

ROESE & ROESE
BLUE RIBBON DAFFODILS

P.O. Box 2114

In putting out a daffodil price list overcoming the inertia was our main problem, as this late list reflects. Since our stocks are small and limited in scope, it is our intention to market cultivars that we feel are excellent but disappearing from price lists around the world. Also, we hope to introduce many of our own cultivars as stocks become large enough, and we plan to market other hybridizers' introductions. It is not our intention to be in competition with other growers, but rather to blend harmoniously with them. We hope that our daffodil friends and customers find this venture to our mutual satisfaction. We are looking forward to seeing you all at the ADS Convention in Newport Beach, California next spring.

Bill & Rosemary

All descriptions herein are as the plants perform here in Santa Maria, and may vary in other regions. All bulbs are grown here and are fully acclimated to this climate. Stocks are subject to availability at digging time. Orders shall be shipped in strict rotation as received. Orders cannot be cancelled except by mutual consent. Prices in this list include postage and insurance except on overseas orders. Minimum order of \$10.00 please. No written acknowledgement of orders unless requested.

Our new introductions:

3W-GYP LA PALOMA (Roesé) Estrella X Merlin)

Closely resembles seed parent but has different growing habits and fares well in this climate. Very round overlapping white perianth segments with small green eyed cup with yellow band and red rim. Much admired at the ADS Show at Memphis 1980. Excellent show flower. Winner of the ADS Gold & Rose Ribbons. \$65.00 each

2Y-W RIO DELL (Roesé) (Golden Aura X Daydream)

Lovely smooth lemon colored perianth with white halo at base of cup. Nice flaring cup that opens lemon. The inside turns white while outside remains lemon until flower starts to fade. Flower should remain on plant a few days to fully develop. Very successful in shows. Has won the ADS Gold, White & Rose Ribbons. \$75.00 each
