

The small bulb specialists

# Broadleigh Gardens

Barr House Bishops Hull Taunton Somerset Tel: Taunton 86231

Further to our circular letter sent to all overseas customers last year, in which I explained that we were not exporting due to the fact that Lord Skelmersdale is now working permanently in London and consequently we are short-staffed here, I have found that re-organisation has taken longer than anticipated and have, therefore, decided that this year we will not offer our usual range of bulbs for export. Instead we give hereunder a list of some of our rarest miniature hybrid and species Narcissi, which are all that we are sending out in 1982 to those requiring phytosanitary certificates. I do hope you will find something to interest you.

As previously, our terms of business are that we cannot accept orders under £15 in value, excluding postage. Pre-payment is required to cover the cost of the bulbs but the exact cost of air mail postage will be notified at time of despatch and accounts adjusted accordingly. Bulbs are always sent by air mail unless we are requested not to do so. No discounts are allowed on overseas orders as considerable time is taken in special cleaning, etc.

<u>Name</u>	<u>Divis-</u> <u>ion</u>	<u>Description</u>	<u>Ht</u>	<u>Flower-</u> <u>ing Time</u>	<u>Price</u> <u>Each</u>
