# CHARLES H. MUELLER CO.

## 1999 HORTICULTURAL CATALOG

Only the daffodil  
pages are included  
here.

*WORLDS FINEST BULBS FOR  
1999  
FALL PLANTING  
FOR YOUR 2000 SPRING GARDENS*

NOTE: LOWER PRICES THIS YEAR (p.1)

# UPDATE FROM NEW HOPE

We hope you will enjoy browsing through our new catalog while putting together your order. We have included several new varieties that were popular in the garden this year and some new amaryllis varieties. **Why not try them?**

The display garden was only 5 days early this season, and it was a pleasure to have the blooms a little more predictable this year. Of course, it also helped to have good weather for viewing in the display garden. If you have not yet visited, our gardens are **unique**. They display the hundreds of varieties we can offer - a great number of which we cannot include in our catalog; they must be ordered in the Spring. I hope you will come and visit next year for your first or fifteenth visit. Each season is individual.

We wish you a most colorful growing season. The general strength of the dollar has continued to hold down prices from Holland, **so look for continued lower prices.**

With Best Blooming Wishes,

Charles A. Fritz III

---

## **Bulb Sizes:**

CHARLES H. MUELLER CO. has made its reputation for selling the largest size bulbs available and by having these bulbs be true to variety. With our **DN I daffodils** you have probably noticed that our bulbs are much larger and have larger splits than those available elsewhere.

Generally the catalogs and especially the so-called "wholesale" catalogs sell only the smaller size DN II and DN III, naturalizing size, bulbs.

---

## **TERMS OF SALE**

All items are offered subject to prior sale and to safe arrival in our packing room.

**Note: VISA and Mastercard** are accepted. Please show card number, expiration date and sign order.

**Substitutions:** Please note on order form if we may substitute if your requested variety is sold out or not available from the suppliers.

# DAFFODILS / NARCISSUS

CLASS	NO	VARIETIES	PER 10	PER 25
