Daffodils for 1983

This, our smallest list to date, contains only those we have in sufficient quantities to offer. Despite our small circulation, at least 20 kinds were sold too low last year to include in the 1983 list. We hope that a number of cultivars which have been omitted in recent years will increase enough to provide a better selection next year. Prices in this list include postage and insurance, except on overseas orders. Please place orders on or before September 15.
