

1985 EARLY LIST

Grant Mitsch Novelty Daffodils
Richard Havens
P. O. Box 218
Hubbard, Oregon

In recent years, with our catalog being published in the spring, we have not sent out an early list. This year, however, there are a number of varieties whose small stock does not permit listing in the catalog and we would like to offer at this point. Another category is those varieties with sufficient stock available to offer at more than 10% reduction from the 1985 catalog price.

Dr. Tom Throckmorton's varieties have become very popular. One area in which he had provided many excellent exhibition flowers is in Division 3. We would like to offer a collection which allows individual choice selection.

Interest has frequently been expressed in numbered seedlings, and response has been very good to previous offerings. A collection as well as several individual seedlings, which we feel to be of merit are being offered.

Our 1985 catalog is planned for late March to early April. At the top of the new introductions are two cyclamineus hybrids, Inca and Phalarope, which we feel have strong potential, as well as some special pinks, among which is Pink Swan. Also, we are pleased to offer Tripartite 11Y-Y from Richard Brook, England.

TERMS

1. It is requested that the special order blank enclosed with this list be used.
2. The final date for orders from this list is March 27, 1985.
3. With orders under \$20.00 to one location, please add \$3.00 for postage.
4. Orders are filled in rotation as received and substitution is not anticipated. We would appreciate advisement if it is permissible to substitute with equal or greater value, if absolutely necessary.
5. In recent years we have received an increasing number of requests to send bulbs as gifts. We are very pleased to do this and will enclose a card with bulbs, indicating they are a gift from you. Also we offer gift certificates; if the recipient has not recently ordered from us, please advise, so that we can send a 1985 catalog with the gift certificate. Due to the timing, all gift certificates may be redeemed using the 1985 catalog.
6. Bulbs are offered on the basis of availability.

BULBS LISTED BELOW WILL NOT BE IN 1985 CATALOG, DUE TO LIMITED SUPPLY

For explanation of classification, please see page 25 of our 1984 catalog.

Star Wish	3W-GYR	12.00
State Fair	3Y-GYR	12.00
White Tie	3W-W	17.00

Collection of five-----\$50.00

A premium bulb from Dr. Throckmorton will be included.

We wish to offer the following selected seedlings of considerable merit. Undoubtedly, some will be named and introduced in the future. In our hybridizing program, we go through a rigorous selection process of many years. These possess the qualities to allow their selection. There is a possibility that some of these will be listed in the 1985 catalog at the same price.

SEEDLING COLLECTION

H013/1 (Euphony open pollinated) 2Y-W. A lovely rather small flower of soft yellow resembling Euphony except that the cup reverses to white.

JJ83/1 (Trousseau x cyclamineus) 6W-Y. One of our earliest bicolor cyclamineus hybrids. The perianth is milk white and the long crown is lemon yellow.

JJ77/20 (Matador x N. jonquilla) 8Y-O. A well formed tazetta, similar to Falconet, but the cup is much more orange. About 4-5 florets per stem.

H131/1 (Leprechaun x cyclamineus) 6Y-Y. A small bright yellow, very early well formed cyclamineus hybrid. Perianth reflexes less than most. Especially suitable for rockery due to relatively short stems and bountiful flowers.

G13/29A (Precedent x Eclat) 2W-P. Well formed neat round flower somewhat reminiscent of Pink Ice. Very bright pink cup with orange tinge. Possesses tall stems and heavy substance.

Two additional seedlings of our choice will be given as premium.

Collection for \$50.00

INDIVIDUAL SEEDLINGS

F88/1 ((P5/8 x Lunar Sea) x Y40/1) Beautifully formed, this reverse bicolor is a sister to Impresario and is planned for introduction. \$40.00 each.

II73/1 (Arctic Doric x Birthright) Good white, this borderline trumpet, possesses a flat perianth with good substance. \$15.00 each.

JJ77/20 (Matador x N. jonquilla) A well formed tazetta, similar to Falconet, but the cup is much more orange. About 4-5 florets per stem. \$15.00 each.

G13/29A (Precedent x Eclat) Well formed neat round flower somewhat reminiscent of Pink Ice. Very bright pink cup with orange tinge. Possesses tall stems and heavy substance. \$10.00 each.
