Subject: Fabulous Tazettas

[View this email in your browser](#)

We are growing a daffodil with you in mind.

Born to Bloom. Fabulous Tazettas.

Refined or gregarious, diminutive or grand, Tazettas are always floriferous and sweetly scented. Qdaffs offerings include three categories: Cultivars, Poetaz cultivars and Species.

Splendor in the Clover

Tazetta group shot plucked from our catalog bed April 28, 2021, Connecticut.

Top Row from Left: Compressus, Panizzianus, Avalanche, Avalanche of Gold.

Middle Row: Peseta, Ferncourt Jewel, Pacific Coast, Oderatus, Pachybolbos

Bottom: Canaliculatus

Pachybolbos an all white species that is entreating and floriferous in the bed. A real charmer. Can't imagine the garden without it.

Pacific Coast is a smaller mild yellow/yellow modern hybrid that makes a lot of consistent blooms. This photo is of two, not three scapes.

Scarlet Gem is an older Poetaz, a softer yellow, luxurious bloom with a red-orange cup and green eye. Floriferous and puts out a lot of scapes. We keep picking it over and over. The stems from one bulb will fill a vase.

We are open for orders until July 4th, 2021! We hope to hear from you! Happy Gardening!
