Greetings!

Then two weeks later, on **Saturday, August 29th**, you will have your own chance to add to your daffodil collection - for very little cost! Details of the 4th annual **Bulb Roundup** are below! Volunteer with the bulb preparation and/or sales and earn free bulbs!

Now is also the time to pay attention to how much water your daffodil plantings are getting.

Keep reading for all the details! We hope to see you soon!

FOURTH ANNUAL BULB ROUNDUP

Members-only chance to get GREAT bulbs!

Put **Saturday, August 29th** on your calendar! DSM is hosting the 4th annual members-only [Bulb Roundup](#).

When:

Saturday, August 29th, 10 AM

Location:

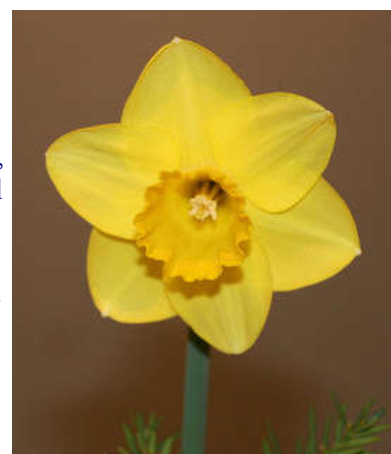

Michael Berrigan's home in Oakdale, MN (watch for directions in an email closer to the event)

Come enjoy morning snacks and add to your daffodil collection! It is also an informal "plant exchange", so if you are dividing some perennials you'd like to share with others, bring them along!

Bulb Roundup Details

First, you do not need to bring any bulbs in order to participate! But if you have some, great! The Roundup is a terrific way to add fabulous daffodils to your collection!

Everyone with dues paid through 2015 will draw a number. **Those who are (a) new members in 2015 or (b) have volunteered at least 4 hours during the past year will get to participate in the first two rounds of bulb choosing.** (*Hint, it's not too late to volunteer before this event - we need help cleaning and bagging bulbs for public sale - see the article above!*) Paper bags will be available to take your bulbs home with you. If you have one, bring your "Show & Grow" to reference.

If you can, bag up some bulbs to share (**not** required to participate!)

If you can donate bulbs to the Bulb Roundup, please let **Jenn Lanz** know in advance! Send her a list of cultivars and approximate quantity of bulbs before August 22nd. Please bag your bloom-size bulbs separately with a name label. If you need mesh bags for this, please **contact Jenn** by email or phone at 651-270-0281.

Bags of bulbs for the public sales will also be available for members to purchase on August 29th, in advance of the final "last chance" public sale September 26-27. Prices are the same as to the public: \$5 per bag or "Buy Four Get One Free"(5 bags for \$20).

WATER - WATER - WATER

As the summer winds down, pay attention to how much water your daffodil plantings are getting!

August

June and July rains have been nice so far. Your daffodil bulbs are still dormant. Their roots from the prior season have shriveled up. Try to avoid extra watering during July and August. As a long-time daffodil grower once said, "daffodils don't like wet feet" while they are dormant. But as the soil temperature begins to cool late in August, they will begin to wake up under ground.

September - October - November

Now your daffodil bulbs are awake - and they need water! You can't see it, but they are actively growing. New roots are developing, and late in the fall they will **chemically change so that they can survive our winters.**

So, whether you are planting new daffodils this fall or not, all of your daffodil plantings need lots of moisture every fall. If Mother Nature doesn't do it for us, drag those hoses around and give them sustained drinks through out the fall.
