\* New Releases

Dear Customers and Friends,

It is probably time to state again the objects of Jackson's Daffodils. Our aim is to breed, propagate and sell strong, healthy, virus-free bulbs that produce blooms that are consistently capable of winning trophies. We flower some ten to twelve thousand new varieties each year, line bred from the best Tasmanian and overseas varieties available. Less than one in a thousand survive the rigorous selection process to be eventually registered, named and offered for sale.

Each name is followed by a number to indicate the approximate time of flowering, No. 1 being the earliest and No. 6 the latest. The seedling number is in brackets, with the second number indicating the year of the first flowering, followed by the pedigree.

We do not keep large stocks of any cultivar and so it is necessary to order early to avoid disappointment. Please mark on the Order Form if you do not require substitutes. A list of any second choices will assist us. It is our policy to substitute with more than equal value of those requested.

Orders should be received by mid-February.

Prices are quoted in Australian Dollars and Postage must be added to each Order. Overseas Orders are posted S.A.L. unless Air Mail is requested. 10 bulbs weigh approximately 800-900 grams.

Payment may be made by personal cheque, money order, bank draft, etc. We have no problem cashing personal cheques in overseas currencies. Exchange rates will be calculated at the bank rate on the day of deposit and any overpayment because of exchange rate or excess postage will be adjusted by including extra bulbs.

We recommend our Novice Collection to any customer beginning to exhibit. The Novice Collection is ten different cultivars, from several divisions, that are easy to grow and are consistent good performers on the show bench, and are at less than half the listed price. Only one Novice Collection ever to a customer.

We enjoy visitors to our garden at Surges Bay. Our Open Day will be Sunday, 18 September. Visitors are welcome any other time but we suggest a phone call in case we are absent.

Our thanks to the A.D.S. members who made our trip to the U.S.A. so interesting and so much fun. We enjoyed your country, your flowers and most especially your people.

David and Robin
