Hello All,

With the season as early as it was (for me, at about 3 weeks early), some of us were afraid that there wouldn't be much to bring to Joes show, and it seemed like the Indiana Contingent would fill Joes show. For the most part this was true, but there were many more flowers than we expected. In Fact, I believe Joe counted a record number of entries!.

It was a fantastic show! with quality at extremely high levels.

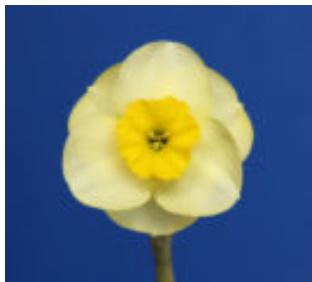

Photos below. One more post to go, for the Dayton Ohio SWODS Show.
