INTRODUCTION FOR 1997

Greetings and welcome to our 1997 Catalogue, which we hope you will enjoy.

Demand for our bulbs has meant that many of our varieties are now sold out, which means that there are now only very few bulbs left in our stock or in some instances are withdrawn from sale completely until we can build up sufficient quantities.

We continue to introduce varieties that form part of our collection that are in adequate numbers, these are in addition to the new and exciting varieties bred by myself that are now duly registered with the Royal Horticultural Society, we think these to be of sound show quality and have performed to the most vigorous tests in our field trials to ensure suitability for shows, garden or cutting purposes.

We shall again be featuring displays at Penzance 20th and 21st March, Falmouth 29th and 30th March, Southwest Group Show at Probus 5th and 6th April and at Cornwall Festival of Flowers Show at Helston 11th, 12th and 13th April and at the Daffodil Society Show on 19th and 20th April.

We would bring to your attention our newly introduced variety "Gunwalloe" where the proceeds will be donated to the Daffodil Society Centenary Celebrations in 1998.

We hope you will enjoy this edition, it is sent to you our customer with our compliments and best wishes for every success this year.

Ron Samp.

System of Daffodil Classification

- Division 1. Trumpet Daffodils = The trumpet or corona is as long or longer than the perianth segments.
- Division 2. Large Cup = The cup or corona is less than the length of the perianth but more than a third.
- Division 3. Small Cup = The cup or corona is less than a third of the perianth.
- Division 4. Double Daffodils = This is for double flowers and also includes flowers that are doubled and have more than one bloom to the stem.
- Division 5. Hybrid Daffodils that have the *n.triandrus* characteristics.
- Division 6. Hybrid Daffodils that have the *n.cyclamineus* characteristics.
- Division 7. Hybrid Daffodils that have the *n.jonquilla* characteristics.
- Division 8. Hybrid Daffodils of the Tazetta group.
- Division 9. Hybrid Daffodils that have the *n.poeticus* characteristics.
- Division 10. This for all Species and Wild forms.
- Division 11. Is for Daffodils with the cup or corona that is naturally split or separated usually for more than a half of its length. (Not to be confused with varieties that have deeply goffered cups or pronounced frills).
- Division 11a. Collar Daffodils = Are with the corona segments opposite the perianth segments; with the corona segments usually in two whorls of three.
- Division 11b. Papillon Daffodils = Are for those with the corona segments alternate to the perianth segments; the corona segments usually in a single whorl of six.
- Division 12. Is for Daffodils that cannot be classified within the foregoing classes.

For many years Daffodils have been letter coded to assist in the identification of colours, this system is used within the catalogue. You will see 9W-GYR(L) "Cantabile", this defines the variety as from Division 9 and has a white perianth with green centre, a yellow middle zone, and a red rim to the cup or corona. A single letter will denote it to be one colour. W = white, Y = yellow, G = green, R = red, P = pink, O = Orange, (E) = Early season, (EM) = Early Mid, (M) = Mid, (LM) = Late Mid, (L) = Late, W = Winter Flowering.

Cultural Notes

Many people like to grow some Daffodils in pots, indeed there can be no nicer way to enjoy fine flowers than when grown correctly and opened to perfection in the conservatory or greenhouse.

However, the following notes are a guide to and for the benefit of those who would perhaps try this. Today there are many prepared composts available for this purpose, and will suit our needs quite admirably, with perhaps the addition of a little coarse grit to aid drainage, and gentle feeding at flowering time.

After potting, it is essential that the bulbs are kept cool and moist, this is to develop the root system. Plunging the pots outside and covering with a couple of inches of peat or similar substance is the ideal, as should the bulbs be subjected to premature indoor warmth, growth will be weak and often the flower will strangle in the neck of the bulb, also the bulb could be severely checked and die. So a simple rule is to plant early, keep cold, and bring inside to a cool room or conservatory when the flower buds are clearly well out of the bulb. After flowering keep well watered and give an occasional feed for about six to eight weeks, then plant outside in the usual way.

For open ground culture, most garden soils will grow fine daffodils, but the ground should be deeply cultivated and free draining. Should manure or compost be necessary, this should be well rotted and worked into the soil a good spade's depth below the surface. Bulbs should never be in actual contact with manures as this does encourage disease and could be the cause of rotting.

When planting outside, make a hole deep enough to cover the bulbs by at least twice the depth of the bulb. Some of the larger bulbs will need at least 6" of soil covering them. They can then be left undisturbed for several years until lifting and dividing is necessary.

For garden display, a clump always looks better than a straight row; in this way Daffodils can be incorporated into a flower bed or shrubbery. Remember a little feeding at flowering time will benefit the bulbs and assist in producing next year's display. You should not remove the leaves until they are beginning to turn yellow, or for at least eight weeks after flowering.

For more information, I recommend to you
The Daffodil Society,
Secretary: Mrs Jackie Petherbridge,
The Meadows,
Puxton, Somerset BS24 6TF.

Who produce a guide on showing and growing, this is an invaluable booklet for both showing and growing for pleasure.

NEW INTRODUCTIONS FOR 1997

"Biffo" 4Y-O(LM) S414 (St Keverne x Tamar Fire). A richly coloured flower with good poise and show quality, the perianth and petaloid segments in several whorls and are broad and interspersedeach £10.00

"Bishops Light" 2Y-R(M) S74 (Torridon x Irish Light) This is a large flower with broad overlapping perianth segments of a rich golden yellow, very smooth with a dark red cup. Very prolific bloomer and multiplies welleach £10.00

"Boscastle" 7Y-Y(L) S111 (Aircastle x *n. jonquilla*) 2 or 3 sweetly scented flowers to a stem with broad smooth and well overlapping perianth segments make this an ideal show quality flower, bulbs often give secondary stems which can only add to its benefits as a perfect plant for the garden or cutting.....each £5.00

"Boscoppa" 11a Y-O(M) S293 (Obelisk x Tamar Fire) This is a plant of strong vigorous growth - a stiff tall stem that holds the flower with broad overlapping perianth segments, the corona is evenly split and lays flat in six segments to almost cover the length of the perianth, many show successes, we predict this new and exciting variety will have a great future.each £10.00

"Bosinney" 11a W-WPP(M) S333 (Pearlax x Audubon) A flower that has been much admired under trial, the stems are only of a medium length and flowers seem to resist the weather, to make this the perfect plant for the garden. The perianth is somewhat acute though well overlapped and shows off the very pretty slightly frilled corona to its best.each £4.00

"Budock Bells" 5W-W(L) S98 (Broomhill x *n. triandrus*) Up to three florets per stem - chalky white - drooping, the perianth segments are narrow and slightly reflexed, smooth and nicely overlapped - the bulb sometimes gives secondary stems to extend the flowering period. A super garden variety with plenty of show potential ..
.....each £7.50

"Cadgwith" 2W-WWP(LM) S458 (Rainbow x Dailmanach) This is a big flower with a broadly oviate well overlapped perianth the funnel shape corona opens pink but quickly fades to a very pretty pink rim - this has been much admired for several years and already proved itself on the show bench.....each £12.00

Acropolis 4W-R

Bunting 7Y-R

Jetfire 6Y-R

Bell Song 7W-P

Elizabeth Ann 6W-WPP

Andalucia 6Y-R

Radjel 4Y-R

Hero 1Y-O

Sun Disc 7Y-Y

Jamaica Inn 4W-YOO

Boscastle 7Y-Y

Pengarth 2Y-W

"Cape Cornwall" 2Y-R(L) S423 (Golden Aura x Montego) A large rounded flower with a broad well overlapped perianth, the cup shape corona is a rich red with a neat rim. An excellent plant and flower for show or cuttingeach £10.00

"Carnyorth" 11aY-R(EM) S117 (Brandaris x Paricutin) The flower appears to last an extraordinary long time and seems to stand the weather, I have used this for show for many years and has many top awards to its credit. The perianth is slightly pointed but flat and well overlapped with a flat evenly split corona, highly recommended.each £12.50

"Cheesewring" 3W-WWY(L) S486 (Cool Crystal x Delos) This flower is large and of good show form. The broadly ovate perianth shows off the shallow bowl shape corona which is pale primrose yellow and white at the base. Tall stem, also excellent as a cut flowereach £10.00

"Gillan" 11aY-YOO(LM) S411 (Brandaris x Falstaff) Has oval perianth segments that are well overlapped of rich yellow. The corona is split into six segments opposite and closely overlying the perianth that are orange with yellow tones towards the centre - large stock availableeach £5.00

"Gunwalloe" 11aY-R(LM) S291 (Brandaris x Falstaff) This very brightly coloured flower has been selected for its vigour and suitability for show, garden or cut flower. I have successfully shown this for several years. The perianth is broad and well overlapped to show off the round flat evenly split corona to its best. This new cultivar has been chosen for exhibition to enter one of the six special classes at the Daffodil Society Centenary Show in 1998. Proceeds will be donated towards the Centenary Celebrationeach £4.00

"Heamoor" 4Y-Y(EM) S278 (St Keverne x Tamar Fire) A sister seedling to "John Daniel" is a rounded flower with the best of show forms and has many top awards both nationally and internationally. The several layers of perianth and petaloid segments are rich golden yellow, with the coronal segments slightly darker in toneeach £20.00

"Helford Dawn" 2Y-W(M) S430 (Sophia x Grand Prospect) This flower has many proven show success already and has been much admired in our trial beds for several seasons. The flower is large very smooth of soft golden yellow, with a cup that quickly fades to pure white. We think this new style reverse bi-colour will be a good challenger in this divisioneach £30.00

"Mullion" 3W-YYO(L) S461 (Verona x Fairmile) A large flower with broad pure white and smooth perianth. The very shallow bowl shape corona is pale yellow with a bright orange rim. Has been regularly and successfully shown both at local and national leveleach £12.50

"Nangiles" 4Y-R(EM) S294 (Paricutin x Tamar Fire) A rounded flower with bright golden yellow perianth and petaloid segments in several whorls, broadly ovate. The bright red and slightly frilled corona segments are evenly interspersed among the perianth and petaloid segments, strong stem and a fine show flowereach £12.50

"Nanstallon" 1Y-Y(EM) S52 (Viking x Ristin) Very smooth broad overlapping perianth segments of soft primrose yellow, with a long cylindrical corona slightly flared at the rim. An excellent flower for show or gardeneach £12.50

"Swanvale" 1W-W(L) S442 (Pitchroy x White Star) This is an excellent flower for showing or cutting. The perianth segments are broad and well overlapping with a well balanced coronaeach £10.00

"Treble Two" 7Y-GYY(LM) S222 (Aircastie x *n. jonquilla*) Named at the request of several admirers of this flower. It has been successfully shown under number for many years. Two or three large rounded flowers to the stem, smooth and very broadly overlapped. A good show flower.....each £10.00

"Wheal Coates" 7Y-O(M) S416 (Pinza x *n. jonquilla*) This is a lovely flower of show quality, beautifully scented and a rounded well overlapped perianth with shallow cup of bright orange, usually two flowers to each stem, with bulbs sending many secondary stems to extend the season. We have a good stockeach £5.00

Ouma 1Y-Y

Wadavers 2W-GWW

High Society 2W-GWP

Cauldron 2Y-R

Ffitchs Folly 2Y-R

"Poets Way" 9W-GYR

"White Marvel" 4W-W

"Menabilly" 4O-R

DIVISION 1 - TRUMPET DAFFODILS.

"Cotehele" 1W-W. Mid-season. When first shown at the R.H.S. show received good reception although only placed in the lesser prizes, and is not as refined as it might be, it can and does produce some nice quality flowers3 for £2.75

"Euryalas" 1Y-Y(EM) S283 (St. Keverne x Ristin). Excellent show variety and strong plant that exudes the vigour of St. Keverne and the refinement of Ristin. The perianth is broad and well overlapped with a long corona that is well balanced and has a gently expanded mouth.....each £8.00

"Gwennap" 1Y-Y (Empress of Ireland x Fine Gold) S136. Early mid-season. This is a plant that has the vigour of (F.G.) and is a large bold pale flower of the (E of I) style, very broad and smooth, but inclined to hang its head - when corrected it is a super flower.....each £7.00

"Idless" 1W-W (Sateen x OP) S12. Early season. The earliest all white trumpet Daffodil to flower with me. It is very prolific and has produced some very nice show flowers, and was included in my winning group at the R.H.S. in 1986, however it is admirably suited as an early decorative or cut flower. ..3 for £5.00

"Lee Moor" 1Y-Y. Late season. This is a very useful later flowering variety that is of good show form and has proved itself on the benches here at the late county show. Raised by the late John Lea and named by Dan duPlessis in 1990 the flower is very smooth and with broad perianth segments of clear yellow, the long corona opens lemon yellow tinged with pink and fades to lemon yellow with maturityeach £2.00

"Midas Touch" 1Y-Y. Late mid-season. This flower is of deep rich gold and has a broad smooth perianth and nicely proportioned trumpet with a neat flange at the mouth. A superb show flower and an excellent plant for garden use.....each £4.00

Ouma" 1Y-Y(M) S268 (Viking x Ristin). The name means Grand or Great Mother. This flower is named for Grandmother du Plessis who celebrated her 102nd Birthday when we registered the flower. The plant has proved its strength and vigour in the field trials. The stem is long and supports a flower of great beauty being perfectly formed both for show and in floral arrangements. It already has many top awards both at County and National Shows and has been Best bloom in the southwest on two occasions.each £25.00

"Pentille" 1Y-Y. Late season .This is a strong plant with plenty of vigour, the stem is long and holds the flower well above the foliage. The perianth is broad and well overlapped and the trumpet long and gently flared at the mouth. A very useful flower for the later season that has show qualityeach £1.50

"Rame Head" 1Y-Y. Late mid-season. A fine large flower with broad perianth of good substance. Has been successfully shown at both top National and the major Westcountry shows. £2.00

"Ristin" 1Y-Y. Very early season. A very vigorous plant that produces superb show quality flowers, it is sometimes a little too early for some shows, but is useful, and also for breeding as its progeny seems to inherit its superbly smooth perianth.....each £2.50

"Trefusis" 1Y-Y (Arctic Gold x Ristin) S134 Early season. This is a lovely rounded flower of deep golden colour with a long trumpet typical of the parents, held perfectly on a short neck, in all a most promising flower for show. ..SOLD OUT

"Zelah" 1W-W. Late mid-season. This is a very strong and vigorous plant that produces many fine blooms, primarily used for garden decoration, but has been successfully shown and won many prizes at top shows.3 for £2.50

Division 1. All Yellow.

Collection 1.

10% off the prices shown for 3 bulbs of each, any 5 varieties of your own choice from division 1.

DIVISION 2 - LARGE CUPS

"Amber Castle" 2YYYW-WYY. Late mid-season. A super garden or show flower, its only fault is its colour classification, it opens a pale yellow and changes to distinct buff pink tones.....5 for £4.00

"Auntie Eileen" 2W-P (Easter Moon x Debutante) S151 Mid season. This has been a consistently good flower with a broad well overlapping perianth of chalky white, the neat corona of soft pink is not completely sunproof, but is superb when picked young.each £5.00

"Bodwannick" "2W-OOY (Foresight x (Arbar x Signal Light) S174 Early season Bodwannick is a bi-product of my 1W-O attempts, it is perhaps not the best of show forms, but has had modest success, it is however an exceptionally vigorous plant, with a flower having a broad perianth and a long brightly coloured corona of apricot orange colour with a narrow band of yellow at the rim.5 for £4.00

"Bosmeor" 2Y-W (Daydream x OP) S16. Mid-season. A good stem and vigorous plant, the flower is of good medium size with a broad rounded perianth of soft yellow. The full length cup shows a clear reverse and has a neat frill to the rim..3 for £5.00

"Butterscotch" 2Y-Y. Mid-season. This is a bold flower of excellent substance well suited to either show or garden display, it is a strong vigorous plant that throws plenty of blooms.SOLD OUT

"Carnkief" 2W-YYO (Merlin x Tangent) S148 Mid season.An unusual flower that has won its class on several occasions, the perianth is broad and well overlapped with a widely expanded corona of primrose yellow and a narrow band of orange to the rim, it does like a little time on the plant to develop its full potential.each £3.00

"Chenoweth" 2W-WWP. Early season. A fine show flower that has a clear pink rim when grown cool, a regular winner at early Cornish shows, the pink does however fade as the flower ages, a very strong plant that passes its vigour on to its progeny when used in breeding.3 for £2.50

"Colloggett" 2W-Y. Late mid-season. A very large flower with broad well overlapped perianth and a clear yellow cup useful for both show and gardeneach £1.00

"Cauldron" 2Y-R Mid-season D830. A new introduction from Brian Duncan of top show quality and a good plant resistant to sun greatly admired under trial here in Cornwall.each.£5.00 or 3 for £12.00

- "Croila"** 2W-GWW. Late mid-season. Here we have a real dual purpose flower its show record speaks for itself, being a smooth well proportioned flower of pure white. The plant is strong and seems less prone to fusarium rot than many of its kind, which makes it an ideal plant for the garden, one I highly recommend.each £4.00
- "Ffitch's Folly"** 2Y-O(M) F374 (Tanera x Gold Convention). This useful flower was bred by Ron Ffitch, a popular figure in the Daffodil Society, and was sent to me as an unflowered seedling. As this cross might be expected, the plant is very vigorous and produces large flowers on long stems. The perianth is flat, broad and well overlapped and of a clear golden yellow, with a neat corona of dark orange.....each £10.00
- "Gwinear"** 2Y-Y (St.Keverne x Golden Aura) S308 Mid season. A lovely rich golden flower with abroad round perianth and long 3/4 length corona with neat frill to the mouth, a very strong and vigorous plant , superb for cutting, the garden display or for show.each £8.00
- "Hessenford"** 2Y-R. Late mid-season. This one is very brightly coloured, a little pointed in the perianth but is nicely overlapped and very smooth, a tall stem and good plant, the flowers seem to be quite resistant to the sun5 for £3.00
- "Kernow"** 2Y-WWY (Grand Prospect x Daydream) S67 Mid season. The pale golden yellow perianth segments are broad, well overlapped and very smooth, with a long corona of clear chalky white with a narrow neatly frilled rim of the same yellow, a pretty flower that has had many successes here in Cornwall.each £4.00
- "Kings Pipe"** 2Y-P (Daydream x 2W-P seedling) S13. Mid-season. A round medium sized flower that can be very smooth. The perianth is a clear soft yellow with a half length cup that has a neat frill and develops to a clear pink tone, well liked by several noted visitors to our area.each £3.00
- "Lamanva"** 2W-WWP (Ben Hee x Romance) S168 Late Mid season. To best describe this, is Ben Hee with a rim of pink, it is a strong and vigorous plant, the flower is of good texture, broad, smooth, lovely in pots but does well in an open situation, well suited for showing or the garden.each £4.00
- "Larkhill"**2W-Y (Daviot x Newcastle) W28 Mid season. Bred by John Williams, this is a first rate show flower with many national successes a long lasting bloom of good poise with broad flat well overlapping perianths and long well contrasted cup of canary yellow that does not stain, an excellent plant.each £6.00
- "Lindsay Joy"** 2W-WWP (LM) S349 (Foundling x Raspberry Ring) A very pretty flower that has been much admired for several seasons, it has won its class and featured in collections several times both here in Cornwall and at national level. The perianth is smooth and blossoms with a neat corona that opens with yellow tones which soon fades to show off the bright rim.£10.00

- "Marlborough"** 2W-P (Dailmanach x Accent) S150. Mid-season. This is a very strong and vigorous plant that produces many good show flowers. I have successfully shown this several times both at local and national shows. The perianth is broad and smooth and shows off the clear bright pink 3/4 length cup to its best. It is also one of the earliest pink cups to flower with me.each £3.00
- "Men-an-Tol"** 2Y-YYR(LM) S422 (Golden Aura x Montego). As the parentage might suggest this flower is perfectly formed for exhibition. The smooth broad and rounded perianth is of soft golden yellow with a slightly flared cup of the same tone with a bright red rim.each £10.00
- "Mongleath"** 2W-P (Dailmanach x Accent) S149. Early mid-season. A sister seedling to "Marlborough" - not quite so vigorous, but considered by others to be a superior colour. When this is good, it is very good. A large flower with a full length cup of bright pink, slightly expanded and frilled at the mouth, flowers early and is a super garden plant.each £3.00
- "Nansidwell"** 2W-P (Dailmanach x Accent) S166 Mid season. A big flower with broad acute well overlapping perianth segments, the corona is a bright rose pink paling slightly at the base, a very strong and vigorous plant.each £2.50
- "Penkivel"** 2W-P (Rose Royale x Dailmanach) S172. Late mid-season. A vigorous plant that produces many fine show quality flowers. The perianth segments are slightly pointed but are broad and well over lapping and exceptionally smooth. The short straight cup is of intense pink, a lovely flower both for show or the garden.....each £15.00
- "Pennance Mill"** 2Y-Y (St. Keveverne OP) S19. Early season. A very strong and vigorous plant that produces large flowers on tall stiff stems, rich colours and broad smooth perianth segments and long gently expanded cup.5 for £3.00
- "Rytha"**2Y-O. Mid-season. A plant and flower that has the required commercial vigour of Dan's standard, but also has a superb show quality flower, a little pale for some tastes, but nevertheless a useful addition to this class ..3 for £4.50
- "Sophia"**2YW-Y. Late season. The plant is strong and produces many fine decorative flowers of almost luminous gold colour, an interesting flower for breeding3 for £2.50
- "St Dilpe"** 2W-W. Late mid-season. This one is a very vigorous plant with tall stems supporting a large rounded flower that is perfect for cutting, garden display or show, has been very successful here in the Westcountry also at the national shows.3 for £2.50
- "Trebah"** 2Y-Y (St Keveverne x Golden Aura) S129 Mid season The flower has a very smooth and broadly overlapping perianth with excellent texture, its medium sized cup is straight and neatly dentate at the mouth, a fine show flower but also a very strong and vigorous plant that will be ideally suited for garden or cutting.each £10.00

"Trevelmond" 2W-P. Late season. A pretty flower that has a broad rounded perianth with a lovely bright pink cup, a splendid plant and flower for the garden or for show.3 for £2.50

"Treviddo" 2W-GWP(M) S324 (Chenoweth x Rainbow). The flower is rounded with broad well overlapping perianth segments, a short neck that holds the flower perfectly for show purposes and has a slightly expanded corona with a pretty frill of bright pink to the rim and lovely green in the throat. Very vigorous plant. We have a good stock from this 1982 cross.....each £3.00

"Trewarvas" 2W-Y (Newcastle x Irish Minstrel) S28. Late mid-season. The perianth is broad and well overlapping although slightly pointed, it is of super smooth waxy texture and shows off the 2/3rd length cup of bright yellow to its best. The colour is solid and does not stain into the perianth. Has been successfully shown in all the major Westcountry shows and was best bloom on two occasions in the South West Championship.....each £20.00

"Wadavers" 2W-GWW (M) S310 (Pitchroy x Canisp) This is a strong vigorous plant with flowers of good substance. The perianth is broad, smooth and pure white with long cup neatly frilled and expanded at the mouth of the same pure white and lovely green tone in the throat, much admired and has been a regular winner at shows under number.each £20.00

"Warleigh" 2Y-P. Late season. This is very vigorous and is a great garden plant, the blooms are perhaps not the best show form, and if grown slightly shaded has a very clear and pretty pink corona. useful in the colour class for showing3 for £2.50

"Woodley Vale" 2Y-Y (M) S50 (Arctic Gold x Ristin) A flower that has the richness of colour in (AG) and the smoothness of (R) it is a very strong plant and bold flower, much admired by several enthusiasts and has already featured in the prizes at several shows nationwideeach £10.00

DIVISION 3 - SMALL CUPS

"**Aintree**" 3W-O. Early mid-season. Bred by John Williams (Park Springs x Shinning Light). This is an excellent show variety with smooth, chalky white broadly overlapping perianth segments, good poise, a neat goblet shaped cup of rich orange, at maturity the perianth does take slight reflex in a manner similar to its parent. An excellent plant and fine flower both for show or the garden.
.....£4.00 each or 3 for £10.00

"**Cardinham**" 3W-O. Late season. A pure white perianth that is broad and round, well overlapping and shows off the flat cup of bright orange, not a tall stem. A really useful decorative plant.3 for £2.50

"**Crenver**" 3W-GYR. Late season. This is a very old variety that is very sweetly scented. The perianth opens a greenish white but soon whitens out to show off the poeticus style of corona and could well be useful for further breeding of the poeticus style of flower.....SOLD OUT

"**Feock**" 3W-YYR (Corofin x Kimmeridge) S93. Late mid-season. Shown in my winning collection at the County Festival Show, and has been much admired by several knowledgeable experts for several years. The flower is large and round with broad smooth perianth segments, and a bright yellow neatly frilled cup with a deep red rim, a strong plant and an excellent show flowereach £6.00

"**Greenodd**" 3W-YYW. Late season. (Reg Nicholl) No 17/86. Bred and raised by Reg Nicholl, this was a seedling that he sent to me and has been much admired at National level. The plant is vigorous and the stem is tall and stiff. Apart from the impeccably smooth perianth and very pretty bowl shaped cup, it is the very pronounced green in the throat of this flower that makes it a super show flower and a must for the exotic flower arrangementseach £7.00

"**Hexworthy**" 3W-WYY. Late season. A small flower with a flattish cup on a very tall stem. An ideal decorative or cut flower that does have show potential.5 for £2.50

"**Pelynt**" 3W-O. Late mid-season. This is a strong robust commercial quality daffodil, with very tall stems, not quite top show form, but useful and has been successful in our Cornish shows, very nice in floral displays. The perianth is well overlapped and pointed at the tips, with a small frilled cup of dark orange red3 for £2.50

"Spirit of Rame" 3W-YYR (Corofin x Crenver) S126 Late season. This flower has had good success here in Cornwall, the broad pure white perianth is a perfect foil for the brightly coloured disc shaped corona, it is a good plant that produces many show quality flowers, like many of this type it does however need some protection from the sun.each £6.00

"Trident" 3W-YYR. Late mid-season. (Previously known as "Bella Vista") This is a tall, very robust plant with a flower of brilliant colouring. The perianth is very white and well overlapping, showing off the flat corona with clearly defined rings of bright yellow and a dark red rimeach £1.50

"Virginia Water" 3W-GWY (L) S400 First spotted in our seedlings beds by a notable visitor and has been much admired for several years and has been a successful flower on the show bench under number. The perianth is broad smooth and pure white with a disc shaped corona of bright yellow fading at the baseeach £20.00

"White Lady" 3W-Y. Late mid-season. This very old and charming variety was raised by the Rev. GH Engleheart and registered pre 1898 and received an Award of Merit in 1898. It was a major plant in the florist industry. White Lady was grown by Dan duPlessis and his father before him, some 70 years ago. Although long discarded from the commercial markets it has survived in farm boundary hedges for well over 40 years. I am delighted to be able to re-introduce it to you (Few only)3 for £3.50

DIVISION 4 - DOUBLE DAFFODILS

"Amstel" 4W-YPP Late season. A fine double with rich pink tones to the petloids very full and symmetrical, and much admired at the Festival Show at Lanhydrock, a strong plant and a good stiff stemeach £3.50

"Double Roman" syn of "Romanus" 4W-O. Very early season. A very old and rare plant in cultivation, very sweetly scented, typical of the Tazetta group from which this is a double form.....each £2.50

"Erlicheer" 4W-YWW . Early season. Another plant that is a double sport from Tazetta group. The scent of this plant is almost too much, up to 5 florets on a stem, a delight for the flower arrangers5 for £3.50

"Geevor" 4Y-YYO(EM) S274 (St. Keverne x Tamar Fire). A full formal double of lovely golden yellow with slightly darker petloids that are edged with orange, a pretty flower that has been much admired for several seasons, and has already won several prizes as a show flower here in Cornwall. Also an excellent cut flower with long stems and a sturdy plant.....each £8.00

"Gribben Head" 4Y-O(M) S251 (Obelisk x Tamar Fire). This is a large heavy very full double flower, held well on stiff stems and a strong plant. The back petals are broad and well overlapped, reflexing slightly to show off the full clustered centre of bright orange.....each £5.00

"John Daniel" 4Y-Y(M) S295 (St. Keverne x Tamar Fire). Here is a full and formal double, that is considered to be the best of a very good batch. This flower is produced on long stiff stems and has up to five rows of petals of rich dark golden yellow interspersed with slightly darker petloids. The flower lasts a remarkably long time, and has already proven itself on the show benches at most of the Nation's main shows.£25.00

"Ludgván" 4Y-Y. Late mid-season. This was a seedling of uncertain parentage but proved to be a robust plant with good quality flowers on a stiff stem, an excellent garden or cut flower that does have good show potential3 for £2.50

"Menabilly" 40-R (Ocarino x Ambergate) S205 Late season. This flower is one with very unusual colour of apricot orange tones to the perianth segments with darker red petloids, I do not think it will win many top show prizes, but it is a 40-R perhaps one of the first, it is very fertile and already beginning to produce some interesting seedlings. each £2.50

"Marjorie Treveal" 4Y-Y. Mid-season. Raised by Rodney Ward, and named by him after Marjorie Treveal, a real Cornish gentle lady who for many years has assisted him with his displays here at the Falmouth Show. This is a superb double variety of the very best show form it is a rich golden colour with the centre petloids a slightly darker tone. A very full and symmetrical flower held perfectly on a short neck and stiff stem. I am sure this flower will be winning many major prizes for some years to come..each £4.00

"Merrymeet" 4Y-YOO. Mid season. This is a medium sized flower that has been much admired over the last few years, its colour and form make it a very useful show flower and had good success at both local and national level. The plant is strong and vigorous. I am sure this variety will be in our gardens for a very long time.5 for £4.50

"Newton Ferrers" 4Y-O. Late mid-season. A neat full double on a long stem. The flower opens a soft yellow with a deep red centre, the colour does fade with maturity superb when picked youngeach £1.00

"Radjel" 4Y-R(M) S298 (Paricutin x Tamar Fire). A perfect intermediate size bloom that won its class at the National Shows. The stems are tall and stiff with a small formal double flower of bright golden yellow with rich red petloids. Like its parents a good grower.each £8.00

"Tamar Fire" 4Y-R. Early season. This is the earliest of all doubles to flower. The flower is a little on the small size for show but has won best bloom in Division 4 at national level. It is neat and brightly coloured, always well liked when seen at the early shows, and has an added bonus of being nicely scented. One of my favourites, it is very nice in arrangements.....5 for £4.00

"Westward" 4W-Y. Late mid-season. A full formal double with clear colours, a very strong plant with a stiff stem and good neck to hold the flower perfectly for showeach £1.00

Division 4. All yellow.

10% off the varieties shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 5 - TRIANDRUS HYBRIDS

These delightful varieties of Daffodil are the result of selective breeding where the species *n.triandrus* has been introduced into its parentage, the resulting plants often have 2 or 3 flowers on the stem, and are amongst the ladies favourites in floral arrangements.

These from Division 5. and those of Division 6. are generally much dwarfer in stature and are ideally suited to the garden or rockery. The plants are hardy and quite resistant to the windier spot where the conventional Daffodil often gets broken off.

"Cariad" 5Y-Y(LM) S137 (Debutante x *n.triandrus albus*). First exhibited and winning its class under number 1-44-79 at the National Shows in 1986, this has continued to impress each year. The stem is short and sturdy and holds the twin headed flower in perfect drooping poise for this division. The soft yellow, smooth perianth is broadly ovate and well overlapped with a slightly expanded goblet cup of the same colour. An added bonus is that this cultivar does on occasion set seed.SOLD OUT

"Tater Du" 5W-Y (Penril x *n.triandrus*) S374 Mid season. This charming little Triandrus cultivar is ideally suited to the rockery and has consistently produced many stems with 2 or 3 drooping florets to each stem, the perianth segments reflex to show off the widely expanded corona with the stamens and stigma excerpted. For those who like to show this has won several first cards and has been admired for several years on our trade exhibits.each £10.00

Yellow Perianths.

Collection 5.

10% off the prices shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 6 - CYCLAMINEUS HYBRIDS

"Betsy MacDonald" 6W-P(LM) S130 (Foundling x Tangent). This is a most sturdy plant with a flower on short stems that seems to withstand the weather well, has been greatly admired by many visitors to the shows here in Cornwall and has had some success on the show benches. The perianth is broad and well overlapping which reflexes naturally, to show off the vibrant pink corona. It is perhaps a little large for some tastes but never the less a fine example of its kind.SOLD OUT

"Carclew" 6Y-Y (St Keverne x *n.cyclamineus*) S6 Early season. An undisputed Division 6 which has been much admired both at shows and in the field trial beds, the perianth segments are narrow and fully reflexed, the flower is of bright golden yellow, held on a short neck and stiff stem, and is an ideal plant for the windy situation.SOLD OUT

"Kea" 6W-YP (Jenny x 2W-P seedling) S217. Late mid-season. Successfully shown at the R.H.S. under number 1-2-80. This has a good cyclamineus form, the colour could be better, and does need a little time to develop£5.00

"Penril" 6W-O. Mid-season. Another seedling acquired from Brian, this is a much shorter plant and has a typical cyclamineus growth habit. The perianth is not quite pure white but does reflex naturally and the slightly expanded goblet cup is a most interesting coppery orange tone, a very good plant admirably suited to the garden or show3 for £3.50

"Percuil" 6Y-Y (St Keverne x *n.cyclamineus*) S3. Early season. A true Division 6 flower with narrow naturally reflexing perianth segments and a typical trumpet, short stemmed and very nice in pots.SOLD OUT

"Roscarrick" 6W-P. Late season. Raised by Brian Duncan, this is a seedling stock that I purchased some time ago, and is a particularly fine plant that increases well and is a pretty flower, much admired by all who see it. A little large for some Division 6 critics, but has had many successes on the show benches both here in Cornwall and at national level - very smooth lovely colours . 3 for £4.00

"Sumo Jewel" 6Y-Y (Arctic Gold x *n.cyclamineus*) S213 Early season. A sturdy plant with lovely graceful flowers that last a long time on the plant, the reflexing perianth segments of deep yellow do have a slight twist, and the long and narrow waisted trumpet is neatly flanged at the mouth, all to make this a perfect flower for both show and garden.each £5.00

"Trehane" 6Y-Y (St Keverne x *n.cyclamineus*) S212. Early season. Another good Division 6. A strong plant that produces many fine blooms that last a long time on the plant.....SOLD OUT

"Treverva" 6Y-Y (Foresight x *n.cyclamineus*) S2. Very early season. Very early to flower - not the best of show form but a true Division 6 character, very nice in arrangement when picked young. The flower is small but grows when left on the plant.....3 for £4.00

Division 6. Yellow perianths with white in the cup.

DIVISION 7. JONQUILLA HYBRIDS.

This Jonquilla section is for hybrids that have been bred with the species *n.jonquilla*. The resulting plants vary in stature from quite dwarf to very tall, however they are generally on good stiff stems that can stand a fair amount of wind. Most of the stems do have several flowers on each and without exception all are sweetly scented, which makes them ideal for indoor decoration.

"Kit Hill" 7Y-YWW(L) S107 (Aircastle x *n.jonquilla*) Stems usually with two sweetly scented florets, very smooth and soft pale yellow perianth segments and a neat round cup that fades to ivory white, this flower has already won its class on several occasions and much admired in our trialseach £7.50

"St. Piran" 7W-Y (Aircastle x *n.jonquilla*) S108 Late season. Like our Cornish Saint this flower has been much revered, it has had some good success on the show benches when under number, it is also a particularly good plant and well suited to the garden and stands the weather well, like most in the jonquilla section has a delightful scent, usually two or three florets on the stem.each £3.00

"Sweet Blanche" 7W-W (M) S220 (Grand Prospect x *n.jonquilla*) Most stems have only one flower but the bulbs will send several secondary stems thus extending the flowering period, this makes for perfect cut or garden variety although it has won its class at national level as a seedling. The scent is sweet and the perianth smooth and opens a soft creamy yellow which usually fades to white. Very long lasting.each £4.00 or 3 for £10.00

"Wheal Kitty" 7W-W (Handcross x *n.jonquilla*) S219 Early season. Named at the suggestion of several noted growers as an ideal plant for the garden, the stem is short and stiff and the flower stands well in bad weather, like many from this division a great many secondary blooms are produced to extend the flowering period, the flowers open with yellow undertone but soon fades out to a clear chalky white, the perianth is broad and sometimes take on a little twist when mature, it has been exhibited with some success and we see no reason why it should not continue to do so.3 for £4.00

 10% off the prices shown for three bulbs of any five varieties of your own choice.

Division 8. The Tazetta Hybrids.

These plants are the results of many years of breeding and can really be divided into two types. They are with the exception of "Minnow" all quite big plants, some do have very tall stems and foliage. The first kind are more of the true n.tazetta species in form. As the species is generally found in warmer regions of southern Europe and the Mediterranean. They are somewhat tender and do require a hot dry summer period to perform at their best, however they are well worth trying, when each stem could have up to 15 or 20 highly scented florets. The second group or kind is the "Poetaz", these are slightly different in style and have fewer florets, and the scent is an admixture of the n.tazetta and that of the n.poeticus from which these hybrids have been derived. It is the poeticus part that make these much hardier and do withstand our winters as well as any other type of daffodil.

- Division 8. Yellow perianths, with the true n.tazetta characteristics.**

Division 9. The Poeticus Hybrids

These flowers have been commonly called the "Pheasant Eye" and indeed they have been bred from the old species, however these varieties are far superior in form and colour and flower when most other Daffodils have been long finished. They are best picked young as the sun does affect the lovely colours if left out. They are without exception all highly scented. The plants like to be planted in good soil that never completely dries out, this helps to keep them cool. Set the bulbs slightly deeper than normal and leave undisturbed. New bulbs may take a season to settle, but are well worth their place in the garden.

"Colville" 9W-GYR (Corofin x Crenver) x Crenver) S131 Late season. Named at the request of several enthusiasts, this flower has already featured in the prize winners on several occasions, the perianth opens with greenish undertones, but soon whitens to form a good foil for the brilliantly coloured corona, like all flowers of this kind it will not tolerate the sun and does need to be picked young.SOLD OUT

DIVISION 10 - The Species and Wild forms

I have been acquiring these for many years and have obtained much pleasure from them, particularly those grown in the alpine house. The species always seems to resent being moved about, but once settled are a joy to see in naturalised surroundings. Very large quantities are not available. I believe them all to be true to name, but like many there seems to be some considerable variance of form, they are however named as sent to me or have been grown from seed.

DIVISION 11- Split Corona or Collar Daffodils

This strain of Daffodil has been developed in Holland by Mr. Jaap Gerritson and has been his lifetime work for which he is justly renowned. Here we have a selection of the very best available plus several new and exciting varieties that I have bred and successfully shown over the years

- "Bosbigal"** 11a Y-O (Brandaris x Paricutin) S315 Early season. The perianth is broad and well overlapping, a little pointed, and the coronal segments are evenly split and laying flat to the perianth, a vigorous plant and very colourful flower of good show form.....each £2.00
- "Boslowick"** 11aY-O (Gironde x Paricutin) S225. Mid-season. A tall strong plant with a flower of good colour. The perianth is broad and flat, slightly pointed at the tips, with an evenly split cup laying flat against each segment, (was featured on "Gardens for all" programme on TSW)each £5.00
- "Max"** 11aY-YRR(M) S412 (Gironde x Falstaff). Affectionately named after my mother Mary Louise, this is we believe to be one of the best Collar Daffodils yet available. The vigour of this plant is inherited and clearly evident from both the parents, as is the neatness of the round flat coronal segments, beautifully enhanced by the broad well overlapped perianth. A super show flower that we believe will be much sought after£30.00
- "Menehay"** 11aY-R (Paricutin x Top Hit) S155. Mid-season. Good perianth with a flat evenly split cup of clear colours, it is of excellent show form, and was awarded Best Bloom in the South West Competition at Falmouth in 1988, a good plant with stiff stemeach £7.00

Division 11. Yellow Perianths

- 11aY-Y(LM) "Bergerac"£6.00
 11aY-O(M) "Boscoppa".....£10.00
 11aY-OYY(M) "Brandaris"5 for £2.50
 11aY-O(EM) "Carnyorth"£12.50
 11aY-R(LM) "Congress"5 for £4.00
 11aY-O(LM) "Colorama"SOLD OUT
 11aY-OO(LM) "Gillan"£5.00
 11aY-Y(LM) "Gironde"3 for £5.00
 11aY-R(ML) "Gunwalloe"£4.00
 11aY-Y(M) "Kingsize"3 for £2.00
 11aY-O(LM) "Mondragon"£1.00
 11aY-Y(M) "Obelisk"£5.00
 11a-YY(M) "Oecumene" ..SOLD OUT
 11aY-O(EM) "Tiritomba"SOLD OUT
 11aY-Y(M) "Top Hit"3 for £3.50
 11aY-Y(L) "Tripartite"3 for £4.50

Division 11. White Perianths

- 11aW-Y(M) "Belcanto"£1.00
 11aW-WPP(M) "Bossiney"£4.00
 11aW-Y(E) "Canasta"3 for £2.00

- 11aW-W(E) "Cassata"5 for £2.50
 11aW-W(M) "Colblanc"£1.00
 11aW-Y(E) "Egard"£1.00
 11aW-O(M) "Orangery"£1.50
 11aW-YPP(M) "Palmares"£1.00
 11aW-YYP(LM) "Pearlshell"3 for £2.50
 11aW-P(M) "Phantom" (Mitsch) £1.50
 11aW-WWY(E) "Riesling"5 for £2.50
 11aW-Y(E) "Sancerre"£2.00
 11aW-W(E) "Silver Plate" .SOLD OUT
 11aW-W(M) "Silver Shell"£3.00
 11aW-O(LM) "Tricollet"5 for £2.50
 11aW-Y(M) "Valdrome"SOLD OUT

Division 11b Papillon Section

- 11bW/YWY(M) "Lemon Beauty"£1.50

Collection 11. 10% discount off the prices shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 12 - Miscellaneous Daffodils.

"Eaton Song" 12Y-OOY (Matador x n.cyclamineus). Very early. Raised at Rosewarne from seed sent from the U.S.A. This is an excellent garden plant and an interesting variety for showing, very long lasting and sends many secondary blooms to lengthen its flowering season.....5 for £2.50

- 12Y-O(E) "Jumblie"3 for £2.00
 12Y-Y(E) "Quince"3 for £2.00
 12Y-O(E) "Tete - a -Tete"5 for £1.50

THE "JAMES WELLS" COLLECTION
AND OTHER MINIATURE DAFFODILS

"Cornish Cream" 12Y-Y(W) (*n.obesus* x *n.romieuxii*) James Wells. A pale, creamy yellow hybrid from the bulbocodium group with a deep bowl shaped corona and lightly crinkled rim. A vigorous grower.SOLD OUT

"Cyclataz" 8Y-O(E) (*n.cyclamineus* x Soleil D'Or). Most stems have two florets with reflexing perianths, although registered as a Division 8, may well be more suited to Division 12. This plant is the parent of the famous trio of first class plants "Teta-a-Tete", "Jumble" and "Quince". Rare.each £5.00

"Drop-o-Gold" 5Y-Y(M) (*n.triandrus* var *cernus* x *Pequenita*) James Wells. The best of several raised by James, this super little pendant flower has reflexed broadly ovate perianth segments and a smooth cup shaped corona with a slightly wavy rim. SOLD OUT

"Fresh Season" 12Y-Y(W) (*n.bulbocodium* x *n.romieuxii*) James Wells. The flowers are bright yellow, with the corona funnel shaped and frilled. Good grower.each £2.50

"Kidling" 7Y-Y(L) (*n.jonquilla* x *Requienii*) Alec Gray. This flower has the air of quality required for top show. A good vigorous plant that does well outside as well as in pots. Needs slightly deeper planting to stop excessive splitting.each £3.00

"Little Rusky" 7Y-GYO(M) (Ruby x *n.scaberulous*) R. Watrous. A very highly sought after miniature. Flowers sometimes with two florets of soft golden yellow with a slightly darker crown edged with orange. Excellent plant and super show flower.SOLD OUT

"Small Talk" 1Y-Y(E) (Wee Bee op) Mitch. This is an excellent plant for pots or the rockery. Its rich golden colour and refined and superior poise with short stiff stems.SOLD OUT

Terms of Business

1. All orders are accepted subject to crop, and are supplied in strict rotation.
2. Prices do not attract VAT.
3. Orders in the UK over £60 are supplied carriage paid, otherwise carriage will be charged at cost, or in the event of prepaid orders please add £4.00 towards the cost. Extra bulbs will be supplied in the event of excess post.
4. Payment is requested with order, unless satisfactory credit arrangements exist, then all accounts are due within one month of delivery. Overdue accounts are charged at 2 1/2% per month. For our overseas customers, when making your payment it will be appreciated if you will pay by Sterling or International Money Order, unless other arrangements have been agreed.
5. We believe our stocks to be free of pests and disease and are rigorously checked throughout the growing season. In case of complaint, return the goods within 14 days of receipt for full refund (including postage), or replacement. No liability will be accepted after this, as we cannot be responsible for customers' storage and cultural conditions.
6. We are primarily a small mail order business, but customers are most welcome to view the stocks in the fields by prior appointment.
7. We are happy to supply bulbs anywhere in the world, but where import permits are required please send this with your order.

8. Postage and Phytosanitary Certificates (where applicable) costs to countries outside the UK.

USA up to 5 bulbs	£7.00
each addl. 5 bulbs	£2.00
Australia and New Zealand up to 5 bulbs	£11.00
each addl 5 bulbs	£3.00
Europe(EEC) up to 10 bulbs	£5.00
11 to 15 bulbs	£10.00
each addl 5 bulbs	£2.00
Europe (non EEC) up to 10 bulbs	£5.00
11 to 15 bulbs	£14.00
each addl 5 bulbs	£2.00

Additional bulbs will be sent to compensate if postage is less than stated.
