

Middle Tennessee Daffodil Society News

Open Spring Yard Tours

We would like to invite the daffodil society members to our open garden we are having the next two **Sundays March 21 and 28**. We have over 5 acres of gardens around the house which include over 300 varieties of Daffodils and

many spring blooming trees and shrubs such as forsythia, winter hazel and witch hazel.

We will be open from 10 to 5 for anyone that wants to come out and walk around, everything is labelled so there is no problem being socially distanced. We have plenty of off street parking.

Hope to see many of you soon,

Jeff and Jennifer Harvey

Private Tours at Becky Fox Matthews

Due to limited parking space (as I have plantings in most of the yard now) I can no longer have an open garden day, but I am happy for anyone to call and arrange a time when I am here to come and visit. There are so many daffodils in bloom right now so I'd say sometime in the next two weeks would be a good time to visit. Lots of miniature and standards are in bloom now, but there are more daffs yet to bloom.
