

Flower crowns or necklaces -- mount on 1) glued double sheets of cardstock and cut with scissors or 2) glued to foam board and cut with a new craft knife (i.e., X-acto).

Another floral crown or accent: Use gorilla glue or wood glue to attach cutout and mounted props to wooden paint sticks (free or inexpensive at local hardware stores). Clamp them overnight to ensure they stay attached.

Oversized eyeglasses - You can display the props on their paint-stick holders in a flower vase or cutting container.

Daffodil hat

Left is a floral mustache. Right is a floral bowtie. Have fun with these!
