**Bulb List – Miniature and Species Daffodils – 2010**

I think I have been collecting and sowing seeds of species and miniature daffodils too enthusiastically and I am almost overwhelmed with boxes and pots. Accordingly stocks must be reduced to allow space and time to deal with the many more seedlings in the pipeline. Stocks of many things are minimal and of variable size. I will try to send flowering size bulbs (I know better than to guarantee!) and where possible I will also include bonus "bits" that should soon grow on to full size given good care and culture.

**ORDERS: By post, telephone or e-mail (Don't forget Postal Address – about 50% do forget!!!)**

**Payment:** By cheque (£ & \$ only), Bank Draft or cash. Unless you are prepared to accept substitutes do not send payment with order. With such small stocks many may sell out quickly.

**Postage/Packing: At cost (impossible to estimate in advance.)**

**Price Codes:-** A = £1.00/1.50euro/\$2.00 B = £2.00/2.50euro/\$3.00  
 C = £3.00/3.50euro/\$4.50 D = £4.00/5.00euro/\$6.00  
 E = £5.00/6.25euro//7,50 F = £6.00/7.50euro/\$9.00
