

Plant List 1997-8

Only the Narcissus pages are included here.

MONOCOT NURSERY

**“Jacklands”,
Jacklands Bridge,
Tickenham, Clevedon,
North Somerset BS21 6SG
England**

All plants listed are grown here on the nursery, the greater part from seed which ensures robust virus-free stocks.

For conservation purposes, where stocks are from a known original source, this is briefly given. Where stocks are from various sources these are also given with collectors initials and collection numbers so that they may be precisely identified from the collectors field notes.

Reference is recommended to:- 'The Bulb Book' by Rix & Phillips, 'Dwarf Bulbs' and 'Larger Bulbs' both by Brian Mathew or 'Bulbs' by Grey-Wilson & Mathew for descriptions and/or illustrations of most of the plants listed here. For Narcissus species 'Narcissus' by John Blanchard or 'Modern Miniature Daffodils' by James Wells are comprehensive and well illustrated. 'The Crocus' and 'The Iris' both by Brian Mathew are the current handbooks on these genera.

All plants listed are top size unless otherwise stated but flowering is not guaranteed as subsequent growing conditions are in the hands of the customer. If you are not satisfied with the goods as received, please return and I will replace or refund.
