

MURRAY W. EVANS

Modern Daffodils-Grower-Hybridizer

3500 S.E. MANTHEY ROAD, CORBETT, OREGON 97019

DAFFODILS FOR 1985

After a one year hiatus, we are registering 13 new cultivars, one of which is offered by Bonnie Brae Gardens bearing the name Bijou. Again, the listing of Bonnie Brae Gardens is enclosed with ours. Last year some orders for Bonnie Brae were sent to us, which caused some confusion. Please send orders and payment directly to them.

Despite another raise in Parcel Post rates there are no raises in prices, but few have been lowered. Prices, as in the past, include shipping costs and insurance, except Air Parcel Post and overseas orders. Please remember, we must begin replanting in late September and cannot promise to fill orders received later than September 15.

NEW INTRODUCTIONS-1985

ABIQUA..J-5/2 Binkie X Limeade 2 Y-Y 1985 M Ht. 42cm. Another of the ubiquitous medium yellow flowers in division 2. Perianth flat, well overlapping, semi-pointed. Cup fluted from midway to margin, slightly deeper in color than the perianth. Strong stem, bloom posed above 90 degrees. Garden or show. Each..\$10.00

HACIENDA..Q-20/1 Arctic Gold X Brer Fox 1 Y-Y00 1985 M Ht. 37cm. By far the best so-called red trumpet we have raised to date. About the size of Arctic Gold, from which it inherited much of its form and smoothness. The long, slim trumpet is rolled a bit at the margin. Normally is yellow at base and rich orange-red from midway to margin. A worthwhile show flower in regions where it may have little or no orange in the trumpet. Very few to go. Each..\$50.00

LANTERN..N-61 Spanish Gold X Dividend 1 Y-Y 1985 L Ht. 39cm. This flower is only for those who want a golden yellow trumpet daffodil that blooms with the poets. Perianth is broad, smooth and slightly wavy. Trumpet is tapered with a semi-King Alfred roll at margin. Strong stem and bloom well posed. Each..\$10.00

NEAHKAHNIE..O-15 Empress of Ireland X Celilo 1 W-W 1985 M Ht. 38cm. This is the flower that swept the W.D.S. show a few years ago when exhibited under its seedling number. Somewhat like a smaller, whiter and more refined Empress of Ireland. Nice roll on margin of trumpet, and the medium height stem holds bloom up well outdoors. Due to demand, stock is very small. Each..\$50.00

ODIST..P-29 Chinese White X (recurvus X Carolina) X (Falaise X Foxfire) 9 W-GYO 1985 L Ht. 42cm. The largest poet we have seen; diameters range from 115mm down to 95mm. The big perianths are glistening white, flat, and overlap more than half their lengths. Tiny cups are light green at base, blending to primrose yellow with flame-coral-orange margins. For those who can grow poets, this flower is among the most striking we have raised. Tall, vigorous, and blooms posed at 90 degrees or above. Each..\$15.00

PAINTED DOLL..O-44 Julep X Pontsianna 2 W-W-PP 1985 L Ht. 36cm. Beautiful small to medium sized flower and the last pink to bloom in our season. Wide, pointed perianth which overlaps 2/3 of the length. White, with a hint of green as in Julep. Cup rather straight, some fluting near margin. White to midway, blending to strawberry red to and including the margin. Strong, wiry stem and bloom posed at 90 degrees. A charming little flower. Each..\$15.00

PASTIME..O-23/1 Fine Gold X (Kingscourt X Roundabout) 1 Y-Y 1985 EM Ht. 44cm. The Jim Radcliff seedling which was pollen parent had the roundest perianth we have seen in a golden trumpet daffodil. This is not quite so round, but has better form and a much stronger stem. Trumpet is tapered and serrated at margin. Bloom posed above 90 degrees. Good for show and garden. Each..\$10.00

PEACH PRINCE..Q-28 Pink chiffon X (Siam X Radiation) X Cordial 4 W-O 1985 EM Ht. 40cm. One of our favorite doubles, of unusual form and color. Must be described as white and orange for registration, since there is no provision for color variation. Center is more wavy than frilled, color bright peachy-pinky-orange which lasts until the flower is well past its prime. Potential for show may not be great, but will enhance gardens wherever doubles can be grown. Each..\$10.00

RAPPORT..J-5/1 Binkie X Limeade 2 Y-WWY 1985 M Ht. 44cm. Perianth is sulphur-yellow, broad, flat and semi-pointed. Long cup is fluted from midway to margin. Retains not sharply defined yellow margin. Bloom posed at 90 degrees to stem, some slightly below. Durable, and good for garden or show. Each..\$10.00

STARLET..N-25/4 recurvus X Dallas 9 W-GYR 1985 L Ht. 40cm. Another modified recurvus with wider perianth segments and less backsweep. Perianth is snow white in contrast to the small eye which is green to midway, blending to yellow with narrow red rim. A good flat cupped poet, blooming earlier than recurvus. For show and garden but does fade in the sun. Each..\$10.00

TONIC..N-20/1..(Frigid X Jade) X Dallas 9 W-GYR 1985 L Ht. 36cm. One of the few in this class which opens yellowish and soon bleaches to white. Almost as round as a dollar and not much larger. Perianth is flat, and segments overlap nearly to the perimeter. Diminutive cup, or eye, is green to within 1/8 inch of margin, becoming yellow with red edge. Well posed and fairly tall. Each..\$10.00

VAPOR TRAIL..L-32/1 Celilo X (Petsamo X Zero) 1 W-W 1985 E Ht. 45cm. Sister of Ghost, which we wanted to name Wraith, but found it had been registered back in 1934. Larger, broader and more vigorous than Ghost. Perianth very white, fairly smooth and flat. Trumpet is narrow at base with some taper and fluting at margin. Has done well in early shows and stock is very scarce. None to offer.

Names of these new ones have not yet been approved and are subject to change.

OUR INTRODUCTIONS

ALUMNA..I-10 Green Island X Artist's Model 2W-YYP 1971 LM Ht. 43cm. Unusual in color. Round, white perianth, large saucer shaped cup is primrose with pink rim. Each..\$10.00

ARAWANNAH..H-3/1 Bethany X Daydream 1Y-YY 1976 M Ht. 40cm. Medium sized, canary yellow, smooth, broad and flat perianth. Well proportioned trumpet, slightly flared, frilled at margin. Strong stem of medium height. Garden and exhibition. Each..\$10.00

ARRAY..P-18/1 (recurvus open pollinated) 9W-GYR 1982 L Ht. 43cm. A larger, taller and much more vigorous flower than recurvus. Perianth segments are wider and backsweep less extreme. It inherited little of the delicious scent peculiar to recurvus and blooms a bit earlier. Each..\$10.00

BARBIE DOLL..0-5 Kewpie X Chiquita 2W-WP 1980 LM Ht. 35cm. Small to medium sized, with very white, round and fairly smooth perianth. Flaring cup opens primrose yellow with strawberry red margin. Cup gradually fades to white, retaining the colorful rim. Strong stem, well posed bloom. Each..\$15.00

BIG JOHN..L-50 Daydream X Bethany 1Y-WW 1975 M Ht. 38cm. Large, tall flower on a stiff stem. Vies with Epitome for excellence and lacks the yellow margin on trumpet. Opens a bit later than Epitome. Each..\$20.00

BRANDY..K-27 Green Island X 2W-Y sdlg. 2Y-Y 1977 M Ht. 42cm. Another of the "toned" flowers difficult to classify. Opens with broad, smooth white perianth, then ages to yellow beige. Medium length cup is fluted at margin and deeper colored than perianth. Tall, stiff stem, short neck. Each..\$15.00

CANAPE..J-51 (Duke of Windsor X Lady Kesteven) X 2W-YY sdlg. 2W-YY 1977 M Ht. 48cm. Another flower that undergoes color changes. Opens white with yellow cup, then the perianth becomes deep cream at maturity. The medium length cup, lacinated and flaring, changes from primrose to peachy buff, with lighter margin. Tall, strong stem and short neck. Each..\$5.00

CANEMAH..0-25 (Binkie X 1Y-WW seedling) X Suede 2Y-WY 1978 M Ht. 38cm. A flower and style of Fettle in division 2. Broad flat, slightly reflexed of good substance. Tapered cup fades to near white, retaining a narrow band of yellow on margin. Good pose and neck. Show and garden. Each..\$10.00

CELILLO..A-1 Petsamo X Beersheba 1W-WW 1968 E Ht. 45cm. Form somewhat like Cantatrice; smooth, durable and stiff stemmed. After a three year withdrawal from our list, we believe there is enough increase to offer this year. Each..\$3.00

CEREMONY..K-27/1 Green Island X 2b sdlg. 2YY M Ht. 46cm. How does one classify a flower that undergoes so many color changes? Of the several toned flowers we have introduced, this is the champion chameleon. Like the others, it opens white with yellow cup, then at maturity the perianth is deep apricot beige. As it ages, the cup intensifies to a rich apricot-orange. Perianth segments are more pointed than others in the series and could be smoother. A striking, durable garden subject on a tall, stiff stem. Some may be smooth enough for show. Stock very limited. Each..\$20.00

CHANTICLEER..N-11 (double yellow-orange sdlg. X Zanzibar) 4Y-YO 1979 M Ht. 38cm. The most brilliant and sunproof double we have raised. Nicely formed and not too dense. Base color rich yellow, center interspersed with deep orange-red. Strong stem supports flower in most weather. Very scarce. Each..\$25.00

CHAPEAU..F-291/1 Wahkeena X Festivity 2W-YY 1971 EM Ht. 43cm. Form intermediate between the parents. Clean white, overlapping and pointed perianth. Long cup of butter yellow, fluted at margin. Strong stem, good pose and durability indicate dual purpose for garden and show. Small stock now. Each..\$5.00

CHAPERONE..N-43/1 (Hotspur X I-8) 2-W000 1979 M Ht. 36cm. Opens dazzling white, with wide, flat smooth perianth. Cup is sharply tapered, lovely shade of orange. Stem strong, bloom well posed. Small stock. Each..\$15.00

CHELAN..H-16 Daydream X Bethany 2Y-WW 1975 LM Ht. 43cm. A sister of Suede, which reverses in cooler weather sooner than some of its type. Broad, smooth perianth, long tapered cup which fades to off-white at maturity. Each..\$5.00

CHIQUITA..H-30 (Interim X Green Island) X Caro Nome 2W-GPP 1969 M Ht. 41cm. Very round, broad perianth. Flaring cup of deep pink with green eye. As its pedigree indicates, it is endowed with heavy substance. Scarce. Each..\$20.00

CHLOE..D-174/ Radiation X (Interim X Mabel Taylor) 2W-PP 1973 EM Ht. 48cm. The tallest pink daffodil we have raised or seen. Well formed perianth, goblet cup of rich, lasting pink in most seasons here. Each..\$5.00

COTTON CANDY..N-10 4W-WY sdlg. X (Snowball X Interim) 4W-WYP M Ht. 39cm. Charming double of white basic color, center opens pale primrose, fading to near white. Retains a dainty picotee of pink on margin. Very scarce. Each..\$20.00

DAWNLIGHT..F-266/2 Lunar Sea X Bethany 1Y-WW 1970 M Ht. 41cm. Nice reverse bi-color. Trumpet turns very white in less time than most of this type and is beautifully rolled at mouth. Small stock. Each..\$5.00

DESCANSO..M-54/3 Polindra X Frolic 1W-YY 1964 E Ht. 52cm. Smooth, tall show flower. Twice winner of best in show at Descanso Gardens. Scarce. Each..\$3.00

DEWEY ROSE..L-30 Cordial X Caro Nome 2W-WP 1976 M Ht. 38cm. Perianth round, flat, heavy substance and clean white. Cup white in throat, deep rosy pink from about midway to margin. Stiff stem, short neck, good pose. Each..\$15.00

DREAMBOAT..N-36/3 (Marshfire X Hotspur) 2 W-YO 1980 M Ht. 39cm. Perhaps one of the "look alikes" so rife these days in daffodil listings, but we believe it can hold its own as a show flower. Unlike others from this cross it does not open pure white, but soon attains desired purity. Perianth is of classic show form, cup with deep yellow center and wide orange-red band. Tall, strong stem, bloom nicely posed. Each..\$10.00

EVERGOLD..0-12 (Enmore X Fiji) 1 Y-Y 1980 M Ht. 40cm. The best all-purpose, deep yellow trumpet we have raised. Has all the qualities for show and garden. Strong, tall stems hold blooms erect in most weather. Each..\$20.00

EVERPINK..E-229/1 Wild Rose X Interim 2W-PP 1970 LM Ht. 36cm. Medium sized flower which misses being in division 3 by only 2mm. One of the deepest colored pinks we have raised, and color holds well. Perianth is broad and smooth. Good for show and garden. Each..\$20.00

FETTLE..L-22 (Binkie X Daydream) X Protege 1Y-YY 1977 M. Ht. 43cm. The roundish, reflexed perianth is primrose-beige. Trumpet flares at margin, with uniform serrations. A shade darker than the perianth. Tall stem, short neck, bloom faces upward from 90 degrees. Good for show and garden.

Each..\$25.00

FOUNT..L-2 Interim X 2W-PP sdlg. 2W-PP 1976 M Ht. 39cm. Fairly large flower with broad, semi-pointed perianth, slightly reflexed. Cup with medium taper is heavily scalloped at margin, rich salmon-pink throughout.

Each..\$10.00

GINGER..J-45/1 Aircastle X Protege 2Y-YY 1974 M Ht. 43cm. Another show flower, the color of powdered ginger. Vigor and durability qualify it for garden, also. Large, smooth perianth, broad and rounded segments. Cup flaring, crinkled at margin; perfect division 2 proportions.

Each..\$20.00

JANIS BABSON..G-25 Cordial X Caro Nome 2W-WP 1968 M Ht. 41cm. Entire flower is snow white except for a band of "baby pink" on margin of the ruffled cup. Perianth segments are wide and somewhat pointed. Good pose, stem and neck. Has greatly improved in vigor and form the past few years, enough that both Bill Pannill and Gerard Wayne photographed it in 1980 and 81. Scarce yet.

Each..\$20.00

JULEP..F-290 (Interim X Mabel Taylor) X (Loch Maree X Mabel Taylor) 2W-WP 1974 LM Ht. 38cm. Entire flower is greenish white but for a pink rim on the cup. Perianth is broad and pointed, medium length cup tapers out to engage its pink halo. Small stock.

Each...\$5.00

KEN'S FAVORITE..L-30/1 Cordial X Caro Nome 2WPP 1978 M Ht. 36cm. So named because it is the favorite pink of our friend Ken Dorwin. For a pink daffodil it is large, perianth very broad, white and flat. Sharply tapered cup is short, uniformly colored a beautiful shade of deep rose pink. Ruffle on cup margin causes some perianth segments to catch, resulting in "mitten thumbs". A worthwhile flower for garden and occasional show specimen. Good stem of average length, neck of medium length, pose 90 degrees or above. Very scarce.

Each..\$20.00

LINGERIE..L-42/2 Double sdlg. X Dawnlight 4W-WY M Ht. 39cm. Bi-colored sister of Sun Ball. Outer petals ivory white, inner ones butter yellow. Near perfect form, and all inner segments have tiny waves on margins, suggesting lacy petticoats. For a double it holds up well in wet weather.

Each..\$20.00

LIPSTICK..N-66 Multnomah X Firecracker 2Y-RR 1979 EM Ht. 45cm. Good garden flower, some smooth enough for show. Dr. Throckmorton reports it gives intense color in Des Moines and is nearly sun-proof. Color coded as having a red cup, it is probably deep orange in warm climates. A tall brilliant daffodil.

Each..\$15.00

MANNA..O-7/1 White O'Morn X (Duke of Windsor X Green Island) 2W-GWW 1982 LM Ht. 30cm. Quite large in its type, with broad smooth, overlapping perianth. The large cup is flat and flaring, fluted from near base to margin. Stem is medium height, and bloom is well posed on short neck. A favorite of our good friend, Father Athanasius.

Each..\$15.00

MARABOU..N-22/4 Pink Chiffon X (Rosegarland X pink sdlg.) 4 W-P 1983 EM Ht. 39cm. The only one in this series to be named, at requests of several who have tried it under seedling number. A rather full double of unique form. Center not as deep pink as some in the series but has a stronger stem. Few to go.

Each..\$30.00

MOHAWK..K-38/2 2W-YY sdlg. X Accent 2W-YY 1977 M Ht. 43cm. Sister of Nutmeg and Picnic, it also changes color. The broad semi-pointed, fairly smooth perianth opens white, then ages to Jersey cream. Cup turns to light apricot from primrose yellow. Tall, heavy stem and good neck. Very durable.

Each..\$10.00

MOTTO..N-36/5 Marshfire X Hotspur 3W-YYO 1982 M Ht. 45cm. Another icy white sister of Dreamboat, Urbane and Verve. Perianth round and smooth, flattish cup yellow with wide band of orange-red.

Each..\$10.00

MULTNOMAH..H-31 Paricutin X Armada 2Y-YO 1971 E Ht. 43cm. Rather spectacular large, round, early flower. The great flat cup has a broad band of orange-red, blending to yellow in the center. Makes small bulbs.

Each..\$20.00

NABOB..N-55/1 (Chemawa X (Paricutin X Rustom Pasha) 2Y-00Y 1982 EM Ht. 48cm. Perianth deep gold, round and smooth. Cup deep orange, edged with a narrow rim of yellow, and almost sunproof. Tall, well poised on strong stem.

Each..\$15.00

NUTMEG..K-38/1 2W-YY. X Accent 2W-YY 1976 M Ht. 45cm. Flowers in this series are unique, for they all open white with yellow cups, then undergo color changes as they develop. This one has a round heavy perianth. The tapered cup, with some frill on margin, ages to creamy buff.

Each..\$10.00

PANTOMIME..N-25/1 recurvus X Dallas 9W-YYR 1978 LM Ht. 36cm. Reflexed, snow white perianth is much broader than that of its seed parent. Small cup of yellow with bright red rim. Good stem, very short neck, ideal pose. Strong stem of medium length. Should fare well in its class.

Each..\$10.00

PARFAIT..L-43/3 Pink Chiffon X Accent 4W-WP 1975 EM Ht. 43cm. Not so consistent in form as its sister, Replete, but is a better seeder.

Each..\$10.00

PICNIC..K-38 2W-YY sdlg. X Accent 2W-YY 1976 M Ht. 45cm. Like its sibs Mohawk and Nutmeg, opens white and yellow cup, which ages to creamy buff-apricot. Perianth takes on some of the cup color. These are well formed, durable flowers, pretty in all their color phases.

Each..\$10.00

PINK WING..P-5 (Rose City X Irish Rose) X (K-44 X Caro Nome) 2W-PP 1979 M Ht. 40cm. Tall, well poised flower with short neck. Perianth is broad and smooth, cup lightly frilled, pale to deep salmon pink, depending on season. Vigorous grower. Very few to go.

Each..\$20.00

PLAZA..I-22 Bethany X (Binkie X 1Y-WW sdlg. 2Y-WW 1975 M Ht. 43cm. Smooth reverse bi-colored with good pose and taller than most in this class.

Each..\$10.00

PLUSH..N-15 4W-WO sdlg. X Hallali 4W-WR 1978 M Ht. 38cm. Medium sized double with round, snow white outer perianth segments. Loosely doubled center is bright red. Well posed on strong stem. Very small stock.

Each..\$10.00

PROTEGE..F-297 Trouseau X Pink O'Dawn X 2W-YY sdlg. 2Y-YY 1969 M Ht. 43cm. Smooth flower of buff-primrose yellow. Ideal form and proportions. Makes large, firm, short necked bulbs. Small stock now.

Each..\$10.00

REPLETE..L-43/1 Pink Chiffon X Accent 4W-WP 1975 EM Ht. 43cm. Good form and pose. Center petaloids a pleasing shade of pink. Probably eclipsed now by some newer pink doubles, but like its sister, Parfait, has breeding potential.

Each..\$15.00

ROYAL COACHMAN..C-115 Rose Marie X Carolina 2W-GYO 1969 M Ht. 51cm. Deleted from our list in 1981, we can now offer a few. Named for the Royal Coachman trout fly, which is white, green, red and yellow. Tall and colorful.

Each..\$5.00

SATSUMA..K-39/1 Daydream X New Era 1Y-YY 1975 M Ht. 45cm. Sister of Epitome. Large and tall. Smooth and well overlapping perianth. Instead of fading to white, the trumpet turns peachy-buff with age. Very scarce.

Each..\$15.00

SERAPE..M-55 Aircastle X Showboat 3Y-YO 1977 M Ht. 36cm. Looks much like Aircastle with an orange-red rimmed cup. Opens a soft canary yellow and holds the color. Smooth and round, bloom nicely posed. Makes small bulbs.

Each..\$15.00

SILVER THAW..K-37 (Duke of Windsor X Green Island) X White O'Morn 3W-W 1978 M Ht. 43cm. Looks somewhat like a pure white Green Island with smaller, flatter cup. Tall, smooth garden or show flower with good pose and neck.

Each..\$10.00

SKOOKUM..I-12 Green Island X Actaea 3Y-YY 1976 L Ht. 50cm.
Tall, all yellow small cupped flower with round, flat perianth.
The short, fluted cup remains deep primrose as perianth light-
ens some with age. Scarce. Each...\$5.00

SNOW PINK..F-277/2 Shirley Wyness X Interim X Mitsch pink
sdlg. 2W-PP LM Ht. 40cm. Sister of Vantage, and name aptly
describes colors, very white and very pink. Not large, about
90mm diameter, it is graceful and colorful. Each...\$10.00

SOUBRETTE..H-30 Blarney X (Siam X Green Island) 2W-YY 1974 M
Ht. 41cm. Perianth clean white, and round as Green Island.
The 17mm cup is butter yellow and slightly flared. Good pose,
and nice for garden or show. Each...\$5.00

SUN BALL..L-42 Double sdlg. X Dawnlight 4Y-YY 1976 M Ht. 37cm.
The only double we have grown that survives 50 mile winds un-
scathed. Resembles Fiji somewhat, canary yellow with deep
yellow center. Good form, and durable. Very scarce.
Each...\$25.00

SURTSEY..E-220 Zarah Leander X Porthilly 2Y-RR 1971 L Ht.
43cm. Often as fiery as the volcano that spawned its name-
sake. Late and colorful. Sun resistant cup margin fluted and
shirred. Smooth, broad perianth. Scarce. Each...\$3.00

SWEET PRINCE..I-17 Daydream X (Lunar Sea X Galway) 1Y-WY M Ht.
42cm. Opens uniform gold, trumpet fading to off-white, re-
taining original color on margin. Perianth develops a whitish
halo outward from base of trumpet. Recommended for show and
garden. Very small stock. Each...\$25.00

TOURNAMENT..F-313/1 Falaise X (Duke of Windsor X Lady Kesteven)
4W-WR 1970 EM Ht. 45cm. Large, early double with orange-red
center. Vigorous, dependable, and some specimens may qualify
for show. Only a few. Each...\$5.00

TYEE..F-319 Propriety X (Interim X Wild Rose) 2W-PP 1973 LM
Ht. 36cm. Rather short stemmed on opening, soon grows to me-
dium height. Perianth near perfect in form. Flaring cup
pink as flesh of the Spring salmon for which it was named.
Show and garden. Each...\$10.00

VERVE..N-36/1 Marshfire X Hotspur 2W-YO 1978 M Ht. 38cm. To
those who have seen slides of this series taken by Gerard
Wayne, it is needless to say they are smooth, flat and very
white. Cup of this one is yellow in the throat, blending to
deep orange outward to margin. Due to fading in sun, it is
better for show than garden. Very small stock. Each...\$20.00

WHITE SATIN..L-71 Yosemite X (Beersheba X Zero) 1W-WW 1976 M
Ht. 39cm. Lacks some of the purity of Ghost, and trumpet is
larger diameter at the base, still has good show form. Peri-
anth smooth, ace of spades segments, flat, with heavy sub-
stance. Trumpet tapered, some roll on flange. Only a few.
Each...\$20.00

YAMHILL..K-7 Oneonta X Protege 2W-YW 1978 M Ht. 45cm. Peri-
anth opens light beige, fades to near white, and is broad and
smooth. Cup primrose with whitish margin. Tall and well
posed. Scarce. Each...\$15.00

YELLOWSTONE..F-264/2 Content X Lunar Sea 1Y-WW 1969 E Ht.
41cm. Good form, though contrast not so pronounced as in
later introductions. Earlier than others in its class that
we have raised. Was voted best seedling at the A.D.S. Conven-
tion in Portland, 1968. Each...\$15.00

YOSEMITE..C-138 Radiation X (Trousseau X Pink O'Dawn) 2WW
1969 M Ht. 43cm. Similar to Ave perianth, not quite so
pointed. Perhaps due to the genes of Trousseau, it resists
basil rot. Stock is now small. Each...\$3.00
