

We have rain all day & night and it freezes at night. Only the early daffodils are out. Louise Fortinton is organizing a local chapter of the members of the American Daffodil Society next Saturday. When she called me she asked about you. After the meeting we are going to see Mr. Clarence Counsel's daffodils. He has over 600 varieties planted in natural settings.

A Holy, Happy Easter
to all and my love and an
Easter Kiss XXXX Mary
