2014 List of Specialty Daffodils

This is our fifth year of putting out our daffodil list and we wish to thank all that help support this effort. This year we are offering 44 varieties new to our list including some Classics, Historics and Down Under varieties. And Bob Spotts has allowed us to sell a very limited stock of his green daffodil 'Mesa Verde' a 12G-G. It survived this long and very cold winter here-no problem-and the flowers are so strong and long lasting, it is truly a gem! Also from Bob is an exclusive selling of 'Otaki Pearl' a mini 8W-W which is exceedingly rare and choice! I have only seen it listed at bulb auctions. Kirby Fong got that seedling from Bruce Irwin of NZ and he registered with Bruce's home town name. Very few to offer. From Ted Snazelle of Mississippi is a first offering of his 'Hillman College' which we have established and now have enough stock to sell. It is very smooth and has good color. From Karen Cogar is a historic daffodil named 'Kansas' which appeared in her garden when she cleared brush for a new woodland bed. She thinks more folks should grow it and has offered some bulbs for distribution. You can link to her story below. And finally Clay Higgins has a first time exclusive offering of his new introduction 'Suzy Q' a mini 10Y-Y named for his sister's nick name.

If you are getting this list online then to view each flower on Daffseek simply click on the flower name and you will be hyperlinked to the appropriate page to see its description and picture. If you are getting this by mail then go to www.daffodilusa.org and at the bottom of the opening page is the link to Daffseek which you can use to look up each flower. Many thanks to Ben Blake & Nancy Tackett for this great resource! The newly updated ADS website is one of the best in the gardening world.

We had no problems with the USPS shipping last year and will continue to include insurance in the shipping costs to make sure there are no losses this coming year.

Please place your orders by August 15th, 2014!

Thanks so much, Mitch and Kate

Mesa Verde Bred by Bob Spotts

12G-GGY

Early to Mid Season with 1-3 flowers per stem. A standard flower measuring 72mm wide with a most beautiful GREEN color! It is always a show phenomenon. But more than that is the longevity of the blooming flower which looked good for more than three weeks this year! This winter proved its hardiness too.

Cost: **\$55.00**

Otaki Pearl Bred by Bruce Irwin of New Zealand

8W-W Mid season and VERY rare. This might be the first ever offering. Bulbs are from Bob Spotts who has had marvelous luck growing it. I took this picture of it in his back yard after seeing his incredible pot that won blue at the Murphy's National Convention. We shelter and grow ours in a pot and have had a modest increase. I have put it into both a Premier and several Watrous mini entries and it always draws attention. Sweetly scented too! VERY Limited. Please, no reservations without a payment first. Cost: **\$50.00**

Trego Bred by Mitch Carney

9W-GYR

A very late star shaped miniature poet. It measures 45mm and is dwarf with foliage growing just 12" high.

Also with a limited supply available. Cost **\$25.00**

[Hillman College](#) bred by Ted Snazelle

2Y-YYO Early to Mid Season

This is a very good rimmed cultivar and it has very smooth perianth. First time offered with bulbs grown here at South Mountain which were donated by Ted.

Cost: **\$30.00**

[Kansas](#) by V. Rijnveld & Sons

3W-GYO A pre 1939 Historic from the home of Karen Cogar who thinks it is a wonderful flower and she mentioned it in her interview with The Washington Post's garden writer Adrian Higgins

["The Unexpected Elegance of the Daffodil"](#) which came out just before the WDS show bringing lots of new visitors to the show. Click on the title to read the story. Strong and hardy, a Mid Season flower. Cost: **\$10.00**

[Suzy Q](#) bred by Clay Higgins a 2014 introduction.

10Y-Y Mid Season with bright golden color. This is an exclusive first time offering. The bulbs are grown in Clay's North Carolina home. Northern climates should grow in protected area.

Cost: **\$12.00**
