We are happy to get our first harvest of narcissus flowers here at Bill the Bulb Baron's Flower Fields in Moss Landing, California! Wish I could send you a picture of the smell, it's amazing! We have bulbs for these special early blooming varieties available now, plus a ton of other varieties Bill Welch created. Our friend and fellow bulb expert, Aaron Schnebly, owner of www.edensblooms.com, has stepped up to take over the online bulb sales and direct pick up at the farm for all of Bill's bulbs. Aaron's contact info is: aaron@edensblooms.com

928-322-3030.
