AND
MODERN HYBRID DAFFODILS

The Old Cottage, Purshull Green, Elmbridge, Droitwich, Worcestershire.

OPEN DAY

Anyone interested in seeing the daffodils, will be welcome to visit our gardens on Sunday 20th April 1986.

It can be arranged to see the daffodils on other days, but by appointment please.

NEW INTRODUCTIONS 1986.

BEN LEDI (Lea) 2W-W Mid-Season.

A beautiful white flower of outstanding pedigree. The large perianth petals are flat, smooth, and rounded at the tips. The well proportioned cup has a nice green base and gently expands to give a very refined appearance to the flower. Good stem and neck that holds the flower well. Its sister seedling was exhibited in John Lea's Winning Engleheart Cup 1984. Seedling No. 2-32-76.

Breeding Misty Glen x Croila.

Price each £20.00

BRIERGLASS (Lea) 2W-W. Mid-Season.

A flower as polished as the finest crystal glass. A medium sized flower that can only be described as a white Golden Aura. First prize R.H.S London 1985. Seedling No. 2-21-75.

Breeding Croila x Ashmore.

Price each £17.50

BROADWAY VILLAGE (Postles) 2Y-YR. Early-Season.

This very colourful flower has been named after one of the prettiest villages in England. The mid-yellow perianth petals are smooth, flat, very broad and of excellent substance. The roundish shape of the flower is only broken by the pointed tips. The rather flat cup is bright red with a yellow base that gives the whole flower a very fiery effect. An excellent plant that is tall strong and early flowering. Seedling No. 7-42-75.

Breeding Stourbridge x Torridon.

Price each £15.00

CHINA DOLL (Postles) 2W-WWP. Late-Season.

This is the first pink rimmed flower that I have raised from Dailmanach, which has received the award of Best Seedling at the 1984 Daffodil Society Show. Sparkling white perianth that is broad, overlapping, and is full of substance. The large cup expands gently to a distinct pink rim. A truly beautiful flower. Seedling No. 2-34-74.

Breeding Lea Seedling x Dailmanach.

Price each £30.00

HALGARRY (Lea) 3W-YR. Late-Season.

A beautifully smooth round flower formed by very broad perianth petals of glistening white. The small non-predominant cup has a bright red serrated rim. A long lasting flower of consistent show quality with a good tall stem and neck. Shown in the Winning Engleheart Cup 1984. Seedling No. 1-25-76.

Breeding 68/15a x Colley Gate.

Price each £20.00

HESLINGTON (Postles) 3W-GYR. Late-Season.

This is a very attractive flower by any standard. The smooth well overlapping perianth has delicately pointed tips giving a very pleasing appearance to the flower. The small neat cup has a serrated edge of bright red. A superb non-predominant which is very consistent in form. Seedling No. I-8-74.

Breeding Accolade x Aircastle.

Price each £20.00

LOCH RIMSDALE (Lea) 2Y-R. Mid-Season.

This is an outstanding flower that continues the tradition of John Lea's fabulous yellow-reds. The deep yellow perianth petals are almost round in shape, very flat and smooth, inherited from the pollen parent. The cup is beautifully proportioned and of deep orange red. A first class show flower that received the award of Best Seedling at the 1985 Daffodil Society Show. Seedling No. I-38-73.

Breeding I-I8-66 x Torridon.

Price each £25.00

INTRODUCTIONS 1985.

COLLEY GATE (Lea) 3W-YR. Mid-Season.

This quite distinct Div 3 flower is a sister seedling to Cairntoul. It has a beautiful white, slightly pointed perianth which is very smooth and well overlapping. The very neat cup is evenly divided between yellow and bright orange-red, with a nicely frilled edge. A very successful show flower being exhibited under No. I-27-67 winning many first prizes. Featured in A.D.S Journal December 1982, page 69. A good plant with a tall stem and strong neck that holds the flower perfectly.

Breeding Merlin x Rockall.

Price each £10.00

KILLEARNAN (Lea) 9W-GYR. Late Mid-Season.

A very beautiful new poeticus raised by the late John Lea. As he did not often hybridize in this division this is quite a rarity. The round, sparkling white perianth is contrasted by a lovely cup, which is deep moss green at the base, shading to yellow and ends in a deep red pleated edge. Very sweetly scented. A good plant with a strong constitution and very consistent. Shown in excellent form at the R.H.S Show 1984, on the trade stand and to the Floral Committee. Seedling No. 5-80-74.

Breeding Greenfinch x Andrew Marvel.

Price each £12.50

Only a few bulbs available.

LIVERPOOL FESTIVAL (Lea) 2Y-O. Late-Season.

This is a very fine, quite large flower and surprisingly late for this division. The flat, very smooth perianth of golden yellow is well overlapping. The bright orange cup is practically sunproof. Shown in several of my winning exhibits at the Liverpool International Garden Festival 1984. I purchased this stock under No. 2-25-69 and has proved a most consistent flower. Strong stems that hold the flower very well. Good bulbs that increase rapidly.

Breeding Vulcan x (Tanera x Sheildaig)

Price each £7.50

GENERAL LIST (John Lea)

ACHDUART (Lea) 3Y-R Mid-Season.

A large and beautifully formed red and yellow. A most consistent flower with a lovely smooth perianth of soft gold, nicely balanced by a neatly expanded red cup. Quite the best Div 3 red-yellow yet raised. Was given Award of Merit, R.H.S., as a show flower the first time it was shown in the winning Engleheart Cup Group. A strong and vigorous plant with a good stem and neck. A sister seedling of Torridon. Best flower R.H.S 1974, 1981 and 1982.

Breeding (Spry x Carbineer) x Vulcan.

Price each £5.00

ACHNASHEEN (Lea) 3W-W Late Mid-Season.

A really fine Div 3 white with a dazzling perianth which is a great deal whiter than most. Of good form with a very small white, rather flat cup. A strong grower of consistent quality

Breeding Suilven x Hamzali.

Not available for 1986.

ARNDILLY (Lea) 2W-R. Mid-Season.

A very elegant red and white flower with a neat cup of deep red that provides a lovely contrast to the very white perianth, formed from smooth broad and overlapping petals of great substance. A beautifully balanced flower, held on a tall stem with a good neck.

Breeding Un-Named Seedlings.

Price each £3.50

BADANLOCH (Lea) 3W-YYO Late Mid-Season.

A very large striking flower of great promise carried on a tall strong stem and neck to match. The beautifully white perianth is made up of broad smooth, bluntly pointed inner petals, whilst the outer petals are rounded giving a nearly circular flower. The expanding cup has small neat serrations at the mouth, nicely balancing the large perianth. It is pale greeny yellow at the base shading to lemon for $\frac{2}{3}$ of its length, ending in a bright orange rim that is well-defined. A tall strong plant that holds the flower correctly. In the winning Engleheart Cup Group 1980.

Breeding Dalhauine x Seedling

Price each £12.50

BALLINDALLOCH (Lea) 2Y-Y Early-Season.

An elegant Div 2 flower. The perianth is of deep rich gold, formed by broad bluntly pointed inner petals, the outer petals are rounded. The rather narrow gently expanding elegant cup is a shade darker in colour and is nicely serrated at the mouth. A good strong plant with a tall stem that is consistent in quality. First shown at the R.H.S Daffodil Competition 1981, under Seedling No. 3-5-72.

Breeding Arctic Gold x (Seedling x Capitol Hill).

Not available for 1986.

BALVENIE (Lea) 2W-WPP Late Mid-Season.

A very strong large and vigorous pink that forms a large hard bulb that increases well. The white perianth is formed from broad overlapping petals, beautifully in proportion to the half length cup that expands to end in a neat frill and a bright green eye at the base. The cup is pale pink gradually becoming deeper pink at the mouth. In the winning Engleheart Cup Groups 1977-1978-1979.

Breeding Inverpolly x (Seedling x Merry Widow).

Price each £3.00
3 for £7.50

BEN AVON (Lea) IW-W. Early Mid-Season.

A very large white trumpet. The outer perianth petals are extremely broad and bluntly pointed. The inner petals, nearly as broad, are rather more sharply pointed, giving great elegance to the flower which is inherited from Canisp. The rather narrow trumpet, dark green at the base, is gently expanding and ends in a neat half roll. A long lasting and very beautiful flower. Shown in the Engleheart Cup 1980.

Breeding Canisp x (Glenshesk x Empress of Ireland) x Canisp

Price each £12.50

BEN HEE (Lea) 2W-W Mid-Season.

A sister seedling to Inverpolly. This is a beautiful medium sized flower. Both perianth and cup are very white. The perianth is perfectly formed and very smooth. A most consistent flower and good strong plant. In both Engleheart Cup and Devonshire Trophy exhibits 1978.

Breeding Easter Moon x Omeath.

Price each £2.00
3 for £5.00

BEN LOYAL (Lea) 2W-R Mid-Season.

A very large flower on a strong stem. The perianth petals are broad overlapping forming a nearly round flower. Bred from two un-named seedlings that I have used particularly for white perianths. The resulting perianth is glistening white and forms a majestic background for the well balanced orange-red cup. Shown in the winning Engleheart Cup 1975.

Breeding Un-named Seedlings.

Price each £3.50

BUNCLODY (Lea) 2Y-R Late-Season.

A brilliantly coloured flower with an intense red cup and a smooth flat perianth of richest gold. A medium sized flower, very useful as a late red-yellow. A consistent show quality flower and excellent in the garden. In the winning Engleheart Cup Group 1975.

Breeding Revelry x Seedling.

Price each £2.50

BURNTOLETT (Lea) IW-W Mid-Season.

It is a beautifully smooth textured pure white flower of largest size which consistently produces good show specimens. The petals tend to hood slightly but they are easily pressed back to remain perfectly flat at right angles to the long and nicely flanged trumpet. Best Bloom Daffodil Society Show 1984.

Breeding Glenshesk x Empress of Ireland.

Price each £6.00

CAIRNTOUL (Lea) 3W-00R Late Mid-Season.

A very striking flower. The brilliant white perianth is formed from smooth flat petals that are carried at right angles. It makes a great contrast to the bright red flat cup. An exceptionally tall flower with a strong stem and good neck. Very consistent in show quality as its record shows. Seedling No. 2-27-67. Won R.H.S Single Bloom Class 1977 and in the winning Engleheart Cup Groups 1978-1979-1981-1982 and 1983.

Breeding Merlin x Rockall.

Price each £7.50

CREAG DUBH (Lea) 20-R Early Mid-Season.

This very unusual flower caused great interest when first shown in London in 1976. The perianth is coppery orange red, being only a little paler than the orange cup. A medium to large size flower, on a tall strong stem. This new colour break is going to be very important for breeding self orange and red flowers. Seedling No. 2-26-69. Shown in the Engleheart Cup Group 1980.

Breeding (Chungking x Spry) x (Home fires x Vulcan).

Not available for 1986

CONGLASS (Lea) 4W-W Late-Season.

One of the very few pure white doubles, the outer petals are broad and flat, the inner segments are evenly spaced and are the same white as the outer petals. A strong plant of medium size. Increases very well. Seedling No. I-56-73.

Breeding (Pitchroy x Palaise) x Pitchroy x (Rose Royal x Salmon Trout).

Not available for 1986.

CANISP (Lea) 2W-W Early Mid-Season.

An outstandingly beautiful flower of near trumpet proportions and of the highest quality. The lovely smooth perianth is formed from pure white petals, broad and overlapping slightly pointed at the tips and making a most elegant foil for the trumpet that is slightly expanding, sometimes the mouth is neatly rolled. The base gleams with green lights. This elegant flower is most consistent and has been Best Bloom at R.H.S Shows on several occasions and in the winning Engleheart Cup Group 1971. Best Bloom R.H.S Competition, R.H.S Show and Daffodil Society Show 1983 season.

Breeding Ave x Early Mist.

Price each £4.00

CROILA (Lea) 2W-GW Late Mid-Season.

A lovely all white Div 2 flower of nearly perfect symmetry and form. The perianth petals are broad and bluntly pointed, smooth and flat. The short cup is straight sided except at the mouth where it expands to form a nice even half roll. A very consistent flower with a good stem and neck that holds the flower perfectly. Best Seedling Daffodil Society Show 1977. Seedling No. I-25-68.

Breeding Pitchroy x Seedling.

Price each £5.00

CUL BEAG (Lea) 3W-R Mid-Season.

One of the finest Div 3 flowers. A perfectly formed flower with broad rounded petals making an almost round perianth. The well formed cup being an intense red. The very white perianth forms a perfect background. A consistent and strong growing plant, shown in the winning Engleheart Cup Group 1971-1973-1975-1977 and 1980.

Breeding Un-named Seedlings.

Price each £10.00

DAILMANACH (Lea) 2W-P Late Mid-Season.

A superb pink of great quality and breeding. The first "pink" to be awarded the medal for the Best Flower in the R.H.S Show 1972. The glistening white perianth is perfectly smooth and flat, being formed by very broad petals, rounded at the tip and of great substance. The $\frac{3}{4}$ length cup is clear bright pink to the base, but a deeper pink at the mouth where it expands sharply into a lovely half roll and is neatly serrated. A strong plant and very consistent. Shown several times in the Engleheart Cup Group. Was not only the Best Flower R.H.S Show 1979 but the reserve Best Flower and the Best in the Novice Classes. In New Zealand it won the Ramsey Cup for pinks. Has now proved itself a superb parent for pinks.

Breeding Inverpolly x Seedling.

Price each £15.00

DALHAUINE (Lea) 3W-R Late Mid-Season.

One of the best red and white Div 3 flowers to date. A very consistent flower. The perianth is smooth and very white with a well proportioned deep red cup which is nicely frilled. Shown in the winning Engleheart Cup Group 1975.

Breeding Un-named Seedlings.

Price each £3.50

DELNASHAUGH (Lea) 4W-P Late-Season.

A very exciting new pink double which was first seen under Number 3-39-68 at the A.D.S Convention Philadelphia, where it created great interest. The broad flat perianth petals are of good substance and rounded at the tip. The double inner segments are clear deep pink and evenly spaced, with the whiter petaloids making a beautifully balanced flower. Which in spite of its size and weight is carried perfectly by the strong stem and neck. The flowers last an unusually long time and keep their clean pink colour to the end. A very useful flower for breeding that increases well.

Breeding Kinbrace x Romance.
Only a few bulbs available.

Price each £17.50

ELPHIN (Lea) 4W-WPP Late-Season.

A bright pink and white double that is most elegant. About average size for doubles and is a good grower. As it normally carries both pollen and stigma it can be useful for breeding.

Breeding Fionn x Rose Caprice.
Only a few bulbs available.

Price each £7.50

ERISKAY (Lea) 4W-Y Late Mid-Season.

The outer perianth petals are flat, forming a smooth frame for the neatly double inner yellow segments and white petals in alternative layers. The yellow segments are faintly flushed with pink and are slightly serrated and frilled. A good stem and neck holds the flower well. A strong and vigorous plant that increases freely. The flower normally carries both anther and stamen.

Breeding Un-named Seedlings.

Not available for 1986.

GLEN CASSLEY (Lea) 3W-W Late-Season.

This is a beautiful pure white medium sized flower with great elegance and is one of the whitest flowers raised. The very broad petals well rounded at the tip, form a nearly circular perianth. The rather flat cup that is neatly serrated, opens with a pale citron yellow rim that soon fades to pure white. A fine show flower with a good stem and neck. First shown under No. 2-28-72 in the winning Guy Wilson Memorial Trophy in 1982.

Breeding Achnasheen x Loch Assynt.
Only a few bulbs available.

Price each £15.00

GLEN CLOVA (Lea) 2Y-ORR Early-Season.

A flower of almost trumpet proportions. The broad slightly reflexing petals form a nearly circular perianth of rich deep gold. The trumpet, orange at the base, turns to a striking red at the mouth. The flower in our part of the world is sunproof and should be useful for breeding red trumpets.

Breeding (Vulcan x Capitol Hill) x Arctic Gold.

Not available for 1986.

GLEN ISLA (Lea) IW-GW Mid-Season.

A large and majestic very white trumpet with a lovely green flush at the base. The smooth pure white perianth petals are very broad, rounded at the tip and form a fine background for the trumpet that is beautifully proportioned. A good show flower and a strong plant that increases rapidly.

Breeding Seedling x (Rose x Inverpolly)

Not available for 1986.

GLEN ROTHES (Lea) 2W-P Late-Season.

A lovely medium sized pink, bred from Inverpolly. The $\frac{3}{4}$ length cup gradually expands to end in a neat half roll of rich pink, solid to the base. The perfectly smooth white perianth is formed with broad flat petals, being pointed at the tip. A fine flower which has been very consistent in form. It has a strong stem and good neck that holds the flower correctly. In the winning Engleheart Cup Group 1978.

Breeding Inverpolly x Fionn.

Not available for 1986.

GOLD CONVENTION (Lea) IY-Y Mid-Season.

A new break in golden trumpets. This wonderful flower has a nearly round flat perianth formed from immensely broad smooth petals, well rounded at the tip. The trumpet is rather narrow, slightly expanding to a neatly serrated mouth and is of rich maximus gold. The whole forming a very beautiful and elegant flower on a tall stem with a good neck. A vigorous and very consistent show flower that has four times been in the winning Engleheart Cup Group. Seedling No. I-32-68. Best Bloom Daffodil Society Show 1985.

Breeding Un-named Seedlings.
Only a few bulbs available.

Price each £37.50

INVERPOLLY (Lea) 2W-W Late-Season.

This outstanding flower has a very large, perfectly smooth perianth formed from broad rounded petals and a short rather straight cup. The whole flower is pure white and is most consistent in show quality. The cup on opening is palest peachy pink, which quickly fades to pure white. Most successful in breeding "pinks" that inherit Inverpolly's superb perianth. Several times Best flower in R.H.S Shows and the winning Engleheart Cup Group 1971 and 1977. Best Vase of three at Chambersburg U.S.A 1972.

Breeding Easter Moon x Omeath.

Price each £6.00

LOCH ASSYNT (Lea) 3W-GWO Mid-Season.

A very attractive "rim" with a large very smooth perianth of glistening white. The well proportioned cup is neatly frilled and has an orange rim fading to pale yellow at the base. Shown in the winning Engleheart Cup Group 1977. It is proving a very valuable parent for some beautiful rims.

Breeding Seedling I-I-55 x Syracuse.

Price each £2.50
3 for £6.00

LOCH BROOM (Lea) 3W-ORR Late Mid-Season.

A brilliant white perianth, broad and rounded at the tip. The outer edge of the petal incurves slightly towards the tip, making a lovely flat background for the rather small **Sold Out** red cup, which is serrated and slightly frilled. A good strong plant. First shown in Engleheart Cup Group 1976 and again in 1980. Seedling No. I-24-67.

Breeding Seedling x Ohio.
Only a few bulbs available.

Price each £10.00

LOCH BRORA (Lea) 2W-O Mid-Season.

An unusual and very striking flower. The perianth has snow white, satin smooth petals that are broad and bluntly pointed. The rather large cup is deeply serrated and expanding in vivid orange to the base. The flower is perfectly carried on a strong stem and neck. A vigorous plant. First shown under seedling No. I-31-64 at the A.D.S Convention Show Boston 1979, when it was runner up to the best flower.

Breeding Seedling x (Seedling x Brahms)

Price each £10.00

LOCH CARRON (Lea) 2Y-R Early Mid-Season.

A beautifully smooth flower that consistently produces show quality flowers. The perfectly smooth and flat perianth is deep rich gold bordering on orange. Broad rounded petals make a perfect background for the neat rather small straight sided cup, that is fiery red to the base. A good stem and neck holds the flower very well.

Breeding (Capitol Hill x Vulcan)x (Capitol Hill x Vulcan)

Price each £10.00

LOCH COIRE (Lea) 3W-R Late Mid-Season.

The sparkling white smooth perianth is formed by very broad outer petals that are rounded at the tip, the inner petals being bluntly pointed. The small neat cup, slightly expanding with small serrations is coloured bright cherry red solid to the base without staining. A good tall stem and neck holds the flower well. A grand plant of rapid increase. Seedling No. 2-20-74.

Breeding (Loch Assynt x Merlin) x Purbeck.

Not available for 1986.

LOCH HOPE (Lea) 2Y-R Early-Season.

One of the finest red and yellow Div 2 flowers. An early flower being one of the first to open. The perfectly formed perianth is of the richest gold and the beautifully formed cup is of intense red right to the base. A very consistent flower and a winner in any class. Best flower in R.H.S Show 1970 and 1980. In the winning Devonshire Trophy and Reserve Best Bloom in 1978 and in the winning Engleheart Cup Group 1979 and 1980.

Breeding Seedling x Vulcan.

Price each £3.50

LOCH LOYAL (Lea) 2Y-R Early-Season.

A very striking and richly coloured flower. The perianth being formed by large broad overlapping petals. The whole perianth being a very rich golden yellow, in fine contrast to the fiery red cup which holds its colour solid to the base. The cup is slightly expanding with neat serrations at the mouth. A strong plant with a tall stem and neck that holds the flower well. Previously shown under Seedling No. I-9-7I in the winning Engleheart Cup Group 1979 and 1980.

Breeding Achduart x Seedling.
Only a few bulbs available.

Price each £15.00

LOCH LUNDIE (Lea) 2Y-R Early Mid-Season.

A very consistent flower. The petals are broad and overlapping, rounded at the tip, and the edges slightly incurved to form a beautifully smooth perianth of rich soft butter yellow. The corona, slightly expanding with a neatly serrated mouth is bright red to the base. A very striking contrast of colours. The flower is carried naturally with great poise by a good strong stem and neck. The breeding is from a series of seedlings that originated from Spry-Chungking-Carbineer. Shown in the winning Engleheart Cup Group 1977-1978 and 1979. Best Flower Daffodil Competition 1978.

Breeding Un-named Seedlings

Price each £10.00

LOCH MABERRY (Lea) 2Y-R Mid-Season.

A beautifully smooth flat perianth of apricot yellow the petals being broad flat and rounded at the tip. The short straight cup is slightly expanded and is solid red to the base. The mouth of the cup is neatly serrated. A strong plant with a very good stem and neck. Consistent in quality and form, it increases well. Seedling No. 2-II-74.

Breeding Torridon x 2-38-66.
Only a few bulbs available.

Price each £20.00

LOCH MEADIE (Lea) 2Y-R Early-Season.

A brilliant coloured flower. The quite large perianth is rich dark gold with just a hint of an orange flush, and is formed by broad petals, the inner bluntly pointed and the outer rounded. The small fiery red cup is partially sunproof and is nearly straight sided ending in small neat serrations. A good strong plant that increases well, good stem and neck. Seedling No. I-42-73.

Breeding Torridon x Drumrunie.

Not available for 1986.

LOCH MORE (Lea) 2Y-R Early-Season.

The lovely perianth is bright yellow and like its pollen parent it is perfectly smooth and of great substance. The broad inner petals are rounded at the tip. The flat outer petals are slightly incurving on the edges. The bright red cup is neatly serrated and coloured solid to the base. A beautiful medium size flower. A good strong plant. First shown under Seedling No. I-3-73, in the winning Engleheart Cup Group 1981.

Breeding (Seedling x Falstaff) x Torridon.
Only a few bulbs available.

Price each £20.00

LOCH ROAG (Lea) 3W-R Mid-Season.

The pure white perianth is broad and bluntly pointed forming a splendid contrast to the deep red cup, coloured solid to the base without staining the petals. The cup rapidly expands into neat serrations. A good upstanding plant with a strong stem and neck. A long lasting flower and one of the earliest in this division. Shown under Seedling No. I5-5-71.

Breeding Unknown.

Not available for 1986.

LOCH TROOL (Lea) 3W-YRR Late-Season.

A very attractive flower with a beautifully smooth perianth formed from very broad pure white petals, the inner ones being bluntly pointed and the outer petals rounded. The small neat cup is gently expanded with light serrations. A very consistent flower with good stem and neck. Good plant that increases well. Seedling No. I-21-74.

Breeding Cairntoul x Purbeck.

Not available for 1986.

LOCH TURNAIG (Lea) 2W-R Mid-Season.

A beautifully contrasted red-white flower of good size. The flat perianth formed from shovel shaped petals of great substance, rounded at the tip. The outer edge is slightly incurving. A lovely foil for the bright cherry red cup, that is neatly frilled at the mouth. The good tall stem and neck holds the flower well. A strong plant that has shown steady improvement.

Breeding (Eribol x Rockall) x (Matapan x Loch Crewe)
Only a few bulbs available.

Price each £10.00

MELDRUM (Lea) IY-Y Early-Season.

A large and beautifully formed trumpet of rich dark gold. The trumpet, being darker than the perianth is nearly orange. The perianth which is formed by broadly overlapping spade shaped petals, smooth and at right angles to the trumpet which to begin with is gently expanding, then rapidly expands at the mouth to a neatly serrated edge. The whole flower is well proportioned on a tall strong stem with a good neck that holds the flower in perfect position. This is the darkest golden yellow trumpet yet seen. Outstanding in the garden border. Three times winning in the Engleheart Cup Group. Seedling No. 3-5-67.

Breeding Arctic Gold x Seedling.

Price each £5.00

OYKEL (Lea) 3W-Y Late-Season.

A beautifully smooth division 3 flower with a near perfect pure white perianth, a perfect foil for the small bright citron yellow cup which is neatly pleated and serrated. It has been a most consistent flower of show quality being perfectly carried on a good tall stem and neck without hanging the head..Shown in the winning Engleheart Cup Group 1982.

Breeding Merlin x Loch Assynt.
Only a few bulbs available.

Price each £5.00

PITCHROY (Lea) 2W-GWW Late Mid-Season.

A lovely ice white flower that is of near trumpet dimensions and of exquisite proportions. The elegant trumpet is moss green at the base and the mouth neatly expanded. The perianth petals are broad and overlapping it has proved to be a very consistent flower of strong growth with a good stem and neck. Shown in the winning Engleheart Cup Group 1975-1979-1980

Breeding (Easter Moon x Castle of Mey) x Fionn.

Price each £3.50

POL DORNIE (Lea) 2W-P Late-Season.

This is one of the deepest pink flowers available and makes a vivid contrast to the pure white perianth, formed from very broad rounded petals. The inside petals being bluntly pointed. The pink half trumpet is only gently expanded. The mouth is very slightly serrated with a little roll. The whole is well carried by a strong stem and neck. A good plant. Shown in the winning Devonshire Trophy 1983.

Breeding Kildavin x Nav Seedling.
Only a few bulbs available.

Price each £30.00

POLGLASS (Lea) 3W-GWW Late Mid-Season.

The very white perianth inherited from Achnasheen, is beautifully formed from broad rounded petals. The sharply expanding cup with a deep green eye is self coloured with the perianth. It is neatly pleated and slightly serrated at the mouth. A strong plant with a good stem and neck that increases well. Seedling No. I-28-72.

Breeding Achnasheen x Loch Assynt.
Only a few bulbs available.

Price each £10.00

POL VOULIN (Lea) 2W-P Late-Season.

A large flower with a beautifully formed perianth some 4½" dia. The pure white petals are of great substance. The large flat perianth makes a perfect foil for the bright clear china pink cup. The sides are straight and gradually expanding to end neat serrations. A good strong tall stem and neck. A very vigorous plant that increases well. Reserve Best Bloom R.H.S 1984. Seedling No. 2-I4-74.

Breeding Pol Dornie x Dailmanach.
Only a few bulbs available.

Price each £20.00

RUBH MOR (Lea) 2W-ORR Early-Season.

A very large flower of perfect proportions on a strong stiff stem. The round perianth formed from broad overlapping petals is very white and a lovely foil for the large bright orange-red cup. A "Borrobol" seedling, shown in the winning Engleheart Cup Group 1971-1973-and 1977. A very long lasting flower that needs time to develop.

Breeding Borrobol x Seedling.

Price each £3.50

SHIELDIAG (Lea) 2Y-YYO Late Mid-Season.

A rather late flower for a red and yellow in the non-predominant class. Of medium size with a smooth rich yellow perianth and its nicely formed cup has a broad orange rim. Shown in the winning Engleheart Cup Group 1973-1975 and 1980.

Breeding Narvik x Air Marshal.

Price each £3.50

SILVER CONVENTION (Lea) IW-W Mid-Season.

A fine large white trumpet. The smooth slightly reflexing perianth petals which are very broad and overlapping. The inner petals are slightly pointed and the outer ones rounded. The milky white trumpet is gently expanding being flared and serrated at the mouth. A strong plant with a good stem and neck.

Breeding (Passionale x Rose Royal) x Seedling x Rose Royal.
Only a few bulbs available.

Price each £15.00

SUISGILL (Lea) 4W-PPY Late-Season.

A very unusual pink double. The inner petals are clear china pink and has a well defined yellow rim around the outer edge. The white outer petals are flat and smooth and form a nearly circular perianth, while the inner petaloids are well doubled. A good strong plant with a large flower, which often carries both anther and pistil. Seedling No. I-3I-72.

Breeding Elphin x Pol Dornie.
Only a few bulbs available.

Price each £25.00

TORRIDON (Lea) 2Y-R Early-Season.

This is a brilliant flower, quite the richest red and yellow raised by John Lea. The perianth is so smooth that it might have been ironed. A very consistent and long lasting flower on a tall stiff stem. Practically sunproof. Shown in the winning Engleheart Cup Group 1971-1973-1975-1977 and 1978. Is now proving to be a most valuable parent.

Breeding Seedling x Vulcan.

Price each £5.00

GENERAL LIST (Other Raisers).

AMBERCASTLE (Richardson) 2Y-WYY Mid-Season.

The colouring of the trumpet is difficult to describe by colour coding as the trumpet is basically yellow flushed pink, the overall impression being buff apricot. The lemon yellow perianth is smooth with a slight halo as the plant ages. A good strong plant, stem and neck. A forerunner of yellow perianth pinks.

Breeding Camelot x Daydream.

Price each £3.00

ACROPOLIS (Richardson) 4W-R Late-Season.

Undoubtedly one of the finest red and white doubles yet introduced. A very full flower of purest white interspersed with small petals of intense bright red. A really remarkable flower that has a sweet scent.

Breeding Falaise x Limerick.

Price each £1.00

APRIL LOVE (Abel-Smith) IW-W Late-Season.

This is a most exquisite flower of the highest quality, flawless in texture and proportion. The perianth is broad and pointed, trumpet beautifully finished with a deep smoothly rolled flange at the mouth. The whole flower being purest white with a touch of green at the base of the trumpet. Best Bloom R.H.S Show 1985.

Breeding Ave x Empress of Ireland.

Price each £7.00

ARKLE (Richardson) IY-Y Early-Season.

A deep golden yellow trumpet of gigantic proportions with large overlapping perianth segments of lovely quality and grand smooth texture. The long well balanced trumpet is widely flanged and neatly serrated at the mouth. This immense flower is without doubt one of the finest yellow trumpets raised at Prospect House. A very strong and vigorous plant.

Breeding Yellow Idol x Seedling.

Price each £3.50

ASHMORE (Blanchard) 2W-GWW Mid-Season.

A very uniformly white flower of classical form, that is very consistent in quality. The perianth petals are broad, round and flat. Perfectly balanced by the short bowl shaped cup with a dark green base. The flower opens on the small side and continues to grow on the plant to a good size. A strong vigorous plant with a good straight stem that naturally carries the flower at right angles to the stem. One of the best Div 2 white flowers available. Best flower R.H.S Show 1975. Best Div 2 flower R.H.S Show 1983 and 1984.

Breeding Easter Moon x Seedling.

Price each £5.00

BALLYROBERT (Dunlop) IY-Y Mid-Season.

Beautifully smooth and consistent exhibition flower in deep golden yellow. Strong free flowering plant.

Price each £3.00

BROOMHILL (Board) 2W-W Early-Season.

A wonderful show flower and a good strong plant. The beautifully formed pure white perianth has broad overlapping petals that are bluntly pointed. The short pure white corona is nearly straight, only slightly expanding and frilled. The flower is naturally well poised with a good neck and strong stem. Makes a good bulb and increases well.

Breeding Easter Moon x Knowhead.

Price each £1.50

COOL CRYSTAL (Mitsch) 3W-W Late-Season.

Undoubtedly one of the finest of all show flowers. Perfect form and of large size. The neatly frilled cup on this long lasting flower, needs time to whiten, the whole bloom finishing pure crystalline white.

Breeding

Price each £2.00
or 3 for £5.00

COOL AUTUMN (Board) 2W-Y Late-Season.

A lovely flower with a beautiful perianth formed from very broad overlapping white petals, a perfect foil to the rather greeny yellow cup. A strong plant of free increase.

Breeding Homage x Seedling.

Price each £2.50

DAYDREAM (Mitsch) 2Y-WWY Mid-Season.

A magnificent flower by any standard. Perfectly formed of heavy substance and smooth texture in glowing lemon tones. The crown soon fades to nearly pure white. Excellent for show, garden and the flower arranger.

Breeding Binkie x (King of the North x Content).

Price each £1.00
3 for £2.50

DELOS (Navarro) 3W-GWW Late-Season.

A large flower of great quality, the pure white majestic perianth is formed from broad flat petals contrasting well with the short half flat white corona that is green at the base. The tall stem is strong with a short neck that naturally gives it good poise. A good strong plant and consistent in quality.

Breeding Tobernaveen x Verona.

Price each £5.00

DOCTOR HUGH (Duncan) 3W-R Late-Season.

This is a first class show flower. Brilliant white perianth of large size and perfect in form. The orange-red cup has a beautiful green eye. In my opinion this will prove to be one of the finest flowers in its class.

Breeding Mahmoud x Don Carlos.

Price each £12.50

DOVER CLIFFS (Board) 2W-W Mid-Season.

Superb large bloom of thick waxy texture. A very fine show flower.

Breeding

Price each £7.00

FAIR PROSPECT (Richardson) 2W-P Late-Season.

A most beautiful flower with pure white perianth of faultless form and quality, which is perfectly flat and widely overlapping. The large well balanced bowl shaped crown of soft coral with a light green base. "This is a first class show flower".

Breeding Infatuation x Debutante.

Price each £5.00

FOUNDLING (Carncairn) 6W-P Late-Season.

A very beautiful pink cupped cyclamineus, and a most successful show flower. The quite broad perianth petals are well reflexed, contrasting well with the rose pink short cup. A strong plant that increases well.

Breeding Irish Rose x Jenny.

Price each £8.00

GAY KYBO (Richardson) 4W-R Late-Season.

The finest white-red double to date. A consistent winner. The large white perianth forms a very full round flower with orange-red segments. A very strong grower with a good neck that holds the heavy flower perfectly.

Breeding

Price each £7.50

GOLDEN AURA (Richardson) 2Y-Y Mid-Season.

A most attractive medium sized self yellow. A show flower of the highest quality, deep golden yellow throughout. A very strong vigorous grower produces beautiful bulbs.

Breeding Halo open-pollenated.

Price each £1.00
3 for £2.50

GOLDEN JEWEL (Bloomer) 2Y-Y Mid-Season.

Deep shining gold colour with a beautiful green eye. Not so round as its sister, Golden Joy, but equally refined. Good plant and bulb. The flowers are extremely consistent in form.

Breeding Camelot x Arctic Gold.

Price each £6.00

GOLDEN JOY (Bloomer) 2Y-Y Mid-Season.

This flower shows the best characteristics of each of its parents. It is of deep gold throughout and the beautifully smooth, heavy and glistening texture of the broad petals form a lovely round perianth. The cup is $\frac{3}{4}$ length and in ideal proportion. Strong rigid foliage and stem. First prize R.H.S 1974 and 1975.

Breeding Camelot x Arctic Gold.

Price each £10.00

GOLDEN VALE (Board) 1Y-Y Early-Season.

This is one of the best all yellow trumpets so far. A perfect and very consistent show flower of rich gold throughout. The perianth is formed by beautifully smooth broad flat petals slightly rounded at the tip. The trumpet is well proportioned and neatly serrated at the mouth, in balance to the large perianth. This large flower is carried with great poise on a tall strong stem with a good neck. Produces a lovely bulb.

Breeding Golden Rapture x Chevalier.

Price each £5.00

GRAND PROSPECT (Richardson) 2Y-W Mid-Season.

A grand flower indeed. The only serious challenger to Daydream, being a good show flower and a magnificent flower for the arranger, having beautiful pastel shades.

Breeding Camelot x Daydream.

Price each £2.50
3 for £6.00

HAMBLEDON (Blanchard) 2Y-Y Mid-Season.

An unusual and beautiful flower of good size and first class show quality. The perianth petals are exceptionally broad and overlapping. The flower opens a deep primrose yellow with the cup fading to white at the base, and a white halo at the base of the perianth. The outer edge of the cup is serrated and eventually changes to a buff apricot colour. A strong and vigorous plant with a good tall stem.

Breeding Golden Aura x Daydream.

Price each £20.00

HOTSPUR (Richardson) 2W-R Mid-Season.

This is a fine large flower of grand quality and substance. The pure white perianth is very smooth, contrasting with the deep red crown that is neatly serrated. Quite the brightest and most consistent from this famous cross. A good tall stem and quite early for this division. Very successful on the show bench.

Breeding Kilworth x Arbar.

Price each £1.50

IRISH LIGHT (Richardson) 2Y-R Mid-Season.

A striking show flower with lovely smooth rich golden yellow perianth segments, rather pointed and overlapping. The orange-red crown which is slightly expanded and deeply serrated at the edge. An outstanding flower of first class form, grand quality and substance with good strong stems.

Breeding Patagonia x Border Chief.

Price each £2.50

KIMMERIDGE (Blanchard) 3W-YYO Mid-Season.

A strong growing and remarkably consistent non-predominant short cup which is among the earliest of its type. The smooth broad petals are delicately pointed and have a glistening sheen. The cup is yellow with a green centre and a narrow orange rim. Although it has a long neck, this remains stiff and the flower is always well poised and needs no dressing for exhibition. Several times winner in single bloom classes and Best Flower R.H.S Daffodil Competition 1975 and 1976.

Breeding Portrush x Pretty Polly.

Price each £1.50
3 for £4.00

LANCELOT (Bloomer) IY-Y Mid-Season.

This flower is like a trumpet version of Golden Joy. An exceptionally smooth yellow trumpet flower that is first class for exhibition.

Breeding Camelot x Arctic Gold.

Price each £10.00

MIDAS TOUCH (Bloomer) IY-Y Mid-Season.

I rate this flower very highly and is one of Mr Bloomer's finest introductions. Of deepest gold throughout, with very broad overlapping perianth segments that are flat and smooth. The flanged and serrated trumpet is nicely in proportion. Good bulb and plant with strong stems. Many first prize awards.

Breeding

Price each £20.00

MISTY GLEN (Board) 2W-GWW Late-Season.

Probably the best flower raised by the late F.E. Board. A lovely flower with very broad petals forming a nearly round perianth of great quality and substance. The well balanced cup, rather slender, is slightly expanded and neatly serrated at the edge. The whole flower is pure white throughout. A very good show flower. A strong and vigorous plant.

Breeding Easter Moon x Pigeon.

Price each £2.50

3 for £6.00

MONTEGO (Richardson) 3Y-YR Late-Season.

A charming and attractive flower of faultless form and quality. The deep golden yellow overlapping perianth segments are perfectly flat and slightly rounded, and the crown has a wide band of intense orange fading to yellow and then to green in the centre. A first class show flower, strong and vigorous.

Breeding Merlin open-pollenated.

Price each £2.00

NEWCASTLE (Dunlop) IW-Y. Mid-Season.

A magnificent flower with a deep yellow trumpet that does not fade. The very broad overlapping white perianth petals take a little while to whiten. The whole flower having a lovely contrast in colours. As a show flower Newcastle has dominated the bi-colour classes for many years. Very strong plant with a good stem and short neck that holds the flower very well.

Breeding

Price each £1.50

3 for £4.00

PAPUA (Richardson) 4Y-Y Mid-Season.

This is one of the few all yellow doubles. A fine full flower whose outer petals are very broad, round and of excellent substance. The large inner petals are interspersed with smaller ones, the whole flower being clear golden yellow throughout. Nicely balanced on strong stiff stems.

Breeding Falaise x Kingscourt.

Price each £1.00

Only a few bulbs available.

PARK SPRINGS (Abel-Smith) 3W-WWY Mid-Season.

This is a very fine show flower being like a "super Syracuse", snow white perianth petals well overlapping, and very smooth. The cup has a band of yellow at the edge giving the flower a most delicate appearance. A very early flower for its type with many show successes. Good stem and neck that holds the flower well.

Breeding Ethel x Syracuse.

Price each £2.00
3 for £5.00

PINK CHAMPAGNE (Richardson) 4W-WPP Late-Season.

This is one of the best Richardson pink and white doubles. The large white perianth segments are well overlapping and of grand substance. The inner segments are interspersed with pretty rose pink. A very decorative flower on a good neck and stem.

Breeding Marietta x Irani.

Price each £10.00

PURBECK (Blanchard) 3W-YYO Mid-Season.

A beautifully proportioned show flower with a lovely form. The sparkling white perianth is formed by broad smooth petals, making a perfect foil for the neat cup that has a pale green base and a neat orange band at the mouth. A very fine non-predominant flower. Very consistent in form. Best Bloom R.H.S 1973.

Breeding Roimond x Arbar.

Price each £7.00

RAMESES (Richardson) 2W-R Late-Season.

A magnificent large flower of beautiful form and substance. Broad, smooth overlapping pure white perianth with a medium sized deep fiery orange-red crown, forming a striking contrast in colour. A first class show flower on a tall strong stem.

Breeding Kilworth x Arbar

Price each £1.00

RED MARSHAL (Richardson) 2W-R Mid-Season.

A magnificent flower of beautiful form and proportions, with broad, flat very smooth overlapping pure white petals of immense substance and texture. The crown is deep orange-red, slightly flanged and neatly serrated. A first class show flower being one of the very last flowers to be registered by Mrs Richardson. Tall strong stem, vigorous grower.

Breeding Lorenzo x Avenger.

Price each £7.50

RINGLEADER (Richardson) 2W-YR Mid-Season.

A striking and attractive flower of superb quality, one of the few non-predominant flowers bred from this cross. The lovely pure white overlapping petals are shovel shaped and of great substance. The large expanded saucer shaped crown is deep lemon yellow with a distinct band of fiery orange-red around the neatly serrated edge. A strong and vigorous plant.

Breeding Kilworth x Arbar.

Price each £2.50

ROCKALL (Richardson) 3W-R Mid-Season.

This is one of the finest Div 3 flowers that has been raised. A very large flower with broad overlapping, slightly pointed, purest white perianth of lovely quality and substance. The small saucer shaped crown is brilliant red, almost scarlet, nicely serrated at the margin. A wonderful contrast in colour. Very tall strong plant.

Breeding Kilworth x Arbar.

Price each £1.00

SABINE HAY (Milne) 30-R Late Mid-Season.

This dramatic "all red" flower is almost self coloured. The perianth being only a little paler than the cup. The broad petals forming the perianth are well rounded at the tip, and slightly incurving. The small red cup is nicely serrated at the edge. A good plant with a tall stiff stem. This unique flower is the darkest coloured "all red" so far, and has consistently won its class when shown at the R.H.S.

Not available for 1986.

SAMANTHA (Richardson) 4W-P Late-Season.

A nice round flower of good form with wide overlapping outer perianth segments and neat inner petals of deep salmon pink. Good show flower, vigorous grower and is sweetly scented.

Breeding Marietta x Irani.

Price each £7.00

SHINING LIGHT (Board) 2Y-R Mid-Season.

A flower of very good quality. The perianth segments are very smooth and slightly reflexed, of an attractive yellow, sometimes flushed orange. The deep orange-red goblet shaped cup is neatly serrated at the edge. A good show flower and extremely consistent. Best Bloom Daffodil Society Show 1983.

Breeding Craigwarren x Kindled.

Price each £1.00

SILENT VALLEY (Bloomer) IW-W Mid-Season.

The snow white petals are broad and smooth, and of lovely heavy texture, forming a perfect background for the long slender trumpet that is nicely flanged at the mouth. A very impressive show flower of excellent quality. Best Bloom R.H.S Show 1984.

Breeding Rashee x Empress of Ireland.

Price each £10.00

SIR IVOR (Richardson) IY-Y Mid-Season.

A superb deep gold yellow trumpet. A flower of lovely quality with a very broad flat perianth of splendid substance and texture. The trumpet is nicely serrated and rolled at the mouth. Strong robust plant.

Price each £5.00

SNOWCREST (Richardson) 3W-W Late-Season

A large round flower of sparkling white, with very smooth round perianth petals. The small frilled, pure white cup has a nice green eye. Snowcrest has the advantage of being very much whiter than its parent. A tall strong plant and good neck. A fine exhibition flower with many show successes.

Breeding Verona open-pollenated.

Price each £7.50

STRINES (Board) 2Y-Y Early-Season.

A very large, smooth flower of deep yellow. A most consistent show flower which has established itself as a firm favourite with exhibitors. The large cup is almost of trumpet dimensions nicely balancing the large perianth. The whole flower is a beautiful golden yellow. Tall strong stems, good bulbs and very early flowering.

Breeding Golden Touch x Kingscourt.

Price each £1.00

TONGA (Richardson) 4Y-R Mid-Season.

A fine medium sized red and yellow double of perfect formation, for show or garden. Especially useful for floral arrangements.

Breeding Falaise.

Price each £1.00

TUDOR LOVE (Richardson) 2W-Y Late-Season.

Outstanding flower of superb quality. Snow white petals with a bright yellow cup making a lovely contrast. Best described as an improved Tudor Minstrel. Good show flower

Breeding

Not available for 1986.

UNIQUE (Richardson) 4W-Y Mid-Season.

The largest and most impressive white-yellow yet seen. The very full white perianth petals are interspersed with yellow segments. This cultivar has dominated the white double classes at shows in recent years. Very strong plant with tall stems. Increases rapidly.

Breeding

Price each £1.50
3 for £4.00

VERONA (Richardson) 3W-W Late-Season.

A superb flower with very broad, rounded, flat white perianth of first class substance and quality. The large white almost flat crown is crinkled and nicely serrated. A splendid strong plant with a good stem and neck. This long lasting flower needs time to whiten on the plant.

Breeding Green Island x Chinese White.

Price each £1.00

VIKING (Richardson) Mid-Season.

This is a very graceful flower being almost the perfect deep yellow trumpet daffodil. A wonderful show flower with many first prizes to its credit.

Price each £1.00 .

WHITE STAR (Bloomer) Mid-Season.

The broad snow white petals are of very heavy substance, beautifully smooth texture, and form two almost perfect triangles. The flower is well poised on a tall strong stem showing to full advantage the lovely wide roll and green centre on the beautiful snow white trumpet. An extremely consistent show flower, winning so many Best Bloom Awards to numerous to mention.

Breeding Rashee x Empress of Ireland.
Only a few bulbs available.

Price each £20.00

MIXED SEEDLINGS FROM THE LATEST CULTIVARS.

The bulbs may produce many flowers
of exhibition quality.

Price £20.00 per hundred.

Minimum order 25 bulbs.

TERMS AND CONDITIONS OF SALE.

BULBS

All bulbs are offered subject to the crop being satisfactory.
Substitutions will only be made if requested at the time of ordering.

ACKNOWLEDGEMENT OF ORDERS.

Because of the high cost of postage and other costs, orders will not be acknowledged unless specifically requested.

ORDERS

As the stocks of bulbs are limited, and in some cases are very few indeed. All orders will be accepted in the order in which they are received, subject to the crop being unsold. Orders should be sent as early as possible, and not later than Mid-July.

Postage and packing must be added to the cost of bulbs ordered.

PAYMENT

Owing to the high cost of rendering accounts, orders are only accepted on a CASH WITH ORDER BASIS, including postage.

Payment by overseas customers, can be made by Bankers Draft in Sterling at the prices shown in the catalogue-or by cheque in their own currency calculated at the exchange rate at the time of ordering.

DESPATCH

All bulbs travel at the customers risk and expence.

All overseas orders will be sent Airmail unless otherwise instructed.
