INTRODUCTION

Welcome to our 2016 catalogue. We would also recommend that you look at our website www.ringhaddy-daffodils.com which has many more pictures of the flowers. You can also check our facebook page www.facebook.com/RinghaddyDaffs where we regularly post updates and pictures. You will notice that some varieties are marked with a *. These will no longer be available after this year.

We have six new introductions this year five of our own breeding; '**Clear Morning**' (2W-Y), '**Fiery Ring**' (3Y-YYO), '**Marine Corps**' (2W-YYO), '**Music Maker**' (2Y-Y) and '**Regal Glow**' (1Y-Y)

- An intermediate seedling from Derrick Turbitt (Northern Ireland), '**Causeway Julie**' (3Y-YYR)

- We have three of John Hunter's breeding from New Zealand: '**Silver Monarch**' (2W-W), '**Spring Lustre**' (3W-YYO) and '**Topaz Dawn**' (3W-Y)).

- From Ron Scamp (England) '**Littlefield**' (7O-GOO).

- Another variety from Noel Burr (England), '**Dunstan's Fire**' (1Y-O) that won the RHS Ralph B White Award in 2004 and an old variety '**Pepys**' (6W-Y) Bred by P.D. Williams (England) prior to 1927.

In 2015 the spring was slightly early for us and in spite of some hail showers and damp conditions the blooms were good. However, for the harvest, conditions were perfect. We had a little rain before we started, which softened the ground and then it was dry and sunny for the whole time we were digging. The bulbs were clean and easy to handle. Planting was quicker than usual as we have cut back on a number of the older varieties. However, the seedlings took a little longer, not helped by the rain which started when we were about half way through planting them. From then on we have had the wettest winter on record. Fortunately, although the field has been very wet, we have not had any flooding.

Once again we would like to thank our loyal customers for their continued support. We very much enjoyed meeting many of you during 2015, in Ireland, the rest of the UK and also the USA. Nial spent an enjoyable few days at the ADS Convention in Williamsburg, Virginia. He looks forward to seeing many of the world's daffodil enthusiasts, in the USA, at the World Daffodil Convention in St. Louis, Missouri this April.

We would like to extend a very warm welcome to anyone who would like to visit the field during the flowering season.

Best wishes to you all for a happy and successful growing season in 2016.

- 7W-P **MARILYNN HOWE, M** (H. Koopowitz) *Pink China x N. calcicola* [00-072/1]

 105mm beautifully white broad back petals fronted by evenly stacked smaller petaloids of
 even form. The ruffled shorter coronal segments open lemon yellow and take some

11aY-P **TICKLED PINK, M** (B. S. Duncan). *Sdlg. 1798 (Lady Ann x Last Chance) x American Heritage* [2421]. This is a dramatically bright and distinct flower; It has an unfading deep lemon-yellow perianth of broadly pointed and slightly reflexed, smooth, ovate segments. The flat symmetrically split deep salmon corona curves back on the perianth. Unlike many pink flowers the colour deepens as the flower matures. (*Photo: centre pages*)

Three: £15.00 / \$23.50 Each: £6.00 / \$9.50

Other Divisions

12G-G **LIMA'S SHOOTING STARS, Autumn flowering** (Manuel Lima). *N. viridiflorus pollen* 45mm *on unknown seed parent.* Best described as a larger *N. viridiflorus* which flowers much more easily than its parent. In our climate we grow it in a pot which is in the greenhouse all summer and it flowers both in the greenhouse or outside in the autumn. The perianth segments are strap-like reflexed and of an unusual grey-green colour. The small bowl-shaped corona is deeply lobed and the flower is extremely long lasting.

Each: £12.00 / \$19.00

12 Y-O **TEQUILA SUNRISE GROUP, Autumn flowering** (H. Koopowitz & M. Howe) N. 35mm *jonquilla x N. miniatus.* A lovely, prolific flower that is best grown in a clump. It flowers in late autumn to early winter. The flowers are star shaped with 2-5 florets to a stem. The perianth segments are brilliant yellow and the bowl shaped corona a pleasing yellow-orange.

Withdrawn for increase.
