

# Daffodil Tribute

## United We Bloom

Gather colleagues, volunteers, friends and neighbors to plant daffodil bulbs all across Maine this November —and then celebrate in the spring when the flowers bloom. Join the fun while creating a beautiful, lasting tribute to the right to vote!

During the fight for the vote, Maine suffragists chose the jonquil (daffodil) as their flower symbol. They brought bouquets of daffodils to lobby legislators, handed them out at rallies, and asked supporters to wear them in their lapels.

So this Fall, during Maine's Centennial Commemoration, we will plant thousands of yellow daffodils across the state. They will bloom in Spring 2020 during the national centennial—and every year thereafter as a living, renewable tribute to the suffragists and the ideal of equality for all.

Roast at Rising Tide Brewing Company, featuring Centennial Pale Ale to celebrate 100 years of women's suffrage.
