## GENERAL RULES

- A. Exhibits may be entered from 2:00- 9:00 pm on Thursday, April 14, 2021 and again from 7:00 am to 11:00 am on Friday, April 15, 2021. Lunch will be served at 11:00 am on Friday, and the show floor will be closed at that time except for the Classification Committee who will work between 11:00 am and 11:45 am to stage the show.
- B. Each exhibit must have a properly filled in Show Entry Card. Only the top half of the Entry Card needs to be filled in. Any information on a Show Entry Card which could compromise the anonymity of an exhibitor must be concealed during judging. Exhibitors are urged to read the Show Schedule carefully, including the Rules section, before preparing Show Entry Cards. Advance preparation of cards will enable you to place your entries quickly and correctly.
- C. The Classification Committee and Judges reserve the right to subdivide classes when there are more than three worthy exhibits in a class and if at least three worthy exhibits will be left in each subdivided class.
- D. The Show Committee will attempt to ensure that all exhibits are entered in appropriate classes before judging begins. However, each exhibitor is responsible for the accuracy of the entry card of his/her own show entries.
- E. Judging begins after lunch, around noon on Friday, April 15, 2021. Exhibits, awards and ribbons may not be removed prior to the closing of the show listed on the cover of the schedule.
- F. Exhibitors may not change, alter, re-label, substitute or remove an exhibit after judging has begun. If the Show Committee discovers an error before judging is completed, affected classes will be re-judged. If the error is discovered after judging is complete, any award will be forfeited. The decision of the Judges and Show Committee Chair is final.
- G. See our website: [www.IndianaDaffodilSociety.org](http://www.IndianaDaffodilSociety.org) for tips and tricks on holding daffodils for show. Feel free to call this phone number until the day of the show: Sue Luken 812-722-7814.

## RULES FOR HORTICULTURAL EXHIBITORS

- 1. All classes in the Horticultural Division are open to anyone who grows daffodils, except as noted in the schedule, e.g., Classes G4 and M21 are only open to ADS members in good standing, and Section Z is only open to IDS members. See also Small Growers and Youth.
- 2. An exhibitor may make as many entries as desired in any class, provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
- 3. An exhibitor must have grown all blooms in the Horticultural Division in the open or in the open with temporary protection. Miniatures, species and container-grown daffodils may be grown in protected areas.
- 4. The RHS System of Classification will be used. Labeling authority for color code, year and originator is *Daffodils to Show and Grow*, 2016 edition, which is amended annually in the Dec. ADS Journal or Daffseek.org.
- 5. Color and Color Zone Definitions: **Color Code means both the RHS Division and color code, i.e., 2Y-Y.** The words “pink cup”, for example, describe daffodils where that color is solid, 2 W-P, or is present in two adjacent zones, 2 W-GPP or 2 W-PPY. The words “pink in cup” include daffodils with one or more cup zones of pink. The words “rimmed with pink” describe daffodils with pink only on the outer cup zone. “Colored” is any color other than white. **“Predominantly” means the same color in at least two adjacent zones.** A “reverse bicolor” has a color code indicating a predominantly colored perianth and a predominantly white cup. “Toned” refers to Dr. Throckmorton’s description of off-white, or very pale perianth color.
- 6. Only one First, one Second, and one Third Ribbon may be awarded in each class. Honorable Mention Ribbons may also be awarded if merited, but only if First, Second, and Third Ribbons have

been awarded. First, Second, Third and Honorable Mention Ribbons may be withheld by the judges if, in their opinion, the exhibit is not worthy.

7. Each stem in an exhibit receiving an ADS Award must score at least 90 on the appropriate ADS Scale of Points. Furthermore, if a Blue ribbon (First) has been awarded in a class eligible for an ADS Award, the judges may not withhold the ADS Award.
8. Single-stem and three-stem entries for one cultivar or species must correctly list name and color code on the Show Entry Card. Exhibitors will use a single tube for three stem entries to make a vase of three. Entries that are not named, or are incorrectly named, will not be judged.
9. All collections of five stems or more must be exhibited with each cultivar or species in a separate staging tube. Each daffodil in a collection must be *legibly* labeled with name and color code. In addition, name of originator is required for Country Collections: Classes E22 through E25 and M17, and year of introduction is required for Classics (Section L) and Historics (Section H). Exhibitors must provide their own labels. The name (type) of collection, for example, “White Collection”, “English Collection”, or “Quinn”, is required on the Show Entry Card.
10. Classic Daffodils are those standard daffodil cultivars originated between 1940-1969 inclusive. Blooms of Classic daffodils may be shown in all classes for named standard cultivars; however, only those shown in Classics (Section L) will be eligible for the ADS Classics Ribbons. Section L requires year of origination as well as cultivar name and color code on the Show Entry Card. The earliest date shown in *Daffodils to Show and Grow*, 2016 edition, which is amended annually in the Dec. ADS Journal or Daffseek.org. will be the authority.
11. Historic daffodils are daffodil cultivars originated before 1940. Blooms of historic daffodils may be shown in all classes for named cultivars; however, only those daffodils shown in Section H will be eligible for ADS Historic ribbons. Section H requires year of origination as well as cultivar name and color code on the Show Entry Card. The earliest date shown in *Daffodils to Show and Grow*, 2016 edition, which is amended annually in the Dec. ADS Journal or Daffseek.org. will be the authority.
12. Intermediate daffodils are standard daffodil cultivars in RHS Divisions 1, 2, 3, 4, or 11, having a single floret whose bloom size is typically above 50 mm up to 80 mm (2”-3 1/8”) in diameter. Intermediate daffodils may be entered in classes for standard daffodils, as well as classes reserved for Intermediate daffodils. This means Intermediates entered in collection classes, or Sections S and Y (as well as Section I) are also eligible for the ADS Intermediate Ribbon. We encourage exhibitors to use a colored marker available from the Show Committee to draw attention to entries outside the Intermediate Section for consideration for this ribbon.
13. Miniature daffodils may be shown only in classes for miniatures: Sections C, D & M and certain section classes as stated in the schedule. A miniature daffodil is any cultivar on the current ADS Approved List of Miniature Cultivars. Any named, numbered, or species daffodil which appears graceful, with all parts proportionally small, may be exhibited in the Miniature Classes, and is eligible for all ADS Miniature awards, except that only numbered seedlings shown by the originator shall be eligible for the ADS Miniature Rose Ribbon. A guideline when judging miniatures is that a single floreted cultivar normally possesses a flower less than 50 mm (1.97”) in natural spread. For a multi-floreted miniature daffodil, the guideline measurement for the floral mass is 72 mm (2.83”) in natural spread. The Judges may decline to judge any exhibit exceeding these measurements at the time of judging, or penalize as they find appropriate.
14. Blooms of seedlings may be shown in all classes for named cultivars. Seedlings shown by the originator require seedling number, color code and parentage, if known, and are to be marked with a colored marker if they are to be considered by the judges for the Rose Ribbon. Seedlings shown by others require the originator's name, seedling number and color code and are not eligible for the Rose Ribbon.

The painting shown on the front cover is shared by Nancy Maxwell with photo permission for use by IDS, while the painting itself was donated for auction at the ADS Convention of 2020 in Dallas, Texas.

The painting represents the naturalized daffodil fields of Helen Link, where Maxwell painted on site, “*plein air*,” with final touches added in the studio. Nancy met Helen and Goethe Link through a mutual friend and recalls a time spent with them among the daffodils, having lemonade.

It was after the passing of Helen Link (1912-2002) that Nancy returned to capture the Link gardens in

full bloom. We appreciate these shared connections to Helen, a founder of IDS and a charter member of ADS, who served as ADS President (1984-86), three separate terms as Director-at-Large, as well as on committees, and was awarded the silver and gold metals. Not only a successful exhibitor, she was an internationally known hybridizer of more than 50 registered cultivars along with unregistered seedlings, and she taught judging schools throughout the Midwest. In the March 2003 issue of *The Daffodil Journal*, her assistant in later years, Joe Hamm, eulogized Helen as a “...Renaissance woman who studied the breadth of daffodil horticulture, could be found anywhere on the 17 acres, even on a tractor, yet set a proper tea table.” [Helen Link photo from *The Daffodil Journal*, March, 2003.]
