## RULES FOR EXHIBITORS

1. All classes open to anyone who grows daffodils except where specified otherwise.
2. An exhibitor may make as many entries as desired in any class, provided each entry is a different cultivar or species or completely different collection of cultivars and/ or species.
3. Exhibits will be received Thursday, April 24, after 7:30 a.m. and until 11:00 a.m. No entries accepted after 11:00 a.m. Exhibits must not be removed before the close of the show at 5:00 p.m. on Friday, April 25.
4. All classes are for standard daffodils except where specified otherwise.
5. Exhibitors shall place an entry card properly filled out, with name, division, and color code, on each exhibit. Containers for specimens will be furnished by show committee. All collections will be staged in properties provided by show committee. No daffodil foliage permitted.
6. All blooms in the Horticulture Division must have been grown in the open by the exhibitor. Miniatures may be grown in protected areas.
7. Exhibits which are not named or are incorrectly named will not be judged. Correct classification and labeling shall be the responsibility of the exhibitor. No label may be changed, specimens added, removed, altered or substituted after judging has begun or after an award has been placed.
8. Each stem in an exhibit receiving an ADS Award must score 90 or more by the ADS Scale and Points.
9. All collections of five or more stems must be exhibited with cultivar or species in a separate container. Each cultivar or species must be correctly labeled with name, division and color code. Originator's name must appear on label in American Bred Class, Class 145, except seedlings shown by the originator.
10. Miniature daffodils named in the most recent ADS Approved list of Miniatures, with any official additions thereto and MINIATURE CANDIDATES may be shown only in classes for miniatures. MINIATURES CANDIDATE: any named or numbered diminutive daffodil flower which appears graceful, with all its parts in proportion may be considered a MINIATURE CANDIDATE. Such candidates are eligible for ADS Awards in the Miniature Section with exception of the Miniature Rose Ribbon unless shown by the originator.

11. Blooms of seedlings may be exhibited in all classes for named cultivars. ALL SEEDLINGS MUST BE IDENTIFIED BY A NUMBER DESIGNATION ASSIGNED BY THE ORIGINATOR. If the exhibitor is not the originator, the name of the originator must be included as a part of the identification. All seedlings are judged by the ADS Scale of Points.
12. Only one first, one second and one third award may be given in each class. Honorable Mention awards may also be given if merited, but only if first, second and third are awarded.
13. First, second, third and Honorable Mention awards may be withheld by the judges if in their opinion the exhibit is not worthy. However, if a blue ribbon has been awarded in a class eligible for an ADS Ribbon, the ADS Award may not be withheld. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special or Ribbon) shall be forfeited by exhibitor. If an error is discovered before the judging is completed, the exhibit MUST be rejudged.
14. The Show Committee reserves the right to sub-divide classes when there are three or more exhibits of the same cultivar. However, the class should not be sub-divided if there is not sufficient number of exhibits left in the class. SPECIES MAY BE SUB-DIVIDED BY THEIR CLASSIFICATION.
15. Royal Horticultural Society System of Classification will be used. Authority: Daffodils to Show and Grow supplemented by the latest printout of the ADS Data Bank.
16. A novice is anyone who has never won a blue ribbon in an ADS Show. All novices should place a visible "N" on the top portion of the entry tag for Section K.
