Dear Friends,

Well we have done it again, another boo-boo - in fact two of them. Two names of our New Releases in last year's Catalogue were rejected by the Registrar and so the names have been changed and registered as ...

MITHRA is now GRAFITTI

BIMBA is now FORTE

Sorry about that!

Several varieties are not listed in this year's catalogue. Most are down in numbers and we have to rebuild our stocks. A few have been withdrawn for ever.

Jackson's Daffodils had success on the show benches winning seven divisional champions in Hobart and six in Launceston. (Premier blooms to the Kiwis).

This year we all travelled to Canberra to compete in the inaugural "Australian open daffodil championship", which we were thrilled to win. We also won the other class we entered "The A.C.T. Daffodil Championship (Open). Champion bloom was our double which is still under number, 14/79 was Champion 1y-y.

Congratulations and thanks Tony and Daphne Davis and the hard-working members of the Canberra Horticultural Society who organised, staged and ran such a successful "Convention" and show. You have made the start and now it is up to all of us daffodil lovers Australia wide to carry it on.

Tasmania's turn is Tasvention 88. Start planning now if you haven't already started. It's not only a world convention with lots of knowledgeable and friendly overseas visitors attending and sharing their knowledge with us but also the formation of a truly Australia-wide Daffodil Association. Come on you competitors from Canberra and New Zealand - this time it will be our turn to be too busy making sure you are o.k. and enjoying yourselves for us Tassies to concentrate on our flowers.

1986 has been a normal year with few problems and many joys. We are looking forward to next year and hope you all have a happy 1987.

DAVID and ROBIN

NEW RELEASES 1987

- HAZARD - 1 (25/78) Ristin x Warbin.** A golden trumpet with the back shovel shaped petals touching. The trumpet is darker, slightly tapered with a small frill. The stem is tall. Champion Hobart 1980. ... .. \$15.00
- HITCH-HIKER - 1 (25/79) Ristin x Otewa.** A good even smooth flower of deep golden yellow. The petals are shovel shaped and have great substance. The trumpet is slightly tapered and has a small frill. Stands very well on a tall strong stem. Champion Hobart 1986 ... .. \$20.00
- DABSTER - 1 (36/78 73/69 x Lod.** A very even smooth flower that stands well on a tall strong stem. The petals are shovel shaped of good substance and not stained at the cut off to the bright trumpet. A very pleasing flower because of the pure white perianth and clear yellow trumpet. Been in many winning teams. Premier 1w-y Spring World 1984. ... .. \$35.00
- BUNDY - 2-3 (80/78) Verran x 74/70.** A border line trumpet. Grand Champion Bloom at Hobart on its first year flowering. The petals are shovel shaped, the back petals touching and the front almost touching. The cup is bright coloured straight with a frilled roll, stands well on a tall strong stem. Champion Hobart 1978 & 1981. ... .. \$20.00
- NEXUS - 2-3 (78/78) Dear Me x 110/70** - a Verran seedling. This flower has a deep pink corona with a slight roll. Stands well on a good stem and the petals are nicely shovel shaped. ... .. \$17.50
- SHY LADY - 3 (190/75) Verran x Iridescent.** On opening it is 2w-yyp but soon fades to 2w-wwp. The petals are beautifully shovel shaped which touch at the back and almost in the front. The cup is tapered with a narrow rim of pink and has a green eye. \$15.00
- SHAMAN - 2-3 (239/79) Rhapsody x 159/70.** A strong flower with broad shovel shaped petals, with the back petals overlapping. The flower is posed well on a strong stem, it is even smooth consistent and has good substance. The cup is straight with a frilled flange. Champion Launceston 1986. ... .. \$20.00
- HUON LASS - 2-3 (216/78 64/70 x 66/70).** A large full attractive double that is carried well on a strong thick stem. Sometimes has pollen. The flower is strongly and pleasantly scented. The petaloids are a deep pastel pink. Was in our winning team A.C.T. Daffodil Championship Canberra 1986, Champion Hobart 1985 and 1986. ... .. \$55.00
- YUM-YUM - (232/77) Josiana x Sea Dream.** A tall striking flower with almost perfectly round glistening white perianth with every petal touching or overlapping. The short frilled cup has a narrow cream rim. It is a consistently good flower. Champion Launceston 1986. \$18.00
- AZZURO - (233/78) Brett x 195/67.** The very rounded slightly cupped perianth is of golden yellow with the back petals touching and the front petals almost touching. The small goblet shaped cup is deep orange-red. This would be a very expensive variety but for its need to be shaded. ... .. \$13.50

## YELLOW TRUMPETS

- AKKAD - 2. (37/67).** Bred from the cross Tulenda x Chillion. Very large perianth of shovel shaped petals with the minors greatly overlapping. Quality, colour and substance are good. The gold trumpet is slightly darker than the perianth and is nicely proportioned. It is serrated at the rim which has an attractive roll. The flower is carried on a strong stem with a short stiff neck giving it good presentation. Tas. Cup 1974, Grand Champion Hobart 1971, Bulman Cup 1974 **\$8.00**
- ALWON - 2 (45/73). Otewa x 4/64.** A golden yellow flower of good substance that is very consistent. The perianth is the same length as the flared and frilled trumpet. Stands well on a strong stem. **\$8.00**
- BARADOC - 1.(17/71).** An early trumpet of outstanding smoothness in its well proportioned overlapping perianth. A truly golden yellow in colour with an attractive serrated trumpet. Exceptionally good carriage with stems 18 inches long. A very consistent flower, every bloom a show bloom with commanding appearance ... **\$12.00**
- BARFLY - 3. (97/64). Otewa x Comal.** A slightly smaller mid season trumpet that is consistent. The perianth is flat and smooth and forms two triangles. The trumpet is straight with a slightly frilled edge. It stands extremely well and is a uniform colour. Champion Canberra 1977, 1983 ... **\$10.00**
- BEGA - 2. (96/76). Otewa x Ristin.** A definite trumpet with a rounded perianth with both sets of petals almost touching. The trumpet is almost straight with a slight roll and frill; it is in proportion to the rest of the flower. Stands well. ... **\$12.00**
- BOZLEY - 1. (14/73). Otewa x Ristin.** Good golden yellow flower with excellent carriage. Wide major petals and nicely fluted trumpet of good proportion. Bold appearance and consistent blooms. ... **\$12.00**
- HERMIA - 2 (20/61). Warbin 35/65 (65/57) x Haka.** An outstanding all yellow trumpet of good colour, form, smoothness and quality. It is a good golden yellow, the trumpet perhaps slightly a deeper colour than the perianth. It has a short neck, the flower carried at right angles to the perianth. The trumpet is nicely serrated and rolled. ... **\$8.00**
- JEDDA - 3. (67/73). Ristin x Otewa.** A smooth golden flower of very good carriage. Rather like its parent Ristin but the minor petals are broader at the base. It is a very consistent flower, with very flat perianth and lovely serrated rim to the trumpet. A mid season variety useful for the show bench. Champion Orange 81 ... **\$6.00**
- MACCA - 169/71.** Pedigree unknown. This is a borderline trumpet but is very useful as it flowers after most yellow trumpets are finished. It is a lovely golden yellow, the perianth is of good quality, smooth and shovel shaped. The trumpet is slightly rolled and nicely serrated. Very consistent with good carriage. ... **\$8.00**

- MADRUGA - - 1 (22/71). Ristin x 128/65.** This early flowering trumpet has all the good qualities of its parent Ristin, but has more substance in its perianth which is smooth and shovel shaped. The whole flower is a rich golden yellow, the trumpet perhaps slightly deeper in colour than the perianth and is nicely ruffled at the rim. It has very good carriage and all blooms are show blooms.  
Aus. Cup Hobart 1976 ... .. **\$8.00**
- PRADO - 2 (35/72). 128/65 x Riston.** A nice bright yellow trumpet with broad shovel shaped major petals that touch at the back of the flower. The minor petals are not quite as broad. The trumpet is nicely rolled with a green eye. It has good carriage, smoothness and texture, but is inclined to hood. Champion Canberra 1981 ... .. **\$6.00**
- RICOM - 2 (25/73). Comal x Ristin.** A very smooth even yellow trumpet. The major petals meet and the minor almost meet. All are smooth and broad. The trumpet is just a slightly deeper yellow, well formed with a serrated edge. A well balanced bloom with good carriage... **\$10.00**
- TIERCEL - 3 (64/73). Pedigree unknown.** A very consistent flower of golden yellow in both perianth and trumpet. The perianth is very smooth with shovel shaped minor petals. The cup is neatly serrated at the rim and is well balanced to the perianth. It has excellent stance and is slightly smaller than most of our trumpets but deserves a place as it flowers later than most yellow trumpets. ... .. **\$6.00**
- WARCOM - 1 (24/72). Comal x Warbin.** A well defined early rich golden trumpet. The perianth has excellent texture and quality with very smooth shovel shaped petals. The trumpet is well proportioned with a slightly flanged serrated rim with a green eye. The flower has excellent carriage. ... .. **\$8.00**

**BI-COLOUR TRUMPETS**  
**(White Perianth Yellow Trumpets)**

- BEWDY - 2.3. (179/78) Cyros x Helsal.** A very consistent show flower that has been in our show teams for several years. Very good substance, texture and colour. The perianth is smooth and flat, with wide shovel shaped petals. The trumpet is narrow, slightly flared and frilled of golden colour with a good cup-off not staining the perianth  
... .. **\$25.00**
- HANG-FIVE - 2. (130/77). Nala x Daric.** A very deep yellow corona that is so colourful it can be excused for just running into the perianth. The perianth has shovel shaped petals that flatten well but are perhaps a little small for the bold flanged trumpet. Hangs its head on first opening but soon lifts it to have a good stance. A much better flower than my description suggests. ... .. **\$6.00**

## WHITE TRUMPETS

- CRUSTA - 2. (54/73). Mercedes x Saroya.** A largish bloom that flowers early for a white trumpet. Has broad hovel shaped inner and outer petals of good substance. The cup easily measures trumpet, is slightly flanged and frilled ... .. **\$10.00**
- KINDEE - 3. (209/71). Karel x Kareela.** A Chrystalline flower which is white on opening. The perianth has very wide minor petals of very strong substance. The attractive trumpet is nicely serrated with a green eye. Strong grower, good carriage with flower at right angles to the short neck and very consistent ... .. **\$10.00**
- Also available TRANQUIL** ... .. **\$3.00**

## PINK TRUMPETS (White perianth, pink trumpet)

- COUTH - 2.3. (75/78). Dear Me x 110/70 a Verran seedling.** A hard flower to 1w-p classify as some measure division 2 but the majority are a borderline trumpet with both perianth and corona of equal length. The trumpet is slightly tapered with a roll. The stem is tall for a pink. The flower hangs its head slightly but can be corrected for staging ... .. **\$15.00**

## LARGE CUPS (All Yellow)

- ABONA - 3. (50/71). Goldscript x Berrima.** The smooth perianth is a golden yellow of good substance and shovel shaped petals. The cup is a deep golden yellow slightly deeper in colour than the perianth. It is a strong grower with excellent posture. Very consistent, every bloom a show bloom. ... .. **\$6.00**
- AMANDA - 1. (18/70). Bred from Warbin on to seedling 4/61.** The golden cup and perianth of the same colour has a richer colour than Warbin. The spade shaped minor petals are of good substance. Flower has good stature and tall stem. One of the earliest in the garden. Aus. Cup 1975 ... .. **\$6.00**
- GLIDER - 3. (42/72). Ristin x 128/65.** A rich deeper yellow flower of good substance and smoothness the minor petals not quite as rounded as the major. The trumpet is well balanced, slightly flanged and the same shade as the perianth. It has excellent carriage. ... .. **\$8.00**
- GOOLA - 3. (56/70). 101/65 x 216/65.** Very like Camelot in form but a much deeper golden yellow and much soother substance. Very rigorous grower. ... .. **\$4.00**
- HONDOMAN - 1. (9/72). Ristin x 128/65.** A golden yellow perianth of triangular shape, smooth and of good substance. The cup is a slightly deeper colour and flared at the rim. Good stance on a thick strong stem ... .. **\$10.00**

**HYPHE - 3. (180/67). Bred from Lyetta onto a seedling 28/56.** This is a large golden yellow flower that just falls short of trumpet measurements. The perianth is flat and of good colour and substance. The well balanced large cup is slightly serrated and flanged at the mouth. The stem is very strong and tall and the flower is carried on a short stiff neck. Bulman Cup Launceston 1972 ... .. **\$4.00**

**PROSKA - 3. (88/70). Goldscript x Vixi.** This flower has a very smooth flat perianth, a pleasing shade of yellow, but paler than the nicely serrated cup. Beautiful substance in the perianth. It has a short, stiff neck and bold appearance. Good doer and every bloom good. Reserve Champion Orange 1979. Best bloom Spring World '84.. **\$10.00**

**SCIPPO - 3. (137/73). Camelot x Manuella.** A good addition to its class which is smooth even and consistent. The minor petals are smaller than the major and the plain cup is slightly darker than the perianth. It stands well on a strong stem with every bloom identical. ... **\$10.00**

**VIXI - 3. Galaxy x Hymis.** Deep yellow flower carried on a tall stem. Good shape and substance. Grand Champion Hobart, Claremont and Launceston 1964. Launceston and Bagdad Cups 1966. Champion 2A Launceston 1967. Australian and Bulman Cups 1969, Launceston 1973. .... **\$4.00**

**LARGE CUPS  
(Yellow perianth, red cups)**

**ADIOS - 2. (101/72). 65/66 x Dimity.** A large attractive flower with broad deep yellow petals with a faint flush of red in them. The smallest cup is a bright orange red, slightly lighter in colour at the throat. The cup is at right angles to the perianth, but will burn in strong direct sunlight. Very good stance and a good addition to its class. Class 2Y-RRR. ... .. **\$10.00**

**COLORFUL - 2.3. (176/71). Dimity Seedling x Bilboa.** A very distinctive red yellow. Perianth is a deep golden yellow, flat, smooth and very nicely rounded and of good substance. Cup is solid red throughout, rather flat and slightly serrated at rim. A very well balanced flower with good carriage. Very, very consistent and seldom nicks. One of our best recommended. Class 2Y-RRR. Premier Nth Island N.Z. 1982 ... .. **\$15.00**

**COWBOY - 3. (128/75). Coope x Craze.** An attractive flower with broad overlapping major petals of good substance and colour. The short cup is slightly flared and an attractive bright orange right to its base without running into the perianth. Stands well on a long stem. Champ. Launceston '79 and in our Australasian Open Team Spring World '84. 2Y-0. ... .. **\$20.00**

**DYNAMIC - 3. (205/71). Bilboa x 215/65. (Dimity x 118/57).** Smooth deep yellow perianth with lovely rounded broad smooth petals. Cup is golden yellow for more than 2/3 of its length, then has a lovely serrated rim of brilliant red. A flattish cup. A most attractive and well balanced red not predominant flower. Consistent, seldom nicks. Class 2Y-YYR. ... .. **\$8.00**

- JUEL - 2. (72/69).** Bred from Tanais x 18/60, which was a Mars x Ceylon cross. It has the lovely rounded perianth of Mars with Ceylon colouring. The cup has a wide, nicely serrated rim ranging from red at the edge toning to orange at the base. The red seems to reflect onto the perianth. A well balanced flower with good carriage. Does not burn till old. Aus. Cup, Hobart 1974 ... .. **\$10.00**
- KASIA - 3. (113/65).** This flower was bred from two numbered seedlings of ours and was in the Tasmanian Cup team on its first flowering. The perianth is of bright red at the rim, shading down to deep orange at the base. The flower has good carriage on a tall strong stem. Reserve Grand Champion, Claremont, 1966, Bagdad 1968, Champion Launceston 1969, Canberra 1972, Hobart 1981, Premier Sth Island N.Z. 1982, 1983. ... .. **\$10.00**
- KRISTIN - 2. (180/66).** Seedling 38/59 x Mars. The perianth is deep rich yellow with large overlapping petals of good quality and strong substance. The bowl shaped cup is deep, bright red and very resistant to sunburn. The whole flower is well proportioned and is carried on a tall stem with good presentation. Tasmanian Cup 1969, Champion 2A and Reserve Champion Hobart 1970. Bulman Cup 1972, Australian Cup 1973, Tasmanian Cup 1973, Launceston Cup, Bulman Cup 1974 ... .. **\$5.00**
- KUDOS 3 - (139/71). Bilboa x 215/65 (a Dimity seedling).** Very good red, not predominant, only slight edge of orange red, rest of cup orange yellow. Cup is nicely frilled perianth golden yellow, smooth strong quality, nicely rounded broad petals. Very good carriage. A neat and most attractive flower. Launceston Cup 1975. Class 2Y-YR. ... .. **\$8.00**
- MATTARA - 1. (2/70).** Another Tanais x 18/60. A striking flower of good presentation. Smooth deep yellow well shaped perianth with a narrow serrated cup toning from reddish orange at the rim and slightly paler at the base. Does not burn. ... .. **\$6.00**
- RA - 3. (178/68). Bred from Dimity x Vulcan.** This is a very striking red and yellow 2A as it has inherited the rich deep yellow and bright red of Vulcan. The perianth has fine major and minor petals of good quality and strong substance. The fairly deep cup is bright red at the mouth shading down slightly to the base. The mouth is serrated. A very tall stem with excellent carriage. Launceston Cup 1973. Champion 2B Orange, N.S.W., 1977, 1980. Canberra, 1983. ... .. **\$5.00**
- RABID - 2. (158/73). Dimity x 65/66.** A well sized flower with a bright yellow perianth that is almost round. The petals are broad and shovel shaped. The orange-red cup is at a right angle to the perianth, the same colour throughout and resistant to burning. A most attractive flower that will have success on the show bench. Class 2Y-RRR. ... .. **\$10.00**
- SANSUI - 2 (Vulcan x Sunpride).** The perianth of this flower is a deep golden yellow of very good substance. The cup is yellow at the base gradually deepening to orange-red. The cup is slightly fluted and wider at the mouth than the base. A vigorous flower of excellent carriage and consistent. 2Y-YRR. ... .. **\$6.00**

**SVELTE - 3. (147/77). Blandfordia x Latros.** This flower has a smooth saucer shaped perianth of bright yellow with the petals touching and or almost touching. The acorn shaped cup is a bright orange to its base and does not run into the perianth. Stands well on a strong stem and is very consistent. 2Y-O. ... .. **\$10.00**

**TWICER - 3. (198/75). True Orbit x Yoone.** A large tall flower that is hard to classify as some blooms are a definite division two and others just as definite division three. Have classified it as division two, because of its size and appearance. The perianth is consistently smooth and similar to its parent Yoone. The acorn shaped cup is bright orange at its rim, toning to yellow at its base. 2Y-YOO ... **\$15.00**

**ZUFRA - 3 (213/67). Bred from a seedling 38/59 on to Vanity.** This is a most striking flower and just misses being an all yellow 2A because of a tinge of deep orange on the top rim. Apart from that the whole flower is a rich golden yellow of good substance and quality. It is carried on a tall stem and has a fine presentation. ... **\$2.00**

**Also available JANZ, BLANDFORDIA** ... .. **\$4.00**

**LARGE CUPS**  
(White perianth, coloured cup)

**ANYTUS - 1. (15/64). Another Lod x Rowella seedling of good quality.** Smooth white perianth with large flat overlapping minor petals. The trumpet like cup is lemon and the colour does not run into the perianth. Inclined to hang its head. 2W-Y. ... .. **\$6.00**

**BANDOO - 2. (17/73). Tranquil x Bar None.** A bold decorative team flower which has good substance in the perianth. The flower has every appearance of a trumpet, but measures division two. The corona is white at its base merging to a bright lemon at its serrated frill. Quite vigorous consistent and long lasting. Champion Launceston 1982. 2W-WYY. ... .. **\$10.00**

**CYBELE - 2 (141/68). Bred from Arbar on to seedling 59/60.** White perianth of very good substance with good smooth overlapping minor petals. The very large expanded cup is deep yellow with a very slight reddish yellow tinge at the rim which is nicely serrated. The flower has a good neck and presentation. Bulman Cup 1973, Tas. Cup, Aus. Cup, Launceston, Bulan 1974, Champion 2B Launceston 1974. Aus. Cup 1975 ... .. **\$5.00**

**CALLEVA - 2. (180/88). Lod x Maweena.** This is an outstanding bi-colour borderline trumpet. The perianth opens a crystalline white, is flat with road, shovel shaped minor petals. The trumpet is nicely frilled and rich golden yellow right to the base. It has marvellous substance. Is inclined to drop its head when it first opens, but quickly rectifies this when fully open. Aus. Cup Hobart and Canberra 1977 ... **\$15.00**

- DORUS - 3. (159/66).** Yet another Arbar x Jo seedling of excellent quality. The perianth is pure white and of good quality and substance. The short expanded cup is serrated with some of the serrations slightly darker than the rest of the cup. The flower has a very strong short stiff neck giving it excellent presentation. Launceston Cup 1968-70, Canberra 1972, Champion 2B Canberra 1972, Bulman 1974, Tas. Cup 1974, Champion 2B Hobart 1974, 1977, Canberra 1982. ... **\$10.00**
- GIDEON - 3. (156/61).** A Sari x Buncrana seedling of striking appearance, good smooth pure white perianth. Large cup of bright apricot. This might be a new daffodil colour. Bagdad Cup 1966. Withdrawn for increase ... .. **\$5.00**
- GRAFFITI - 2-3 (66/77) Challenge x 170/67.** A very good round flower with a pure white perianth, the back petals touching and the front almost touching, and of good substance. the cup is flared and although lobed, does not often catch. It is yellow with the outside third a fairly defined rim of orange. Very consistent and well presented. Champion Launceston 1985, 1986 ... .. **\$25.00**
- KAY - 2. (45/70). (Arbar x Jo). Signal Light.** This flower has a smooth pure white nicely rounded flat perianth. The cup is broad at the rim which is attractively serrated. The edge of the rim is a brilliant orange red, verging into yellow and green at the base. A most spectacular flower with good carriage. ... .. **\$10.00**
- KOALA - 1. (41/70). 195/65. (Signal Light x Jo) x 83/64.** A very striking red and white perianth of good quality and texture. The cup is orange at base, gradually changing to a deep orangy red at edge. The cup is wide at the rim and beautifully serrated. Tas. Cup Hobart 1976... **\$5.00**
- MANTA - 2. (63/72). 128/69 x Bondage.** A borderline division three, but have registered as division two, as with its size it looks a division two. The flower opens muddy and the cup burns, but if picked early and taken indoors it matures into very good substance with both sets of petals touching. the cup is semi-flattened, bright orange, slightly deeper at its rim, frilled and has a few white specs scattered around its rim. A bright flower on a tall strong stem. 2W-O. ... .. **\$6.00**
- MATIKA - 3. (96/66).** This is one of the many good flowers bred from Signal Light x Jo. The perianth is pure white and of good quality with large shovel shaped minor petals. The large bowl like cup is a most vivid red throughout and is slightly serrated and frilled. The flower has good presentation with a short neck and strong stem. The plant is very robust. Champion 2B Claremont 1967, Tasmanian Cup 1969 and 1971 ... .. **\$6.00**
- TAXATION - 3. (100/74). Rockall x 229/67.** A bright attractive flower of medium size and good contrast. The outer petals are slightly larger than the inner, but both are smooth and have good substance. The cup is flared bright orange and just runs into the perianth. A striking consistent flower. 2W-O. ... .. **\$10.00**

**TOYA - 2 (144/70).** Arbar x Red April. Very striking reddish orange cup which does not burn. The cup is wide at the mouth and nicely serrated. It has a pure white flat perianth, the minor petals perhaps slightly narrow at the base, but does not detract from its beauty. Stems 24 inches tall. A striking spectacular flower. Very decorative, but also of show standard. ... .. **\$7.00**

**TRITON - 1. (10/69).** Bred from two 2C's, Killymoon x Filia. Perianth consists of broad pointed petals with very large overlapping minors of good quality and substance. The large trumpet like cup of lemon yellow is expanded and very serrated at the mouth. The whole flower is well balanced and it is consistent in producing all blooms of show standard. Good presentation and tall strong stem. Very free of increase. Champion 2B Hobart 1975. 2 W-Y. ... .. **\$6.00**

**ULTIMA - 2. (52/70).** (Arbar x 9/62). A most striking flower. The perianth is pure white of very good smooth texture. The minor petals are beautifully rounded and shovel shaped whilst the major petals overlap at the back. The cup is broad at the rim, attractively serrated of an orange-red colour which extends right to the base of the cup. Carriage is excellent and all blooms are consistently good. Highly recommended. One of the best of its class that we have raised. Champion Launceston 1982-83. Class 2W-RRR. ... .. **\$10.00**

#### **LARGE CUPS (All White)**

**CENA - 2. (61/67).** Green Valley x Filia. A pure white flower with smooth well balanced perianth. The large cup is slightly expanded and serrated at the mouth with a green throat. Has excellent substance, a sort neck on a tall stem. Claremont and Tasmanian Cups 1969, Canberra 1972 ... .. **\$5.00**

**DELMONT - 3.4 (146/70). 52/64. (Empress of Ireland x Ammon) x Rashee.** The perianth is a crystalline white of very, very good substance. Minor petals are very broad and the major overlap at the back. It has a rolled, frilled cup not very serrated. Comes out cream on opening, but very quickly whitens. It has a greenish cream eye in the throat. Strong vigorous grower. All blooms consistently good. ... .. **\$10.00**

**ILUKA - 4. (163/70). Empress of Ireland x 80/60.** A large bold flower with beautifully rounded perianth of touching and almost touching smooth, sparkling white petals. The cup is nicely flared, yellow in the eye and with a faint cream rim. The bloom stands well on a strong stem ... .. **\$12.00**

**IMMACULATE - 3. (167/71). 107/62 x 229/62.** The most perfect 2C we have bred. Perianth and cup are pure white on opening. The perianth is perhaps slightly campanulate, but so beautifully rounded and broad in the petals that it has marvellous appeal. The cup has a green eye nicely serrated at the edge. Whole flower is beautifully balanced. Strong grower, short neck. All blooms show blooms. Champion Launceston 1980. ... .. **\$20.00**

- INGLE** - 2.3. (225/75). **Arctic Doric x Challa**. Has a nice rounded perianth with both sets of petals of equal size and shovel shaped. The cup is straight with a slight flare. Stands well. ... .. **\$12.00**
- KIALOA** - 2. (29/74). **15/65 x Mercedes**. A borderline large cup with good substance, smoothness and form. A similar flower to Mercedes, but with better carriage. The cup opens creamish but whitens as it develops ... .. **\$10.00**
- LOOPHOLE** - 3. (33/75). **200/68 x Saroya**. An early flower for this division that has the appearance of a trumpet but easily measures large cup. The perianth is of good shape and smooth. The cup is narrow slightly flared with just a touch of a frill. Champion Launceston 1984. ... .. **\$16.00**
- RHAPSODY** - 2. (96/67). **Filla x Green Valley**. This is a striking flower of chrySTALLINE whiteness and it has inherited the best qualities of both parents. The perianth has large overlapping petals of the best quality and strongest substance. The nicely balanced cup has a slightly flanged and serrated mouth and has an attractive green tinge in the base. The flower is carried on a strong stem with a short stiff neck. Tasmanian Cup Hobart 1972, Bulman Cup 1972, Tas. Cup 1974... **\$6.00**
- SALACIA** - 2. (4/68). **Bred from Empress of Ireland on to seedling 74/68**. This is an early 2C of very good quality. The pure white perianth of very strong substance and has large shovel shaped overlapping petals. The green throated large cup is expanded at the mouth, serrated and slightly rolled. The flower has a short stiff neck, a strong stem and good presentation. Tas. Cup, Launceston and Bulman Cups 1974. Champion Launceston 1975, Hobart 1982. ... .. **\$6.00**
- THISBE** - 3. (118/70). **Empress of Ireland x 12/62. (Snowfall x Jonningham)**. Perianth pure white with broad shovel shaped minor petals, major petals very overlapped at back. Strong substance. Large cup is greenish yellow at base, not very serrated but slightly rolled at rim. Flower at right angles to stem. Vigorous. All blooms consistently good. Grand Champion Launceston 1986 ... .. **\$13.00**
- WHO'S WHO** - 2-3 (240/74) **Rhapsody x 159/70**. A vigorous flower with a glistening triangular perianth, the petals slightly pointed. The cup is straight with a flange and only a hint of a frill. It has a very green eye, is even, smooth and consistent. Stands well ... .. **\$20.00**

#### LARGE CUPS

(White perianth, pink cup)

- CRISIS** - 2 (18/73) **Veran x Solinus**. An early large pale pink flower which may be useful for early shows. It stands well and has a good perianth with the back petals touching ... .. **\$5.00**
- CRYPTIC** - 3. (268/76). **Verran x Salome**. A nice pastel pink with the typical Verran perianth. The cup is in proportion with a smooth roll. It opens as a Division 2 but the cup can grow until it is a borderline trumpet. The flower stands well and is very consistent ... .. **\$15.00**

- FORTE - 2.3 (58/78) Verran x Tim.** A slightly smaller flower of bright contrast and one of our deepest pink colouring. The petals are shovel shaped with the back petals touching. Champion Hobart 1985.  
 ... .. \$11.50
- OBSESSION - 3. (188/76). Another of the prolific Verran x Cathlin cross,** and in my opinion the best. It may be slightly later and smaller than Vahu, but is more consistent in that it rarely nicks. It has a very rounded perianth with the major petals touching and the minor almost touching. The cup is a fairly deep pastel pink and is slightly serrated at its mouth. Multiplies well and is very very consistent, with every bloom a show bloom. Grand Champion, Launceston 1981  
 ... .. \$50.00
- PINK - SILHOUETTE - 3. (200/69).** This flower is bred from Verran x Egina and is the best late flowering pink in the garden. The perianth is snow white and of excellent quality, substance and smoothness. Unlike Verran the perianth is quite flat. The rich pink large cup broadens slightly towards the mouth which is very slightly rolled and nicely frilled. The flower is carried on a tall strong stem with a very short stiff neck that gives it excellent presentation. It is a very regular grower as each flower is of show standard. Grand Champion Whitemore Premier Pink N.Z. National 1977. Champion Orange, 1980  
 ... .. \$25.00
- VAHU - 1. (30/70). Verran x Cathlin.** An early pink of outstanding quality. The perianth has excellent substance, but is inclined to catch on the cup and nick. Stands tall on strong stem with good carriage and is a proven parent. Has won too many show awards to list. Premier Spring World '84. Few to go  
 ... .. \$40.00
- VALDIS - 1. (8/70). C.E. Radcliffe x Remis.** This is a borderline trumpet and has all the characteristics of one, so should be useful for breeding. The cup is a very deep pink widening at the rim which is very serrated and rolled. The white perianth has broad shovel shaped petals and the flower has a bold appearance which should add to its show bench form  
 ... .. \$5.00
- VALUE - 3. (189/70). Verran x Kuprina.** Nice flat white perianth of good substance. Minor petals are wide and shovel shaped, majors overlap at the back. The cup is green at base with a deep pink glow. It has a slightly rolled very serrated frill which does not seem to nick the perianth. A deeper pink than its parent Verran. Strong grower. Very, very consistent  
 ... .. \$10.00
- VAMP - 3. (163/73). Verran x 176/66.** A Verran seedling much like its parent in colour, shape, texture and balance. It stands well on a good strong stem. The trumpet is well balanced with a slightly flared rim and a green eye. It is almost a trumpet with a cup measuring 41 mm and the perianth just over 41 mm. Champion Orange 1981  
 ... .. \$10.00

- VANDYKE - 3. (105/72). 64/63. (Ross x Philo) x 22/58. (A Bisdee sdlg x Illinga)**  
 This flower has a pure white chrystalline perianth with very broad rounded minor petals, the major petals overlapping at the back. The large trumpet shaped cup is widely flanged at the rim and attractively serrated. The botom of the cup is narrower than the rim which adds to the good balance of the flower. It has a strong neck with good carriage. Very consistent. ... .. **\$12.00**
- VARLET - 3. (162/73). (Verran x 176/66).** Another Verran seedling much like its parent with the petals perhaps marginally not quite as broad, but of even smoother substance. The corona is similar to Verran, slightly flared of delicate pink with a green eye. It has excellent carriage on a strong stem. Withdrawn for increase ... .. **\$15.00**
- VITAL - 3. (191/71). Verran x Cathlin.** A borderline trumpet. Very broad minor petals. Very large frilled cup, but perianth is so large and round that it does not dwarf cup. Cup has a yellow ring in centre, but outside is a deep pink. Rim of cup is nicely serrated with a wide roll ... .. **\$7.00**
- VIVACIOUS - 2. (159/71). C.E. Radcliffe x Remis.** Pure white perianth of good smooth substance with broad minor petals and overlapping at the back. The cup is green at the base then a delicate shade of pink, slightly deeper in colour at the rim which is nicely rolled and serrated. It has very good carriage and is a most consistent flower ... .. **\$15.00**
- VOLTAGE - 1. (22/74). 22/74 x Verran.** One of our earliest pinks which is rather similar to its parent Verran, but a deeper pink in the cup. The cup is slightly rolled and nicely serrated. Withdrawn for increase. ... .. **\$10.00**
- Also available VECTIS** ... .. **\$5.00**

**Class 3A - SMALL CUPS**

**(Coloured perianth, coloured cup)**

- NO-WAY - 2. (123/77). Riis x Kopi.** A very round smooth flower that is early for this division. The major petals are rounded and almost touching, the minor are rounded and slightly smaller. The cup is straight and a deep orange to its base. Has a good stem and stance. Champion Launceston 1983, 1984. 3 Y-O. ... .. **\$20.00**
- TIA - 1.2 (120/71). 101/65x 152/65.** This has been bred from two numbered seedlings one of which was bred from Dimity. It has a much larger form than Dimity and better colour in the perianth which is a rich golden yellow. The cup is nicely frilled and intense red throughout. Does not burn. Has the appearance of a class 2 but careful measurements show Cup 15, per 50mm. Class 3A-RRR (Sometimes Measure Class 2). ... .. **\$15.00**

## Class 3B - SMALL CUPS

(White perianth, coloured cup)

- CHALLENGE - 1.2. (151/70). 239/65 x Signal Light.** The best of its class I have seen. It has a very rounded pure white flat perianth of smooth good substance. Cup is flattish, very serrated and bright red throughout. All blooms show blooms. Has appearance of class two, but measures Cup 15 mm per 48 mm. Sunproof. Champion 3B Launceston 1975, 1978, 1980. International Cup N.Z. 1976.  
Class 3W-RRR. Canberra 1979 ... .. \$20.00
- CHASTA - 2. (139/69). 79/60 x Arbar.** Pure white, smooth flat perianth. The small white cup has a pinkish red, very serrated narrow rim and a green throat. It has a very good carriage and a tall stem. Champion Small Cup Hobart 1977. ... .. \$3.00
- EPONA - 3. (66/72). 79/65 x 87/63.** White perianth of good substance with spectacular flat deep red cup right from the rim to the base to the flower. Nicely serrated and frilled. Good carriage and appearance, strong grower. 3W-O ... .. \$20.00
- HARTZ - 4. (243/75). City Lights x 227/67.** A striking flower of great contrast with a bright orange cup against a pure white perianth. The perianth is triangular and of good solid substance. Stands well on a long stem 3W-O. ... .. \$20.00
- ICON - 2. (117/70). Arbar x 67/79. (Jo x Capella).**  
Cup 10 mm per 42 mm. Perianth pure white of good substance with overlapping major and minor petals. A well rounded flower. Cup is green at base then orange yellow with a red rim. Rather flat in shape and nicely frilled. Carriage and presentation good and strong grower. Class 3W-YYR. Champion Canberra 1982 ... .. \$5.00
- MEDIA - 3. (112/67). Arbar x Jo.** Pure white perianth of good quality and substance. The expanded cup is deep orange at the base, shading out to a ¼ inch rim of red. It is nicely serrated and well balanced. The flower has good presentation and is carried on a tall stem. Grand Champion Canberra 1977 ... .. \$7.00
- REKUNA - 3. (128/69). 208/65 x Arbar.** Another Arbar seedling. The white perianth has large minor broad overlapping petals. A very frilled small cup, red not predominant. Neat red frill on the yellow cup and green throat. Very strong tall stem with flower at right angles to the stem. Excellent presentation and consistent. 3W-YYR ... .. \$6.00
- TARDUS - 4. (226/75). 186/70 x Verona.** A nice division three white yellow, not predominant which is unfortunately too late for Tasmanian shows. It has a beautifully rounded, smooth perianth of good substance. The small expanding cup has a rim of yellow on its outer edge. Would be priced much higher if it flowered earlier. 3W-WWY. ... .. \$8.00
- TIMELY - 3. (177/70). Arbar x 168/61.** Very pure sparkling white perianth of very solid substance, cup 12 mm per 44 mm. The cup is greenish yellow at the base verging into yellow then orange red at the rim. The flat shaped cup is prettily serrated. A prolific strong grower. Short neck. Carriage improves on opening and it has a good presentation. 3W-YYR. ... .. \$5.00

**VODA - 2. (62/64). Arbar x Kin.** White perianth with good overlapping segments. Bright orange-red cup with a darker rim. The flower has good substance and is carried on a tall stem. ... **\$7.00**

**Class 3W-W SMALL CUPS  
(White perianth and corona)**

**BEHOLD - 3. (111/74). Romney x Placid.** A hard flower to classify as it opens with a lemon coloured cup that soon fades to white. The outer petals are almost round, the inner shovel shaped, of good substance and glistening white. The cup is flared and frilled. Stands well on the longest stem in our garden.  
Champion W.A.D.S., 1983 ... **\$10.00**

**CLASS 4 - DOUBLES**

**CHIOS - 2.** A large pale pink and white double on a good, tall stiff stem. ... **\$10.00**

**DOUBLE UN-NAMED - 3. (78/64) x Mrs. W. Copeland.** Double row of white petals in perianth. Heavy double cream centre interspread with cream petaloids of pleasing appearance. ... **\$3.00**

**FOIBLE - 1. (34/72). Chimeon x Lawali.** An attractive white and pale yellow double with just a tinge of pink on the yellow petaloids. It has a strong stem of medium length and stands well. 4W-YWY. ... **\$8.00**

**NITWIT - 3. (190/71). Chimeon x Lawali.** A pink semi almost double with a white perianth, pink and white petaloids. 4W-PWP ... **\$8.00**

**PINK BLUSH - 1. Lawali x 72/61.** This is not a large double approx. 3½ in. across base of perianth but it has lovely form and very consistent. The perianth is pure white, nicely rounded, and the centre is a tightly packed mass of salmon pink fluted petals interspersed with prominent white petaloids. The flower has excellent carriage for a double. Flowered late August. Launceston Cup 1970, Canberra 1972, Hobart 1973 and N.Z. 1976.  
Class 4W-PP. ... **\$30.00**

**PRIMROSE CREAM - 1.** A large cream double of a delicate lemon centre interspread with cream petaloids. ... **\$6.00**

**TWILLO - 2. (28/78). Mt. Somers.** A very full double that is hard to describe as the petaloids fade from a pale yellow to an almost white. The stem is of reasonable length but inclined to curve with the weight of the wet flower head ... **\$9.00**

**195/75 - 3.** A semi-double that has a white perianth, a trumpet shaped corona jammed full of yellow and white petaloids. ... **\$5.00**

**120/74 - 2.** An early, full, cream double. ... **\$6.00**
