**CHARLES H. MUELLER CO.
AND
BUNDLES OF BULBS, INC.**

Dear Bulb Enthusiasts:

What a strange Spring! First a warm winter, early blooming bulbs, and then the catastrophic hot spell that severely limited the tulip season. Hope you enjoyed your flowers longer than we could!

As a way to economize, we have reduced the size and scope of the catalog, but have increased the number of pictures and detail available on the website. Although not everything is pictured, it is the closest we have come to a picture catalog.

We wish you a happy 2002 and a most colorful growing season. The strength of the dollar is still helping prices, so continue to look for many lower prices! We will be adding additional pictures of the bulbs in the catalog to the web site, so please visit.

With Best Blooming Wishes,

Charles A. Fritz III

Bulb Sizes:

Charles H. Mueller Co. has made its reputation for selling the largest size bulbs available and by having these bulbs be true to variety. With our **DN#I daffodils** you have more flowers per bulb, plus the bulbs are much larger and have larger splits than those available elsewhere.

Generally the catalogs and especially all the so-called "wholesale" catalogs sell only the smaller size, DNII and DNIII, naturalizing size bulbs.

TERMS OF SALE

All items are offered subject to prior sale and to safe arrival in our packing room.

Note: VISA and Mastercard are accepted. Please show card number, expiration date and sign order.

Substitutions: Please note on order form if we may substitute if your requested variety is sold out or not available from the suppliers.
