What is the DSM?

We promote the growing and enjoyment of daffodils in Minnesota, and work to educate our members and the general public on how to grow them successfully in our climate. In short, we have "Yellow Fever" and we love to share it!

The Daffodil Society of Minnesota was founded in 1977. In 2008 we incorporated as a 501(c)(3) tax-exempt, non-profit educational organization. We are affiliated with other daffodil lovers around the country through the [American Daffodil Society](#). And there are similar groups in many other countries where daffodils are grown.
