Taranaki - New Zealand

INTRODUCTION

TO ALL DAFFODIL FANCIERS

We are pleased to present this catalogue and we feel sure you will find something of interest in it.

Featured are varieties raised by BROGDEN BULBS and these include 3 new releases that have proven show records.

Other new releases are Tazettas from Wilfred Hall and John Byrne who are both hybridists of distinction and their varieties are much sought after.

Although the early growing season was one of the driest on record with no significant rain until after the shows had finished, we had quite a successful show season. Our show record for 2001 includes - the NZ Raisers Cup; the Seedling Cup; and Premier 2y.p at both the NI and SI national shows. Our NDS premier blooms were - CAPREE ELIZABETH (2y.p) and SNOWY MORN (1w.w) at the NI; and WILD CARD (3y.w), 3.13/1 (2y.p) and 3.31/1 (Seedling) at the SI.

Undoubtedly the highlight of the year was Spud being honoured with Life Membership to the National Daffodil Society of New Zealand.

Several varieties previously listed are not included this year due to (1) being withheld to increase stock numbers (2) no longer grown by us. However if you require something that is not listed please inquire as we may be able to supply a bulb or two.

We thank our clientele and trust to merit your continued support.

Spud & Joy Brogden

GLOSSARY & ABBREVIATIONS

Flowering season in brackets: (E) Early (M) Mid Season (L) Late

CLASSIFICATION is followed by NAME, SEASON, SEEDLING NUMBER and a set of numbers for - flower width, corona length, perianth length and stem length.

NA	=	None available this season
NDC	=	Northern Daffodil Club
NDS	=	National Daffodil Society of New Zealand
NI	=	North Island
SI	=	South Island
GOLD RIBBON	=	In the U.S.A. the champion of show receives a gold ribbon

TERMS OF SALE
THIS LIST cancels all previous lists

SEASON CLOSES 28TH FEBRUARY 2002. Orders should be in by 31 January.
Bulbs will be despatched in February/March.

PAYMENT SHOULD ACCOMPANY ORDER: Please make cheques payable to
BROGDEN BULBS

POSTAGE AND PACKAGING: Add \$5.00 to each N.Z. order of less than \$100.
OVERSEAS CUSTOMERS: Add \$40.00 N.Z. per order, this also covers M.A.F.
inspection fees. Orders will be posted Air Mail.

PRICES: are per each, in N.Z. dollars

SUBSTITUTES: We will substitute (for N.Z. orders) when sold out of a variety, unless
requested otherwise.

STOCK: All stock offered is fully acclimatised and grown in our nursery at Normanby.
Our stock has a clearance from M.A.F. N.Z. for worldwide export.

YOUR NAME AND ADDRESS IN BLOCK LETTERS PLEASE

OFFSETS: of varieties listed at \$30.00 or over are available at one-third of the
listed price. Work out prices to the nearest whole dollar.

MIXED COLLECTIONS - NOT FOR EXPORT

Postage and Packing extra - see Terms of Sale

021	10 All different	\$15.00
022	20 Mixed	\$15.00

2002 RELEASES FROM OTHER RAISERS

8y.yyo **KAHURANGI** 126 - 94 (M)

This top quality show tazetta was raised by John Byrne of Nelson. It was bred from a 2y.r seedling (CRESCENDO x TAMINO) x (MARKSMAN x NARVIK) x MATADOR. Up to three large florets stand proudly on a very strong stem. The well overlapping, broad, slightly pointed, yellow perianth segments have good substance. The cup shaped coronas are a slightly deeper yellow and have an orange edge. The flowers are lightly scented. Premier Div.8 NI NDS show (Hamilton) 1996. KAHURANGI is pronounced KAR-WHO-RANG-E. Only 2 or 3 bulbs to go this season **\$60.00 each.**

8y.y **WINTER SUN** T2 (VE)

Raised by New Zealand's leading tazetta hybridist - Wilfred Hall, this variety is bred from BATHURST SELFED. A very early flowering tazetta that has up to 14 well formed florets held in excellent poise on a very strong stem. Perianth segments are quite round, smooth and of a clean mid yellow, while the smooth edged, small bowl shaped coronas are of a slightly deeper yellow. Pleasantly scented. **\$45.00 each.**

HAPPY PRINCE

NEW IMAGE

WINTER SUN

2002 RELEASES - BRED AND RAISED BY BROGDEN BULBS

Kiwi
2w.yyr **HAPPY PRINCE** 329/1 (M) 110 18 47 600

This brightly coloured, top quality show flower was bred from **FLYING HIGH x 95/25 (CONQUEST x BANDIT)**. The very broad shovel shaped perianth segments have excellent substance and texture, are flat and plane. Together with its whiteness the perianth forms a super backing to the wide (45mm) shallow bowl corona which is deep yellow with a distinct 6mm band of red. Though lightly serrated the corona has an entire edge which rarely catches with the perianth. Very strong in all plant habits. Premier 2w.r NDS NI show (Hamilton) 2000. **\$150.00 each. Offsets \$60.00 each**

2w.oor **MATARIKI GEM** 329/13 (M) 110 16 47 500

The same breeding **FLYING HIGH x 95/25 (CONQUEST x BANDIT)** as Happy Prince but this one is quite different in form. A high quality flower with broad ovate, very smooth perianth that is flat, plane and a very clean white. The disc like corona is yellow/orange with a deeper band of orange/red. The corona is lightly crimped and has a fine very serrated edge that surprisingly does not catch with the perianth. Strong plant, stem and neck. **\$100.00 each. Offsets \$40.00 each.**

2y.y **NEW IMAGE** 0.40/5 (M) 105 25 45 600

The silken smooth, thick textured perianth is so very broad and rounded that the back segments often overlap. Always flat but will reflex slightly after full maturity. The lightly flared cup shaped corona has an entire edge, and although short in length and quite narrow at the mouth, is well balanced with the perianth. The whole flower is evenly coloured mid yellow and it stands proudly on long stems. One of only a few of this type. Bred from **KIWI MOON x a DON BRAMLEY 2y.y SEEDLING**.

\$120.00 each. Offsets \$45.00 each.

RECENT RELEASES - BRED & RAISED BY BROGDEN BULBS

3w-yyr DEEP MEMORY 172/8 (LM) Sea Dream x Shell Bay 105 10 45 600

The very Broad perianth has a silver sheen and is smooth and plane. The small bowl shaped corona is soft yellow with a narrow band of orange red. **\$45.00 each.**

2y-wwy KIWI DAWN 357/8 (E) Sarita x a Fred Silcox 1y-w 100 35 42 500

Although useful for showing this one has been released as a breeding flower. With good reverse bi-colour breeding, rich clear colour, strong plant habits and its early flowering Kiwi Dawn has great potential. The pointed ovate perianth is smooth and of a deep sulphur yellow. The 3/4 length, thick cylinder shaped corona has a serrated roll and opens yellow but soon goes white with a distinct gold rim. **\$100.00 each. Offsets \$40.00 each.**

2y-r MAREE JEAN 136/2 (M) Pillar Box x Danger 100 22 42 500

This large, very strong growing yellow and red has broad, mid yellow preianth and a large, wide bowl corona of deep orange-red, Offered as a garden plant but it will add 'weight' when shown in a collection class. Quite sunproof, with a thick strong stem and excellent poise. **\$15.00 each.**

2w-w MOUNT EGMONT 263/4 (EM) Guiding Light x Silver Convention 110 42 47 550

This large show flower is well proportioned, very smooth and of great quality. Tall strong stem and plant. Premier 2w-w at NDS National Shows - 1997 and 1999. Best bloom at Nelson 1998 - shown by K & C Kerr. **Sorry - NA**

2w-p NEWS FLASH 84/24 (LM) Inverpolly x Jewel Song 110 27 45 500

A beautiful flower of glistening white and clean medium pink. The perianth is super smooth with the inner petals having a slight twist that gives charm to its show qualities. Strong plant and makes large bulbs. Premier 2w-p NDC late show 1999. **\$30.00 each.**

3w-r TEINA 155/2 (LM) (Avenger x Motif) x Crimplene 90 10 35 450

Perfect in form, vibrant in colour. The very smooth, round perianth of excellent substance and texture, is pure white. The disc corona is crimped with an entire edge and is of the deepest solid orange-red. A wonderful smaller sized show flower. **\$40.00 each.**

3y-w WILD CARD 240/2 (LM) Old Satin x Sabine Hay 105 13 45 500

One of the few in its class and quite a surprising result from this cross. WILD CARD is pale yellow on opening and takes 3-4 days to develop its lemon-yellow perianth colour and pure white corona. Best colour is obtained when covered from bud opening. Of large size with round, flat perianth and a crimped, small bowl corona. Makes a smallish bulb and light foliage but has very good stem and poise. Has been awarded several premiers at NDS national shows and at the Northern Daffodil Club's late show. Premier 3y-w NDS SI (Dunedin) 2001. **Sorry - NA**

The set of 4 numbers on the right of each first line are for - Flower diameter; Corona length; Perianth length; Stem length.

PRIOR RELEASES - BRED & RAISED BY BROGDEN BULBS

- 2w-p AIMEE JOY X95/4 (EM) (Caro Nome x Debutante) x Dear Me**
- This show quality pink has good substance and texture in the round, white perianth. The wide bowl corona has a serrated edge and is of a deep pink. Medium stem with a strong neck. Many premier awards including NDS show 1995. **\$15.00**
- 2wwy-y ARTISTS DREAM 248/23 (M) Flash Affair x Kareka 112 31 47 450**
- A bold flower that has very strong plant habits. The broad shovel shaped petals are smooth, plane and of great substance and texture. A distinct, greenish yellow halo sets off the white perianth and the yellow vase shaped corona with a serrated edge. Very consistent with excellent form and colour contrast. **\$40.00**
- 2y-r CAMEO GOSSIP 282/1 (E) Red Cameo x Kiwi Gossip 110 30 47 500**
- This early, bright yellow and red stands on long stems. The long ovate petals are very smooth and of deep golden yellow. The gently expanding corona has a neat flare and is intense orange-red. Produces wonderful bulbs. **\$25.00**
- 2y-p CAPREE ELIZABETH 142/2 (EM) Daydream x (Salmon Trout x Vision)**
- The quite broad pointed perianth is very smooth and coloured 'Daydream' yellow. The long vase shaped corona is a deep rosy pink. Many NDS premier 2y.p awards. Champion Bloom for Alan Paterson, Dunedin 2000. Premier 2y.p NDS NI (Wanganui) 2001. **\$10.00**
- 3w-yyr CENTREFOLD X46/2 (EM) Polar Imp x Bandit**
- Valued for its size and early flowering. The pure white perianth is broad, rounded, smooth and plane. A saucer corona with a crenate rim is light to mid yellow with a distinct band of red. Many local champions and NDS premiers to its credit. First Class Certificate 1992. **\$20.00**
- 2y-r DYNASTY X74/8 (M) T42 (Air Marshal x Orator) x Loch Hope**
- A round flower with near fully overlapping, smooth, mid golden perianth. The deep bowl corona is deeply (but neatly) serrated and is of brick red. A strong flower that is 'different' from others of this type. Excellent plant habits. Premier seedling, 2y.r and Champion Bloom NDS NI Show (Howick) 1987. Gold Ribbon winner Knoxville Tennessee 2000 and at the World Convention Show in Portland Oregon 2000. Only a couple to go. **\$20.00**
- 3w-gwy EDGELIGHT 177/2 (ML) Sea Dream x (Cadiz x Nola) 105 12 47 450**
- A very round flower with the front petals being nearly as wide as they are long and the back ones even wider. The white perianth is smooth and plane. The small, frilly edged, crimped corona is whitish with a lemon edge and a green eye. **\$45.00**
- 2w-yyo EGMONT CHARM X95/12 (EM) Conquest x Bandit**
- We consider this to be the best 'flat cupped' show variety. Near fully overlapped, white perianth is smooth and plane. Edged orange, the yellow corona is flat, wide bowl shape. Excellent poise, stem and plant health. Has form and beauty. **\$15.00**
- 2y-yor EGMONT KING 95/2 (EM) Orator x Loch Hope**
- A very large flower that has been (and still is) winning at shows since it first flowered in 1983. The long, broad, pointed perianth is mid-yellow and the slightly expanded corona is orange that deepens to red at the serrated edge. Strong plant. Has had several NDS Premiers and Champion Blooms. **\$20.00**

PRIOR RELEASES - BRED & RAISED BY BROGDEN BULBS

- 2w-y EGMONT PRINCESS X57/C (ML) Hostage x Bandit 112 25 48 550**
 A large, bold flower that consistently produces show quality blooms. The very broad ovate perianth is smooth and white while the deep bowl corona opens mid-yellow but fades to pale yellow with a lovely lime yellow band on the edge. NDS premier 2w.y in 1992. **\$10.00**
- 2w-w FLORENCE JOY X88/1 (EM) Guiding Light x a Verona seedling**
 The very broad triangular perianth segments are well overlapped, very smooth and plane, of excellent substance and texture. The half length, straight corona is very well balanced to the perianth. After a few days the whole flower is an even milky white. Excellent poise and plant but the large bulbs are often a bit rough. Many show awards at local and national level including - Premier 2w.w in Tasmania 1993, Champion Bloom NDS SI shows 1995 and 1998. Gold Ribbon winner Knoxville Tennessee 2001. **\$40.00**
- 2w-wyo HAPPY SMILES X95/19 (LM) Conquest x Bandit**
 A decorative flower that is offered as a garden plant rather than for showing. A very strong grower that produces blooms that appeal to all who want something different and showy. The perianth is very white, shovel shaped and of stiff substance. The wide, flatish bowl corona is of pale yellow and white with a broad band of orange-red at the edge. **\$5.00**
- 2w-oyo KIWI CARNIVAL 95/21 (M) Conquest x Bandit 105 18 43 450**
 Bright and very pretty with a wide disc corona that opens creamy yellow with a broad band of apricot orange; as the flower matures the colour deepens to shades of tangerine orange. The white, broadly ovate perianth reflexes slightly with age. Premier 2w.r NDS SI show 1998. **\$20.00**
- 3w-wwo KIWI DREAM 166/14 (EM) Janelle x OT45 (Cadiz x Nola)**
 The first of several lovely rimmed Div 3's to be released from this cross. The smooth, flat, pure white perianth forms an ideal back for the saucer shaped corona that has an entire edge and is white with a 5mm band of apricot orange. Excellent poise and strong plant. A distinct and eyecatching flower that appeals to all. **\$40.00**
- 3w-o KIWI RULER X94/4 (M) Sweet Luck x Bandit**
 Has very smooth, very broad ovate, white perianth and a small bowl corona of redish orange. Long stems and good plant. A quality show flower. Premier 3w.r NDS SI (Timaru) 2000 **\$50.00**
- 3w-y NEW HOPE X71/1 (M) Verona x Motif**
 Large for this division and very consistent for showing. The white perianth is very broad, rounded, very smooth and flat. The shallow bowl corona of mid lemon yellow is lightly crimped. Tall stem and strong plant. 3 times premier at NDS shows and Reserve Champion at Canberra 1992. **\$10.00**
- 2w-y ON TARGET X96/3 (LM) Top Model x Bandit 105 17 45 550**
 The strong, large blooms are consistently of top show form. The very broad, round, white perianth has great lasting quality. A wide, shallow bowl corona is lobed and is coloured light limey yellow. NDS Premier 2w.y NI 1997. **\$20.00**

PRIOR RELEASES - BRED & RAISED BY BROGDEN BULBS

2w-w SILVER KIWI P83/6 (ML) Verona x unkown

A wonderful, large, pure white that has a silver sheen. The fully round perianth segments are very smooth, slightly cupped at the edges and thick textured. The shallow bowl corona is crimped and has a serrated edge. Many premier awards. **\$10.00**

2y-r SOME DAY X 97/2 (EM) Orator x Torridon

A show flower with excellent form, colour and plant habits. The well overlapping, slightly pointed perianth is very smooth and flat. The neatly serrated goblet corona is a uniform deep red to the base, while the perianth is a deep yellow with a touch of gold. Many show awards including Champion Bloom at the World Daffodil Convention (Hobart) 1988. Premier 2y.r NDS NI 1992. Champion Bloom at Blenheim 2000. **\$10.00**

2w-w Snowy River - has been renamed STONY RIVER

3y-r STARDOM X92/2 (LM) Kiwi Invader x Achduart 92 12 40 500

Always neat, consistent and of good form. This medium sized flower has a broad ovate, smooth, plane perianth of clear mid-yellow. The bright orange red, deep saucer corona is lightly lobed. Excellent poise and strong plant, stem and neck. Several times best NZ raised at shows in USA. **\$15.00**

2w-w STONY RIVER P79/3 (ML) A Verona Seedling x Unknown

Not large but consistent in producing show blooms. A very round flower with a small bowl corona that shows a little yellow on opening but soon becomes the same white as the perianth. A 'clean cut' flower on a strong plant. **\$8.00**

3w-w SURFER GIRL X72/2 (LM) Sea Dream x Verona 95 12 43 600

Medium to large size with very broad ovate perianth and small bowl corona. A neat flower that is always smooth and plane. **\$10.00**

2yyw-w TURNING POINT 354/P5 Star Tracker x a Fred Silcox 1y.w 110 38 46 450

An excellent show flower that has 'real beauty' and strong plant habits. The broad, smooth, pointed ovate perianth is always plane and is coloured a mid sulphur yellow and has a lovely white halo. The cylinder corona is flared at the mouth and has a crenate edge. After 2 or 3 days the corona is pure white. A 'different' 2y.w. Only 1 or 2 to go. **\$100.00**

2yyw-wwy TWILIGHT ZONE X74/G22 (EM) Daydream x Gold Bank

The perianth that is long, broad and flat, opens 'Daydream' yellow that deepens to mature with a white halo at the base. The neat, 5/8th length, cup shaped corona opens lemon, changes to white with a sulphur (and some times a slight pink tinged) edge. Long, strong stems, healthy plant and excellent bulbs. US Gold Ribbon winner in 1989, 1990, 1992 and 1993. **\$10.00**

2y-y WINNING WAY 137/8 (LM) Thunderbird x (Iberia x Gold Bank)

This outstanding show flower has twice been Champion Bloom at NDS shows and was a Gold Ribbon winner, Eugene OR, 1999. The very broad, shovel shaped perianth is plane, silken smooth and is a clean mid-yellow. The deeper yellow corona is a 3/4 length cylinder with a smooth edged half roll. This slow increaser has superb form, balance and poise. **Sorry N/A**
