The SWODS Show was held in Cincinnati's Eden Park. The Venue was Krohn Conservatory. We were setup in a large tent. During these days, the Krohn has a butterfly show going on which made it a natural combination for a family visit.

The Gold Ribbon Winner was a VERY nice Katrina Rae, exhibited by a very excited Rebecca Koesters. This is Rebeccas 1st ever Gold Ribbon which surprised me since she's been showing for more than 20 years. She was showing us photos of her Son who just entered the military, and I remember when she was pregnant with him. Wow, I'm SO OLD!

The photos are below.

Best in Show - Katrina Rea, 1st time win in over 20 years for exhibitor Rebecca Koesters!!!.. This was the finest example of this cultivar I have ever observed. quite large and the color was astounding. Way to Go Rebecca!!!

From a Blue Ribbon 3 stem entry of White division 1s. This is the cultivar "Sara Kinne". Sara 1st approached me some years ago with this in her hand and asking me what I thought it was. I was so taken with it, that I started a conversation with Dr John Reed, it's hybridizer to suggest he name it. I can't capture the impressive size and white beauty of this flower. It's a massive flower that is of show quality 'every' time as long as it's not damaged. I can't say enough about this cultivar.

Blue Ribbon 3 stem entry of "Sara Kinne" 1W-W. a little weather damage in the cup of one, but in general it came through the huge weather swings quite well.

The Bozie award win for the best collection of 12 stems from at least 4 divisions. The flowers were (From top left) Glasnevin, Pacific Rim, French Classic, Bee Mabley, Center Row - Rocoza, Quiet Man, Panchali 8Y-R, Fulfillment, Pink Sunday, Conestoga, Classy Lady, and Foxy Lady.
