SUNDISC 4

Gorgeous little jonquil. A perfect circle of gold with a flat spun wide eye of gold. Quite one of the most perfect of all daffodils large or small, this one stands only about 6" high. A delightful disposition ensures an almost indecently rapid rate of increase. 50p each. 10 for £4.50. 50 for £20. 100 for £38.

NYLON

Small white N. bulbocodium hybrids grouped under this name. Delightful small pot plant. Is hardy in milder parts of the country. Bulbs increase rapidly. Winter blooming with wide half balloons of flowers. 60p each. 10 for £5.

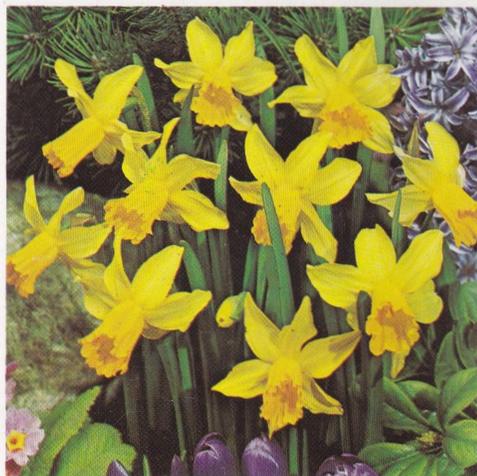

Tete a Tete

TETE A TETE 1-2

cyclamineus hybrid. Probably the finest of all dwarfs. Very very early and tremendously long lasting. Stems 4-6" with one or two relatively large smooth shining flowers. Golden oval petals at right angles or slightly reflexed from neat longish crowns of pale tangerine. Increases and blooms with ridiculous abandon. Constantly praised by customers who grow it. 30p each. 10 for £3. 50 for £14. 100 for £25.

FEBRUARY GOLD 1-2

Slightly reflexed petals of gold, longish crowns half a shade deeper. Excellent in pots, bowls, in borders or naturalised. 10 for £3. 50 for £14. 100 for £27.

NEW 1983

ATTAINMENT 2WGYO
One of our most lovely seedlings. Perfect perianth of broad smooth white petals held flat behind a wide saucer painted in various colours, a pinky orange rim gives way to a pale citron that becomes blue green in the centre. Most refined and attractive character. Strong. **£45 each.**

CHIG 2WGWV
Pure white polished marble used to form a circular shining flower of firm round petals and a shallow saucer crown centred green. A Homage seedling that has already won a Preliminary Commendation as a show flower. Scarce. Named after a dear friend. **£12 each.**

LAST WORD 6
Portrush x Cantabile
Last Word is a precise jewel of a flower. Vivid white pointed petals and small cup centred green when newly open. Good bulb and good habit. **£18 each.**

NEW 1982

RADICAL
Takes the Peeping Tom – Bartley design and redraws it with more generous proportions and to be executed in metal of tougher calibre and more finely finished. Not too tall, though the stems lengthen during the weeks the blooms last. Broad long reflexed petals and long trumpet boldly flanged at mouth. Rich deep yellow. **£7 each. 10 for £65.**

ALLIANCE
Unites all the qualities looked for in a cyclamineus hybrid. Opens early and has extraordinary lasting power. Characteristically swept back perianth and neat goblet crown of steely firmness and satin smoothness. Very bold upright pose. Deep gold. Very strong and obviously a leading kind for many years. Illustration front cover. **£10 each. 10 for £90.**

DAVLIN
Striking decorative flower. Pure white perianth and a bold crown very strongly painted pink especially fluorescent around brim. Strong. **£7 each. 10 for £65.**

FEARLESS 1Y
We regard this as the best yellow trumpet we have yet seen. It has been much admired by leading fanciers. A flower of exact bold design lines, the perianth very broadly overlapping and in a precise plane behind a trumpet that is not too narrow and is finished with an engineered flange exactly serrated. All in glorious gold and of fine spun texture. Robust. **£50 each.**

LEADER 1L
Of very many lemon and sulphur seedlings this chooses itself as one of the most outstanding. Firmer in substance than most, but silken smooth. Good sized flowers of excellent pose shining in luminous lemon sulphur. Excellent form built around a design that borders trumpet proportions, a shape many argue as the most pleasing in the daffodil family. Wide perianths of broad petals and a neatly finished trumpet crown. **£45 each.**

SURPRISE 6WP
A new cyclamineus in strong pink and white. Tough plant and flower but with refined form. Pure white gently recurving perianth of oval petals and a neat goblet cup of vivid rosy pink. Grows well. **£18 each.**

Radical

TESTAMENT
Here is the white and pure pink combination that breeders have been striving to get in a large flower of quite unusual perfection of form and quality. Excellent pose, texture, and all round character. Only a few to go. **£30 each.**

OUR COLLECTIONS 1983

Each year a larger proportion of our trade belongs to our collections. We flatter ourselves that this is because they give value and are carefully made up to give a good balance of colours, types, and flowering periods but with the over-riding consideration that each kind chosen must be a highly reliable kind.
