WORLD'S FINEST BULBS FOR  
1996  
FALL PLANTING  
FOR YOUR 1997 SPRING GARDENS

Only the daffodil pages are  
included here.

# UPDATE FROM NEW HOPE

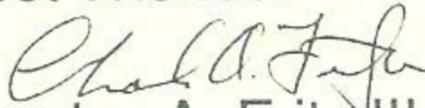

The winter storms and cold prevented us from making as many changes as we might have wished to the garden but it certainly was good for the bulbs. People are still talking about the great spring everyone has had in terms of their tulips repeating strongly. Last year's cool Spring was probably equally to thank.

In any case some of our new expanded beds were blooming and much admired, and people made their way through the new parking arrangements. We will be improving them again this summer and fall for you to admire next Spring.

Our gardens are **unique**. They display the hundreds of varieties we can offer - a great number of which we cannot include in our catalog. Come and make your selections from the colorful flowers themselves.

We have listed new and interesting varieties and hope you will feel inspired to experiment with a few. Please feel free to write or call if you have questions about any varieties that are not listed - we may well be able to obtain them for you. We'll try anyway!

Best Wishes!

  
Charles A. Fritz III

## TERMS OF SALE

All items are offered subject to prior sale and to safe arrival in our packing rooms.

**Shipping and Packing Charges:** Please add to order total:

\$0. to \$30 .....	\$2.95
