**In Memoriam  
Jay John Pengra**

It is with great sadness to inform you that Jay passed away on Tuesday June 15th, 2017 from complications after a heart attack and heart surgery.

Jay was a long time Life Member of the American Iris Society and will be very much missed by all who knew him. Our sympathy to his beloved wife Faye and his three daughters Renee, Carlene and Lisa.

It was Pengra who introduced the idea of the first award given for Julian after the Carter Fire. He had been wanting to start a memorial show in Southern California and someone had mentioned to him Julian was known for his dedication. After hearing of the devastating fire, Pengra and his wife Faye felt it might be a way they could help the community of Julian. "To us it seemed a great fit, the wonderful feeling of dedication at the spring and the feeling of remorse of Julian after the fire was." If you contacted Sally Sprague, coordinator of the Julian Iris Festival and the first show was held at the Julian Coffee House. Each year Pengra and his wife volunteered their time to make the show the success it has been.

# Daffodil Free Verse Poetry

## From Mrs. McFedries Fifth Graders

*A daffodil is one of the prettiest flowers  
And all have to do is plant the bulb  
And give it a small bit of water  
And they will grow  
And they can come in different colors  
Some all yellow  
Some all white  
And some yellow and white  
You just never know.*

*By Nate Relaford*

*Daffodil's like the sun,  
cup orange, leave's yellow  
The cup is like  
the soul of a person,  
the leave's are like  
the body parts to keep it up  
The daffodil's bulb is like the heart,  
if you pull it out  
it dies*

*Little bugs dance,  
until the bee's come.*

*By Brady Perry*

*Daffodil, your pedals are bright yellow like the sun  
And your cup is like a beautiful orange sunset  
The stem is a green of the rolling meadows  
It has marks like an old oak tree  
The stamen is like a never ending shooting star  
Fare well daffodil, see your beauty next summer.*

*By Jonah Clibourne*

Yellow, white  
orange, rosy  
beautiful little sun  
bright  
bold  
HOPE  
warmth, love  
calm fire  
burning low  
always growing  
never stop  
TOUGH  
lovely, PRETTY  
beautiful, flower  
special different amazing

Daffodil's are bright like the sun  
smooth like a table  
and the stem is green like grass  
and as pretty as a sunset  
tis a perfect flower  
You can find them in fields,  
Gardens,  
And just if you are lookin around  
You will probably find a Daffodill  
Its leaf reminds me of gracious petals in the sky  
The way it should be.

DAFFODIL

Poem 1:

Daffodils are bright  
They are like the morning light  
Swaying in the sunlight  
Dying in the moon  
Flying away.

Poem 2:

Cup,sun,stem  
Put them in your hair  
Draw them into art  
Pull them all apart  
Leave them in the sun  
Any way you want daffodils are fun.

By Gabe Betts

Daffodils are yellow  
Just like the sun  
With different flowers  
These flowers are unique  
To me  
It's like flowers blooming in the sun  
But they were planted from bulbs  
Not seeds  
Just a simple thing you could grow  
In your back yard  
Or anywhere  
So, if you join me  
and grow a ton  
We could plant them everywhere  
So everybody can see them too  
The sun is a ball  
You just need to draw petals and a stem on it  
And it becomes  
A daffodil

By Steven Sheppard

Daffodils  
Spring is coming near  
I see daffodils everywhere  
Bright yellow like the sun  
Puts a smile on your face  
Reminds you of a happier place  
One where Daffodils are all over the place  
Spring is here

Yellow  
Happiness beautiful flower  
Reminds me  
Of spring  
Orange cup  
Brown Bulb  
Beautiful flower  
Bright  
As a light bulb  
Planting  
With grandma  
I love how bright you are  
Spring  
Is coming  
Daffodils

By Liberty Sissons

Daffodils  
Spring warning from nature, hope  
Yellow, white, rosy  
Tough!  
Delicately strong  
From bulbs, yellow light bulb being flipped on  
Even when you can't see them they are growing  
When the sun shines bright suns sprout  
Small sun, warmth  
Make people smile  
Regrow, rebirth  
Peely stem  
Onion-like bulb, beautiful flower  
"Grow when you don't know"  
Julian

One Daffodil  
Sun shine as bright as a daffodil  
Bright light  
Spring sun flower  
Long tough stem  
Orange tea cup  
Bulb of light  
Light bulb  
One singular daffodil  
Bright as the night  
Bulb underground  
Light of the night  
Daffodils strong and tough  
Steam as green as the spring  
Pedals as bright as the sun  
Daffodil allergy  
One Singular Daffodil  
By Lily Betts

A beautiful flower  
Looks like the sun  
but as a flower  
I love how bright you are  
In the sun  
When you shine  
Like a light  
You make me  
Smile  
When I look  
At you  
You sooth my  
Heart  
Daffodil
