - 10:30 AM Saturday, March 21. Entries brought after 10:30 AM Saturday will not be judged.
4. All exhibits, ribbons, and awards must remain in place until the close of the show at 4:00 PM Sunday, March 22.
5. In classes for single stems and classes of three stems of one cultivar, an exhibitor may make as many entries as he/she has different cultivars or species. In classes for collections, only one entry per person is permitted.
6. All entries in horticultural classes are to be staged in containers provided by the show committee. Entries in classes for three stems of one cultivar must be exhibited with each stem in a different container. All collections of five or more cultivars must be exhibited with each cultivar in a separate container.
7. Each cultivar in a horticultural entry must be correctly labeled with name and division under the Royal Horticultural Society (RHS) System of Classification. Each cultivar in an entry in class 178 must also be labeled by its RHS color coding. The color coding authority is the ADS publication, "Daffodils to Show and Grow", supplemented by the ADS Data Bank.
8. Exhibits of named cultivars that either are not named or are incorrectly named will not be judged. Originators may show blooms of their standard seedlings in the classes for seedlings (or collections). Other persons may show blooms of standard seedlings in classes for named cultivars. Blooms of miniature seedlings (candidates for the ADS Approved Miniature List) may be shown in classes with those miniatures in the ADS Approved List. All seedlings must be identified by a designation assigned by the originator. If the exhibitor is not the originator, the name of the originator must be included as part of the identification.
9. Miniature daffodils, as named in the most recent ADS-approved list, may be shown only in classes for miniatures and miniature seedlings.
10. The show committee reserves the right to remove exhibits in poor condition before judging starts. Horticultural classes will be judged by accredited judges of the American Daffodil Society.
11. Only one first, one second, and one third award may be given in each class. Using the ADS Scale of Points given below, to receive an award each stem in an horticultural exhibit must meet the following standards: first award, 90 points or more; second award, 85 points or more; third award, 75 points or more. Honorable mention awards may awarded to entries with notable, desirable characteristics.

AMERICAN DAFFODIL SOCIETY POINT SCALE

Condition	20
Form	20
Substance & Texture	15
Color	15
Pose	10
Stem	10
Size	10
Total	100

12. Correct classification (division number and, where required, the color code) and labeling shall be the responsibility of the exhibitor. A label may not be changed and a specimen may not be added, removed, or substituted after judging has begun or after awards have been placed. If an error is discovered after an ADS award, other special award, or ribbon has been placed by the judges, this award or ribbon shall be forfeited by the exhibitor.
13. No judge (accredited or student) may judge his or her entries. A judge may contribute to the judging of a class in which she/he has entries only when those entries are no longer under consideration for award by the team of judges.
14. The Artistic Arrangements Section is open to everyone. Daffodils are available if needed; they do not have to be grown by the flower arranger.
15. Advance registration is necessary for flower arrangements (there is a maximum of four entries per class). For reservation, contact the Artistic Arrangements Chairman or mail the registration form by March 14. 30" linear space is allowed for each design. Entries must be staged Saturday, March 21, 7:00 AM - 10:30 AM.
