Modern Daffodils-Grower-Hybridizer

RT. 1, BOX 1525, CORBETT, OREGON 97019

Daffodils for 1980

Although postage and insurance rates have increased, we will continue to ship postpaid on all but overseas orders. All prices in this list are net. Please do not ask for wholesale or discounts on larger quantities as we no longer grow more than a few of each kind. All orders should be received by mid-September, for all stocks are re-planted by October 1.

1980 Introductions

NAMES OF NEW INTRODUCTIONS SUBJECT TO CHANGE PENDING ACCEPTANCE BY THE ROYAL HORTICULTURAL SOCIETY.

BARBIE DOLL..0-5 (Kewpie X Chiquita) 2 W-WP 1980 LM Ht. 35cm. Small to medium sized, with very white, round and fairly smooth perianth. Flaring cup opens primrose yellow with strawberry red margin. Cup gradually fades to white, retaining the colorful rim. Strong stem, bloom posed upward of 90 degrees. Very small stock.
Each..\$15.00

DRAMA..N-91 (Daydream X Lunar Sea) X Rima 1 Y-pp 1980 EM Ht. 38cm. Nothing like this seen before on Daffodil Hill. The buffish yellow, smooth perianth overlaps well, segments slightly pointed. The long trumpet is slender at base, flaring some at margin, with shallow serrations. Trumpet is deep salmon pink throughout, and entire flower retains basic colors well. Medium length stem strong enough in most weather. Scarce.
Each..\$30.00

DREAMBOAT..N-36/3 (Marshfire X Hotspur) 2 W-YO 1980 M Ht. 39cm. Perhaps one of the "look alike" so rife these days in daffodil listings, but we believe it can hold its own as a show flower. Unlike others from this cross it does not open pure white, but soon attains desired purity. Perianth is of classic show form, cup with deep yellow center and wide orange-red band. Tall, strong stem, bloom nicely posed.
Each..\$10.00

EVERGOLD..0-12 (Enmore X Fiji) 1 Y-Y 1980 M Ht. 40cm. The best all-purpose, deep yellow trumpet we have raised. Has all the qualities for show and garden. Strong, tall stems hold blooms erect in most weather.
Each..\$20.00

FELICITY..L-43/5 (Pink Chiffon X Accent) 4 W-WP 1980 M Ht. 42cm. Loosely built double with good form. All white base petals, short center segments blending to pastel pink on margins. Usually fertile. Stem tall and strong, short neck and bloom well posed.
Each..\$10.00

PORCELAIN..0-20 (Pristine X Moyard) 2 W-W 1980 LM Ht. 41cm. Large, pure white flower with broad, flat, smooth perianth. Cup sharply tapered with some flare and shallow frills on margin. Neck, pose and stem are good as one could expect. Scarce.
Each..\$20.00

Our Introductions

ALBACORE..K-12 (Lunar Sea X Galway) X Glenmanus 2 W-Y 1976 M Ht. 32cm. Perianth large, smooth, flat. Petals somewhat pointed. Pale to deep primrose cup is long, narrow at base, slightly flared at margin. Short necked flower nicely posed on stiff stem. Suitable for show and garden.
Each...\$5.00

ALUMNA..I-10 Green Island X Artist's Model 2 W-YYP 1971 LM Ht. 43cm. Unusual in color. Round, white perianth, large flat cup is primrose with pink rim. Each..\$10.00

ARAPAH0..F-285 Blarney X (Duke of Windsor X Lady Kesteven) 2 W-OOY 1970 M Ht. 48cm. Tall, strong stemmed and vigorous. Like many of Blarney's descendants it has a salmon-orange cup with yellow margin. Resembles Ariel but perianth is whiter, cup margin more frilled.
Each...\$4.00

ARAWANNAH..H-3/1 Bethany X Daydream 1 Y-Y 1976 M Ht. 40cm. Medium sized, canary yellow, smooth, round and flat perianth. Well proportioned trumpet, slightly flared, lacinated at margin. Strong stem of medium height. Good for garden and exhibition. Each..\$10.00

BIG JOHN..L-50 Daydream X Bethany 1 Y-W 1975 M Ht. 38cm. Large, tall flower on a stiff stem. Vies with Epitome for excellence and lacks the yellow margin. Opens a bit later than Epitome.
Each..\$20.00

BUCKSKIN..G-29/1 Green Island X Foggy Dew 2 Y-Y 1973 LM Ht. 41cm. Name describes color, though in warmer areas cup may be lighter than perianth. Good show form, with beauty and durability for garden. Each...\$5.00

CANAPE..J-51 (Duke of Windsor X Lady Kesteven) X 2 W-Y sdlg. 2B YYY 1977 M Ht. 48cm. Still another of the flowers that undergo color changes. Like the others, this opens a 2B with yellow cup, then the perianth becomes deep cream at maturity. The medium length cup, lacinated and flaring, changes from primrose to peachy buff, with lighter margin. This also has a tall, strong stem and short neck. For show and garden.
Each...\$5.00

CANEMAH..0-25 (Binkie X LD sdlg.) X Suede 2 Y-W 1978 M Ht. 38cm. A flower after the style of Fettle, in division 2. Broad, flat, slightly reflexed perianth of good substance. Tapered cup fades to near white, retaining narrow band of yellow on margin. Good pose and neck. Show and garden. Each..\$10.00

- CARNELIAN..G-9 Paricutin X (Ardour X Ruston Pasha) 2 Y-R 1971 EE Ht. 38cm. Very early, almost sunproof, smooth and colorful for one so early. Perianth light yellow, overlapping and pointed segments. Cup solid, brilliant orange-red. May be good for early shows. Each...\$7.00
- CHANTICLEER..N-11 (C-137/5 X Zanzibar) 4 Y-YO 1979 M Ht. 38cm. The most brilliant and sunproof double we have raised. Nicely formed and not too dense. Base color rich yellow, center interspersed with deep orange red. Stem strong, supports the flower in most weather. Very scarce. Each...\$25.00
- CHAPEAU..F-291/1 Wahkeena X Festivity 2 W-Y 1971 EM Ht. 43cm. Form intermediate between the parents. Clean white, overlapping and pointed perianth. Long cup of butter yellow, fluted at margin. Strong stem, good pose and durability indicate dual purpose for garden and show. Scarce now. Each...\$5.00
- CHARADE..K-50 Greenland X Green Island 2 Y-Y 1976 M Ht. 37cm. Another smooth broad, flat flower that opens white, then ages to a soft greenish beige. Color similar to that of Aircastle. Rather straight cup is lightly fluted, frilled at margin. Short neck, good pose. Each...\$10.00
- CHEDDAR..F-292 Festivity X 2B sdlg. 2 Y-Y 1971 M Ht. 38 cm. Smaller sister to Monument. Round, smooth and well poised. Perianth medium yellow, cup goblet shaped, cheesy buff color. Each...\$3.00
- CHELAN..H-16 Daydream X Bethany 2 Y-W 1975 LM Ht. 43cm. We tried to name this one Vesper but couldn't get away with it. A sister to Suede, and some observers like it better. It does reverse here and opens later than Suede. Each...\$8.00
- CHLOE..D-174/1 Radiation X (Interim X Mabel Taylor) 2 W-P 1973 EM Ht. 48cm. The tallest pink daffodil we have raised or seen. Well formed perianth, goblet cup of rich, lasting pink in most seasons here. Each...\$4.00
- CHIQUITA..H-30 (Interim X Green Island) X Caro Nome 2B GPP 1969 M Ht. 41cm. Very round, broad perianth. Flaring cup of deep pink with green eye. As its pedigree indicates, it is endowed with heavy substance. Each...\$20.00
- CHORALE..H-53 Falaise X Actaea 3 W-YYR 1975 LM Ht. 43 cm. Like a giant poet. Gleaming white, broad flat perianth. Small yellow cup edged red. Each...\$5.00
- CHORINE..H-8 Complicated pedigree involving several seedlings. 2 W-YYW 1974 LM Ht. 43cm. Dubbed "Bearded Lady" when first seen, it can hardly be classed as a show flower. The not too white perianth is smooth considering the fuzzy cup it enfolds in bud. The long yellow cup contrasts well with the perianth and sports a white margin which might be likened to the frills and flounces of a chorus girl's costume. Vigorous. Each...\$5.00
- CORDIAL..C-158 Pink Lace X Interim 2 W-P 1970 M Ht. 43 cm. This white flower with frilly pink cup has been tested in many parts of the country and gives good pink color in most regions. Petals broad and pointed. Each...\$2.50
- DESCANSO..M-54/3 Polindra X Frolic 1 W-Y 1964 Ht. 52cm. Beautiful, tall show flower. Twice winner of best in show at Descanso Gardens. Each...\$3.00
- DIVIDEND..F-266/8 Lunar Sea X Bethany 1 Y-Y 1975 LM Ht. 42cm. This flower extends the season in division 1A by opening late, often with the poets here. Good plant, but bloom not really distinctive in its class. Each...\$5.00
- DEWY ROSE..L-30 Cordial X Caro Nome 2 W-WPP 1976 M Ht. 38cm. Perianth round, flat, heavy substance and clean white. Cup white in throat, deep rosy pink from about midway to margin. Stiff stem, short neck, good pose. Each...\$15.00
- EGGSHELL..K-7/1 Oneonta X Protege 2 Y-Y 1976 M Ht. 49 cm. Name suggests the velvety finish rather than color, which is subdued shade of soft, buff primrose. Perianth round and flat, with heavy substance. Cup short flaring, sulphur yellow in throat. Strong stem, short neck. Flower faces upward from 90 degrees. Recommended for show and garden. Each...\$8.00
- FETTLE..L-22 (Binkie X Daydream) X Protege 1 Y-Y 1977 M Ht. 43cm. One of our favorites. The roundish, reflexed perianth is colored primrose-beige. Trumpet flares at margin, with uniform serrations. A shade darker than the perianth. Tall stem, short neck, bloom faces upward from 90 degrees. We think it will be a fine show flower. Each...\$25.00
- FOUNT..L-2 Interim X 2B pink sdlg. 2 W-P 1976 M Ht. 39 cm. Fairly large flower with broad, semi-pointed, slightly reflexed perianth. Cup with medium taper is heavily scalloped at margin, rich salmon-pink throughout. Each...\$10.00
- FOXFIRE..C-153 Limerick X (Shirley Neale X Chinese White) 2 W-GWP 1968 Ht. 41cm. About the size of Limerick, but rounder and flatter. Perianth snow white, cup has a wide band of coral-salmon on margin and green eye. Area between is luminous, greenish white, which suggested the name. Each...\$5.00
- GIGOLO..J-45 Aircastle X Protege 2 Y-Y 1977 M Ht. 41cm. One of the smoothest flowers we have raised. The broad, flat perianth opens deep primrose, and of course it has a fault; the perianth fades to light primrose with age. The short, tapered cup almost puts the flower in division 3. Tall, strong stem and short neck. Bloom posed at 90 degrees. Show and garden. Each...\$8.00
- IVY LEAGUE..F-303/2 Effective X Festivity 1 W-Y 1971 M Ht. 45cm. Probably the most consistent producer of perfect blooms of any 1B we have seen. Mounted on ramrod-stiff stems. Winner at several Eastern shows. Each...\$5.00
- JET SET..F-303/1 Effective X Festivity 1 W-Y 1971 M Ht. 45cm. This flower and its sister, Ivy League, owe their existence to the discerning eye of Bill Pannill, who selected them from our F-303 series. Both have won awards at Eastern shows. Cleaner color than Ivy League, also a slower increaser. Good form and pose, and both qualify for show and garden. Each...\$5.00
- JOLLY ROGER..E-250 Wahkeena X sdlg. from Bread & Cheese 2 W-Y 1969 M Ht. 43cm. Circular, wide petaled perianth which opens pure white. Medium length cup of bright, rich yellow, ruffled at margin. Each...\$4.00
- KEN'S FAVORITE..L-30/1 Cordial X Caro Nome 2 WPP 1978 M Ht. 36cm. So named because it is the favorite pink of our friend Ken Dorwin. For a pink daffodil it is large, perianth very broad, white and flat. Sharply tapered cup is short, uniformly colored a beautiful shade of deep rose pink. Ruffle on cup margin causes some perianth segments to catch, resulting in "mitten thumbs". A worthwhile flower for garden and occasional show specimen. Good stem of average length, neck of medium length, pose 90 degrees or above. Very scarce. Each...\$30.00
- KEWPIE..D.P.#1 From open pollinated seedlings. 2 W-P 1974 LM Ht. 27cm. Pretty and charming little flower, opening toward end of the season. Perianth overlaps a bit and reflexes slightly. The small, tubular cup is deep, rich pink most seasons here. Slow increaser and stock scarce. Each...\$5.00
- LIMBERLOST..C-25 Carolina X Lady Kesteven 3 W-YYW 1969 L Ht. 51cm. Probably too odd for acceptance at shows. Large, tall and snow white perianth with wide and pointed segments. Cup pale primrose, usually with 3 pairs of white stamens extending from the margin. Resemble great white moths when stirred by a breeze. Each...\$3.00
- LINGERIE..L-42/2 Double sdlg. X Dawnlight 4 W-WWY M Ht. 39cm. Bi-colored sister to Sun Ball. Outer petals ivory white, inner ones butter yellow. Near perfect form, and all inner segments have tiny waves on margins, suggesting lacy petticoats. Not quite so indestructible as Sun Ball, but holds up well for a double daffodil. Good for show or garden. Each...\$25.00
- LOLLIPOP..J-16 Green Island X Actaea 3 W-Y 1976 Ht. 40 cm. Perianth broad, flat, smooth and round. The small cup is light lemon and frilled. Stem tall and strong, short neck. For show and garden. Each...\$10.00
- LOSTINE..H-25 Chinese White X (recurvus X Carolina) 3 W-GWW 1969 L Ht. 43cm. Smooth and snow white throughout except for green eye. Scarce. Each...\$5.00
- MARIMBA..F-260 Sacajawea X Armada 2 Y-YYO 1973 EE Ht. 51cm. Earliest blooming flower we have raised. Bright yellow perianth, cup brilliant orange-red for most of its length. Tall, colorful and very vigorous. Each...\$3.00
- MARSHFIRE..C-151 Limerick X Bithynia 2 W-YOR 1970 LM Ht. 43cm. A half sister to Foxfire, this is larger, rounder, and the coral-red cup with dark green eye is more highly colored. Very small stock. Each...\$5.00

- MINIKIN..F-310/2 Snowball X Interim 3 W-GYR 1970 LM Ht. 41cm. Similar to Minx, a bit smaller and with reflexed perianth. Poet-like cup wire edged red, and stands the sun fairly well. Better increaser than Minx. Each...\$3.00
- MINX..F-310/1 Snowball X Interim 3 W-GYR 1969 Ht. 41cm. Beautiful poet-type flower with round, flat glistening white perianth. Small yellow cup edged red; may lose the red edge in adverse conditions. Each...\$5.00
- MOHAWK..K-38/2 2B sdlg. X Accent 2 W-Y 1977 M Ht. 45cm. Sister to Picnic and Nutmeg, also changes color, still it is distinct. The broad, semi-pointed, fairly smooth perianth opens white, then ages to Jersey cream. Cup slightly flared, scalloped at margin, turns to light apricot from primrose yellow. Tall, heavy stem, good neck, bloom posed at 90 degrees. Each...\$10.00
- MONUMENT..F-292/1 Festivity X 2B sdlg. 2 Y-Y 1969 M Ht. 40cm. Huge flower, all yellow, cup a bit deeper than perianth. Flat, overlapping petals, good form and vigorous. Each...\$5.00
- MULTNOMAH..H-31 Paricutin X Armada 2 Y-O 1971 E Ht. 43 cm. Rather spectacular very large, round early flower. The great flat cup has a broad band of orange-red, blending to yellow in the center. Makes small, unattractive bulbs. Each...\$20.00
- NEHALEM..G-40 3 W-GWY 1975 M Ht. 45cm. A happy mixture of Rubra, Otranto, Caroline and Marshfire. Tall, durable, with green eyed frilly cup. Occasional white flecks on cup margin may spoil it for show. Each...\$3.00
- NUTMEG..K-38/1 2B YY sdlg. X Accent 2 W-Y 1976 M Ht. 45 cm. Flowers in this series are unique, for they all open white with yellow cups, then undergo color changes as they develop. This one has a round, heavy perianth. The tapered cup, with some frill on margin, ages to creamy buff. Good. Each...\$10.00
- ONEONTA..from open pollinated Mitsch seedlings 2 Y-Y 1968 L Ht. 41cm. Only 2A self we know that blooms so late in the season. Very smooth and vigorous flower of medium yellow with greenish highlights. Each...\$3.00
- PANTOMIME..N-25/1 recurvus X Dallas 3 W-YYR 1978 LM Ht. 36cm. Disqualified for division 9 due to anther arrangement, but looks like a poet. Reflexed, snow white perianth is much broader than that of its seed parent. Small cup of yellow with bright red rim. Good stem, very short neck, ideal pose. Strong stem of medium length. Should fare well in its class. Each...\$8.00
- PARFAIT..L-43/3 Pink Chiffon X Accent 4 W-WWP 1975 EM Ht. 43cm. This and its sister, Replete, have much stronger stems than some later series which have enjoyed more publicity. Often as not they are fertile and can be recommended to those interested in breeding pink doubles. Scarce. Each...\$15.00
- PEACE PIPE..C-173 Effective X 1B Mitsch seedling. 1 W-Y 1969 M Ht. 41cm. Smooth Bi-color of very good quality and balance. Straight trumpet has no ruffle or roll. Popular despite its unusual form. Each...\$3.00
- PICNIC..K-38 2B YY sdlg. X Accent 2 W-Y 1976 M Ht. 45cm. Like its sister, Nutmeg, this opens white with yellow cup, which changes to creamy buff-apricot. Perianth soon takes on some of the cup color. These are well formed, durable flowers, pretty in all their color phases. Each...\$10.00
- PINK FLARE..H-45 Rose of Tralee X Rose City 2 W-P 1976 LM Ht. 32cm. Perianth broad, flat and smooth. Segments shovel pointed. Cup medium length, shell pink flared and serrated at margin. Good pose, durable. Each...\$7.00
- PIQUANT..G-31 Blarney X Artist's Model 3 W-O 1974 M Ht. 41cm. A 3B that looks like a 3B. Perianth segments are 53mm, cup length is only 15mm. Easily identified with its seed parent, Blarney, it is much larger, whiter, and the small cup is rich brick red here most seasons. Good grower. Each...\$7.00
- PLAZA..I-22 Bethany X (Binkie X 1D sdlg.) 2 Y-W 1975 M Ht. 43cm. Smooth reverse bi-color with good pose and taller than most in this group. Each...\$10.00
- PLUSH..N-15 Double sdlg. X Hallali 4 WWR 1978 M Ht. 38 cm. Medium sized double with round, snow white outer perianth segments. Loosely doubled center is bright red. Well posed bloom on strong stem. Each...\$10.00
- PROFILE..B-110 Limerick X Broughshane 2 W-Y 1970 LM Ht. 53cm. A skyscraper of the daffodil kingdom which remains erect in most Oregon weather. Not really distinct; resembles Polindra, and opens when others of this type are past their prime. Each...\$2.00
- PROPRIETY..B-117/1 Rose of Tralee X Interim 2 W-P 1970 M Ht. 36cm. Large for its type and of classic show form. Smooth perianth, and in favorable seasons for long cup colors a rich salmon-pink. Each...\$2.00
- PROTEGE..F-297 (Trousseau X Pink O'Dawn) X 2B sdlg. 2 Y-Y 1969 M Ht. 43cm. Beautiful smooth flower of buff primrose yellow. Ideal form and proportions. Makes large, firm, short necked bulbs. Only a few. Each...\$10.00
- PYRITE..I-19 Artist's Model X Marshfire 2 W-GYY 1977 L Ht. 41cm. This late flower may be more consistent elsewhere than here. Sometimes during one of our cold, wet spells it doesn't open properly; spectacular when it does. A sister to Vermilion but entirely different. Very large, round, ivory white perianth, inner segments slightly wavy. The short, somewhat frilled cup has the greenest eye we have seen in a big flower. Tall, strong stem, and bloom nicely posed. Each...\$6.00
- RED FOX..H-64 Hades X Paricutin 3 Y-O 1973 LM Ht. 43cm. Rounded perianth of canary yellow, small cup of brilliant orange-red. Not sunproof. Each...\$5.00
- REPLETE..L-43/1 Pink Chiffon X Accent 4 W-WWP 1975 EM Ht. 43cm. Good form and pose. Center petaloids a pleasing shade of pink. Not the ultimate in pink doubles, but like its sister Parfait, shows promise for breeding. Each...\$20.00
- ROSE CITY..D-165/2 Interim X Radiation 2 W-P 1969 M Ht. 41cm. Somewhat like Irish Rose, larger and taller. Perianth very white and cup is near to true pink. Each...\$4.00
- ROYAL COACHMAN..C-115 Rose Marie X Carolina 2 W-GYO 1969 M Ht. 51cm. Has all the colors of a royal coachman trout fly, white, green, red and yellow. The late Harry Tuggle described it as a 2B Merlin. Smooth, tall and colorful. Each...\$4.00
- SATSUMA..K-39/1 Daydream X New Era 1 Y-Y 1975 M Ht. 45 cm. Sister to Epitome. Large and tall, smooth and well overlapping perianth. Instead of fading to white, the trumpet turns peachy buff with age. Very scarce. Each...\$30.00
- SAUCY..F-286 (Wild Rose X Rosegarland) X Interim 2 W-P 1974 M Ht. 41cm. Medium sized and noted for form rather than color. With backswept perianth, it consistently gives a high percentage of perfect blooms. The tapered cup, exactly half the length of the perianth segments, is pale to fairly rich pink, depending on the seasons. Each...\$4.00
- SHADOW..N-72 Desdemona X Knockbane 2 W-GWW 1977 M Ht. 43cm. Of classic 2C form, very smooth and white, with wide, pointed perianth segments. Emerald green shading in throat and base of cup. Perhaps we are offering it too soon, but at the price, only the most violent cases will be interested. Each...\$60.00
- SHOWBOAT..F-296/1 Bithynia X (Seraglio X Gracious) 2 W-YYO 1970 M Ht. 41cm. Striking, big flower with broad, smooth white perianth. Saucer shaped flat cup of yellow; rim of distinctive bright salmon-orange-red. Each...\$2.50
- SHRINER..G-16/1 Wahkeena X (Content X Flora's Favorite) 2 W-Y 1972 E Ht. 42cm. Probably better for a garden flower, though some may be smooth enough for show. The pale yellow cup fades to near white with age. The prolific, durable blooms are nicely posed on stiff stems. Each...\$2.00
- SILVER THAW..K-37 (Duke of Windsor X Green Island) X White O'Morn 3 WWP 1978 M Ht. 43cm. Looks somewhat like a pure white Green Island with smaller, flatter cup. Tall, smooth garden or show flower with good pose and neck. Each...\$10.00
- SKOOKUM..I-12 Green Island X Actaea 3 Y-Y 1976 L Ht. 50 cm. Nice, tall all yellow, small cupped flower with round, flat perianth. The short, fluted cup remains deep primrose as the perianth lightens some with age. For garden and show. Each...\$5.00
- SOUBRETTE..H-30 Blarney X (Siam X Green Island) 2 W-Y 1974 M Ht. 41cm. Something about the color of this flower reminds one of the famous old Greeting, clean white and clear yellow. Round as Green Island, with good pose. The 17mm cup is slightly flared. Nice for show and garden. Each...\$5.00

BILL PANNILL INTRODUCTIONS

X SUEDE..H-16/1 Daydream X Bethany 2 Y-W 1971 M Ht. 36cm. Smooth, attractive, with long cup which turns to peachy buff here. It reverses in warmer climates and has now been re-classified from 2-A to 2 Y-W. Each..\$10.00

X SUNAPEE..C-146 Carbineer X Ardour 3 Y-YYR 1969 M Ht. 38 cm. Better for show than garden, due to its tendency to burn in the sun. Good show form and pleasing color. Smooth perianth is canary yellow, cup rimmed bright orange-red. Each...\$4.00

SURTSEY..E-220 Zarah Leander X Porthilly 2 Y-R 1971 L Ht. 43cm. Often as fiery as the undersea volcano that spawned its namesake. Late for a red cupped 2A, blooming with Kindled and Zanzibar. Sun resistant cup margin fluted and shirred. Smooth, broad perianth. Scarce now. Each...\$2.50

X SWEET PRINCE..I-17 Daydream X (Lunar Sea X Galway) 1 YWY M Ht. 42cm. Beautiful in profile or facing the viewer. Opens uniform gold, trumpet fading to off-white, retaining original color on margin. Perianth develops a whitish halo outward from base of trumpet. Several bulbs were sent out for trial in 1976, and all reports have been most favorable. Can be recommended for show and garden. Each..\$25.00

TILLICUM..D-205 (Shirley Neale X Chinese White) X (Green Island X Chinese White) 2 W-P 1969 M Ht. 43cm. One of the few 2Bs whose beauty improves with age. Smooth, round perianth. The flaring and frilled cup is not pink as the color code indicates, but opens primrose yellow and ages to rich salmon-apricot. Each...\$4.00

TOURNAMENT..F-313/1 Falaise X (Duke of Windsor X Lady Kesteven) 4 WWRR 1970 M Ht. 45cm. This large, early double is white with orange-red center. Vigorous, dependable, and some specimens may qualify for show. Each...\$3.00

TYEE..F-319 Propriety X (Interim X Wild Rose) 2 W-P 1973 LM Ht. 36cm. Rather short stemmed on opening, soon grows to medium height. Perianth near perfect in form. Flaring cup pink as flesh of the spring salmon for which it was named. Nice for show and garden. Each..\$10.00

X URBANE..N-36 (Marshfire X Hotspur) 2 WYOY 1979 M Ht. 40 cm. Sister to Verve, this is less brilliant than some in the series. Perianth opens dazzling white, is round and overlapping. The short cup is primrose yellow, blending to salmon-orange with primrose yellow margin. Tall, good pose and short neck. Must be cut early to avoid fading in sun. Each..\$15.00

VANTAGE..F-277 (Shirley Wyness X Interim) X Mitsch pink sdlg. 2 W-WPP 1970 M Ht. 43cm. White flowers atop stiff stems. Frilly cups broadly banded rich raspberry with white throats. Pink may be paler in warmer climates. Each...\$4.00

VERMILION..I-19/1 Artist's Model X Marshfire 3B OOV 1975 LM Ht. 43cm. Unusual flower with pure white, reflexed perianth. The almost flat cup is vermilion with yellow band on margin. Not so brilliant in unfavorable seasons. Each..\$10.00

X WAHKEENA..M-54/2 Polindra X Frolic 2 W-Y 1965 EM Ht. 48 cm. Of trumpet character, this barely misses 1B measurement. Perianth opens clean white, with wide, overlapping pointed petals. Beautifully contrasting cup of deep lemon. Each...\$2.00

YELLOWSTONE..F-264/2 Content X Lunar Sea 1 Y-W 1969 E Ht. 41cm. Each..\$20.00

X YELLOWTAIL..K-17 Glenmanus X (Rose Marie X (Trousseau X Pink O'Dawn). 2W-Y 1977 M Ht. 38cm. Resembles its pod parent, Glenmanus, but blooms earlier. Perianth is smooth, flat and overlapping. Long cup of deep primrose has no flutes except at margin, where it is slightly flared. Stem of medium height, good neck, bloom well posed. Each..\$10.00

YOSEMITE..C-138 Radiation X (Trousseau X Pink O'Dawn) 2 W-W 1969 M Ht. 43cm. Similar to Ave, perianth not quite so pointed. Perhaps due to the genes of Trousseau, it resists basal rot. Becoming popular, and stock is now small. Each...\$2.50
